My invitation is for all Mayors and Primators, the Representatives of Provinces, the Regions, the Cities, the Towns, the Villages, Legal invitation for our cooperation and prevention against the Global Genocides, Disasters, terrorist atentat's and Organized Crimes development.

Invitation for our security cooperation and according full respect to the UN Charter and the UNGA Conventions, Legal Political Principles and duties for prevention against all political fraud's, corruption, occupation, organized crime, genocides and colonialism, threaten against safety of the World Peace and threaten of genocide 7.000.000.000 people be the start of the first Global War 2000.

In the first form of my message to You, Dear Primators and Mayors, I share to You, about values of Legal situation and conflicts in Your countries and governments, Informations about the crimes and global terrorism, the Most Biggest Traitorship in History of Your countries, informations about terrorist and traitor people in Your countries and governments, the terrorist people who damage Your country and rights of Nations, threaten for destruction of Your civilizations.

Today, the terrorist's in Your policy sides of country government and state the crime people who illegally coopered and present it be vame and legal responsibility of Your States and Government's, on the cooperation for crimes who damaged more than 95% of International Conventions UNGA and the UN Charter, the Crimes who damaged the rights and jurisdiction of every country all around the world and los the rights and jurisdiction of Your countries and all states!

The Crimes of terrorism, organized crime in the government's, support of corruption and violence or discrimination against legal party opposition, apartheid against legal and innocent people, slavery and human trafficking, hypotical dissimulation and damaging of people, the fades and stop legal development or block legal communication, many forms of Political crimes in International character.

The Killing, tyranny, tortured to death, atentat's and political atentat's, dieth's of innocent people's, shut down the planes of the Malaysia airplanes, the Egypt Air, the Airwings, the plane of Polish President 2010, the plane of Iranian President 2012, the kill innocent people be the earthquakes, tsunamies and another mass-killing act's as expansion of Ebola dieth virus, Zika virus and another form of genocides.

Today value of real and true genocide is 320.000.000 people, the most biggest genocide in the Human History, real genocides statistic's of act's the European policy and government's, their genocide act's who hardly outstrip all values and statistic's of dieth's, genocides, crimes in time of the World War II., be calculation of Global Dimension 1939-1945. Today, the most biggest crimes in the History of Mankind!!

European terrorist policy people of crime and in the opposition against all form of International rights and Political Principles, therefore people who today threaten of real start for the first Global War 2000 and Killing of 7.000.000.000 people, world wide!!

the Criminal statistics of the Terrorist Political people in your countries, the crimes who really very hardly damage all forms of Political Principles in the world and than therefore against all Inter-governmental organizations of International Democracy of Government countries and therefore Organizations and Government's who have a Legal Rights to Start Recognize of value of your Government's and their rights of use sovereignty, their rights of political activities and therefore too rights and Legal Duty to block, stop, full dis-legitimate of all rights of your Government and than therefore Stop all forms of Legal existence of policy of your country.

the Rights and Legal Duty for full Blockade of Jurisdiction, Integrity, Sovereignty, Activity, Development, Communication, Existence, the Rights and Legal Duties according to the UNGA International Conventions and the Charter of UN.

According systems of International Rights and system of the World Policy, your Government country is only terrorist and criminal group who lose every legal statute of the government and therefore their legal statute is only Terrorist Group who own activity of sovereignty be they be their power of terrorism and society disinformation.

This mean, that your government country and their policy is only terrorist subject's who according their terrorism and censure of media, they have really occupied your territories and state's of country, therefore the same form of criminal activity of Adolf Hitler and his fascist regime in WW II, occupation of Czech, Slovakia, Poland, France, and another countries.

the European policy as the most biggest terrorist's in Human History, people who today occupied your territories and countries, because their are have a power for media censure and full discrimination of State Democracy rights be the UN Charter, the UNGA Conventions, the EU Conventions.

the Terrorist and criminal cooperation of your Government is in dimension of the Government, the State-services, the Civil movement and the Governmentally sponsored terrorist's groups.

Today is a threaten against your country and the civilization, a great risk's of Life's for Hundreds of millions of people in Europe, because your policy and their stability mean a slow start of the First Global War 2000, the step who can kill more than 7.000.000.000 people around the world, and therefore today stable existence of corrupted and fraud people policy in your Government's confirm Global responsibility and duty of all Governments and Organization's of all Policy worldwide to start Global cooperation for prevention, and therefore today start full liquidation of European existence, policy, state, civilization.

the Global Military Cooperation for act of liquidation of your countries be the Nuclear guns, viruses, Chemistry, any form of usefull of Massive Destruction Guns.

Now, the Last chance for European civilizational existence is, only one option, our start for cooperation and full liquid the European terrorist policy structures, the terrorist and criminal structures in the Government, in the State-services, in the Civil society.

If We are can start cooperation and use Legal system of State Security Services, the Police, the Armies, the Security Services, than we can therefore start information share and open step of disblocking of State's rights for Democracy and their freedom, We can open Justice trials and punish all criminal policy in one time.

Our cooperation can start our development of Security Infrastructure in the European State's and Governments, between the Police, the Armies, the Special forces, and too between another policy and political parties or Parliament's.

We can therefore start Security Cooperation, and stop all corrupted people who only damage rights of your state's, steal money of people and civilizations, threatened by the Massive Destructions of every dimension of your countries, killing of European Hundred's of Millions innocent people and only because in your Government is terrorism squat who have a pride to their acts of most biggest crimes in History of Mankind!

I'm therefore very pleased for your support and cooperation, I'm with my plea for you are, Dear Primators and Mayor's, my plea for your cooperational activity and contacting all Security Services in your country, contacting all police, all military centers, policists and soldiers, development of a strong power for immediately liquidation of European terrorist structures in your country, and therefore you are is a hero who support the safety and Peace in your country, Life of more than Hundred's Millions of people, the people and their friends, families and child's, people in the innocence and without criminal acts.
