Knights Knots

From The Hearts Of Friends

by Charlie McGonagle

Tragedy has made another of its all too frequent and unwelcomed visits to our community.

On New Year's Day, at the innocent hour of nine o'clock in the morning a senseless, needless accident claimed the lives of Lynn LaValle, Diane Lynch, and Diane's fourteen year old son, John. The dreams, the hopes, the lives of two women in the prime years of their lives, and the life of a youngster, not yet old enough to have tasted the bitter-sweet offerings of his existence were ended in a flaming, horrible instant.

Though at times we are wont to admit it, God has endowed each of us with deep sensitivities. Often it takes a tragedy of this magnitude to stir those sensitivities. The enormity of the events of New Year's Day can be measured somewhat in our hearts, but only totally in the hearts of those most closely affected, the families.

There is not a man in this town, perhaps this city and beyond, who did not, for at least a moment, walk in the grief-filled shoes of husband and father, Francis "Wimpy" Lynch on that tragic holiday morning.

It is impossible for those of us untouched by the magnitude of such a horrible event to know the sorrow which surely lives within the hearts of the Lynch and LaValle families, we can only imagine it and offer our condolences. We can, too, pray to God that he spare us from the horror of such an event in our own lives.

Upon hearing the news of the terrible tragedy, it was time to re-assess the significance of things we thought

In Memoriam

Mary S. Colbert

First Lady Of Charlestown

Charlestown's First Lady, Mary (Coughlin) Colbert was called to her eternal reward, at the age of 91, on New Year's Day, January 1, 1982.

Though she will be sorely missed by those of us who loved her, we have only to look around Charlestown to see the living testaments to her unselfish love and devotion to her community and its people.

For it was primarily through Mary's initiative, courage, enthusiasm and leadership that our district won the battle for an M.D.C. Skating Rink and the Bunker Hill Community College.

Mary, who never backed down from a challenge, was also in the forefront of the battle to revitalize and rehabilitate Charlestown and was instrumental in helping to achieve a humane Urban Renewal Plan which has certainly benefitted our community.

Her dedicated, tireless, work on behalf of the hospitalized veteran, widow and orphan is legendary as is the leadership she has exhibited in behalf of programs benefitting both the elderly and underprivileged.

MARY S. COLBERT

Mary was a fighter who never shirked a battle, no matter how trying, if it would benefit Charlestown and her people.

She called the shots as she saw them - could spot a phony a mile away and never hesitated to tenaciously pressure those in government whether President, Speaker of the U.S. House, Governor of Massachusetts, Mayor of Boston, or whatever elected or appointed official was responsible, for help and assistance for Charlestown and its people.

Mary carried no airs about her and was the same whether meeting with the late President John F. Kennedy,

THANK YOU FOR MAKING 1981 A GOOD YEAR

To Buyers, Sellers, and other Charlestown friends, we say thank you for:

- having us handle your real estate business,
- referring your friends to us,
- your appreciation and friendship.

Your patronage and friendship are the foundation on which we were able to build a new sales record in 1981 in Charlestown, in spite of record high mortgage rates and an unpredictable market.

The Charlestown sales we handled in 1981 were at these prices:

\$82,000	\$144,000	\$62,500	\$45,000	\$149,000*
75,000	50,000	130,000	106,000	100,000*
61,100	85,000	105,000	93,500	300,000*

70,300	70,000	42,000	49,900	*passing in 1982

We look forward to serving your real estate needs in 1982, whether answering questions about real estate, brokering sales and rentals, assisting with financing, or providing a market analysis of your home's value.

We hope to do better and do more in 1982, through increased professional education, a bigger sales team, new sales tools, and a wider co-brokerage network.

Our goal for 1982 is to provide CHARLESTOWN'S BEST PROFESSIONAL REAL ESTATE SERVICE

Senior News

A fantastic time was had at our Christmas Party on Tuesday, December 15th. A delicious chicken pie dinner, catered by Joseph Doyle Caterers, was enjoyed by almost 300 seniors. It was one of the best parties we have had. To John Nolan, our music man, we can only say "Thanks" again, because without John there would be no party. The committee consisting of Betty Marshall, Ethel Hazelton and Alice O'Leary were really super. Without their help in selling tickets and getting donations, this party would not have happened. Thanks to Ed Sweeney, who drove the seniors to the party and stayed until he made sure they were all safely home. Jim Cushman also came and drove a lot of the seniors home.

A most grateful thank you to all the people who gave us donations and who were so willing to help.

Gratefully,

important. What is more significant to a husband than the lives of his wife and child? What is more tragic when they are gone? It is inexplicable, it is cruel, it is painful. The significance of all other things combined could not fill a thimble in comparison.

We at the Knights of Columbus have known Francis "Wimpy" Lynch as a fellow member and friend for many years. We share his grief and that of the LaValle family. But our cares and condolences are but a minute fragment of the total sympathies extended to both families by caring people during the trying hours of this week past. I pray it has helped.

First Lady Of Charlestown

(continued from page 1)

Cardinal Richard Cushing or one of her needy fellow Charlestown residents.

In over 65 years of service to her community, even through the depths of the depression, she obtained jobs for the heads of households of many needy families in our town - she literally "put the bread on their tables."

Though we may inadvertently miss some of her background and affiliations, we believe it is important to present them - especially for the reader who did not know Mary - so that they somehow may grasp our personal sense of loss and, yes, Charlestown's.

