# 1) Starting the Quest

To start the quest talk with Mayor Chris in Breezy House 1 about the spring festival, after a while you can ask him about Shaymin, he will inform you about the Pokémon and say something about a bookshelf.

Click “Yes” an read the dialogue.

## 2) Acquire the two Flowers

### • **Acquiring Gracidea Flower**

Now we need some things first

- **1 Magical Leaf Pokémon (Gardevoir for example)**
- **100 Oran Berries**

- ➔ **You must walk over the only pink grass patch on Breezy Path something should trigger.**
- ➔ **After that bring your Magical Leaf Pokémon and the Oran Berries (You can bring them before too) and walk over the Patch again**
- ➔ **Check your Inventory if you got the Gracidea item**

## • Acquiring Micle Berry

- ➔ Interact with the Rock North-West where I marked it
- ➔ Now interact with the “Flowers” in the right order some of them are clickable and for the other’s just walk over them. To be safe just turn your effects on you’ll hear a Pokémon cry if you interact with them.  
1 (Cactus) ▶ 2 (Acorn) ▶ 3 (Red Flower) ▶ 4 (Mushroom) ▶ 5 (Lily Pad)
- ➔ After that you should hear a rumble and get this message

You hear a rumble in the distance.

- ➔ You can pick up the Micle Berry now. The Berry “replaced” the rock North West of the Map
- ➔ Talk to the NPC which is located near the Micle Berry he’ll send you to the Old Lady in Suzuka Town

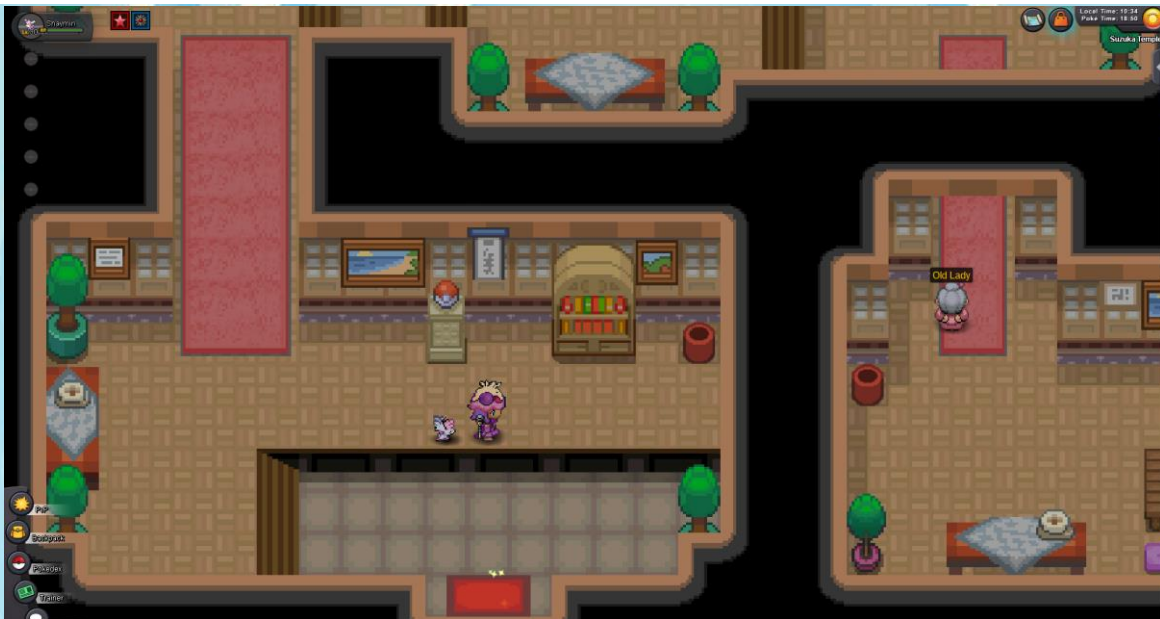

### 3) The Old Lady and the Paintings

**Follow the way to get to Suzuka Path, just walk and surf west to reach Suzuka Town.**

**Interact with the Old Lady here**

**Now you can enter the temple, interact with the 4 paintings each of these paintings is a task to get access to the tower.**

