LATEST INTEL PER TNT CONFERENCE CALL

The release of funds was supposed to take place this weekend, or this morning.

The banks were ready, and the bank people were excited.

For some reason not yet known, the U.S. Treasury stopped it.

The only explanation we have is that there is an issue that is being resolved.

The release is still expected sometime this week.

It could be as early as tomorrow morning, but there is no information about the expected timing.

Metalhead: Here is a message from one of my inside people that has absolutely nothing to do with the GCR, RV, draining the swamp, or Q or W or mass arrests. Completely independent of any of that, and never once mentioned the cabal in anything...

Every President makes promises.

Finally we have one who keeps them.

President Trump has already reset proper relations with allies and enemies alike...

Brought jobs back to American workers by the thousands...

And even set the liberal media hounds back on their heels.

But big bankers have kept a monetary ball and chain on every President for the past century.

That's about to change, too.

For the first time since the Federal Reserve was created by Woodrow Wilson in 1914, one President has four Federal Reserve seat vacancies.

And President Trump has now signaled he could use this opportunity to overhaul the U.S. dollar.

I personally couldn't be more excited because if anyone knows how to make money, it's Donald Trump.

His plan could bring a very profitable once-in-a-lifetime opportunity for anyone properly positioned before he pulls the trigger.

Based on his own statements this will probably happen within the next 90 days.

Stay Ready,

-Lou

P.S. If you've wondered why the Democrats have been chasing every possible angle to stop President Trump - this is why: he may soon become the first President since 1914 to completely control the Federal Reserve . And it could change U.S. currency as most of us have known it our entire lives.

I have not yet listened to this; it was emailed to me:

"We're almost there guys: Liberation of the Planet!

It gets very good at about 50 minute mark..."

DID YOU KNOW?

Good Evening,

It is important to note before reading further, the distinct difference between the Elders/European Sovereigns and governments or governing bodies. **The Elders represent the spirit of the people while governments are a system adapted to maintain the functions of a society.** The same can be said of the European Sovereigns. **Too often, we find the governing bodies of a country do not represent the will and benefit of the people.**

Ancient Chinese Families (Elders), along with ancient European Sovereigns, have long pooled and still control the vast majority of physical assets on Planet Earth, and have for many centuries.

This epic wealth exists in a variety of holding areas, in a variety of trusts, and is dispersed strategically throughout the world, with little to nothing known about them for security reasons. Cumulatively they are generally understood as the **"Global Collateral Accounts."**

These Global Collateral Accounts have devout keepers who watch over them and protect them as humanity's assets, not their own. These "keepers" exist all over the world, and go unknown to the general public, again for obvious security reasons.

These Global Collateral Accounts underwrite every sovereign bond, currency, debt instrument in our modern banking system, without exception, regardless of the amount of debt instruments produced, as they can cover any man-made debt.

These Global Collateral Accounts have an advanced control system, **which has been under constant attack since the late 1700's.**

The current Western Banking Elite (Eastern Europe, USA, Japan, Saudi Arabia, Ukraine, Turkey, Israel, etc: (aka "Cabal Governments") have attempted to both steal and replace the Global Collateral Accounts system through means of war, treachery, murder and corruption. A 400-year plus coordinated attempt to overthrow the control mechanism of the Global Collateral Accounts has been endured.

What we are witnessing now is the public rejection of that failed but continuous assault, with the vast majority of sovereign nations now fully united in unwinding their fiat-based debt banking system and **replacing it with a permanent gold/asset-backed system of sustainable value.**

These truly United Nations have accepted through signature **a single monetary authority (located in China)** to be under the control of both the Chinese Elders and European Sovereign Families.

The Western Fiat Banking System is collapsing under the weight of its own lies, and quietly being dismantled via a painful process of margin calls. This includes the Bank of International Settlements, World Bank, International Monetary Fund, Central Banking System, Federal Reserve Bank, Bank of England, Metals Trading Markets, USA Inc, Cabal Governments, etc..

Be advised that **the Asian Investment and Infrastructure Bank (AIIB) is a Chinese Elder creation, with exclusive oversight privileges separate from any government**, Including that of China and Russia. Chinese civilization is one of the world's oldest continuous civilizations. Unlike Western, Islamic, and Indian civilizations, China has managed to remain politically unified for much of its history.

However, the BRICS alliance was also created to publicly acknowledge the collective of sovereign nation states committed to following the financial principles of the Chinese Elders and European Sovereigns, who in return for this pledge, get to leverage generations of social benefit loans/funds against the hard-asset base of the Global Collateral Accounts.

Any sovereign nation not abiding by these Chinese Elder/European Sovereign financial principles simply is not allowed to join the AIIB, and is thus excluded from accessing Global Collateral Asset wealth.