Mary Sebastian Coughlin was born in Charlestown May 1, 1890. She attended the Warren School, St. Francis de Sales School and Girls High School. In 1919, she married Sylvester B. Colbert and was blessed by one child, William, who was tragically taken from her in 1940 when he was killed, at age 20, in an auto accident.

She was one of the founders, in 1919, of Bunker Hill Unit 26, American Legion Auxiliary, served as its first Treasurer, President and continuously held various offices in the unit up to the time of her death.

Mary was active locally and statewide in the Disabled American Veterans Auxiliary and served 15 successive terms as the State Treasurer until she stepped down voluntarily from this elective office several years ago. She was one of the founders and served as Trustee for the Catholic Boys' Guidance Center and was President of the Charlestown Community Council for over 10 years.

In her home parish, St. Mary's, she was Past President of its Women's Club and member of the Catholic Daughters' of America and participated in many of its fund raising events which included her leadership and initiative in establishing and furnishing 5 Monument Square for the Order of Little Sisters of the Poor.

During World War II she devoted countless hours of service to both the soldiers quartered at the Bunker Hill Post 26 Hall on Chestnut Street and to the servicemen at the Armed Forces YMCA.

Since 1919, she put in countless hours visiting and helping the veteran and providing recreational outlets for them at the Chelsea Soldiers Home and later the various V.A. hospitals.

Mary Colbert was a close personal friend of the Kennedy clan since the late President John F. "Jack" Kennedy, in 1946, ran initially for Congress from the district that included Charlestown. She was co-chairman, with Dave Powers, of the Kennedy Congressional Headquarters down on Main Street underneath the "El."

She, along with many others, served on various committees over the years to raze that "Serpent of Blight" the overhead "El" that coursed through the middle of our town. On August 21, 1975, she not only saw her work come to fruition but had the honor, in ceremonies in City Square, of breaking a bottle of champagne against the structure before the demolition started.

Mary was Past Vice-President of the Federation of Charlestown Organizations; a member of Mayor John F. Collins' Citizen Advisory Committee and a founding member of the original John F. Kennedy Multi-Service Center and later a Board Member of the John F. Kennedy Family Service Center, when it officially assumed leadership as the Area Planning Action Committee (APAC) and also its Economic Development Corporation.

She was a Board Member and later Vice-President of Action For Boston Community Development and at her death was an Honorary Board Member of ABCD. She was also a member of the Advisory Boards of the Charlestown Navy Yard and M.G.H.-Bunker Hill Health Center.

Mayor Kevin H. White appointed her an Associate Commissioner of Elderly Affairs and she was Treasurer of the Senior Home Care Corporation - Boston III.

The elderly of Charlestown will long remember her winning for them the first free bus shuttle.

In her lifetime Mary has had many honors including citations from the Federation of Charlestown Organizations; D.A.V. Auxiliary; Bunker Hill Post 26, American Legion; National Conference of Christians and Jews; ABCD; J.F. Kennedy Center; as well as two days named as Mary S. Colbert Day in Boston. — first by Mayor Collins on September 22, 1967 when she was honored by F.C.O. and again May 11, 1979 by Mayor White at ground breaking ceremonies for the new elderly housing at the former location of the Harvard School which is named in her honor as the Mary S. Colbert Senior Citizens Apartments.

Mary Colbert was a rare, priceless gem that can never be duplicated and with her passing so passes a golden era for Charlestown.

Congress Moves To End Forced Busing

by Edward P. Shallow

Because the national media, with few exceptions refuses to keep the American people informed on the activities of the U.S. Congress as relates to the issue of forced busing, this novice feels compelled once again to take pen in hand to inform as many as possible as to what is transpiring in the halls of Congress. Our thanks go out to those patriotic editors who have had the courage and integrity to uphold the principle that the people have a right to be informed on all sides of controversial issues.

A recent bulletin from the National Association for Neighborhood Schools indicates that a very important bill has been reported out of the Separation of Powers Subcommittee of the U.S. Senate.

Senate Bill, Number 1647, sponsored by Senator East has been given an excellent chance of reaching the full Senate Judiciary Committee where the full committee of 18 members has a majority of 11 strong anti-busers.

This bill is designed to strip the lower federal courts of the jurisdiction over busing and to ending existing orders.

Herewith, a few of the key provisions: *Congressional power to enact the legislation; *Busing has been unconstitutionally undertaken since the Constitution does not require school racial balance; *The right to be free from discriminatory assignment by removing the jurisdiction of the lower federal courts; *Prohibits the assignment or transportation of the student body for altering the racial or ethnic composition of the student body or any other purpose; *Prohibits the closing of schools for such purpose.

The bill is designed to throw school segregation cases into state courts where, with the threat of federal intervention removed, and where local pressures both financial and political will find state courts more responsive to the will of the people.

The bill does not take the giant step of removing the appellate jurisdiction from the Supreme Court. The feeling by Senator East and the proponents of his bill is not to tamper with the Supreme Court at this time. It is the consensus of this writer, should this bill pass both houses of Congress, and then be signed into law by President Reagan, that the Supreme Court upon almost certain challenges by the NAACP, ACLU and other radical organizations, will bow to the law making powers of the Congress.

