Public Meeting June 4th On North Area/Central Artery Project

An important meeting to describe the North Area/Central Artery Project, to discuss a community process, and to examine the options for tunnel ventilation buildings, will be held at the Kent Community School, 50 Bunker Hill Street, on Tuesday, June 4, 1985, at 7:30 p.m.

The North Area/Central Artery Project is moving toward construction completion in 1991. Although that may seem a long time away, the first steps will happen very soon, with buildings being demolished as early as this Fall and a temporary detour structure started ear-

ly next year. At the meeting on Tuesday, the Department of Public Works and the consultant team that is finishing the design and preparing the drawings will present a slide show and discuss the most up to date information with the community.

The improvements of this project were almost lost due to the cutbacks of the 1982 Federal Highway Act. However, the North Area Task Force and the community rallied behind the project. Charlestown was the only one of eighteen communities in the country to win back the project from Federal cutbacks.

Background

Founded in 1628, Charlestown survives as the oldest settlement of the Massachusetts Bay Colony. A scant 15 minute walk from Boston's downtown financial district, this once thriving port-town occupies a large stretch of Boston's precious waterfront. Although much of the historic architectural framework of 18th and 19th century Charlestown still remains, 20th century "advances" in highway engineering have blighted the once vital center of the Charlestown community: City Square.

City Square lies buried under the elevated interchange of two of the region's major expressways. Elevated steel highway structures loom above the Square, providing a constant pollution for the area below. Commercial activity has ceased; weeds and litter flourish instead. Unfriendly to pedestrians and motorists alike, the Square today is a virtual wasteland.

The Plan

The North Area/Central Artery Project represents the first phase of a comprehensive plan to reinvigorate City Square as a vital center for the Charlestown community, one of which is respectful of

Appearing In "Life With Father"

YOUNG CHARLESTOWN RESIDENT, Jeffrey Andrea, appears as Harlan Day in the Nickerson Theatre production of "Life With Father" by Howard Lindsay and Russel Crouse, running through June 8 in Norwell. In this scene from the lively comedy, Jeffrey (left) and Bernard Zilinskas, who plays his brother, Whitney, enjoy a game of 'tiddly-winks.' Jeffrey is making his stage debut in this play, which is the sixth this season for Norwell's new resident professional theatre company. Jeffrey is a second grade student at St. Francis de Sales School. He has attended classes at the Charlestown Working Theater.

Asbestos Removal To Resume At Old Charlestown High School

by Marianne Martin

Three weeks after being handed a cease and desist order, the Massachusetts Department of Environmental Quality Engineering has approved a second plan, submitted by the Graham Gund Associates, for the removal of asbestos in the former Charlestown High School on Monument Square.

Jan Brodie of the Graham Gund Associates stated that the firm received official notification of DEQE's approval on Thursday, May 23, 1985 and once a new subcontractor is hired, removal work will recommence this week.

In April, the original subcontractor, New England Contractors, Inc., began removing the asbestos in the basement of the former high school, which will become a 44 unit apartment complex. At that time, a first cease and desist order was placed into effect because the subcontractor failed to give a twenty day notification of the work. On May 13, a second cease and desist order was placed into effect because DEQE felt the removal procedure was not being performed ac-

cording to DEQE standards.

Graham Gund Associates hired Asbestos Testing Service (ATS) to devise a plan and schedule for removal of the remaining asbestos, which the DEQE approved.

According to Brodie, contrary to reports, the construction permit granted for work at the former school had not been revoked. The only action was that of a "stop work order" which was "lifted" once the DEQE stated their approval of the asbestos removal plan.

A new subcontractor will be hired, possibly from the four recommended by ATS, which, according to Brodie, have received the "DEQE's blessing." Once hired, Brodie stated the new subcontractor will begin remov-

A public meeting is scheduled for Thursday, June 6, 1985 at the Charlestown High School on Medford Street at 7:00 p.m. At this time, a representative from DEQE will be on hand to discuss the asbestos and its removal from the facility. Also on the agenda is the topic of the traffic and parking impact the 44 units will have on the already congested neighborhood, as well as possible solutions.

Pope John High School Graduates

Four Charlestown residents were among the graduates at the Sixteenth Annual Commencement of Pope John XXIII High School in Everett on Thursday, May 23, 1985.

Reverend Michael J. Regan, Chaplain, delivered the Invocation and the Blessing of the Graduates. The graduates were presented by Sister Carolyn M. Walsh, C.S.J., Academic Assistant and the conferring of diplo-

mas was made by Sister Mary Annata Falla, C.S.J., Principal. The Commencement Speaker was Cathy Miele, M.D., a 1973 graduate of Pope John and currently with Baystate Medical Center in Springfield.

The Charlestown graduates were John Robert Conlon, son of Mr. and Mrs. John Conlon of 51 Old Landing Way; Richard Joseph Connolly, son of Mr. and

Mrs. Edward Connolly of 54 Dunstable Street; Philip Spencer Doherty, son of Mr. and Mrs. John Doherty of 64 Tibbets Town Way; and Laura M. Kelly, daughter of Mr. and Mrs. Daniel Kelly of 57 Baldwin Street.

At the ceremonies, Laura Kelly was awarded a scholarship to Boston University, a scholarship to UMass Boston and the President's Academic Fitness Award.

National Award Winner

The United States Achievement Academy announced that Mark A. Florentino has been named a 1985 United States National Award winner in Science.

This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes less than 10% of all American high school students.

Florentino, who attends Christopher Columbus High School was nominated for this National Award by Miss Battista, a science teacher at the school. Mark's name will appear in the United States Achievement Academy Official Yearbook, published

nationally.

"Recognizing and supporting our youth is more important than ever before in America's history. Certainly United States Achievement Academy award winners should be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George Stevens, Executive Director of the United States Achievement Academy.

The Academy selects USAA winners upon the exclusive recommendation of teachers, coaches, counselors or other school sponsors and upon the Standards

of Selection set forth by the Academy. The criteria for selection are a student's academic performance, interest and aptitude, leadership qualities, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude and cooperative spirit, dependability, and recommendation from a teacher or director.

Florentino is the son of Arthur and Lorraine Florentino of Charlestown. The grandparents are Mrs. Margaret O'Keefe of Charlestown, and Mrs. Helen Florentino also of Charlestown.

Thank You

On behalf of the Daughters of Isabella No. 1, I would like to thank everyone who attended the annual banquet and purchased chances for the trip for two to the Irish Village. The lucky winner of the trip was Ronald R. Rose of 22A Tibbets Town Way, Charlestown.

Again, many thanks.

4. You can lose weight on any diet as long as the calories are lower than what you were eating before...regardless of what you eat for those calories. A. True B. False
5. Match the calories used per minute (based on person weighing 150 lbs.) with the right activity.

