Union is a basic principle of the federal government based Imperium of Diamonds, in order to encourage new members to the federation Imperium of Diamonds or the intent to support other movements worldwide and thus jointly organize for the purpose of greater joint forces

Monday, October 24, 2016

Document as an information notice on the Union of Independent becomes an invitation to political cooperation at the global character of an organized movement with legal intentions and objectives for peaceful purposes.

Invitation as a theme to create a measure of our joint forces, meaning a greater capability of resistance and organizing joint actions of the global information dissemination and strengthen the value and stability of each individual and entity in our Union.

The Union is thus simultaneously created for the main purpose to create a federation between states and groups of the movement for Independence, and the use of the legal name of the Government of the Imperium of Diamonds which provides the ability to use new territories in an area of many new planets in the universe, and the ability to use their own strength Independent and free State as a value more important than the strength of our planet and of such dimensions and principles territories, as well as the ability to extend civilization. Imperium of Diamonds provides for each federal entity with the ability to expand geographically and civilization to over a hundred planets in the universe, such as the minimum value up to a hundred times greater power than the values of our planet Earth.

The federal government Imperium of Diamonds offers the opportunity to establish our unification, and the use of our joint forces for the development of joint federal territories, so the initial establishment of industrial and civilizing the colonies on the territory of Diamond Oasis, North East Africa Bir Tawil, or Extraterritorial & Offshore Colonies with a silent participation, and with a focus on the development of the first civilization structure, meaning the ability in the future to develop our common strength and intelligence Federation Imperium of Diamonds, government land used for each federal state as a first base full political legitimacy along with the rights for the development of civilization and economy, political networking and joint federal meaning our joint forces to grow to the level of the most advanced operators in the world today.

Each state, movement and a political party that decides to own up federalization, because such federalizing Act confirms the intrinsic value of the policy as a fully legitimate form of government of a country with its own legal nature of their territories, legal recognition of population law, legitimate claims on rights to use their own jurisdiction, and civilizing development, its own central bank and the state and the economy.

Our first goal at the beginning of the Union is to create a common group in the form of the state, the sum of the states and the establishment of cooperation offices, business development and the establishment of federal business corporations, associations and consortium business forms as one trans-national

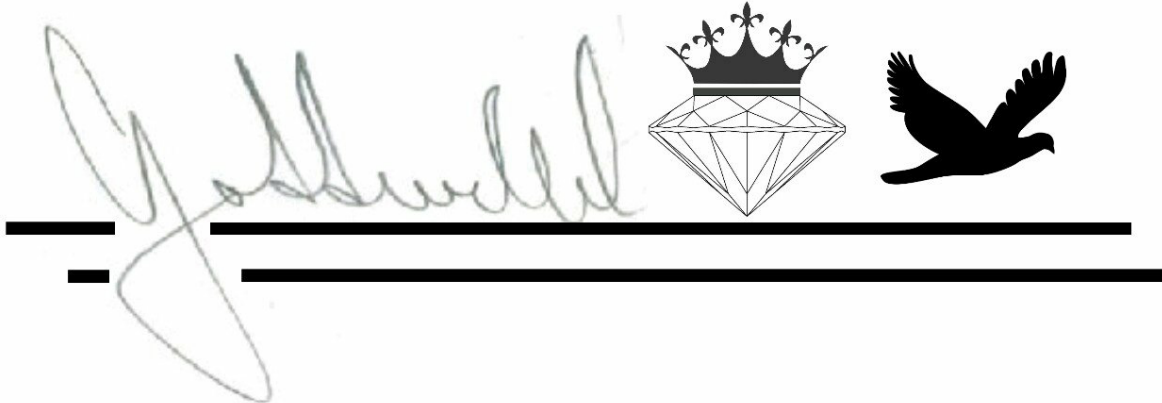

and multi-national or a lawful society.

The sum of the joint state armies and the availability of military technology, the development of our strength and success of the global strategy and International cooperation, development common civilizations and start progress for the mankind !

A Joint effort to develop our intelligence in global diplomacy and unification of diplomatic relations at the level of each country's government from around the world. Common trade, Public relations, friendship and joint bilateral or multilateral agreements on friendship.

Every state and movement that self-interest of our cooperation due to the ability of an immediate step, the legitimacy of the state in order to expand our common federation to unify all levels of state and government of countries around the world.

- ★ The federal government Imperium of Diamonds offers a federalization law, and thus obtain the names of the legal entity of the government.
