Old cables. ☹️

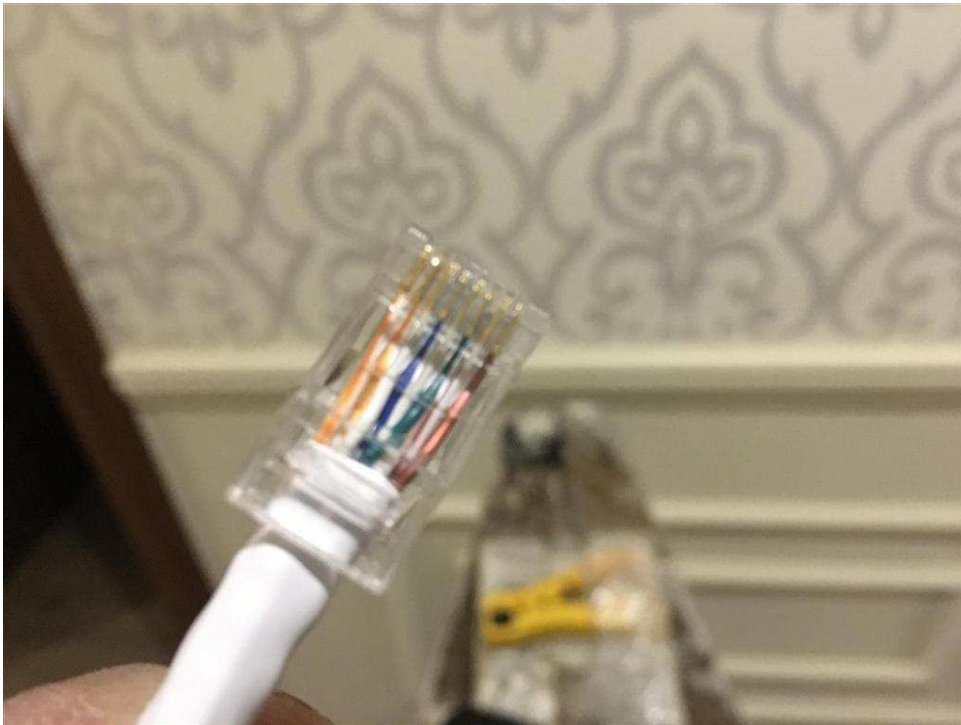

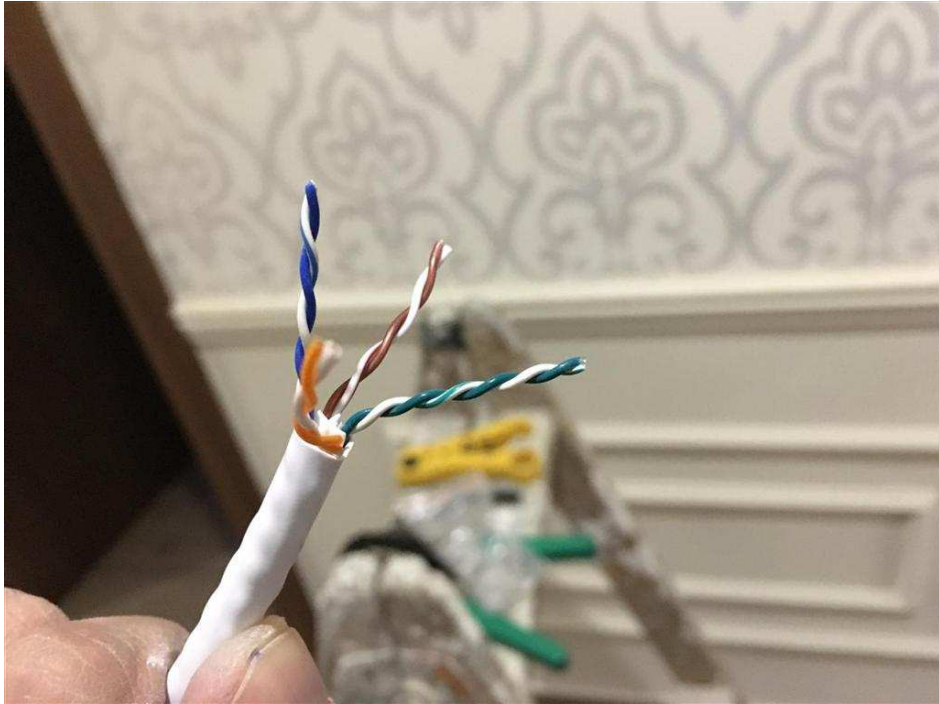

UniFi CAT6 cable. Yes, it exists!

The dirty job.

Looking for the best way to run the cables!

UAP AC-M install.

Covering the APs with the plastic film will ensure a clean look as they were still people working around. Every single detail counts!

