

**Summary:** Two events necessary for the RV to occur have just been accomplished. The first was a meeting between China, US, Zimbabwe and Iraq. This was accomplished when President Abadi came to Washington on Wednesday, accompanied by former CBI head Shabibi!

The second event was the adjustment on the prices of oil and gold, which will be important for paying for the RV/GCR. Do you all remember 6 years ago when Tony on TNT would talk about China buying up “oil credits” at a low rate, so that they could later use them to buy gold at a high rate? Well, the oil rate is now high, so China is ready to use those oil credits, and the price of gold has gone back up, so POTUS is ready to announce that gold is backing the US currency.

**The BIG Call:** – a lot of things are pointing towards tomorrow and even through to Saturday afternoon.

At 7am [Thursday morning] the UN released Iraq from sanctions, and it was announced in Europe that Iraq was released.

#### **WARNINGS ABOUT PRIVATE EXCHANGES:**

- The rate for the ZIM exchanges will be VERY FLEXIBLE, but in order to participate in higher rates, YOU MUST BE PREPARED in both general understanding about the exchange process, and specific plans for using your currency for HUMANITARIAN, INFRASTRUCTURE, AND JOB-PRODUCING projects.
- The 800 numbers may be only active for 8-10 days after they are released. Once an appointment is set, you may have a month to complete the exchange.
- If you wish to negotiate a higher rate, YOU MUST CALL AND MAKE YOUR APPOINTMENT WITHIN THE FIRST 2 DAYS THAT THE 800 NUMBERS ARE RELEASED. You don't have to COMPLETE the appointment within 2 days, but you must SET your appointment early after the numbers are released, to be completed later in the month.
- ZIM exchanges will only occur for about a month after the release of the 800 numbers. **If you miss the 8-10 day appointment window and do not set an appointment within that time, YOU WILL NO LONGER BE ABLE TO EXCHANGE YOUR ZIM.**
- Tier 5 currency holders, AKA “John Q Public” or those who are not following the RV process on the internet, will be able to exchange at the bank of their choosing for an unspecified time AFTER the closing of the Tier 4 private exchanges. HOWEVER, THEY WILL NOT BE ABLE TO EXCHANGE (OR REDEEM) ZIMBABWE CURRENCY. The exchange rate for the unprepared people will be the same “international” or “street rate” available at any bank or currency exchange office.

**IF YOU KNOW PEOPLE WHO HAVE CURRENCY AND ARE NOT PAYING ATTENTION TO THE PREPARATIONS FOR THE EXCHANGE WHICH WOULD BENEFIT THEM, CONSIDER SHARING THIS MATERIAL WITH THEM.**

## **BRIEF BIG CALL NOTES FOR THURSDAY, SEPTEMBER 13TH, 2018**

The kind of information we are getting - I've told you we are very close and we've known that for a while - BUT - there are things happening to help us move and get over the finishing line - **a lot of things are pointing towards tomorrow and even through to Saturday afternoon**

- I've heard that there might be a slight pause for maybe 12/24 hours [due to the hurricane—dle] but they didn't think that would happen but might just be possible. Here is what was said to me the people in harms way and evacuated - would have had the smarts to take their currencies with them so they could exchange there were they were in safety - that would be fine inland or to higher ground. I think most of you know

- Prime Minister Abadi was meant to be meeting with President Trump with others and PT for about seven hours in all - we hope with a very positive result.

We had 4 currencies on the screens this morning just looking for the last two by two in the morning - if that happens we might get notified tomorrow - if not well Saturday - am really feeling about how everything is progressing the QFS an hour before the call started was run though and going very smoothly and that happened. Can't speak to rates much but I do know that Iraq was negotiating for higher rate

- Dr. Shabibi came with the group for the trip and so it was a very positive day for what they were able to accomplish and maybe even on the rate - our President and some others had input and they also went over those ideas and structures of how things will be set up.

### **At 7am today the UN released Iraq from sanctions**

- we really should be in great shape within the next couple of days - we might get a couple of soft announcements maybe about the Gold Standard within the next couple of days.

We talked about redemptions and exchanges on Tuesdays call and of course we really are getting very excited about the projects our Rebuild America that hurricane those that in those areas that are being affected that's an area for Rebuild America - all the way up the coastline - North Carolina etc., and this hurricane is only moving at 5km an hour - so praying the water does not cause too much flooding. It would be good for all of you to consider adopting a city and or town to re-develop after the water resides. I think we are going to receive our notification real soon - and we'll pray that the storm doesn't cause a delay with the blessing and that we'll be able to help those who need the help one the storm has gone. You can still go to register your email so that we can get in touch with you after the exchanges to tell you about how those plans are then going to proceed. Asking Father Stephen to pray out the call. Bruce thanking everyone on the team and all the listeners who tune in regularly.