**I recommend activating your SFX Volume because you here the “correct” bell if you did the task**

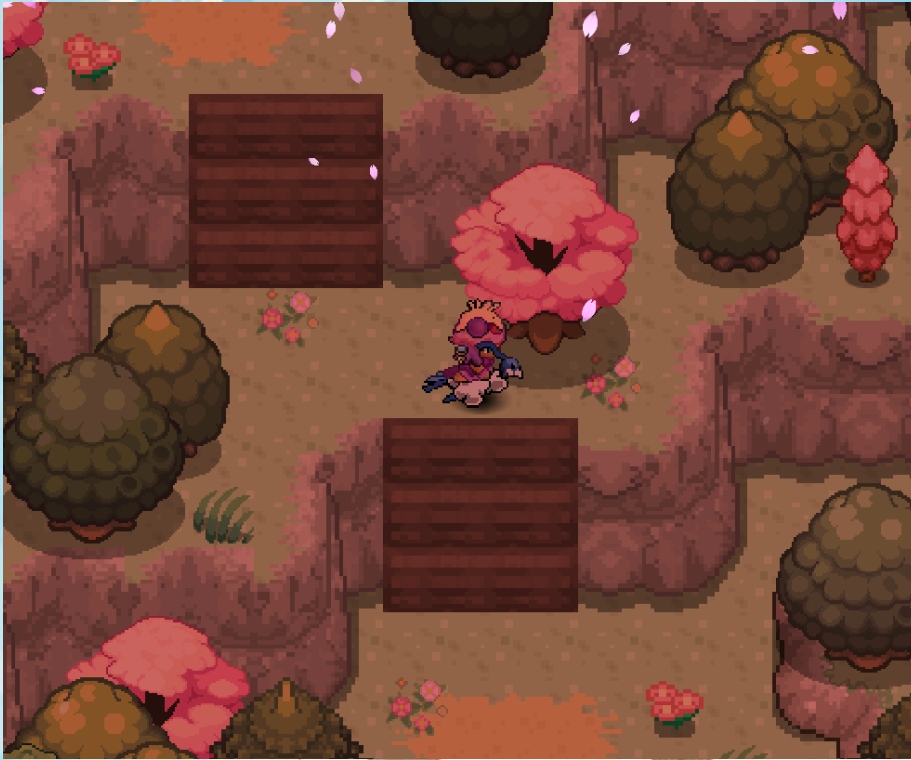

• **Painting 1 / Task 1 Get the Kimono Girls back**

**Find the Kimono Girls and get them back to the South Side of the Temple!**

**Battle each one to get them back.**

## Kimono Girl 1

**Head to the North side of Suzuka Town to get to the Suzuka Towers, here is our first Kimono girl.**

**She wants to fight a 5 Pokémon 1 vs 1 battle. Each 1 vs 1 win get you one point, reach 3 Points to win the challenge and get her back.**

**Her Team: (Conkeldurr, Clefable, Ferrothorn, Shedinja, Gengar)**

**The order is random don't forget Shedinja can only get hit by Super effective attacks (Fire, Flying, Rock, Ghost and Dark)**