It should be pointed out that Congress does have the power to limit the Supreme Court under article III, section two of the Constitution; the power of Congress, by simple majority legislation, to make "exceptions and regulations" to the appellate jurisdiction of the Supreme Court.

To those skeptics and liberals who feel the Supreme Court is infallible on Constitutional Law should be reminded of the infamous Dred Scott decision which came before the Supreme Court in 1856-57. As any historian knows, the court handed down that there was no power in existing form of government to make citizens of negro slaves, and that at the time of the formation of the Constitution they were not, and could not be, citizens in any of

the states.

What was even more shocking than the decision itself, was the views expressed by the majority of the court and delivered by Chief Justice Roger Brooke Taney. Here in part, excerpts from those views. (Dred Scott) "having been a slave, and therefore a mere chattel, might, according to the law of Missouri, be taken, like any other chattel, anywhere within the jurisdiction of the United States . . ." "that slavery could not be prohibited by Congress in the territories of the United States."

The decision in this case proved beyond any shadow of doubt that the Supreme Court, comprised of nine mortal beings are, at times incapable of proper interpretation of our Constitution. Thus the reason the framers of the Constitution included the "exceptions" provision under article III, section two.

In each past instance in our history where the Congress has invoked the "exceptions" provision, the Supreme Court has bowed to the Law Making Powers of Congress.

There is no reason to expect that such would not be the case as pertains to the proposed legislation to strip the federal courts to order busing and to ending existing orders.

There is no other issue in the nation where the people are more united than in their opposition to forced busing.

Senate Bill Number 1647 deserves the support of all Americans who abhor the element of force used to racially balance the schools and the billions of dollars of taxpayers money expended to carry out this unconstitutional policy.

To Talk Of Many Things...

by Sal Giarratani

Recently watched an old "Twilight Zone" episode starring Howard Duff as a troubled actor who conveniently disappears into a fictional role which he is playing. Sometimes all of us, probably, wish we could just wave a wand to make our troubles go away or find our own Shangrila. However, most of the time we have it within ourselves to overcome problems because we are usually the source of the problem.

My New Year's resolution is to believe in myself, to become more confident, more assertive and more my own person. January is a good time to sit down and re-examine our assumptions, fears and conventions. It is a good time to make sure these things we hold, we truly believe in. Having this kind of courage to be ourselves isn't ever easy but you'll respect yourself more and others will respect you, too.

The only goal I'm setting for myself is to do the best and be the best I can. To stand up for what I believe, to be happy and pleased with whom I am and to be the center of my own well-being.

PEOPLES FIREHOUSE

The Peoples Fire House No. 2 Committee wishes everyone the very best for 1982 and hopes our public safety problems will be resolved in the new year.

TOWN MEETING

The January Town Meeting will be held on Tuesday, January 19 at 7:30 p.m. at a site yet selected. Tonight at the Colbert Apartments, the Town Council Steering Committee will hold a 7:30 p.m. meeting to discuss the Town Meeting's agenda and to further discuss District Representation proposals. All are most welcome to attend tonight and add their voices.

WINTER VACATION

Everyone needs a vacation now and then and "To Talk of

Many Things..." will be taking its much deserved one after this Patriot issue. The next column will appear in the January 28th issue.

BOTTOM LINE

Remember, We the People can make the difference if we keep on keeping on!

Maternal grandmother is Laura Masiel of 7 Marshall Block, Charlestown.

Paternal grandparents are Francis and Mildred Mainey of 129 High Street, Charlestown.

ARE YOU WORRIED THAT SOCIAL SECURITY WILL STOP WORKING BEFORE YOU DO?

For a program that looks out for hundreds of millions of people, you can't beat The System. Social Security has been working hard for Americans since 1935.

The trouble is, it isn't working so well anymore. Because it's being taxed in ways that weren't anticipated back when it was started. And now we're starting to realize that if we're going to be able to afford to retire, we'd better begin to save for it now.

At Charlestown Savings, we're proud of our long history of helping people with their financial planning. And we're ready to help you plan for your retirement years with our newly expanded IRA accounts and our new Life Saver Plan.

With a Charlestown IRA you could retire with a fortune.

Starting now, everyone who works can set up his own retirement plan. Because now everyone is eligible to open a Charlestown Savings IRA. Whether or not you have a company pension or profit-sharing plan. Whether or not you're salaried or self-employed.

And starting now, you can shelter up to \$2,000 of your income every year. Up to \$4,000 if you file with a working spouse. And up to \$2,250 if you're married but your spouse doesn't work.*

You can choose to have us invest your IRA contributions in any of a number of different savings plans. Including a brand new 18-month certificate with a fixed simple interest rate that's guaranteed for the entire 18 months. And a new 18-month certificate with a variable interest rate which will change monthly, based on the 13-week U.S. Treasury Bill auctions.

18-month fixed rate certificate.	18-month variable rate certificate.

But at any rate, you're going to wind up with a lot of money. All of which is fully insured by the Federal Deposit Insurance Corporation and the Deposit Insurance Fund of Massachusetts. How much money? Amounts will vary depending upon your age, contributions, and prevailing interest rates, but the following chart shows some impressive projections.

Current Age	Years to Retirement	Future Pre-Tax Value		
		10%*	12%*	14 1/4%*
25	40	\$1,176,480	\$2,250,194	\$4,794,418
30	35	700,385	1,216,728	2,320,462
35	30	413,616	654,256	1,119,139
40	25	240,886	348,127	535,792

*Assumes continuous compounding on one annual deposit of \$2,000 at average rates as stated.