## "The RV and the QFS" by Ron Giles - 9.13.18

Entry Submitted by Ron Giles at 7:37 PM EDT on September 13, 2018

To those who read my posts, I have been very busy with my Humanitarian Projects. I believe the RV is too close to put it off any longer. There is soooo much to do and in so little time, before I hit the ground running. I still read IDC everyday and shake my head at some of the drama that keeps the interest up. A tempest in a teapot sort of thing. That's just the way it is.

I am a Quantum Financial System purest and will not be believing in any, "Stuff," that is not consistent with the way the real QFS will be initiated into the worldwide financial arena. The QFS is my asset, my servant and, as the Sovereign, I'll use it like a tool or an asset. It is not in charge of me, it's a tool in my toolbox.

My observation of the IDC drama machine leaves me to wonder why there are so many posts that indicate a very strong lack of knowledge about the QFS by posters and con-call hosts, even though **the tidbits of truth concerning the QFS have been clearly stated before,** but have not been taken into the mind as a functional belief system. Here is another drip, that I hope will help clarify the QFS.

*[I must ask how Ron Giles came to be the fount of all knowledge concerning the QFS, and where that knowledge has been up until the last couple of months? How can he expect that everyone will know what he claims to know, when there has been no presentation of this supposed knowledge, save his own assumed material? –dle]*

We presently have the two financial systems running parallel in real time. The authors and planners take a photo shot of the two systems at a point in time and analyze the results to see that they are in sync with each other. A computer analysis indicates any discrepancies if there are any. After months and hundreds of, Checks, the results are confirmed and give the overseers the information they need to have faith in and activate the QFS.

The old Fiat Cabal system does not reflect any gold-backed currencies because they are not activated in that system. The two systems have been synced to Fiat money to check for accuracy of the program. **Once the QFS is activated, only gold-backed currencies will be seen as currencies, because they have a digital gold- certificate.** *[sorry, this may be true, but where does he get the information to support this? It is a big stretch to accept this solely on faith in the unknown Ron Giles' words!—dle]* The gold-certificate is like a name for each piece or increment of money. Once married they can not be separated unless it is transferred to the serial number of the cash or paper equivalent. Once the cash is spent and put into a merchant's account the money is reunited with the digital certificate. The QFS tracts *[tracks?—dle]* forward and backward 40 transactions, which is renewed after each transaction. You can trace every piece of money by its digital certificate any where it goes. So how can somebody steal money from an account – they can't – where could they hide it?... Nowhere, it is complete transparency.

**Cabal thinking or conditioning is running rampant on IDC.** When will a person make the transition to, Sovereign thinking? Cabal thinking is found in the thought process of things being done, "to me," instead of, "for me?" If you apply this victim, "to me," consciousness to the QFS, you are applying the Cabal system to the QFS. CHANGE YOUR THINKING. We are the Sovereigns. **Everything is being done, "FOR US," in support of our stewardship responsibilities.** We didn't come this far to continue dragging the old Cabal chains around with us. I've cut those chains and put them in my trophy case to remind me that I am a Sovereign and a free man. I also encased my cocoon in a transparent cubicle so I can appreciate my wings.

We have been given free agency for our earthly 3D experience. The Cabal took that away from us and tried to control us and enslave us. If we keep thinking Cabal thoughts as a way of conducting our lives, we are still enslaved, regardless of whether the Cabal is gone or not. Keep your Cabal thinking if you want, but unless you change your paradigm you will never be free and you will never be truly happy. Your mind cannot serve two masters. You are a Sovereign – quite thinking like a slave.