No sovereign nation may trade or commence in banking activities with any nation that is not a good standing member of the AIIB. Either Nations are 'in' with the Chinese Elders or they're out. There are no more in-between games being played after what's gone on these last 70 years.

This global financial structure was originally introduced by the Chinese Elders and agreed to during the 1944 Bretton Woods Conference in New Hampshire, post WW2. However, that system has deteriorated into what the current Western Banking System has become and the world is now getting a leg up to right the ship.

All sovereign nations may join at any time if they agree to abide by Chinese Elder/European Sovereign financial principles. None are excluded.

Based on the above facts, **no sovereign nation in good standing with the AIIB/BRICS alliance is recognizing the USA, Inc...**

Also, no sovereign nation associated with the AIIB/BRICS is allowed to recognize the USA, Inc.'s fiat currency (USD) as being valid.

No sovereign nation associated with the AIIB/BRICS is allowed to recognize Pentagon Dark Hat-controlled military operations as being representative of the free will of the Republic of the United States citizenry.

All 2008, 2015, 2016 and 2017 turbulent **market crashes were attempts by existing Western Banking System families to retain the illusion of financial dominance**, which they technically never had. That effort has failed.

All 2001, 2003, 2005, 2009, 2012, 2014, 2015 military conflicts were also attempts by non-Global Collateral Account families to retain the illusion of military dominance, which no government can successfully achieve without the support of the Chinese Elders/European Sovereigns/Global Collateral Accounts by design. Those efforts have failed as well.

Thus all conflicts, be them financial or military, are now being publicly resolved by the Chinese Elders/European Sovereigns so as to reset humanity and all cultures back onto a moral fundamental platform backed in tangible assets, still underwritten by the Global Collateral Accounts.

Believe nothing verbatim you read, hear or see on mass media as Non-Global Collateral Accounts/Western Banking Families influence populations via media devices to act out in their favor, and against their own best interests, and have been doing so since the invention of the printing press.

Those affiliated or involved with these Elitist families and their medaling with global financial affairs are who have been identified in the impending indictments. The Chinese Elders/European Sovereigns had their own house cleaning to do and having done so in a non-publicized manner, and are now merely awaiting for other Western interests to follow suit.

The above being said, one has to wonder how these Chinese Elders/European Royals came into existence and how they themselves gained the authority to act on and represent the Global Collateral Accounts sufficient enough to be recognized by all other global authorities. While their plan to retake the global financial systems sounds practical and just, do they have or can they develop the proper mechanisms to achieve this monumental task and will these mechanisms be universally recognized and accepted to allow the flow of funds? We shall see !!

The fall of the Zionist house of Saud plus possible coup attempt in Russia

World events are quickly coming to a head, with **a major move against the house of Saud and a possible coup attempt this weekend against Russian President Vladimir Putin**, say Pentagon, CIA, and FSB sources.

First, the murder (or psy-ops staged murder) of *Washington Post* columnist Jamal Khashoggi is part of a move to **remove the Zionist/Satanic house of Saud from control of Saudi Arabia and Middle Eastern oil**, according to Pentagon and CIA sources. The operation is also aimed at grabbing funds to keep the bankrupt U.S. afloat, CIA sources say.

This is how the CIA summed up the situation:

“The U.S. Treasury is holding between \$3-5 TRILLION of Saudi Arabia’s petrodollars, which have been accumulating since the 70’s when this whole petrodollar sleight of hand began (around the same time that Nixon closed the gold window). These trillions have been confiscated and will not be returned. The same for the thousands of tons of gold stored in Credit Suisse and UBS banks in Switzerland, which was owned by Saudi Arabia (the House of Saud). It has been confiscated as well. It is game over financially for the Zionist Khazarian House of Saud. This really is Game-Set-Match.”

It is also no coincidence the Khashoggi incident happened just as the head of the CIA in Turkey, “Pastor” Andrew Brunson, was released from Turkish prison. The longer-term scenario will be for Turkey to resume control of its former holdings in Saudi Arabia and the Gulf States, while Israel becomes a Jewish autonomous zone under Turkish protection, the sources say.

As a preliminary step, “Saudi clown prince Mohammad bin Salman (MBS) may be purged, as Saudi Arabia is facing Western sanctions and boycotts in a dry run **for an attack on Israel when 9/11 documents are declassified**,” Pentagon sources add.