- | | |
|----------------------------|----------|
| a. Resting | 1. 5 |
| b. Biking (5 mph) | 2. 6 1/2 |
| c. Brisk walking (3.5 mph) | 3. 1 1/2 |
| d. Running (9 min. mile) | 4. 18 |

Remember, most diets will result in weight loss if the calories are low enough. However, you want a weight loss program that is safe, fun and will keep the weight off.

Tips for selecting the right program for you. Your program should include:

- An individual assessment and counseling by a (R.D.) Registered Dietician. This trained professional in the field of dietetics and nutrition is registered by the American Dietetic Association.
- An individual exercise program should include flexibility, muscular strength and cardiovascular or aerobic exercises. Before starting any exercise program you should check with your physician.
- Your program should include help in changing habits, using behavior modification techniques and stress management tactics.

Answers

1. False. These diets are often high in fat and fail to promote long-term weight control and may be dangerous for some people.
 2. False. Grapefruit juice contains 98 calories per 8 ounces. It doesn't burn up fat. If you take in less calories, you will lose weight no matter what you eat. Water doesn't flush out the fat. We need eight glasses of water per day for normal body function.
 3. a. = 2 (432 calories)
b. = 5 (630 calories)
c. = 4 (590 calories)
d. = 7 (354 calories)
e. = 6 (350 calories)
f. = 3 (233 calories)
g. = 1 (114 calories)
 4. True. You can lose weight on any diet as long as the calories are less than what you were eating before. However, maintaining good health while decreasing weight and feeling satisfaction with what you are eating takes professional help if you want to lose it and keep it off.
 5. a. 1 1/2 calories per minute.
b. 5 calories per minute.
c. 6 1/2 calories per minute.
d. 18 calories per minute.

BRA Board Votes Favorably On Charlestown Development Projects

by Marianne Martin

The Boston Redevelopment Authority (BRA) Board of Directors voted in favor of several Charlestown redevelopment proposals at the Tuesday, May 21, meeting held at City Hall.

The first proposal heard by the Board was the Development Impact Project Plan proposed by The Flatley Company for the rehabilitation of the former Schrafft's Candy Factory in Sullivan Square into a multi-use high technology research and light manufacturing facility.

While The Flatley Company representatives told the Board the renovation plans included a public park at the waterfront and a small community sailing club, BRA Board Chairman Robert Farrell reminded the representatives that the former candy factory once provided employment for 500-600 local residents and asked, "What does this (renovation) mean to the Charlestown community in terms of jobs?"

Joseph Flatley, President of The Flatley Company told the Board the decision to purchase and renovate the Schrafft's factory was born not only out of the accessibility and location of the facility but also as a result of the available work force in the area. Flatley stated that his company is working closely with the Kennedy Center and the Bunker Hill Community College, both of which have been training those who were left unemployed by the candy factory's closing.

Mark Donovan of The Flatley Company added, "We have been working with the Kennedy Center since day one and we have made a careful list of 500 people who are interested in a job in this facility."

Company attorney, Charles Spelliotis told the Board that 2,000 permanent jobs will be created at the multi-use facility. "There will be more jobs there than anyone could anticipate," stated Spelliotis, who reminded the Board that The Flatley Company in their contract with the Authority promised "50% of employment will be Boston residents."

BRA Board member Clarence Jones asked if the company had made any provisions for summer or student employment. "We are always talking about kids causing vandalism, etc. (providing jobs) is an opportunity

to make them proud," stated Jones.

Farrell agreed. The Chairman stated that the BRA Board had heard the promise of employment before from other developers. "When we had the Charlestown Navy Yard before us we heard the same thing," stated Farrell, "There aren't five people employed at the Navy Yard and if there are, they have been hired by the BRA."

The Chairman added that he agreed with the Mayor of Boston who had stated that Boston was experiencing more prosperity at this point in time than any other city in the country, "but the South End, Roxbury and Charlestown aren't enjoying the fruits of prosperity."

There was a need for developers in these areas to "guarantee that the people of the city will benefit" stated Farrell and threatened the Board would not grant support to any project which did not comply.

BRA Director Stephen Coyle asked the Board not to judge the Flatley project based on the mistakes of other developers in the past. "We can't right the wrongs of the past," Coyle told the Board, and The Flatley Company's purchase of the Schrafft's facility was "a good sign of companies coming into Boston."

Coyle continued, "This developer has volunteered to make their best good faith effort to hire 50% Charlestown residents and we have the facilities that will train, but what we are lacking is the funds."

Joseph Flaherty, Charlestown businessman and President of Charlestown Board of Trade, voiced his support of The Flatley Company's project. "I'm very concerned about the unemployment situation in Charlestown. It does exist, but we believe The Flatley Company will work in good faith."

The BRA Board voted to accept the Development Impact Project Plan with the provision that The Flatley Company furnish the Board with updated reports every six months.

This approval also calls for The Flatley Company to contribute linkage payments to the city based on the final square footage of non-industrial space. These payments will be used to create low and moderate income housing.

The Board also voted favorably to grant final designation to the First Charlestown Development Corporation, Inc., a group of 14 local businesspeople, for the renovation of four vacant wooden structures located at 136-142 High Street, into 12 condominium units.

Arthur Reilly, Charlestown Project Director for the BRA, told the BRA Board the four buildings became the property of the BRA 14 years ago and since that time the Authority has been unable to find a developer as no financial institution would provide the necessary financial assistance. According to Reilly, the undertaking would cost \$850,000 and the banks felt the market would not support this amount for

the buildings, which are known as "a threat to the health and safety of the community."

Joe Flaherty, President of the development team, told the BRA Board that after receiving several letters of refusal, the Workingmen's Cooperative Bank has agreed to finance the renovation.

The conversion calls for the creation three - one bedroom, five - one bedroom with a study, two - two bedroom, and two - two bedroom with study units. According to Flaherty, the condos will be sold in the price \$74,000 to \$94,000 per unit and will be available first to Charlestown residents displaced by Urban Renewal, former Charlestown residents seeking to return to Charlestown as first time homeowners, and to present

Charlestown residents seeking to be first time homeowners, before becoming available to any other interested parties.

According to Flaherty, "the phones have been literally ringing off the hook with Charlestown residents expressing interest" in the availability of these future condominiums.

Flaherty told the Board that construction, which will be done by hired local residents, shall begin "almost immediately."

Also on the Board's agenda were Buildings 149 and 199 at the Charlestown Navy Yard, which are to be renovated into office and retail space and a public parking garage.

The BRA Board also voted to grant final designation to the Constitution Office Park

Associates Limited Partnership and Navy Yard Parking Associates/LNRC Venture, the developers of the two buildings, after hearing the testimony in support of the projects.