Tranches and transferring large sums of money is old Cabal era thinking – not QFS thinking. Use this to know, who and what, you can believe in. *[That is hard for me to accept. We are repeatedly being told that “large tranches of money have been moved from Hong Kong” or the like.—dle]*

**All our RV gold-backed currency is already in the QFS awaiting the redemption/exchange. It is digital – not cash.** The RV will activate the QFS and begin the use of gold-backed currency worldwide. **Gold-backed creates parity of currencies. They all have the same value.**

*[This has never made complete sense to me. If you have one currency valued at \$3.71, and another valued at \$1, and a third valued at \$.05, and they are all gold-backed, how does being gold backed make them all the same value (parity)? I think that he is not stating this correctly. And I do observe that there is a tendency for many currencies, such as the USD, EUR, and GBP, to migrate towards parity.—dle]*

Our RV funds are to be transferred to our account from the Master QFS account. The idea of transferring large sums of money around to be used in preparation for the exchange process is old antiquated thinking and believing. *[Yet it is being mentioned by those “in the know”. See above.—dle]* It is not a whole lot different than saying, "Old Farmer Jones has hooked up his horse and buggy to go down town to have a banker deposit money to his account. We better do the same. Old thinking! We now, get to go supersonic. Funds are transferred in the blink of an Eye – master account to our account. Movement of Fiat currency has nothing to do with the RV/Exchange, unless that's what you want - Fiat Currency. Good Luck with that.

Assets are used to back Bonds, NOT, currencies; *[AN ARTIFICIAL DISTINCTION. GOLD IS AN ASSET, AS IS PLATINUM AND OIL, AND THEY ARE ALL USED TO BACK CURRENCIES—DLE]* UNLESS Bonds are used as currency. Picture Zimbabwe's in-ground-assets as having been purchased by the Elders using Gold-Backed currency. If you can let that be a truism, then you'll have a better understanding of the use of assets as it pertains to backing currency. The QFS does not contain asset backed currency, it does contain Gold-backed, currencies using digital gold certificates. How do you use a mine full of diamonds to back a single dollar and digitally transfer it around? Reason that out for yourself. Gold-backed is for currency, asset-backed is for bonds. Talk about gold/asset backed currency is for Bonds used as currency. Let that be clear. How can that be used in the QFS is open for discussion.

**It is an absolute necessity to get rid of Cabal conditioning and thinking to be able to navigate the post-RV era.** To the extent that one can do this, is the extent to which one's participation in the QFS era will be measured. DO NOT BE DECEIVED, **nobody will exchange until the QFS is activated.** The truth of, "all-go-or-no-go," is absolute. Talk of people already exchanging is false and misleading. Unless the QFS has been activated, all-go-or-none-have-gone. The difference between one person and the next person will be the difference in the rates they will obtain when exchanging. **To some degree the hold up of the RV is influenced by the number of those ready to adhere to correct principles,** but it is more a matter of the right timing. When the hundredth monkey starts washing their potatoes, it will change. **The RV will not wait for the slackers and the lager-behinds to catch up. If you can't keep up you will be left behind and probably wondering why.** We are not children any more, nor are we slaves. We are in the refiner's fire. Our metal will become pure. Cleanse your old Cabal thinking and put on the full mindset of the, Sovereign Monarch, and dot it by yourself, for yourself. Your Kingdom, as a Sovereign Monarch, is your stewardship responsibility to oversee and grow your delegated part of the whole of the Kingdom of God. If you don't grow your talents, they will be given to another. As we begin our humanitarian work of the heart, we must individually show up fully prepared to do the work. Having fully prepared, let's join the celebration and dance the RV in to manifestation. Fun time, these....

In Love and Light

## **Ramtha Prophecy About President Trump: December 2016 Coming Into Focus [video]**

funkyduffer; AM RESPOSTING THIS AS NOW HAVE WATCHED AND LISTENED TO THE 1 1/2 HOUR VIDEO. THIS IS WELL WORTH THE TIME TO WATCH. IT IS SLOW GETTING GOING AS THE FIRST HALF SETS UP THE SECOND HALF. BEST TO WATCH ALL OF IT IN MY OPINION. THIS WAS MADE A FEW WEEKS AFTER TRUMP BECOMING PRESIDENT.

What's happening on our planet—and why

SEPTEMBER 13, 2018 by STARSHIP EARTH: THE BIG PICTURE

## **Ramtha Prophecy About President Trump: December 2016 Coming Into Focus [video]**

I don't often heed channeled material, but this one called to me. The almost indescribable presentation from JZ Knight confirmed my gut feeling that Trump is not just another guy. He is special; he was born for this; he was chosen. Ramtha tells us this.

JZ Knight uses the same terminology I have used to describe this man who we're told was "invited" to run for POTUS. I have remarked that he is tireless and fearless. I often wonder if he ever sleeps. He is brilliant beyond measure and he has a magical connection with the People.

The communications he has mastered to message both the masses, the patriots and the enemy without the use of the corporate media is stunning. The loyalty he inspires is remarkable.