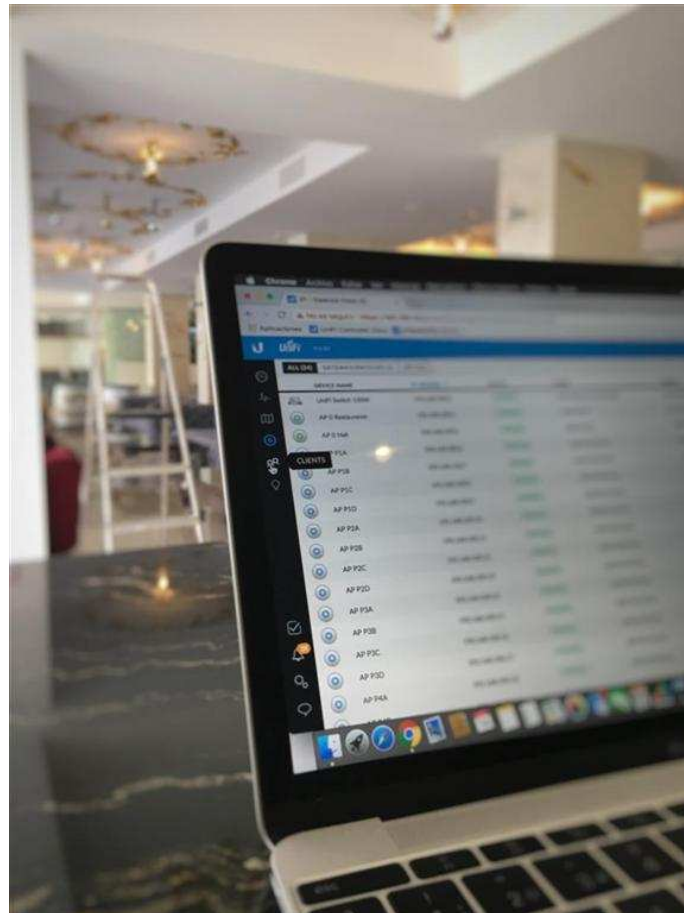

Time to remove the plastic film and clean the APs!

Whatever it takes to get that blue light look neat and clean!

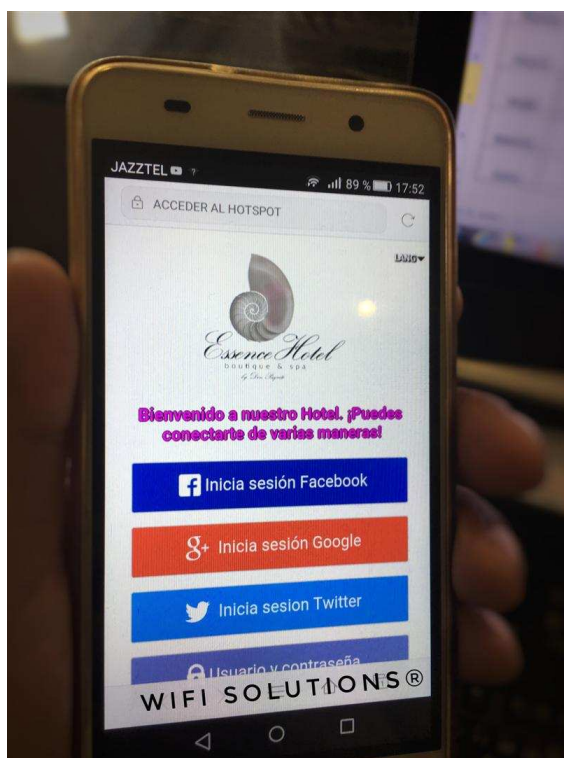

Looking good!

Last adjustments to be done... (you can see as well the still the 2.4GHz UAP running)

Some data of mid August:

- + Nice, renewed building, with comfortable rooms. **Free and stable wifi, also in the rooms.** The pool area is very nice and modern, jacuzzis are available. The staff is very kind, client centric and always ready to help you, even in special wishes. The variety of the served food for breakfast is satisfactory and you will find a
- + The staff really are excellent and should be commended, always friendly and dealing with problems the best they can!
The hotel is clean and modern after the refit looks great in photos.. shame you cant smell photos on the web!
Breakfast fine good choice, just sit near open windows.
Wifi excellent speeds and easy to connect
- + Friendly staff, clean room with nice view, very good breakfast, close to the beach, sea view from balcony, **very good Wifi connection.** Many thanks for late check out without charging me.
- + We enjoyed the clean room and how quiet the pool was around the day. We always managed to get a sunbed regardless of time. We also appreciated friendly staff at reception. They even let us stay in our room longer (for a small charge) for a late checkout. **The wifi is good and works in the rooms.** The hotel