We will discuss this further below, but as this newsletter was about to be published we got urgent communications from FSB sources about **an attempted coup this weekend against Russian President Vladimir Putin**. According

to the sources, a big move against the autonomous Donbass region of the Ukraine by **“Rothschild forces”** led to a “huge dispute inside the Russian general staff with Defense Minister Sergei Shoigu backing former FSB head and Secretary of the Security Council of Russia Nikolai Patrushev as the new Russian leader,” the sources say. However, Putin was evacuated from Moscow, supported by “three patriotic generals,” and the coup was averted with the help of Russian special forces, the sources say.

This preliminary intelligence may be linked to the following report from CIA sources claiming that “various world leaders have been called to Russia for a meeting with Putin but no one came from the USA. They were not allowed any representation whatsoever. What is Putin planning with the rest of the world leaders?”

The reported coup attempt coincides with a sudden upsurge of fighting in the Eastern Ukraine, as reported by multiple regional news outlets. <http://tass.com/emergencies/1025467>

<https://www.kyivpost.com/ukraine-politics/volker-says-russia-continues-to-fuel-fighting-in-eastern-ukraine.html>

The Russian sources say a landing by 5,000 troops along the border of the Eastern Ukraine and Russia was repelled. **The fighting in the Ukraine was part of an attempt to provoke a NATO attack on Russia to distract Russian attention from the coup attempt.** We have contacted White Dragon Society FSB sources for further confirmation, but none has been received as this newsletter went public. We will provide emergency updates as required.

In any case, the Rothschilds may have tried to overthrow Putin as a result of the dire situation facing their slave colony Israel. Here, satan-worshipping Prime Minister Benjamin Netanyahu is under attack on multiple fronts. His wife, Sara Netanyahu, began her criminal trial on charges of fraud on Sunday. Benjamin Netanyahu has been questioned by police twelve times related to various fraud investigations and is expected to be arrested soon, Mossad sources say. https://www.reuters.com/article/U.S.-israel-netanyahu-wife/wife-of-israeli-prime-minister-goes-on-trial-for-fraud-idUSKCN1MH0IJ?utm_source=reddit.com

Furthermore, “U.S. Ambassador to the UN **Nikki Haley resigned because of the corruption charges that she herself will be charged with for her part in Benjamin and Sara Netanyahu’s fraud cases,**” CIA sources say. **“It seems that she will be charged very soon with corruption** for diverting \$20 million of U.S. Aid funds that were earmarked for helping the Palestinian people. We both know that U.S. Aid is a CIA front organization,” they say.

This is how Pentagon sources summed up the situation: “The purge begins with Israeli stooge Nikki Haley being booted off the UN, whose departure is long overdue, while her preferred replacement globalist Goldmanite Dina Powell is rejected.”

The Russian troops using electronic warfare in Syria have also shut down all Israeli Air Force activities, as reported by the Mossad-linked site Debka. <https://www.debka.com/no-israeli-air-strikes-during-past-month-iran-replenishes-destroyed-arms-stocks/>

This may have something to do with the grounding of the entire U.S. fleet of F-35 fighters worldwide. <https://www.militarytimes.com/news/your-military/2018/10/11/dod-announces-global-grounding-of-all-f-35s/>

This may be also why the reported coup attempt was engineered against Russia in a last-ditch effort to save the satanic government of Israel. However, this last-gasp attempt by the Zionist/satanists to start World War 3 will not be allowed to succeed, Russian, U.S., and Chinese military sources all say.

Getting back to the Saudi situation, we know from our CIA sources that MBS was installed in power by Israeli special forces. There is also a very strong possibility he was killed last April when gunfire was reported in his palace. Last week, for example, *Bloomberg News* published what they claimed was an exclusive interview with him, but the person shown as MBS bears little resemblance to the one seen in public before April. <https://www.bloomberg.com/news/articles/2018-10-05/saudi-crown-prince-discusses-trump-aramco-arrests-transcript>

We also note that the possibly murdered journalist Jamal Khashoggi was a nephew or cousin, depending on the source (maybe both, given Saudi kin relations) of arms dealer of Iran Contra fame. Adnan Khashoggi once sent a honey trap to this writer (to give him credit, it was the most beautiful honey trap ever sent my way). While I avoided the honey and thus the trap, she did give me a book in French from Khashoggi that claimed Jews actually originated in Egypt. In other words, he appeared to be trying to warn me they were none other than the Set (Satan, Ba'al, Moloch)-worshiping Hyksos.

Japanese sources also informed the U.S. last week their research had shown that people calling themselves Jews were divided into Satan-worshipping and Yahweh (God)-worshipping factions.

This brings us back to last week's report from various sources of Hillary Clinton and other members of the U.S. elite carrying out gruesome satanic sacrifices and rituals. Please recall that the Arch of Ba'al was on display in Washington, DC as the fight to install Supreme Court Judge Brett Kavanaugh was reaching its climax.

