MOTION BOARD FUNCTIONS

After the first period of setting up the branch of DWARS Limburg, it is now time for improvement. As the current functioning board, we have noticed that a change in board functions can lead to this improvement. That is why we would like to submit a motion. At the General Branch Assembly we will vote about changing the function of "International Secretary" towards "Political Secretary and Campaign Leader". We hope we have your support regarding this motion.

Noting that:

- politics is all about content, news and promoting your own political statements

Taking into account that:

- someone that is focussed on following new developments within the political, social and environmental framework is an asset to the board;
- the board does not have a function that focusses entirely on news and that thinks of ways to promote our political point of view

Commends that:

- the members of DWARS Limburg vote for a change in board functions which changes the function of "International Secretary" into "Political Secretary and Campaign Leader";
- and that the function of "Treasurer and Activities Coordinator" will also be charged with an extra role, i.e. "Treasurer, Activities Coordinator and Internationals Representative".

(BOARD) FUNCTIONS

1. CHAIR

As chair of DWARS Limburg, you are the face of our branch. You will keep the overview and make sure all the tasks are completed. You are responsible for everything that happens within and with our branch. Next to this, you are the one that maintains contact with the branches of GroenLinks within Limburg, the national board of DWARS, other political youth organizations and the media.

Furthermore, you will lead board meetings and think of matters that are of importance and that needs to be done. Therefore it is important that you are enthusiastic about the organization, have organizational talent and have feeling for green and left politics.

2. SECRETARY

As secretary your main tasks are communication and promotion, arranging everything regarding (new) members and making records of the board meetings. You will keep maintenance over the website, create a monthly newsletter, promote events and political matters via social media channels and you will manage the in- and outgoing emails. In addition, you will welcome new members, keep track of the member list and make sure all members are updated about matters that are happening within the branch.

3. TREASURER. ACTIVITIES COORDINATOR AND INTERNATIONALS REPRESENTATIVE

As treasurer you are responsible for the financial situation of the branch. You will create and work with the yearly budget, you will maintain the (new) bank account and make sure that there are enough financial resources to hold activities and create new campaigns. Next to this you will maintain contact with the treasurers of local GroenLinks branches and the treasurer of the national board of DWARS.

As activities coordinator, your job is to arrange the logistics and practicalities regarding activities. If one of the board members cannot find a location for an activity, you will assist. You will divide the budget between the different activities.

As internationals representative, you will make sure that the transition for internationals into a new organization is fluently. Furthermore, you will make sure that there are enough possibilities for internationals within the branch itself.

4. POLITICAL SECRETARY AND CAMPAIGN LEADER

As political secretary you will focus on local politics and matters that happen in our society. You will find ways to illustrate our political point of view by writing pieces and sending them to the media or by creating campaigns. Moreover, you will create campaign materials and deliver the promotion materials.

5. CASH AUDITING COMMITTEE

Note: this is not a board function

Starting next year, our branch will start working with its own bank account. Therefore, it is important that the treasurer is checked upon at least two times a year. Therefore, the branch needs a cash control committee of two or three people.