Jim English, BRA Project Director of the Navy Yard, told the Board that this is "the largest project in the Navy Yard" will provide 2,500 permanent jobs in addition to paying \$2.7 million in linkage funds and \$1.3 million in taxes. BRA Director Stephen Coyle added, "This development team is exemplary in the area of jobs for local residents." Coyle told the Board that the development team has been working with the Neighborhood Development Employment Agency in an effort to provide local residents with employment.

Annual Michael P. Quinn Scholarship Fund Dinner Dance Held At Charlestown Navy Yard

The Sixteenth Annual Dinner Dance to support the Michael P. Quinn Scholarship, was held recently in the Preble Room at the Charlestown Navy Yard.

Over 200 people attended the evening, dedicated as "A Testimonial to a Townie". Among those in attendance were Mrs. Virginia Quinn, Michael's mother; members of the Quinn family; Senator Francis Doris; Sheriff Dennis Kearney; the 1984 Michael P. Quinn scholarship recipient, Jean Marie Puliafico and her mother, Kathleen; the 1985 Michael P. Quinn Holy Cross Best Defenseman Award recipient, Mark Wright and Holy Cross Varsity Hockey Coach Peter Van Buskir.

Senator Doris presented Mrs. Quinn a framed rubbing of the Vietnam Veterans Memorial in Washington,

D.C. that memorializes the names of over 58,000 Americans killed in the Vietnam War. Senator Doris had

made the rubbing of Michael's name from the Wall with a pencil onto a pamphlet on the Memorial and had it framed for the presentation.

Michael P. Quinn was killed in Vietnam on August 29, 1969. On September 8, 1969, a scholarship was established in his memory.

To date, \$13,375 in scholarship monies have been awarded to deserving Charlestown youth who exemplify Mike Quinn's academic excellence. Mike Quinn attended Boston Latin where he was awarded the Patrick Thomas Campbell award for academic excellence and the Dr. J.H. Burnett award for "excellence in scholarship, leadership, and football prowess." Mike Quinn also

Five years ago, the Scholarship Committee established in addition to the scholarship, the Michael P. Quinn Holy Cross Best Defensive Hockey Player Award to honor a player of

the same caliber as Mike, who served as varsity co-captain of the hockey squad while at Holy Cross.

The annual dinner dance was highlighted by the entertaining Dee Jay Connection of East Boston. A delicious meal was served by Mr. Joseph's of Franklin.

After The Great Communicator....What?

by J.J. Smith

As a media politician, Ronald Reagan is in a class by himself. He blends sincerity and love of country with wit that often devastates Democrats. But without Reagan, all bets on the future of the Republican party nationally are off.

Not that the GOP doesn't have a group of exceptional men and women to lead it in the post-Reagan era... because it does. But New York Governor Mario Cuomo, Chrysler President Lee Iacocca and others project equally as well, or better, on television and in person as do the Republican hopefuls.

The last presidential campaign provided an excellent showcase for future leaders

of the Republican party. The GOP superstars of the future projected well, but hardly in a fashion to guarantee that Republicans will emerge as the majority party for the long haul. Nobody, Democrat or Republican comes close to Ronald Reagan as a TV star.

Here's some thumbnail observations on GOP hopefuls:

Howard Baker. To insiders, Democrat and Republican alike, the most impressive leader in national politics. The ex-senator from Tennessee is highly personable, articulate and well-informed. Unfortunately, on the tube he comes across poorly.

Senate Majority Leader Robert Dole. Can't match the real-life Howard Baker but is imposing and handsome and politically astute. Has image problems at times and comes across as angry and threatening. Has yet to unveil his true potential but his new Senate responsibilities may correct that.

Ex-UN Ambassador Jeane Kirkpatrick. A lifelong Democrat just turned Republican, she's a real darkhorse

contender. She's a triple threat politically — as an intellectual, a woman and an ex-Democrat. Her electrifying speech at the Republican National Convention showed she can turn folks on.

Vice President George Bush. A true Reagan loyalist and defender of administration policies. With eight years as vice president under his belt, and as a former CIA director, Bush will be the most experienced Republican as regards following in Reagan's footsteps. His greatest drawback — he appears on television as the perpetual preppie. When he talks tough, he just doesn't seem believable. Maybe his charm, good looks, open manner and experience will overcome the obvious drawbacks.

U.S. Representative Jack Kemp. Loved by conservative activists. He and the president view supply side economics alike. He is a fresh, young face. His TV performance before the election stamps him as a comer. As an ex-jock (NFL - Buffalo) he identifies with the masses in sportsland. If Reaganomics continues to deliver, the spin-off should help Kemp more than any of the others except Bush.

What it will all boil down to, probably, is that whoever does the best on the tube will be off to a big head start. Ironically, some of the best filter through the television tube as the least desirable.

(J.J. Smith's comments appear in 62 Massachusetts newspapers.)

"Parent To Parent"

Dr. Lonnie Carton for PERC

PERC is the Parent Education Resource Center developed by School Volunteers for Boston to address issues of concern to parents by providing a central information bank, public forums, workshops, and training courses for parents.

Media personality, Dr. Lonnie Carton of "The Learning Center," a trusted authority on family relationships, is the expert advisor of the PERC program. She authors PERC columns for weekly newspapers and provides taped messages on parenting issues on the PERC hotline, 451-1151.

DR. LONNIE CARTON

It's **CHILDISH** to believe that boys and girls should be allowed to make all their own decisions! The following story is proof positive:

A father, delivering his four year old to a day care center instructed the child's teacher to please keep the youngster indoors during the recess period.

"Does your son have a cold?" the teacher inquired. "Oh no," the father replied, "and I want to make sure he doesn't catch one. You see," he added somewhat embarrassed, "Billy just wouldn't put his coat on to come to school this morning. I told him it was cold out and he needed one, but he just gave me his 'NO' look, ran out the door and since it was getting late, and I knew I couldn't get him to wear a coat without being late for school and without starting a crying scene, so..." the man rambled on.

An unusual story? Not at all. For many decades children of all ages have been granted supreme authority in matters relating to their health, their education, and their emotional and social welfare. Well meaning parents have given their youngsters **RIGHTS**, without expecting **RESPONSIBILITY** from them in return. The result? Adults have robbed boys and girls of one of their most basic rights... **THE RIGHT TO INTELLIGENT ADULT GUIDANCE**.

Treating a child fairly doesn't mean abdication responsibility for making certain decisions **FOR** him or her. Treating a child fairly means having the confidence and courage within ourselves to **REQUIRE** a youngster to do what's best for him or her when the child isn't mature enough to know what that is.

New Boston Park Partners Announced

Boston Parks and Recreation Commissioner Robert R. McCoy welcomed and lauded the initiative of 32 neighborhood organizations, recent recipients of Boston Park Partners Grants, on Monday, May 13, 1985.

There 32 neighborhood organizations, selected from a field of nearly 75 applicants, will receive matched funding for recreation, maintenance and beautification projects in neighborhood parks, including a youth maintenance program in Charlestown.