## **Kimono Girl 2**

**You'll find Kimono Girl 2 in Suzuka Path she just wants a 3 vs 3 battle**

**Her Team (Electivire, Scolipede, Tyranitar)**

## **Kimono Girl 3**

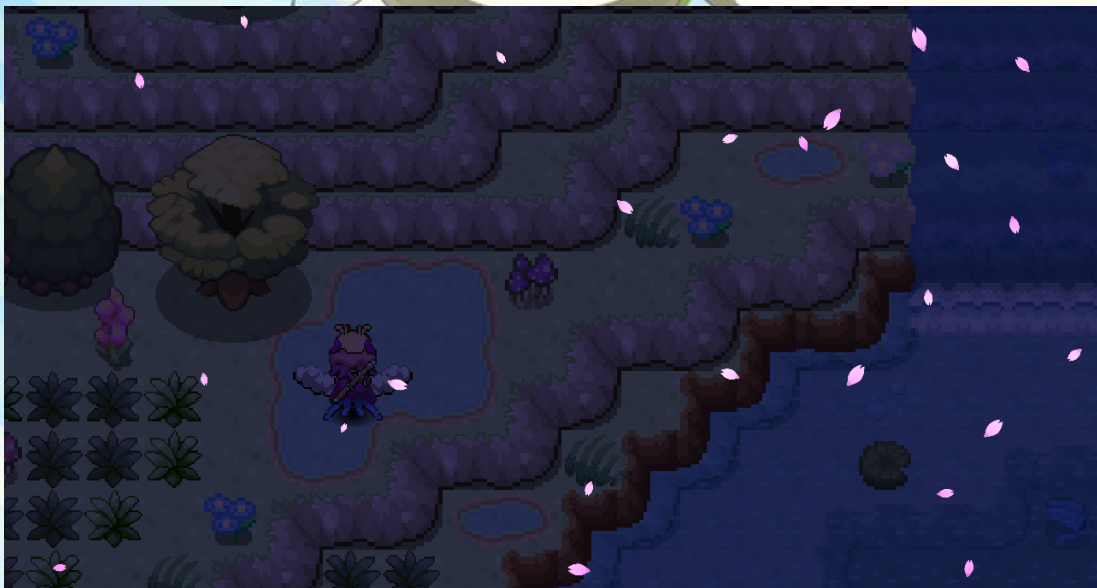

**Kimono Girl 3 is in the Breeze Cave she wants a normal battle**

**Her Team (Klefki, Mawile, Klinklang, Steelix, Bronzong and Aggron)**

## **Kimono Girl 4**

**Girl Number 4 is a bit harder, head to Breezy Falls (West of Breezy Path), now the Guards wants you bring one Pokémon which is eligible for LC-Rules (Pokémon with at least on evolution, lvl 25 or under, and first form). Since the Kimono Girl is using an almost full Psychic team, I recommend using a good first form Dark Pokémon, like Larvitar for example. Pokémon able to buff itself are even better. Having some TM'S like Thunderbolt (Vermillion Gym), Earthquake (Viridirian Gym), Psychic (Saffron), bringing some revives and battle items like Choice items or Life orb will help too.**

**After talking to the guards, you will be teleported to the little Pokecenter there. Catch some Pokémon at best a full team you'll need them. If you have time train them to level 25 and teach them some move an Abra or Gastly with Choice Specs is strong and fast. There is a Snivy south West of the Map if you feed it it'll join your team; I recommend doing this.**

