

Objective

Pharmaceutical technology is the science of dosage form design and a discipline of pharmacy that deals with the process of turning a new chemical entity (NCE) or old drugs into a medication to be used safely and effectively by patients. Pharmaceuticals helps relate the formulation of drugs to their delivery and disposition in the body and biotechnology is technological application that uses biological systems, living organisms or derivatives thereof, to make or modify products or processes for specific use. Pharmaceutical technology and biotechnology has turned out as one of the most important interdisciplinary area of science over the years and catering the ever growing need for new medicine and compounds. These fast growing areas demand a global platform for discussion of various pharmaceutical aspects and the present symposium will provide the same through expert lectures.

Patrons:

Prof. J.P. Gupta Chancellor, Lingaya's University, Faridabad

Prof. R.K. Chauhan Vice Chancellor, Lingaya's University, Faridabad

Prof. G. V. Ramaraju Pro-Vice Chancellor, Lingaya's University, Faridabad

Dr. Saurabh Dahiya
Convener & Head

Department of Pharmacy
Lingaya's University, Faridabad,
Haryana, India

Dr. Ashutosh Kar
Organizing Secretary
Professor Emeritus

Department of Pharmacy
Lingaya's University, Faridabad,
Haryana, India

Dr. Sachin Dubey

Scientific Committee Chairman
International Head, APP IPA-DRA Division
Head of Formulation and Analytical
Development (Biologics), Glenmark,
Switzerland

Dr. Rajiv Dahiya

Organizing Chairman & President
Association of Pharmacy Professionals
Director, School of Pharmacy,
The University of the West Indies,
St. Augustine, Trinidad & Tobago

Key Speaker:

Dr. Ajay Sharma

Vice President, APP Ethiopian International Branch

Department of Pharmacy, College of Health Sciences, Mizan-Tepi University
Mizan Teferi, Federal Democratic Republic of Ethiopia