<http://digitalarchaeology.org.uk/events/2018/9/26/the-triumphal-arch-of-palmyra-in-washington-dc>

“Jonathan Cahn, author of the book *The Paradigm*, has pointed out that Baal was a god of power, fertility, and child sacrifice,” according to this website and many other sources. <https://www1.cbn.com/cbnnews/2018/october/arch-of-palmyra-in-dc-coincidence-or-pagan-invitation-nbsp>

This same Arch of Ba'al has been on display in front of various gatherings of “globalists,” including a “World Government Summit” in the UAE in 2017. <https://www.thenewamerican.com/world-news/asia/item/25404-at-world-government-summit-top-globalists-drop-the-mask>

It may be just a coincidence, but last week as the globalist World Bank and IMF held their annual summit meeting in Bali, Indonesia, the island was struck with an earthquake. <https://www.bloomberg.com/news/articles/2018-10-10/the-latest-earthquake-strikes-off-bali-indonesia>

As a CIA source commented, “There are no coincidences in my world.”

Even if the earthquake was just a coincidence, like the lightning that struck the Vatican as Pope Francis was being selected, there can be no doubt that the good guys are winning.

On this front, our Pentagon sources wish to share the following two pictures of Melania Trump with our readers with the following explanation: “It may be Red October, but Melania wears white hats in Kenya and Egypt. She wears a white pith helmet in Kenya to warn China about its colonial ambitions for Africa, and a white fedora in front of a pyramid to declare war on the cabal.”

As usual, there is a lot we cannot report yet in order to protect our operations, but rest assured that evil is being systematically removed from this planet.

Secret Service Saved Trump From Attempted Assassination

Alexandra Hutzler - Newsweek - Monday, October 15, 2018

Operatives of the Islamic State militant group (ISIS) attempted to assassinate Donald Trump when the president was in Manila, the Philippines, last year but were stopped by Secret Service agents.

In November 2017, Trump was in the city for the Association of South East Asian Nations' ASEAN 50 Summit, where he met with Philippine President Rodrigo Duterte, when the botched assassination effort took place. The planned killing was previously kept under wraps until National Geographic disclosed it during Sunday's two-hour television special about the Secret Service, United States Secret Service: On the Front Line.

According to the report, threats were being made online against Trump even before he arrived in Manila. One tweet read, "Gonna be in Manila the same time as Trump.... I'll take one for the team lads." The post also featured a mug shot of Lee Harvey Oswald, who assassinated President John F. Kennedy.

Before Trump arrived in the Philippines, ISIS also released a series of videos with threatening messages for the president. One featured a picture of Trump with numerous bullet holes, accompanied by a message telling operatives to "lie in wait" and "ambush" him. On the person's Instagram account, Secret Service agents found a photo of him holding the book *How to Kill: The Definitive History of the Assassin*.

Agents then discovered that one jihadi was hiding out in downtown Manila, just blocks from the hotel where the president was staying. When the discovery was made by the Secret Service, Trump was about 20 minutes from landing in the country on Air Force One.

The agents tracked down the ISIS operative in a park approximately 1 mile away from Trump's hotel. The operative was meeting with an "associate" when Secret Service members apprehended them.

The Philippines became an attraction for ISIS after jihadis started being forced out of Middle Eastern countries. Last year, the group stormed and held the Philippine city of Marawi last year, killing more than 1,100 people and displacing hundreds of thousands more. After ISIS controlled Marawi for five months, Duterte's forces drove out the militants and declared the city safe in October 2017, a month before Trump's arrival in Manila.

The failed assassination attempt in Manila is not the first threat against Trump intercepted by the Secret Service. Earlier this month, agents confirmed that they confiscated a "suspicious envelope" addressed to the president. The agency said it was investigating the matter.

German Election Says Merkel Must Go, 2410

The invasion of Germany, in particular, and Western Europe in general, was dealt a crushing blow today when citizens of Germany's largest state, Bavaria, went to the polls to elect representatives to its state parliament. But the implications

of the Bavarian elections go far beyond Germany – they are shaking the very foundations of the EU and even globalism, itself.

Five years ago, the largest political party in Bavaria, the CSU – the sister party of German Prime Minister Angel Merkel's party – took a crushing defeat – going from a near outright majority of 47.7% last election down to between 35 and 39% this election – depending on varying reports. Twenty percent of the vote has yet to be tallied.

The big winners was the far left Green party. In the 2013 election, it received between 15 and 18% - nearly doubling its count last time.

The big surprise is the fast-rising, right-wing Alternative for Germany party – or AfD - which doubled its vote up to 11%, giving it representatives in the Bavarian parliament for the first time. AfD has been the most outspoken party against the open borders policy of Prime Minister Merkel.