Save on taxes and save the savings.

Besides the savings you'll realize through your annual IRA contributions, you'll save significantly on your taxes. For example, if you're in the 30% tax bracket and you deposit \$2,000 a year in your Charlestown Savings IRA, you'll save \$600 on your taxes. If you and your spouse contribute \$4,000 a year, you'll enjoy tax savings of \$1,200.

*Contributions up to the legal limits are deductible for Federal income tax purposes, but not for Massachusetts income tax. Interest earned on contributions is tax-deferred until distribution for both Federal and Massachusetts income tax. All amounts distributed and not previously taxed are usually taxed as ordinary income in the year of distribution.

Now, if you invest that money, in a high yield certificate for example, in 30 years your tax savings alone could add up to \$18,000 and \$36,000 respectively. Very respectable sums to add to your retirement cushion.

And don't forget. In addition to the money you're saving in taxes, your annual contribution and the interest it earns remain tax free until you retire or withdraw your money. And since you'll be between the ages of 59 1/2 and 70 by then, you'll probably be in a much lower tax bracket than you are right now.

Probable Tax Bracket	Annual Tax Savings on \$2,000 Contribution	Accumulated Tax Savings (Years to Retirement)				
		10	20	25	30	35
29%	\$580	\$5,800	\$11,600	\$14,500	\$17,400	\$20,300
33%	660	6,600	13,200	16,500	19,800	23,100
39%	780	7,800	15,600	19,500	23,400	27,300
44%	880	8,800	17,600	22,000	26,400	30,800
49%	980	9,800	19,600	24,500	29,400	34,300

No more than \$100 needed to start your IRA. No service charge to maintain it.

With as little as \$100 you can set up your Charlestown Savings Individual Retirement Account. And there are quite a few ways you can do it. You can have your contributions deducted from your paycheck (we can arrange this with your employer). You can make a lump sum deposit. Or you can make weekly or monthly deposits which will be handled exactly like statement savings accounts, with quarterly statements.

At Charlestown Savings, there's no service charge attached to your IRA. It's absolutely free. And Charlestown Savings personnel are also free to give seminars and talks to community groups or companies. Just call 482-2600 and ask for the Marketing Department.

If you prefer, you may set up an appointment to discuss your own personal IRA with a Charlestown Savings Bank IRA specialist. Just stop in at any of Charlestown Savings 14 convenient offices or call 482-2600.

A Life Saver for savers with \$5,000 and more.

If you have even more money that you want to invest, we have the perfect place for it. A Charlestown Savings Life Saver Annuity. It starts with a minimum of \$5,000 and can end with a million or more. In addition to providing a high yield it gives you tax-deferred interest, emergency withdrawal privileges and safety of principal. Ask us about it when you call or stop in to talk about your personal IRA.

Helping you gain financial security in your retirement years. Another reason why when we say Charlestown Savings, people all over Boston say, "That's my bank. For my future."

ONE BANK WILL BE AT WORK LONG AFTER YOU RETIRE.

THAT'S WHY YOU SHOULD OPEN YOUR IRA AT BANK OF BOSTON.

Bank of Boston has been hard at work, for two hundred years. And New England's largest bank will still be at work two hundred years from today. Which is the single best reason to open your Individual Retirement Account at Bank of Boston.

Choose a money market fund, and there are risks to consider. You are a shareholder, not a depositor.

Choose the financial stability of Bank of Boston, and your retirement savings will grow safely and rapidly.

THE YIELD ON A BANK OF BOSTON IRA IS MORE THAN COMPETITIVE. IT'S SOLID.

Some people think that banks pay a low rate on Individual Retirement Accounts. This is simply not true.

In fact, our 2-year Variable Rate Individual Retirement Account will pay 2% over Three Month U.S. Treasury Bills through 1982. So open your account as soon as possible. Plus, we guarantee the rate will go no lower than 3/4% over the Three Month Treasury Bill rate or 10%, whichever is higher, through April 15, 1984. Thus, when rates go

Note: Figures are computed assuming a 12% interest rate, compounded monthly.

up, you are protected against inflation. But if the rate drops, there is a solid base guaranteeing you double-digit interest.

Some people prefer a fixed rate of return. No problem. Our 2-year Fixed Rate IRA is also available to you. We'll pay you 1/2% above 2-year Treasury yields at the time you invest.

And unlike money market funds and brokerage houses, we do not charge a fee to open or manage your Individual Retirement Account. And we also provide FDIC insurance. They do not.

WHETHER YOU RETIRE IN THE 20TH OR 21ST CENTURY, AN IRA MAKES PERFECT SENSE.

If you're getting closer to retirement age you might think it's too late to open an IRA.

Nothing could be further from the truth. Each IRA contribution you make is tax deductible. Up to \$2,000 annually. Which gives you two benefits. You'll lower your taxable income now. And, when you do retire, you'll be taxed at a lower rate, since you'll probably be in a lower tax bracket.

Even if your retirement is many years away, right now is the best time to open your IRA. Because over the years your annual contributions will grow enormously, thanks to the magic of tax-sheltered interest compounding. Moreover, you'll get a break every April 15th until then.

Open your Individual Retirement Account at the Bank at Work. It will work hard for you. Long after you retire.