Is he perfect? I hope not—because if he were, he would be unreachable. He is one of us. He is Human; he is imperfect, he is emotional, he is driven, and he makes mistakes. Or appears to.

There is a lot of disinformation about Donald J. Trump, but it doesn't matter to me because his actions and his demeanor speak to me. That's all that matters.

He is walking the talk. He delivers. He treats other people with grace and concern. He is generous, he loves his family, and he is doing the best he can under the circumstances to make America great again. No one else has stood up to the psychopathic deep state like this before—and lived to bring an end to their reign.

Donald Trump is tough; he doesn't let people push him around and when attacked he stands up for himself. He also stands up for others. That is what he is doing for America. He is standing up to the psychopaths because a nation of mind-controlled, genetically modified people who don't know they are under attack cannot fight for themselves.

Trump has, however, lit a fire under the conscious portion of the American populace. Even people in other countries are inspired and excited by his brazen determination to call out the corruption within the evil deep state, the fake news, and return power to the People.

The Universe is on the side of Donald Trump. He has offered his life to make this right, and his centurions offer their lives to protect his. That is extraordinary, in my eyes.

Ramtha takes the liberty of setting the stage for this confirmation that “they”, the collective, chose Donald Trump to lead us out of certain annihilation and into liberation, so give it time. Once she gets into the meat of the subject matter, she reveals a lot about Donald Trump and the situation on our planet—both past and present.

Ramtha does not use names, but when you hear “she” or “this woman” you will know unequivocally who she is speaking of, and when you hear “he” or “this man”, there will be no doubt.

It was truly, an inspiring, uplifting experience to hear this perspective of why we are witnessing what we are at this time. Some may believe the rhetoric that Trump is just one of “them” and that he has skeletons in his closet, and that’s fine. We all have to come to terms with what we are seeing, hearing and experiencing.

I think some people are just afraid because they think he’s too good to be true. This is our time. We deserve a fearless leader like this.

Since I don’t expect President Trump to be perfect, I won’t be disappointed to learn that he made mistakes. I know I have, and if I can live with my mistakes, I can live with his. He has made great sacrifices and asked the same of his family and they agreed to go along except for the wife of Don Jr., which is unfortunate. I admire the Trump family very much after watching them for nearly two years.

For those who are relatively new to the Truth Movement and are just now learning who they are, what they’re doing here, the nature of reality, who is who in the Universe... you will enjoy the beginning of the session as well. Ramtha does an excellent job of making sense of life on “spaceship Earth”, as they call it.

Interestingly enough, Ramtha tells us that President Trump will be giving the official “Disclosure” announcement about our off-world brothers and sisters. It’s only fitting.

One day soon we shall understand more about how this liberation of Earth/Terra came about; who was involved, and who did what and why.

Right now, what keeps coming back to me is Moses leading his people to the promised land. That is where Earthlings are headed. The promised land. We just needed someone to remind us there IS one. We will find the way; together.

## **The Biophysics of Fluoride by Neurosurgeon Dr. Jack Kruse**

<https://youtu.be/YxerfsaEPYs>

I found this to be particularly interesting, in part because of his background. This is a guy who was trained as a dentist, became a head and neck surgeon, then a neurosurgeon (MD), and later combined his understanding of dental chemistry with the particular changes in individuals which set them up for individualized disease processes. As individualized diseases (Integrated Medicine) was the focus of my practice, I was really interested to learn a lot more about fluoride and mitochondrial disease, and what to do about it.

Obviously, this talk would be easiest to understand if you had a background in biochemistry, but it is clear that he has given this information many times before to people who did not have that background, so he is skilled in pulling out his

favorite non-medical metaphors. Highly recommended, especially if you are one of the many without perfect health, or if you know someone who is.

# Joe DiGenova - Comey is Going Down

Oh Oh; word is around DC that a real grand jury has been empaneled and is going after the seditious cast of miscreants that were running the DOJ and the FBI for the last 8 years. According to the leading expert on this stuff in Washington, D.C., former U.S. Attorney for the District of Columbia, Joe DiGenova, the entire dirt-cop crew - probably including Rod Rosenstein - is now under criminal investigation by most probably the once-feared National Security Division of the Justice Department.

# Senator Admits to Creating Fake News

(And It Doesn't Seem To Bother Him One Bit!)

Yesterday Senator Jeff Merkley, a Democrat from Oregon, floated a totally fake story on MSNBC concerning how hard-hearted President Trump had taken \$10 million out of FEMA's hurricane relief fund and given it to ICE to build detention camps.