Administered by the Boston Parks and Recreation Department, funding for the

Boston Park Partners was made possible through the Fund for Parks and Recreation in Boston by grants from the Jessie B. Cox Charitable Trust, The Boston Globe Foundation and the Godfrey M. Hyams Trust.

An outgrowth of the extremely successful Boston Partners in Urban Recreation Program, the Boston Park Partners Program participants will partake in a two year funding cycle with 70% of the total program cost to be funded in the first year and 30% to be raised locally by each group. During the second year, program costs will be split evenly between

the grant amount and the local match.

Throughout this two year partnership between the 32 community groups and the Boston Parks and Recreation Department, each participating organization will receive training and technical assistance in their efforts to fundraise the required community matching funds.

Locally, the J.F. Kennedy Family Service Center will administer the program at the Doherty and Ryan Playgrounds.

Named To National Honor Society

Deborah Foley, daughter of Mr. and Mrs. Edward Foley of McNulty Court, Charlestown, has been awarded membership in the National Honor Society.

The National Honor Society selection is based on four ideals - scholarship, leadership, service, and character as demonstrated by activities and teacher recommendations.

Foley is in Grade 11 at the Copley Square High School on Newbury Street, Boston.

ABCD Surplus Food Distribution

Action for Boston Community Development's Surplus Food Products Program announces another neighborhood distribution on Thursday, June 6 in Charlestown when butter, cheese, dry milk, and rice will be distributed.

Eligible Boston residents must pick up food in their own neighborhoods as designated on their pre-registration card at St. Catherine's School Hall, Tufts Street on Thursday, June 6 from noon to 5:00 p.m. and on Friday, June 7, from 10:00 a.m. to 4:00 p.m. at the Kennedy Center, 27 Winthrop Street. Charlestown residents who have pre-registered, and who carry an eligibility card issued by the ABCD Surplus Food Program, will find that their card expedites the pick-up process. If you have a card you don't need to bring other papers -- simply sign your name and address to receive the food. Your card will provide proof of eligibility of all distributions

during the year.

If you do not have a registration card, you can receive butter, cheese, dry milk, and rice on the day of distribution if you are eligible.

To prove eligibility, you must show you are a Boston resident and that your household's total income falls within current poverty guidelines. You are automatically eligible by income if you participate in one of these programs: Welfare; Medicaid; Veteran's Benefits; Fuel Assistance; Supplemental Security Income (SSI); Head Start; Aid to Families with Dependent Children (AFDC); Food Stamps; Women, Infants and Children (WIC).

The amount of butter, cheese, dry milk, and rice distributed is determined by family size. Bags or containers should be brought for the food. For more information, contact ABCD's Surplus Food Program hotline at 357-5447 or 357-5428.

(continued from page 1)

its past heritage, yet modern and foresighted. Plans call for the underground depression of U.S. Route 1 northbound and southbound; these new tunnels running under the Square will connect the interchange at I-93 with the Mystic River Bridge and points north. The resulting open surface space presents opportunities for new development to allow for the revitalization of the Square area.

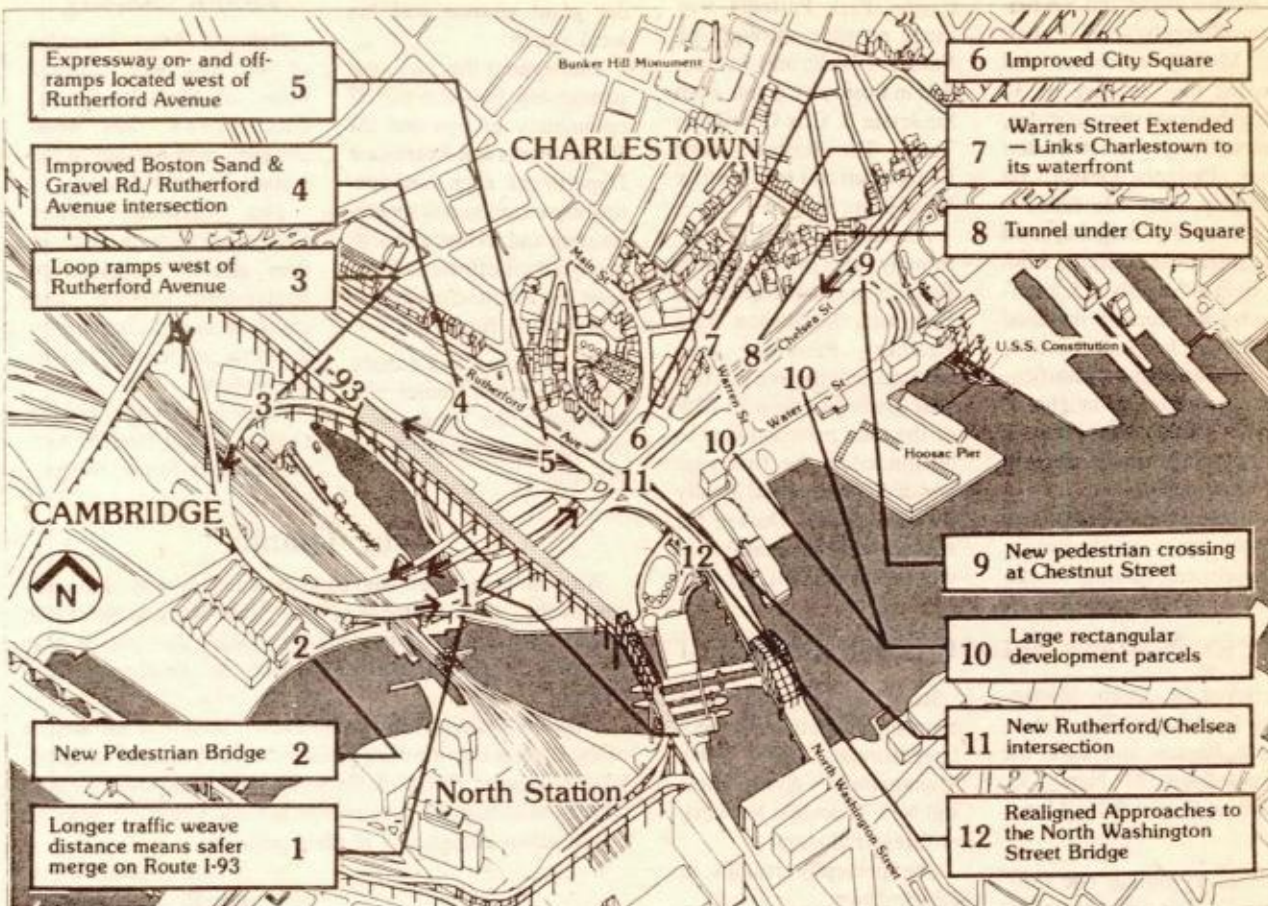

Design Approach

Early in the project's design, a series of 23 alternative schemes for surface street configurations were generated. In analyzing these alternatives, two primary objectives were established: (1) to reconnect the City Square community to its waterfront, and (2) to preserve the historic character of the existing blockfronts. Throughout the design process, efforts were made to integrate open areas, thus visually and physically linking City Square to the Waterfront. The alternatives were further analyzed to determine the best configuration to enhance development potential, improve traffic operations and capacity, ameliorate vehicular and pedestrian safety, keep costs within bounds and increase potential urban design opportunities.

