I hope everyone is doing well! I am finally all moved into my new apartment! (Pics coming soon) The amount of euphoria I am getting from making everything in my room baby pink and spooky is ridiculous ☐ I'm feeling very thankful for this new opportunity, & my new roommate. 2020 can still suck a fuck, but I'm gonna make the best of it ☐☐

Haters will say it's a steroid....Beta-Hydroxy-Beta-Methylbutyrate.... Let's call it is HMB. HMB is a metabolite of the amino acid Leucine, which in the past has been sought after to increase lean body mass. But with supplementing HMB, you're not leaving it up to your body to metabolize HMB out of Leucine.