Boys And Girls Club News

by Charlie McGonagle

An old friend came home last week. Back in the early to mid seventies, the Boys Club Staff, under Director Harvey Brooks, was made up primarily of local people. Dave Jackson, Mike Ezekiel, Charlie Clabaugh, Paul Jackson, Brian Doris, Jim Kerrigan, and a few others were neatly complimented by Keith Parker and Steve Bethge, both of whom spent enough time with the youngsters of this community to be rightfully considered a vital part of the neighborhood.

The years have a way of painting one's memories, but to my way of thinking, there never was before, nor has there been since, a sense of camaraderie such as that which existed amongst the workers in those days. That is not to say that today's staff is any less efficient, nor any less loyal to the Boys Club and its philosophy, but that group of the early seventies was unique, to say the least. They worked as a unit, and they socialized as a unit. Friday nights were used to solve all the problems of the Universe, and sometimes quite successfully. These weekly meetings were held at various locations, but the most popular setting was the Mt. Vernon Cafe just outside of Sullivan Square where glasses were raised, toasts were made, and promises pledged. Although most of these were totally forgotten by next morning, an event which came all too quickly, they had great meaning at the time.

A goodly number of the staff became season ticket holders, and were among the first of loyal Patriot fans to fill the seats at Shaeffer Stadium. The Friday night conferences were followed by Sunday afternoon cookouts in the Stadium Parking Lot, interrupted only by a twenty-four hour period of convalescence on Saturday. Returning to work on Tuesday, our systems revitalized, we would be ready. Each new week would bring new problems which had to be resolved, and once again the Friday conference would be scheduled to serve just that purpose.

And so it went for several years. Soon, though, the chain began to lose a link here and there, and its strength began a downhill journey. Steve Bethge left the games room to pursue another career, one which has kept him in the town as proprietor of Steve's Variety on Main Street. Keith Parker moved on to a successful teaching and coaching career at Boston English High School. Dave Jackson decided to devote full time to his teaching career. Mike Ezekiel's association with the Club has been limited to helping out with the weekly Bingo and its related paperwork, and Paul Jackson has moved up through the organization to become Assistant Clubhouse Director.

That leaves Jim Kerrigan. A couple of years ago, Jim

and his family made a decision which many of his friends, myself included, questioned and envied at the same time. He would forsake the rigors and pressures of city living and working for a school system, which was in the throes of political and social turmoil for the relative wilds of Oregon.

Picking up lock, stock, and barrel, the Kerrigan's sold their home in Charlestown, left their respective jobs with the School Department, and set out with their two children in quest of a better way of life.

In many ways they were like the pioneers of early America, their transportation a Chevette, though, not a Conestoga Wagon. In a town whose population has only recently found its way above the two hundred mark, they built a house, planted a garden, bought a dog and a few chickens, opened an ice cream shop in a nearby city, and went about the business of being self-sufficient.

It was their decision to live beyond the bureaucracy of the School Department, to sever those strings which could dictate their future lifestyle, had they chosen to stay.

In retrospect, we can see their decision as being a wise one, for as teachers in the Boston School System with less than an adequate number of years, both would most certainly have fallen victim to the recent teacher cutbacks. They have learned to live from the land and to work for nobody but themselves. They have my deepest admiration, for I know the kind of courage it must have taken to make such a move.

Last week the holidays were made more enjoyable when Jim, Linda, Little Jim, and Christine came home to visit. Although their schedule was understandably tight, our families managed to spend two very enjoyable evenings together. Our conversations ranged from very light, to what I would refer to as semi-serious.

The Kerrigan's have returned, now, to Oregon. One day maybe they will move back to this area, maybe not. But if they do, I am sure of one thing. The lessons they have learned, especially the idea of being self-sufficient, will be with them wherever they may go. More power to them.

Gentle Ben

Thank God we're only mortal men of flesh and blood who break not bend because of this our memories then remembering when, remembering Ben.

His size betrayed his quiet heart you'd think his temper quick to start but gentleness was his shining art right till the end he played the part.

He lived a simple honest life collecting coins old and rare and left behind a loving wife with five fine sons who know and care.

His pleasures were those of modest men reading, movies, talking to friends of navy stories that never end remember when, remember Ben.

When God stands by and decides our fate and judges men who fight and hate he will not pause he will not wait for Ben there is always an open gate.

"Gentle Ben" was penned in a memory of the late Ben Rogers by a friend of the family.

Women's Group To Meet

The Women's Group of the First Baptist Church will be holding their monthly meeting, Tuesday, January 12th, at 8 p.m. at the Parsonage, 5 Monument Square, Charlestown.

"Ceremony Of Innocence" To Open At Peoples Theater

"Ceremony of Innocence" by American playwright Ronald Ribman, co-directed by Louis Gudema and Amanda Freymann, in New England premiere at Peoples Theatre!

"Ceremony of Innocence" by award-winning American playwright Ronald Ribman, codirected by Louis Gudema and Amanda Freymann, makes its New England premiere at Peoples Theatre on Thursday, January 14, and continues every Thursday through Sunday evening through February 14, 1982.

Medieval England is the setting for this intense, compelling drama which explores the conflict between a king's passionate yearning for peace and the prevailing notion that war is a practical necessity and human beings expendable.