Community participation

has been a fundamental aspect of the design program. A communication framework was established from the beginning to encourage input from Charlestown residents. Within this framework, a North Area Task Force was organized, liaison-functions carried out and a newsletter prepared. Structured meetings with Charlestown residents and special interest groups were conducted to give definition to economic and social goals and to develop strategies for their implementation. Concerns about noise, traffic rerouting, parking, air pollution, and pedestrian movement were considered throughout the design process.

New development can make order out of urban congestion. The approved final plan for the project area designates seven parcels of land for public and private development. Land uses recommended for these parcels include a mix of office, hotel, retail, residential, and recreational uses, all designed to be compatible with and mutually reinforce one another. There will be strict guidelines for private development to insure that all new construction will be sensitively designed to create an urban form respecting the existing scale, texture, massing and historic integrity of

Retirement Celebration In Honor Of Francis "Bud" Coleman

A Retirement Celebration in honor of Francis "Bud" Coleman will be held on Tuesday evening, June 25, 1985 at Lantana's Main Ballroom in Randolph.

Coleman, a lifelong resident of Charlestown, retired recently after thirty years of service to the City of Boston. He retired as Chief of the Boston Police Department - the first and only resident of Charlestown to hold that position.

Coleman joined the Boston Police Department in 1955 and was assigned to District Four where he remained for

14 years as a Patrolman and Detective. He was promoted to Sergeant in 1969 and assigned to the Bureau of Field Services at Police Headquarters and the Communications Control Unit. In 1970, Coleman was assigned Night Commander of the Police Department's first city-wide Drug Control Unit and was qualified as an expert witness in State and Federal Courts in narcotic cases.

In 1973, Coleman was promoted to Sergeant Detective, assigned as Comman-

ding Officer of the District Four Detective Squad and in 1975, he was promoted to Lieutenant.

He was assigned as Commanding Officer of District A Detectives, including Charlestown, in 1977 with a promotion to Lieutenant Detective. In 1979, he was promoted to Deputy Superintendent and became Commanding Officer of Area E. With Coleman's promotion to Superintendent in 1980, he became Chief of the Bureau of Field Services, commanding all uniformed per-

sonnel, patrol cars, walking beats, motorcycles, mounted patrol, harbor patrol, and special operations.

Coleman became Superintendent-In-Chief and Chief Executive Officer of the Boston Police Department in 1980 and as such, he was in charge of all Bureau Chiefs and Unit Directors, second in command of the department and Acting Police Commissioner on many occasions, in the absence of the Police Commissioner.

"Bud" Coleman has been the recipient of numerous commendations from federal and state law enforcement agencies and was named "Policeman of the Month"

by the Boston Police Department. He was an instructor and guest lecturer at many local and state law enforcement agencies and the Boston Police Academy. He was co-author of the "Investigative Procedures Handbook," which is used as a training guide at many police academies and colleges in law enforcement courses.

Coleman was a graduate of the Harvard and Edwards Schools, Charlestown High School and Boston University Aircraft Engineering School. He received an A.S. and B.S. in Liberal Arts from Northeastern University and attended the

Babson University School of Management as well as F.B.I. and Federal Drug Enforcement Schools.

"Bud" Coleman is married to the former Marge McLaughlin of Charlestown and they are the parents of six children - Philip, Francis, Kevin, Mary Margaret, Robert and Danny.

The Retirement Celebration on June 25th will begin with a social hour at 7:00 p.m., followed by dinner at 8:00 p.m. Tickets are priced at \$25 per person and may be obtained by contacting Phil Coleman at 242-3006 or Joan Hansen at 242-0313. The deadline for reservations is June 14th.

Graduates From Culinary Institute

Sandra Griffin, daughter of Mr. and Mrs. William Griffin of Charlestown, recently graduated from The Culinary Institute of America, after completing a 21-

month course in food preparation and service.

With an enrollment of 1,850 students, an international faculty of chefs, bakers, maitres d'hotel and foodservice educators, and a physical plant that contains 43 "hands-on" instructional facilities, the Culinary Institute is a leading school of professional cooking.

The curriculum covers

everything from basic cooking skills to charcuterie, classical baking, meat fabrication, garde manger, wines and spirits and American and international cuisines. Kitchen and dining-room procedures are reinforced while students train in the Institute's two highly-regarded public restaurants - the Escoffier Restaurant and the American Bounty.

Graduates From Regis College

Marjorie Frances Ann Mullan, daughter of Mr. and Mrs. George Mullan of Charlestown received a Bachelor of Arts degree from Regis College in Weston, on Sunday, May 19, 1985.

Addressing the 205 graduates at the 55th annual Commencement exercises was Mary Jane England, Ph.D., director of the Lucius N. Littanuer Master in Public Administration Program at the John F. Kennedy School of Government at Harvard University. Dr. England, a Regis Alumna, was awarded an honorary Doctor of Science degree.

Honored For Service

In a special recognition dinner held May 14th at the Somerville City Club, more than 80 Somerville Hospital employees were honored for their long service. Among them was Somerville resident Yolanda (Tad) Fugarazzo, who was presented with an award for 25 years of dedicated employment.

Nearly 50 employees were honored for five or more years of service. They included Christine M. Peterson, and Margaret A. Taylor, both of Charlestown.

Free Courtesy Marine Examinations Available

Having your boat examined free by the Coast Guard Auxiliary could save your life. Having the necessary equipment aboard your boat in time of need improves your chance of survival. This would include a personal flotation device for each person aboard plus one throwable device.

U.S. Coast Guard Auxiliary volunteers have been taught to examine your craft for safety, to see if your boat meets Federal and State requirements, and to check for additional safety equipment recommended by the Auxiliary to help save your life.

When you receive this Courtesy Marine Examination, and if your boat passes, the Coast Guard Auxiliary's "Seal of Safe-

ty" decal is affixed to your boat. This decal signifies that your boat meets safety requirements. If your craft fails the examination, no citation is issued, and no report is made to any law enforcement agency. The boat owner is merely advised of any deficiencies, and a recommendation is made to procure the equipment that is lacking.

If you wish to have your boat examined Flotilla 503 will be at The Constitution Marina and Shipyard Quarters, Charlestown on Sunday, June 2.

The time it takes to examine your boat and its equipment will do much to assure you of a safe and pleasant boating experience.

Minor League: Curtin Club 11 - Patriot 10 and Curtin Club 17 - Patriot 2.

