

## **Circuit Coatings Limited** **Environmental Policy Statement**

Circuit Coatings Limited provides a comprehensive range of high specification pre-treatment and powder coated paint finishes for pressings, fabrications, extrusions and castings (in ferrous and non-ferrous materials). It is the Company's policy that its operations and products cause no harm to its employees or to the environment.

Circuit Coatings Ltd. will utilise a program of continual improvement to reduce the environmental impact of any resources, processes, waste material and pollutants resulting from the company's operations.

Circuit Coatings Ltd is committed to compliance with any legislation, regulations and other local agreements intended to control the environmental impact of the Company's activities.

Circuit Coatings undertake to identify, assess and audit all activities with a significant environmental effect. Objectives will be set for improvements and a periodic review of these targets will be used to ensure their relevance and effectiveness.

The company will provide sufficient resources to document implement and maintain the environmental system and ensure that all employees are familiar with the policy and its requirements.

The Environmental Policy, pertinent records and data will be made available to environmental agencies, and the public, upon request.