**You find her north of Breezy Falls near the Water fall she wants to battle with LC Rules and has a full team.**

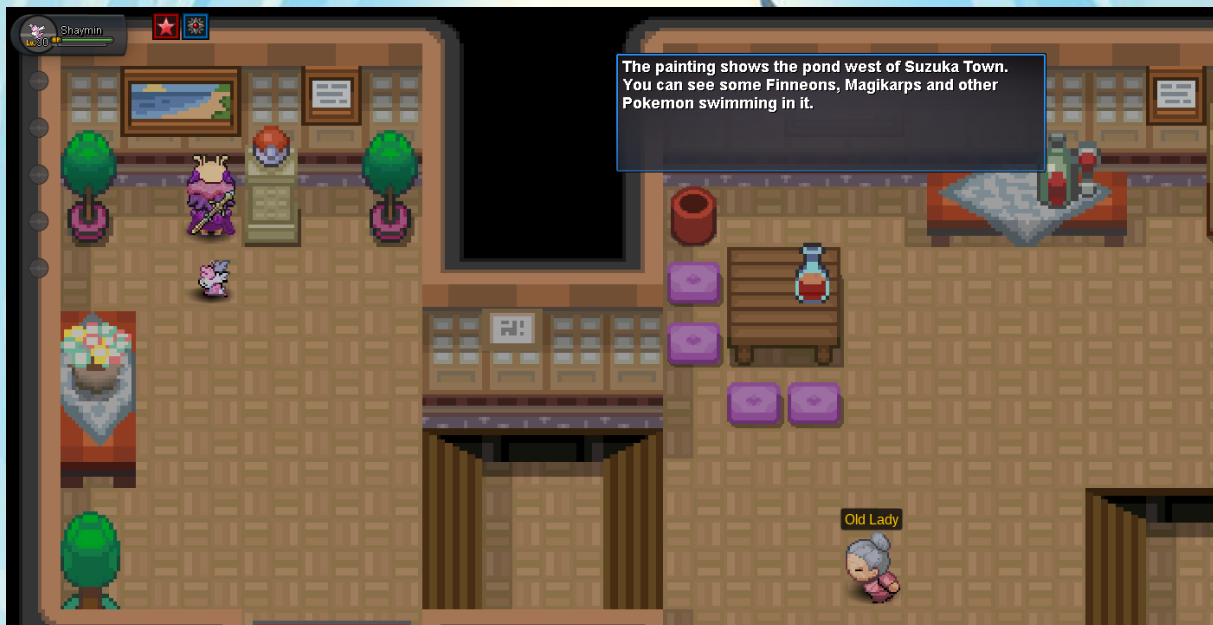

**Her Team (Chingling, Bronzor, Riolu, Abra, Cleffa, Munchlax)**

**Now after you gathered all the Kimono Girls, plant the Cheri Berry trees near them**

- **Painting 2 / Task 2 Fill the Pond**

**You'll find the Pond in Suzuka Path, Fisher Freddy need some Pokémon for the Pond you need:**

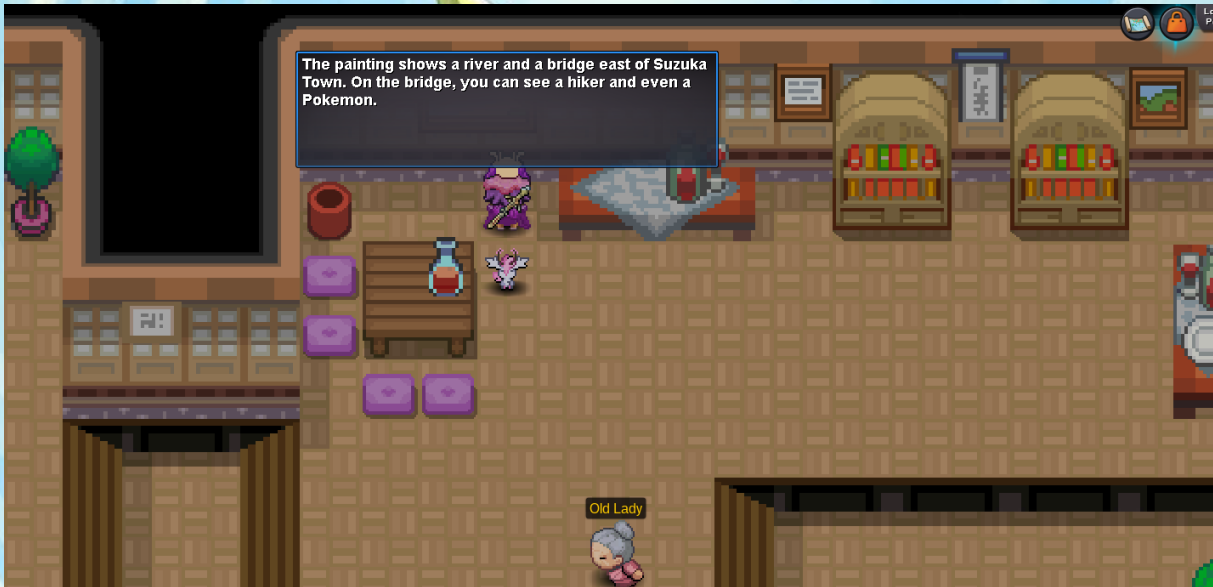

**3 Goldeens, 3 Magikarps, 2 Finneons, 1 Remoraïd and 1 Feebas**

**Use bad ones because you'll never get them back, you can catch all these Pokémon on the maps here.**

**If you "delivered" every Fish the "correct" bell will ring again**

- **Painting 3 / Task 3 Repair the bridge / Feed the Pokémon**

### Repair the bridge

**Head to the South East of Suzuka Town to Suzuka Clearing, you'll see the damaged bridge and a sad Sentret near the bridge talk to him**