Those of you who have not seen a Minor League game don't know what you are missing. These kids, a little short on experience, fight for every hit, every run, every game. They play for keeps. The turnout of Minor League parents, families and friends is very gratifying. The kids know you are interested, and believe me, that is very important.

Note: The Barracuda has been claimed. I still have two pullovers, one T-shirt, one kid's glove, and one adult's glove. Comes the yard sale! Anybody want to buy a yard?

Free Tennis

Commissioner Robert R. McCoy is pleased to announce that the Boston Parks and Recreation Department will offer **FREE** TENNIS instruction for the young people of Boston this summer.

Coordinated through the Parks and Recreation Department, instruction will be provided by the Sportsmen's Tennis Club. All classes will be held on the tennis courts at Boston Common.

Two formats, four and eight week sessions will begin Monday, July 1. Interested youngsters will receive two, one hour sessions of instruction each week during series A (Monday and Wednesday) or series B (Tuesday and Thursday). Each participant will have the choice to attend class at 9:00 a.m., 10:00 a.m., 11:00 a.m., or 12 noon. Classes will be limited to 12 persons per hour session.

To be eligible, youngsters must be a resident of the City of Boston and be between the ages of 6 and 17 years. To register, call the Boston Parks and Recreation Department at 725-4006 or stop by the Department's offices, located at Room 816 Boston City Hall. Response to date has been overwhelming and registration is limited. Residents are encouraged to register as soon as possible.

Individuals will learn basic tennis values including good sportsmanship, physical exercise and mental alertness, a brief history of the sport and basic skills and game fundamentals.

Top class instructors from the Sportsmen's Tennis Club will include Tim Mayott, ranked 14th in the world in Men's Singles Division. Equipment will be available for class use, if needed by individual participants.

For this and additional information on Parks and Recreation's continuous programming, contact the Department at 725-4006.

Boys And Girls Club Road Race To Include Navy Yard

Minor Course Changes Made In The T.A.C. Certified Race

The Annual Charlestown Boys and Girls Club 10K road race will have a few new turns where runners will go through the newly revitalized Navy Yard this year for the first time. The race will be on Sunday, June 16th, before the start of the Bunker Hill Day Parade.

The route has been certified by The Athletic Congress. Using a highly calibrated surveyor's measuring wheel, the road race course has been precisely measured at 6.2 miles. The T.A.C. course certification was conducted by Ray Nelson of Road Race Certification and the measuring wheel is accurate to one-tenth of one percent.

For those who want to start training for the TOUGHEST 10K IN BOSTON, the new course will begin at Austin Street at Newworld Bank. The first leg will take runners on a relatively easy run along Rutherford Avenue to Sullivan Square, followed by a tough run over the summit of Bunker Hill Street to Hayes Square. Then it's right onto Lowney Way, right to Adams, left at Common Street to Warren Street and turn right Follow Warren Street to Main to Medford Street and through Gate 5 of the Navy Yard. The course then proceeds to First Street, out Gate 4, right and then left onto Vine Street to Bunker Hill Street, left around the delta, right on Lowney Way, right onto Adams, left on Common and right onto Warren. Turn right from Warren Street to Monument, up the hill to the monument, turn right and make a counter clockwise square around the Bunker Hill Monument, right onto High Street and leave Monument Square. Turn left onto Green Street and past the Boys & Girls Club to Austin Street, past the start line to Rutherford Avenue. Turn right and finish just before West School Street. Runners will enter the finish chute and channel onto West School Street.

Some historic landmarks passed along the route include the Austin House, an 1822 building of fieldstone from Outer Brewster Island in Boston Harbor and once the home of the **Bunker Hill Aurora**, one of the first newspapers in Charlestown; The Warren Tavern, one of the first buildings erected after the British burned the town in 1775; and the Bunker Hill Monument, an imposing 221 foot obelisk of Egyptian Revival architecture designed by Solomon Willard and dedicated by Daniel Webster in 1843.

The committee acknowledges Constitution Properties, a major sponsor of the race, and WNEV-TV Channel 7; The Flatley Company; Saucony; McNeill & Associates, Inc.; Boston Police Department; WMEX Radio; and Cataldo Ambulance, just a few of the organizations who have made this race possible through their generosity and support.

A number of businesses have sponsored trophies for winning contestants. A few sponsors are still needed for first place finishers in the novice race and interested sponsors can contact the Boys and Girls Club at 242-1775.

The 10K race will begin at 10:00 a.m. and runners will assemble at the Clubhouse at 9:30 a.m. "The Battle of Bunker Hill" road race features one of the most physically challenging courses in Boston. Registration is \$5.00 per runner, teams of five \$25.00. All registrants will receive a T-shirt. There is no limit to the number of entrants and race organizers hope to top last year's record turnout.

All runners will be cheered across the finish line by spectators and radio personalities from WMEX, Boston's newest radio station at 1150 on the AM dial, a full service station providing listeners with news, sports results, weather and traffic reports and music you love to remember...the heart and soul of rock and roll. Popular disc jockey Don Daniels, heard from noon to 3:00 p.m. Monday thru Friday, will broadcast updates of the race.

Proceeds will support the programs and activities at the Charlestown Clubhouse which provides over one thousand boys and girls with educational, physical and social development through a variety of programs and activities.

Entry forms are available at the Clubhouse, 15 Green Street, Charlestown. For information call Clubhouse Director, Tom King at 242-1775.

Facts About Drugs F.A.D.

Dr. Robert Dupont author of **Getting Tough On Gateway Drugs**, spoke in Boston recently. He spoke of the failure of understanding that exists with parents concerning the drug epidemic we are currently in. Drug use is a threat to life productivity and the quality of life. It is crucially important that we understand this.

When kids begin to use drugs, usually in junior high, they have been told by authorities: "don't do it." Peers say to them: "do it, nothing bad happens." Usually nothing happens with the first experience or they don't like it. After a few times, encouraged by their peers, kids begin to like it and they think their peers are correct. The drugs work to make them feel good, and bad consequences are usually delayed. This is the seduction of drugs.

The actual dangers of adolescent drug use are enormous. Dupont says alcohol, pot and cocaine are "gateway" drugs. Alcohol is the gateway to "feeling good." Pot is the gateway to "illegal drugs" and cocaine is the gateway to "intensified drugs." Cigarettes are also used, especially for girls, to rebel, and smoking prepares the way for more serious pot smoking. Dupont says that one half the adolescents who are currently smoking become addicted to cigarettes.

Nobody can control what will happen to you once you start experimenting. Dupont suggested the 4 x 4 solution. Four groups that should never drink: 1) people under 21; 2) pregnant and nursing women; 3) anyone taking prescription drugs for a health problem; 4) anyone who has a personal history of alcohol dependence.