"Ceremony of Innocence" is Mr. Ribman's third full length play. He was awarded an "Obie" Award for Best Off Broadway Play of the 1965-66 season for "Journey of the Fifth Horse," and his works have been published in various periodicals and shown on television. Constantly growing in popularity, Ribman's plays have been presented

throughout the United States and Europe. Ribman's growing appeal is evidenced by the fact that The American Repertory Theatre has also chosen one of his plays for their current season. "Journey of the Fifth Horse" will open there on January 27, and play in repertory through March 1, 1982.

Louis Gudema has been working in the Boston theatre scene since moving here four years ago and has worked on over a dozen productions. He is most noted for his direction and co-adaptation of the bilingual musical "El Mago de Oz/The Wizard of Oz" for the Streetfeet Theatre, and his direction of the critically acclaimed Boston premiere of Trevor Griffith's "Comedians" for Nucleo Eclettico.

Amanda Freymann makes her directing debut with "Ceremony of Innocence." She has appeared in a number of Boston productions, including "El Mago de Oz" as Glenda, the Good Witch, "The House of Blue Leaves" as Bunny Flingus, and "Spoon River Anthology" in a number of roles. Ms. Freymann began her theatrical career as a professional clown.

Performances of "Ceremony of Innocence" are Thursday through Saturday evenings at 8 p.m., and Sundays at 6 p.m. Tickets on Thursday and Sunday are \$5.50 and \$7.00 on Friday and Saturday. Senior citizen tickets are half price. For advance ticket reservations and information, call the Box Office at 354-2915.

Card of Thanks

Perhaps you sent a lovely card,
Or sat quietly in a chair,
Perhaps you sent a floral piece,
If so, we saw it there.

Perhaps you spoke the kindest words,
As any friend could say,
Perhaps you were not there at all,
Just thought of us that day.

Whatever you did to console our hearts,
We thank you so much whatever the part.

Views On Dental Health

by Jeffrey D. Cohen,
D.M.D.

GRINDING IN THE NIGHT

An estimated one in 20 adults and three in 20 children unconsciously grind their teeth at night. It is the sound of bruxism. While the noise may disturb spouses or children, it has a far more distressing effect on the sleeper.

Nocturnal grinding can exert thousands of pounds of pressure per square inch on the surfaces of teeth. It can be rough not only on teeth but on the supporting bone, the gums and jaw joint.

For many years, bruxism was attributed to the release of tension from emotional stress. However, many dental authorities today believe that the causes exist in the patient's mouth. Night grinding may be an unconscious effort to correct irregularities of the chewing surfaces of the teeth. Dentists term this a malocclusion. They grind away to eliminate a spot that is too high or to find a comfortable place to fit the upper and lower teeth together.

If you have this nightly grind problem, your first stop should be your dentist's office . . . before you do any serious damage to your teeth.

A public service to promote better dental health.

St. Catherine Girls' Basketball Team

The Saint Catherine Girls' Basketball Team won their first game of the season against East Boston Central Catholic. In the first quarter the girls were leading East Boston 6 to 2. In the second it was 8 to 2, while the third saw the Warriors with a 10 to 2 lead. In the last quarter East Boston snuck in another basket making it 10 to 4. The victory goes to Saint Catherine's and we are proud of them.

We owe our thanks to the excellent coaching that Jackie McGowan and Kelly Tucker are giving the girls.

One final note is that the scoring was done by Kim Davis with the first quarter basket. Mary Beth Emerson scored three baskets for the Warriors and Sheila Tucker, while under pressure from East Boston also scored. The final score was Warriors 10, East Boston 4.

The Warriors of '81-'82 are: Paula Belyea, Christine Boyle, Michelle Buckley, Debbie Charles, Kerry Carroll, Ann Marie Considine, Kim Davis, Christine DeRoeve, Stacey Dever, Mary Emerson, Kerry MacKillop, Christine McLaughlin, Sheila Noone, Katey Russell, Christine Ryan, Juliann Ryan, Kim Stearns, Patty Stillman, Carol Sullivan, Sheila Tucker, Susan Werman and Robyn Wilson.

Basketball Friars Win, Pucksters Split

by Bob DeCristoforo

Paul Williard had his best game of the season, Mike Carey controlled the boards, Dave Kelly debut was six big fourth quarter points, and Sean McCarthy saved his best for the end as Columbus High's Basketball Varsity Friars got back on the winning track in defeating Archbishop Williams 57-56 at Braintree in another gutsy performance.

The Friars trailed most of the way, but they kept plucking away and took the lead late in the final quarter and held on just as they have in their two previous one point and two point wins to boost their record to 3-2.

On the hockey end, the Friars defeated St. Mary's of Lynn once again. This time the score was 11-3, but in their big game of the week against first place Dom Savio, the Friars lost by an 8-4 margin. The loss came despite the brilliant performance of Captain Sean McGonagle.

The Columbus Road Show continues this week as the hockey team visits Xaverian and the basketball team plays at Xaverian and Mission.

Next HOME Hockey game will be on Saturday, January 9th when Columbus hosts Bishop Fenwick at Boston University in an 8 p.m. game, and the basketball team will also be taking on Fenwick on Tuesday, January 12 in a 7:30 p.m. game at the Columbus gym.