**After talking with the Sentret you have find Lotad's in Suzuka  
Clearing they want to help the Pokémon but you have to guide them  
to the Water, this can take some time it's a bit like the Farfetched  
Quest in Ilex Forest. There are 4 Lotad's in total for the "Bridge"  
after that the Pokémon can cross the River again**

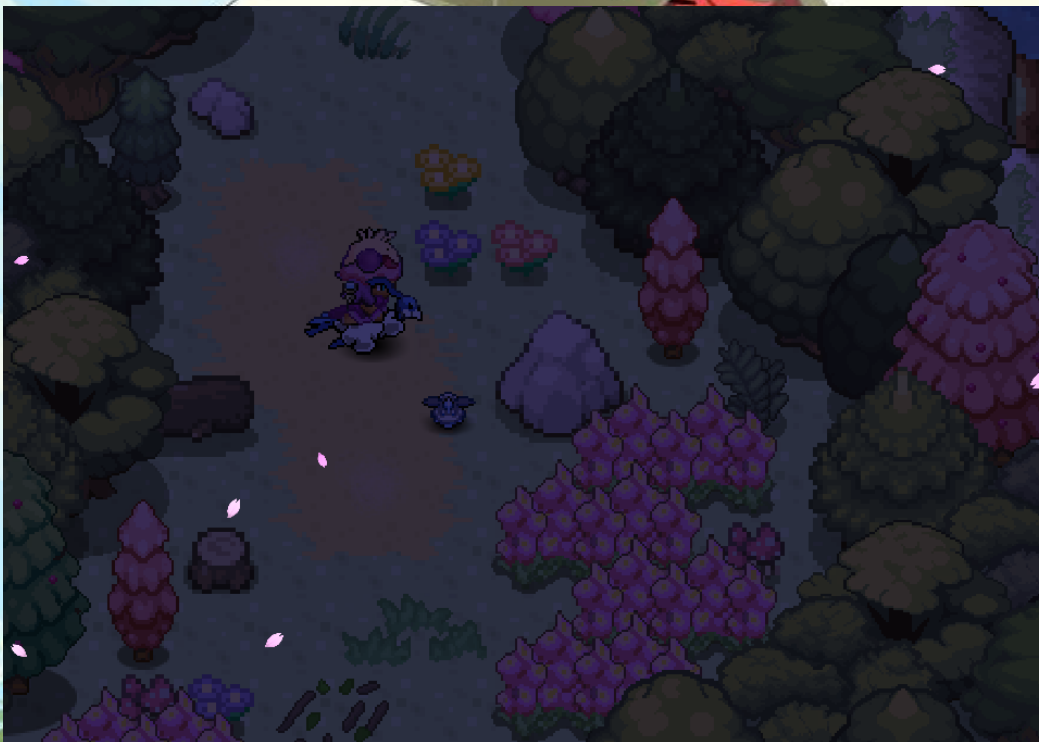

- **Feed the Pokémon**

**The Sentret North of Suzuka Clearing wants 4 or 5 Citrus Berries**

**Carbink North of Suzuka Town wants 4 or 5 Breezy Crystal Shard  
(Obtainable in Breezy Cave)**

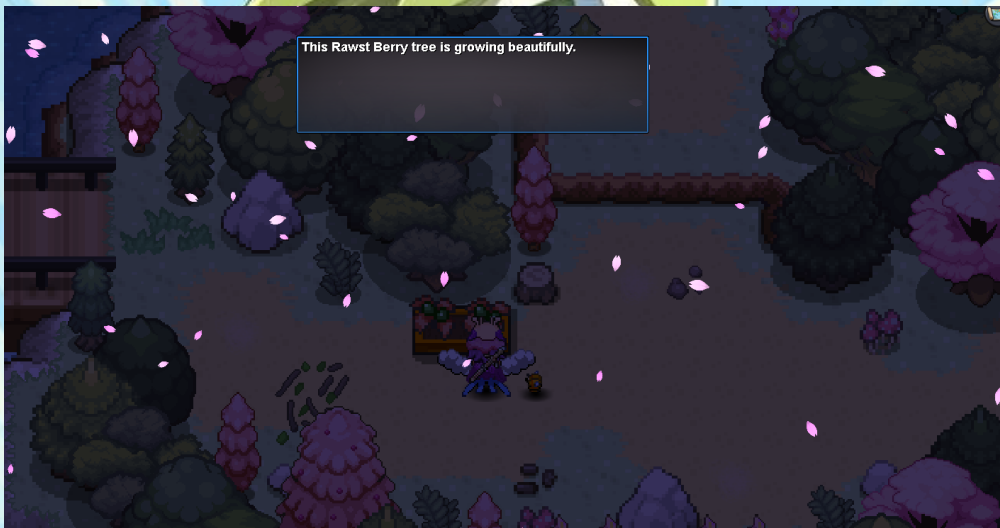

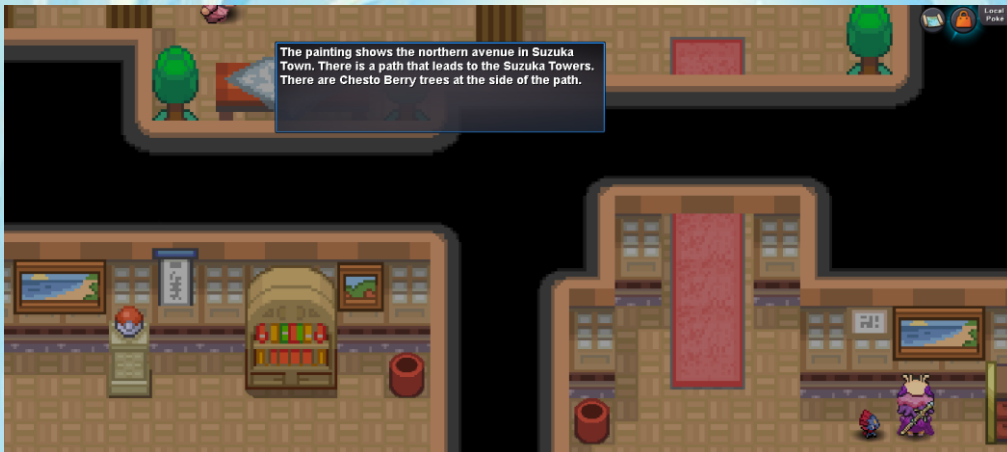

**Teddiursa Suzuka Tower wants 4 or 5 of Leppa Berries**

**Pansage East of Suzuka Path wants Bananas (Thief from Tropius on Suzuka Clearing)**

**I'm not sure if the Snivy on Breezy Falls is a must if so, just feed it too, it's located in the South East.**

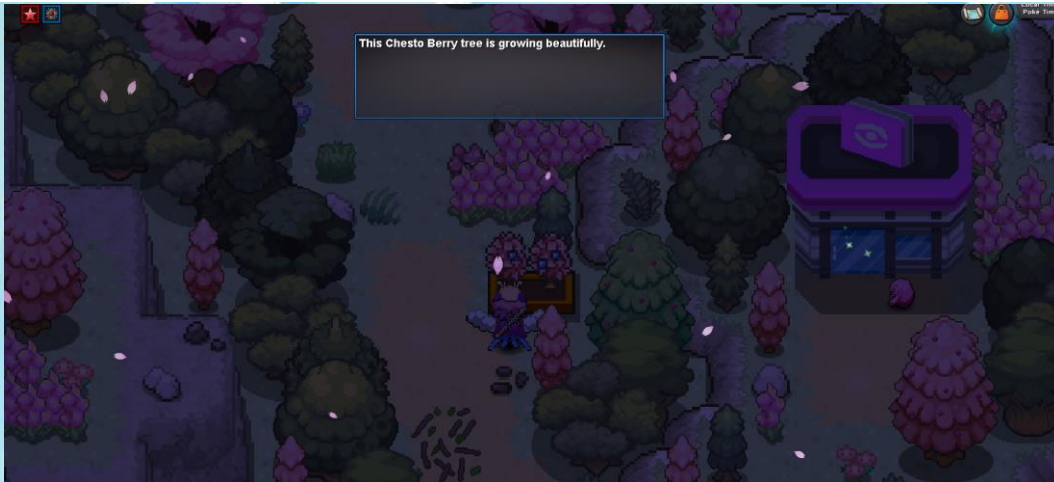