Four boundaries were suggested if you do drink: 1) no more than two to three drinks in 24 hours; 2) no more than two to three days in seven work or school days; 3) no drinking when driving; 4) have a personal alcohol monitor who is a friend that will tell you honestly when your drinking behavior has changed.

Why don't we try these suggestions?

Any questions, call Mimi White, 242-1775.

The Tufts University Department of Urban and Environmental Policy has just completed a report entitled: "Development In Charlestown: Impacts On Traffic And Parking."

This 34 page report was prepared for the Charlestown Citizens for Rational Development, a forum for neighborhood organizations and individuals to discuss land use and development issues in Charlestown. The report does an excellent job of framing the wide variety of complex issues facing the Charlestown community. Some of the issues it covers include: residential parking permits, new development in the City Square area, real estate trends and vacant land parcels.

In addition to framing the issues, the report provides maps and data and suggests recommendations for some of the problems. Appendices contain a license plate survey of the City Square area, a list

WHICH IS THE DACROWN (day-crown)?

A cast ceramic covering

You cannot tell because the new crown is Dacrown, short for Dental Associates Crown. The difference is that the ceramic material is cast and there is no metal under the restoration.

ADVANTAGES:

- Stronger than other porcelain crowns.
- Coloring and form closest to natural teeth.
- Fits better.
- No metal at edges
- Less sensitivity to hot and cold.

DISADVANTAGES: NONE

- The process requires special laboratory procedures.
- The crown is made in our own laboratory.
- Prosthodontists (specialists in restorative dentistry) prepare, fit and color these crowns at Dental Associates.

First Holy Communion Celebrated At Saint Francis de Sales Church

photos by John Dillon

The First Holy Communion Mass was celebrated on Sunday, May 5, 1985 at Saint Francis de Sales Church in Charlestown.

Several members of the First Communion Class took part in the Mass. Kristin Connolly welcomed the parents and friends to this special event. The First

Reading was given by Marc Sawyer, with Nicole Gans offering the Second Reading. Michael Lynch was the leader for the Presentation of the Gifts.

Members of the First Communion Class were: Erin Blaikie, Sharon Burke, Keliann Burton, Kristin Con-

nolly, Catherine Dabilis, Christine Ferreira, Corey Gallagher, Nicole Gans, Julie Hayes, Jamie Lewis, Jessica Machado, Cori Mir-dik, Kathleen Murray, Erin Powers, Carol Sheehan, Christine Southern, Stephanie Ward, Kelly Wedge, Jeffrey Andrea, Joseph Auch, Joseph Black, Matthew

Davide, Robert Ellington, Sean Getchell, Daniel Gibbons, Patrick Healey, Jason Kerns, Michael Leahy, Mark Lind, Michael Lynch, Richard McCallum, Chester Poliskey, Matthew Remy, Scott Ridings, Eric Ridlon, William Rudder, Marc Sawyer, David Scalli, and Christopher Walsh.

Campaign Against Illegal Dumping

Mayor Flynn has announced the kick off of his city wide campaign to stop illegal dumping in Boston's neighborhoods. He made the announcement at a recently cleaned and barricaded lot on the corner of East Cottage and Columbia Road in Dorchester. Mayor Flynn said, "For too long, residents of our neighborhoods have been forced to accept the indignity of private companies and individuals dumping huge quantities of trash in parks and other open spaces. This program will make it increasingly difficult and costly for companies and individuals to break the law and get away with it." He put everyone on notice that illegal dumping will no longer be tolerated in Boston.

The Flynn Administration's three-part program includes:

- a 24-Hour Hotline
- cleaning, securing and posting some lots throughout the city on which illegal dumping has occurred
- institution of tougher,

NO DUMPING CAMPAIGN is underway in the City of Boston. The first sign of this program was unveiled recently. Shown (l. to r.) Kevin Phelan, Clean City Commission; Joseph Canavan, Department of Public Works; Robert

Francis, Department of Public Facilities; Commissioner Joseph Casazza, Department of Public Works; City Councillor Albert O'Neil; City Councillor Brian McLaughlin; and Mayor Raymond L. Flynn.

effective enforcement methods and legislation

The Hotline, 725-DUMP, which goes directly into the Mayor's office, will enable residents to report illegal dumpers to City Hall and the success of the endeavor will depend on their vigilance. Anyone witnessing dumping should call 725-DUMP,

reporting the license plate number and description of the vehicle.

Selected lots throughout the city will be cleaned by the Department of Public Works and then secured by strategic placement of sections of telephone poles to prevent vehicular access. They will be posted with a

sign similar to the one in the photograph.

On Tuesday, May 28th, the Mayor filed legislation with the Boston City Council to increase the fines for illegal dumping and to enact tougher restrictions on rubbish disposal. Key features include:

- a city ordinance defines illegal dumping, forces illegal dumpers to clean the areas on which they dumped, imposes a fine of \$300 on those found guilty of dumping and authorizes the city to impound vehicles used in illegal dumping.
- a home rule petition to the state legislature to in-

crease the fines for illegal dumping from \$300 to \$2,000.

• an executive order directing all applicants for building permits to file an approved rubbish disposal plan before obtaining the

permit.

The mayor's office has worked closely with Boston Housing Court Chief Justice E. George Daher in developing these reforms and complaints for illegal dumping will be heard there.

WANTED: SCHOOL SUPERINTENDENT

Boston is again in the throes of selecting a School Superintendent, and news reports indicate that already some 60 applicants have filed for the position. The Superintendent Search Committee has proposed a salary scale of from \$70,000 to \$85,000 which figures exceed the Mayor's salary...and yours and mine!

We surmise that the usual hullabaloo, hoopla and politicking will go on, but submit that it's high time that the individuals' qualifications be subjected to public scrutiny so that the public's interest and the children's educational needs be best met. Guardians of Education for Maine (GEM) recently proposed a questionnaire for use by school committee members "anywhere in the country" which we consider most appropriate. See if you don't agree.