TWO TOWNIES who are members of the Don Bosco Freshman Hockey Team are Mathew Mahoney (left) and John Dillon (right). John, playing a regular shift on defense, has been on the ice for only one goal against, through four games. Matt, on the other hand, has supplied the scoring punch, scoring a hat trick against Bishop Fenwick. The Bosco Team is 3 and 1.

T.H.C. — The P.C.P. Ripoff

P.C.P. appears on the streets of Charlestown masquerading as T.H.C. People buy T.H.C. without knowing that they are really getting P.C.P.-T.H.C. is the active ingredient in pot and is a mild hallucinogen.

Contrary to popular belief, T.H.C. is non-existent on the streets today. The reason is simple — T.H.C. is very difficult to extract from pot; a genuine hit of T.H.C. would cost \$15 - \$20. About 95% of all T.H.C. sold on the streets is really P.C.P. which is very cheap to make. To dishonest street chemists and dealers, cheap and easy-to-make P.C.P. is a natural substitute for real T.H.C. P.C.P.'s tranquilizing and pseudo-psychedelic properties create an effect fairly close to what people who have never had real T.H.C. and who are naive to the drug scene might expect. The effects of the two drugs are, of course, very different. However, since few people outside of research laboratories have had real T.H.C., there is no standard for comparison. Since P.C.P. costs only pennies to produce, it is easy to see why this ripoff is perpetuated.

A similar ripoff occurs with mescaline and psilocybin, two other psychedelics with high sales appeal and low availability. Samples claiming to be these drugs turn out to be LSD, or sometimes P.C.P., P.C.P. - LSD combinations, or a miscellaneous assortment of chemicals. P.C.P., a white crystalline powder in its pure form, has even turned up sold as cocaine several times!

The P.C.P. - T.H.C. ripoff syndrome has been well known for years. So why does it continue? Part of the answer to this may be in the gullibility of human nature (including dealers' contacts who assure them this particular batch is real). Every year, many junior high school students and many younger children "discover" the world of drugs but are not aware of the potential ripoffs and bad experiences that will occur. All of these people are potential pigeons to this long-standing ripoff.

Free Employment Services

Unemployed Charlestown residents can get immediate assistance in their efforts to find work by going to the Intake Office for the City of Boston's Employment and Economic Policy Administration (EEPA).

At the EEPA Intake Office, located on the first floor of 15 Beacon Street in downtown Boston, trained counselors are available to inform Boston youth and adults about free employment services now being offered to economically disadvantaged city residents through EEPA. These services include: job placement services; job interview and career exploration workshops; and a variety of skill training programs in such fields as electronics, clerical work, machine operation and nursing.

Counselors at the intake center emphasize matching clients to services which best meet their individual needs. For example, a person with little experience in applying for jobs might be referred to EEPA's job interview workshop, which trains people how to present themselves effectively when applying for work. Or a person who lacks the skills necessary to perform satisfactorily on a job might be referred to a skill training program.

Donna Pero, who works at EEPA's Intake Office, said: "Often a person who is out of work needs somebody objective to talk to in order to get things sorted out. We try to help them figure out what they want to do, and then help them get the best available services for their particular needs."

For more information about EEPA services call Donna Pero at EEPA's Intake Center: 720-4319. Persons applying for EEPA services must present proof that they are Boston residents.

Unselfish Gesture On Behalf Of All

I would like to express my personal gratitude and appreciation for the selflessness and dedication

to the Charlestown community that was displayed by those Charlestown people arrested recently in the East Boston tunnel protest. They placed themselves in jeopardy without regard for personal gain to emphasize the necessity for public safety and proper city services. I believe that all of us in Charlestown, whether we agree or disagree with an act of passive resistance in

picketing, can agree these people's actions can be taken as an unselfish gesture on behalf of us all. In that spirit I again say thank you.

Defeat Of ERA A Victory

16 Paisley Park
Dorchester, MA 02124
December 28, 1981

To the Editor:

If the Red Sox captured the Pennant, would it not be natural to expect the bulk of the publicity to center on the winning team? If the Boston Bruins won the Stanley Cup, wouldn't the headlines ring with their glory?

The Equal Rights Amendment has just been dealt its most deadening blow. After nine years of media hoopla, after how many millions of dollars spent in trying to ram this amendment down our throats, the ERA is dead.

What has happened to the American sense of fair play? Why wasn't Phyllis Schlafly publicly acknowledged for her stunning victory? Are the proponents so small and so mean, so miserly that all sense of good manners are thrown to the wind? Even the Little Leaguer is taught to bite his tongue and congratulate the winner, no matter how hard.

"Thank You,"

City Council Played Santa

To The Editor:

Well, Mr. and Mrs. Taxpayer, here we go again. On Wednesday, December 23, 1981, the Boston City Council played the part of Santa Claus for Dr. Robert Spillane the new Superintendent of the Boston Schools. For the very last order of business at this Council meeting, they tried very quietly to slip in a \$10,000 pay raise for Dr. Spillane, making his pay now \$60,000 per year.

I rose to my feet on the Council floor and objected to this huge raise because at no time did we have a hearing on the merits of the raise. I asked to send the request to the Committee on Government Finance, and was out-voted on my request for a public hearing.

The man came to Boston from New York last July, and now we give him a \$10,000 raise for what? I at least wanted to question the man about this raise, but got shot down on another vote. I have never met the man, but I do know this, that he came to Boston from the New York School system and he was making \$57,000 a year. He agreed to come to Boston for \$50,000, and that is what he was being paid. Now, six months later, a \$10,000 pay raise!