- **Painting 4 / Task 4 Plant the Berries**

**Plant Rawst Berries Southeast of Suzuka Town**

**Plant Pecha Berries North East of Suzuka Town**

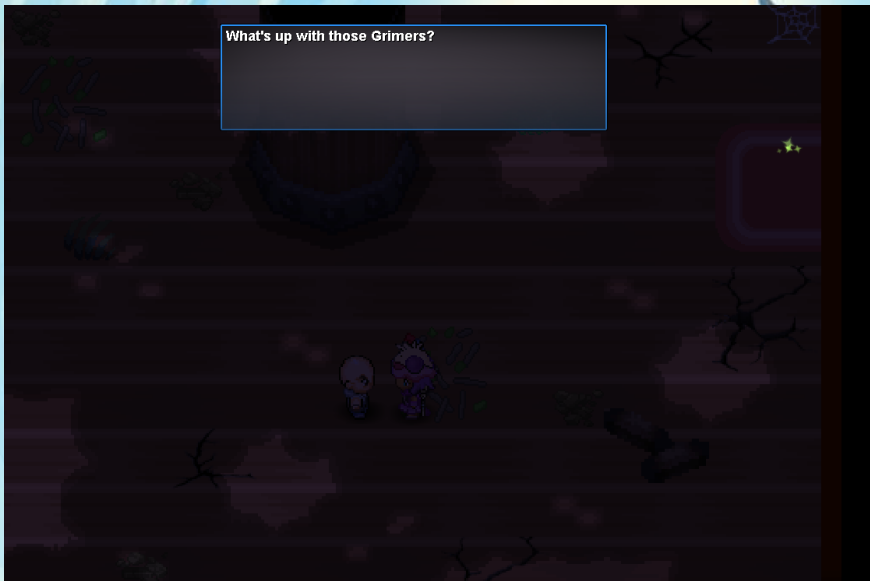

**Plant Chesto Berries North of Suzuka Town**

**Now You have completed all the Paitings /Tasks, speak to the Old Lady again in the Temple she will give you access to the Tower**

## 4) The Tower and Grimer Hunt

**Talk to the bald guy he will say something weird about the Grimer they respawn after a certain time, so be fast killing and finding all of these, use repels without them you'll be too slow. Since we have no Staffview right now I'll make a short speedrun video how to get fast to the Muk. Use a good hitting Pokémon on your first slot to one shot the level 80 Grimer. The Muk is strong juiced level 100. I just leech seed it with Ferrothorn ( you can tank one Fire Punch) and Protect one turn for recovery, it will go for fire punch having a Flash Fire Pokémon to absorb that and just switch between them to slowly kill it. Starting a Knock off Pokémon is good too because it has Black Sludge so you will be a lot faster without that.**

**[For Video Click here](#)**

**After defeating the Alolan-Muk there is cosmetic item on the ground.**

**Leave the cave and you finally see the Shaymin**

## 5) Catching Shaymin + Sprite and Form Changing

Now you can go back to the Town to get your Sync and get back to Shaymin.

- **Changing Sprite**

If you want to change your Shaymin to the easter sprite just interact with the tree.

Talk to the Old Woman again to end the Quest she will tell you where to change the form of Shaymin

- **Change form to Shaymin-Sky**

If you want to change the form to Shaymin-Sky go to Sunyshore City (Sinnoh) and head to Sinnoh Victory Road (You need a Waterfall Pokemon). Get to the Shaymin-Shrine to change the form.