1) Do you feel you have a special strength to offer the school district? What is it? How would you apply it? 2) Will you indicate two of the causes you feel are responsible for the present sad state of education? How would you remedy these if you had the power? In your opinion who is chiefly responsible? 3) Functional illiteracy is a problem here, as elsewhere. Is there a single method of teaching reading you would advance to correct this in the schools? Which one? Why this one? How could the change be made without increasing the cost? 4) Do you feel paying teachers more would improve the quality of their teaching? If so, how? 5) Would you be willing to make the tough decision to test the competency of our present teachers in their subject areas and dismiss any whose competency is lacking? 6) Is there a teacher competency test you know of which could be used by the district with prospective teachers and to weed out those few teachers whose grammar, writing, speaking ability and so on are lacking? Which one? Why do you feel it is a good one? 7) How do you feel about increased state funding of local education? Do you think it likely to lead to loss of control by the local school committee? 8) There is a trend toward having children start school as early as four years of age. A number of educational researchers on child development indicates children learn more readily, and make better overall progress when they are more emotionally and physically mature, for example, at 8 or 9 years old for girls and 10 or 11 for boys. What is your personal view? Please explain. 9) Many special interest groups endeavor to gain access to a captive audience - the school children. These groups range from dental hygienists and state social workers to nurses and movies from Planned Parenthood, to political activists. What policy or policies and guidelines would you propose to protect the children, their teachers, the administration and our school committee members from undesirable incidents, harassment and possible court cases? 10) Do you resent or feel threatened by private schools? Christian schools? Home schools? Or do you see them as needed and wholesome competition to produce better education? 11) Many educators state they welcome more input and cooperation from the public. Would you welcome input from the few members of the public who attend school committee meetings? Some have

complained they are made to feel unwelcome and their contributions treated with contempt. Have you any suggestions to improve such a situation? 12) Taxpayers are rightly complaining they are paying more money than ever, yet the children are not as well-educated as back in the early sixties. In a hypothetical situation, if you were faced with a reduction in successive school budgets until test scores (as Iowa Tests of Basic Skills, PSATs and SATs) more nearly approached those of the early sixties, what beneficial measures do you think could be taken? 13) Do you feel it is the responsibility of the superintendent to keep the school committee informed of education bills pending in the state legislature or U.S. Congress? And the pros and cons of what these could mean to the local district? If not, how else would you suggest the committee members be kept aware of pending developments? 14) Are you ready and willing to endorse the Hatch (Pupil Protection Rights) Amendment of 1978? How? 15) Would you make an effort to have opposing (pros and cons) views of all policy changes presented to the school committee before a decision is made? And, 16) Where do you see your loyalties lie? To the State Superintendents' Association? To the State School Management Association? To the State Department of Education? To the School Committee who hired you? To the taxpayers of the district who pay your taxes? To the school children? Please list in order of your priorities.

We thank A.L.L. About Issues for bringing this information to our attention, and offer their advice to copy it for sharing with your school committee member, and/or members-at-large. Better yet, clip out this item and mail it to the Boston School Committee. Maybe, just maybe, they'll use it in whole or in part to procure "the best" in a Boston School Superintendent that we all deserve!

THE READERS ALWAYS WRITE ...

"It's good to see 'our side' getting into print, and all the good work being done in your area." (Georgia Fleming, Enterprise, Alabama); "Pornography has gotten out of control and threatens the moral well-being of our children as well as the dignity of women. It is a scourge to society and clearly contributes to the social problems of venereal disease and adolescent pregnancy." (Senator Jesse Helms, Raleigh, N.C.); "The fight against abortion has been going on for a long time. When God gives us the opportunity to save a life we must not fail." (Bob Pearson, Tulsa, Oklahoma); "Article on St. Joseph superb. I passed on to the religious class at St. Mary's here in Worcester." (Mary McCarthy); "When any country rejects its Creator and turns to immorality as has the United States, there seems to be no limit to the foolishness its leaders and people will spawn." (Francis E. Callaghan, Yorba Linda, California), and "Congratulations on excellent article, ARMENOCIDE. As you know the greatest genocide is taking place daily here and all over the world! The killing-murder of the innocent unborn babies!!!" (Leo Kahian, Middleboro).

Award Winning Series On Boston's Neighborhoods To Air On Cablevision

Boston people, places and unique neighborhood activities are the special focus of a New England Emmy Award winning series, co-produced by Cablevision of Boston and WGBH-TV, which will air on Cablevision's Channel A-13 during the first week of June.

Each segment of the ten part series called "Neighborhoods" premiered on Cablevision during the past several months and will be shown for the first time as a collective series this week to celebrate both the honor of receiving an Emmy for outstanding public affairs programming and the series nomination for cable television's highest local programming honor, the System Award for Cable Excellence (ACE).

The neighborhood series will kick-off on Monday, June 3rd following the ACE Award presentation ceremony.

mony which will be carried LIVE on CBN Cable Network (Boston Cable Channel A-22) at 5:30 p.m. from the National Cable Television Association's annual convention in Las Vegas.

All neighborhood residents can enjoy the benefit of capturing a video tour through Boston's neighborhoods by tuning in to Cablevision's Channel A-13 at 10:00 p.m., Monday-Friday, June 3-7 to view a series of one-half hour documentaries.

The series starts on Monday, June 3 with the "World Halfball Tournament," a program set in Charlestown, which portrays a citizen's efforts to continue the community's annual halfball tournament and by doing so, revive the neighborhood's close-knit identity.

Bunker Hill Day Parade Committee To Meet

The Bunker Hill Day Parade Committee originally scheduled for Thursday evening, May 30th, has been rescheduled to Tuesday, June 4th at 7:30 p.m. at the American Legion Hall, 27 Chestnut Street.

Margie Kent, Parade Booster Chairman, requests that all persons with unsold boosters return them to Badger Coin Shop at One Thompson Square as soon as possible, or bring them to the Parade Committee Meeting.

Edna Kelly, Parade Raffle Chariman, has announced that members of the committee will be selling raffle tickets on a color television, Irish knit sweater, and wine basket at Johnnie's Foodmaster on Friday, May 31, Saturday, June 1 and Monday, June 3. This drawing will be held at the American Legion's "Night Before" Banquet on June 15th, and all proceeds will go toward the Bunker Hill Day Parade. She requests that residents support this endeavor by "taking a chance."

Assistance is needed in finalizing plans for this year's parade, which will be held on Sunday, June 16th starting at 12:30 p.m. from the Hayes Square area of Charlestown. This promises to be an outstanding event, as some 25 musical units are currently under contract for the parade. All interested persons are invited to attend.

Puppetry Workshop At The Charlestown Working Theater

On Monday, June 3rd and Tuesday, June 4th, The Charlestown Working Theater will be holding a Puppet Workshop. For two afternoons participants will design and construct their own

puppets under the instruction of Christine Crane, a professional puppeteer.

Ms. Crane was a playwright, performer designer, and director of puppet technology with Starry Night Puppet Theater from 1974-1984. Ms. Crane has been called one of America's most gifted puppeteers. She has been puppet design consultant to such places as the New England Aquarium and Kaleidoscope Theatre of Victoria, Canada. Her works have received an Odyssey Institute Special Award for Children's Programming and a Gabriel Award Certificate of Merit.

On Monday, June 3rd from 4 p.m. to 8 p.m. workshop participants will design and construct their own hand puppets and on Tuesday, June 4th from 4 p.m. to 8 p.m. they will learn how to perform in puppet theater.

Workshop participants are also invited to join The Charlestown Working Theater in celebrating its Tenth Anniversary by marching with their puppets in The Bunker Hill Day Parade. But whether you can join us in the Parade or not, you are welcome to take part in the puppet workshop.

Call the theater, 242-3534, to register for the workshop. See you there.