I moved for re-consideration of the vote, and again I was shot down by a vote of 5 to 4. The Councillors that voted for the pay raise, are as follows: DiCara, Iannella, Sansone, Sears, and McDonough. Those voting against the raise are as follows: O'Neil, Langone, Tierney, and Flynn.

Why do we always have to go out of State to bring people into this city to run departments, when we have plenty of good talent right here in the City. The Boston School system will never straighten out here in this City no matter who tries to run it. It is finished. Can you imagine in 1975 when we had 93,000 students attending our school system, the budget was \$107,000,000 and now that we have 43,000 students left, the budget will be \$210,000,000. That is why I was against Forced Busing in 1975.

Albert L. "Dapper" O'Neil
Boston City Councillor

Of course, we all play to win. The TV coverage of Judge Marion Callister's decision of the wrongness of the extension and the acceptability of rescission, showed the blatant bias of the visual media. One might even gather the impression that the purpose of the media is to brainwash people to accept one point of view, what ever the liberal point happens to be at that time. All three channels carried the Ellie Smeal press conference as well as the August rally at City Hall, The Boston President of NOW was interviewed. Copious tears were shed and nothing was heard but the gnashing of teeth condemning the Judge's decision.

Is it not interesting to note that the decision of one Federal judge brought about untold suffering and expense to the City of Boston during the Forced Busing issue and is not held with the same contempt? It all depends which side of the issue you profess.

If the media is with you, who can be against you? At least the Herald American carried Phyllis Schlafly's picture as well as the picture of the Chairman of Mass. Stop ERA, Miss Maxine Tremaine. For some reason though, she was not identified. Neither did any of the printed or visual media interview her. Yet, people in Wellesley were interviewed and surprise, all were Pro-ERA.

The other newspaper in Boston carried a large picture of Smeal and had two sentences from Phyllis Schlafly. So much for balanced coverage of a political issue not to mention fair play.

Harvard lawyer Tribe, pro-ERA, advised Congress as to the legality of the unethical extension of ERA. He has criticized the judge by saying that he has overstepped his bounds. If this decision is appealed to the Supreme Court, and it will, will lawyer Tribe ask Justice O'Connor to disqualify herself since she is so biased in favor of ERA? Again, it depends on whose ox is gored.

It seems highly coincidental that President Reagan appointed a Pro-ERA, Pro-Abortion, judge at this particular time. After all, this decision has been in the works for two years. Could O'Connor be the deciding vote?

The defeat of ERA is a tremendous victory for men and women. Phyllis Schlafly, along with thousands of unnamed heroes and heroines, are to be saluted. The victory belongs to all Americans.

Sincerely,
Agnes J. Smith

"Ghosts Of Cape Horn" To Screen At Constitution Museum

"Put on your body-and-soul lashings and prepare for something different in 'Ghosts of Cape Horn,'" Walter Cronkite said in a review of this remarkable film. "This is the true wine from man's greatest sea adventure, the endeavor to get 'round Cape Horn under sail.

"You'll see sails blown from their boltropes, seas coursing almost unhindered across the decks of deep-laden ships fighting not just to survive but to make progress — make westing! — in scenes worked up not by movie moguls or media mavens but by the original designer of our planet."

Produced by James R. Donaldson III, narrated by Jason Robards and with music by Gordon Lightfoot, "Ghosts of Cape Horn" will have three screenings at the USS Constitution Museum just across from "Old Ironsides" in the Charlestown Navy Yard: January 17 at 4 p.m. and January 20 at 5:30 and 8 p.m. The admission will be \$2 for members, \$3.50 for non-members and \$1 for children under 12. Any member bringing in a new membership that day will be admitted free.

The USS Constitution Museum, dedicated to preserving the ideals and heritage of "Old Ironsides," is Boston's only maritime museum.

Afterschool Day Care At Boys And Girls Club

Are you a working parent? Are you needing quality care and supervision for your school-age child during your afternoon working hours, and when your children are not in school?

The Afterschool Day Care Program at the Charlestown Boys and Girls Club is now accepting applications for enrollment into its program. The program is expanding, and there are many spaces available right now.

Afterschool Day Care is for children ages six to twelve years, and runs Monday through Friday from 2:30 p.m. - 5:30 p.m. when school is in session. During school vacation weeks, full-time day care is provided which includes breakfast, lunch, field trips, and many recreational activities. During the summer months, Afterschool Day Care becomes a full-time summer day camp program. Many trips are planned during the months of July and August to some of the finest beaches and state parks in Massachusetts.

During the school year, children receive a nutritious snack each day, and can participate in a wide variety of recreational and educational activities, including swim instruction, a well-rounded athletics program, arts and crafts, field trips, and educational assistance. A staff of five professionals supervise the children enrolled.

The cost for your child to participate in Afterschool Day Care is based upon a sliding fee scale. This takes into consideration your family size and weekly income. This scale,

by the way, has just recently been reduced, so that parents are more able to afford day care services for their children. One monthly cost covers all the activities. For more information about eligibility, cost, hours, or if you would like to obtain a brochure, please contact Nancy Bean, Day Care Director, at the Charlestown Boys and Girls Club, 15 Green Street (242-1775) between 12:30 p.m. - 5:30 p.m.
