Real Pandemic

Staged Pandemic

Breaks out spontaneously, without announcement, to everyone's surprise. No suspicious whispers behind held hands in power circles many months before the outbreak.	Follows in the wake of large-scale exercises such as 'Clade X' 'Event201' and 'Coronat Mask 18' which simulated a pandemic outbreak exactly as it is now allegedly happening in real life. Just as announced in documents like 'Operation Lockstep (lockstep)'.
Everyone knows people who are seriously ill from their immediate environment/family/neighborhood.	Cases of illness with symptoms are mostly known from media, internet postings and third-party accounts.
Doctors' offices and hospitals all over the country are overcrowded. Doctors in constant deployment.	Hundreds of thousands of doctors and nurses on short time. Vacancies in hospitals. Intensive care unit bed capacities reduced. Increased anxiety patients in medical practices. Pharmacies and morticians go bankrupt.
Virus is particularly deadly.	Recovery probability of 99.97% (identical to any other common flu) according to Stanford University.
There are very very many dead.	Unchanged mortality compared to previous years.
The disease has symptoms obvious to everyone.	Need to test to know if someone is "sick".
The disease has individual characteristics that clearly distinguish it from other diseases.	Supposedly new disease is virtually indistinguishable from existing (because merely a renaming has occurred).
Politicians and doctors do everything to calm people down.	Politicians do everything to spread panic and intimidate people.
Politicians do everything to keep the economy going anyway. Even in times of the plague, the economy was not shut down.	The economy is deliberately stifled. Entire industries are being destroyed. Wealth is distributed from the bottom to the top. Middle class is systematically abolished.
Facts are sincerely sought and any help in need is gratefully accepted.	Renowned scientists are systematically ignored, censored and even publicly ridiculed in the media.
There are no organized profiteers.	Billions in profits through prepared agreements.
A quick end and a timely, appropriate all-clear is sought according to clear guidelines/policies.	Allegedly constantly changing findings. Repeatedly adjusted guideline values and always new regulations prolong the pandemic, lockdowns and measures artificially again and again.
People are afraid to die and try everything to protect themselves, with politicians educating on unnecessary overreaction.	People are more afraid of punishment. Measures are enforced by social pressure, police violence, and huge fines that keep going up.
People are struggling to cope with a humanitarian disaster.	People fight over toilet paper.
Disaster scenes are numerous from all parts of the world and various localities.	Repeatedly, the same few scenes are shown again and again in the media. Under partly different name. Like a handful of hospital departments from New York City and Italy.
Daily personal experience provides ample, unequivocal evidence of pandemic reality.	Only by high fines enforced mask obligation indicates a state of emergency. Without a mask, there would be no indication of a dangerous situation.
Pandemic is collective, physical objective reality.	Pandemic is product of linguistic definition and error-prone or manipulative test procedures (PCR test) and exists only in abstract numerical space.

Conclusion: A real pandemic is factually not taking place. The government is the largest producer of fake news. The mask requirement serves solely to maintain the false belief in a real pandemic. It is perfidious psychological warfare against the population. It is escalated and expanded in stages (Overton window). Test stations, mandatory tests, vaccination centers, internment camps for "quarantine offenders", mandatory vaccination for everyone! The army is deployed domestically in violation of the Law. Introduction first under the sneaky pretext of 'administrative assistance' to accustom the population to the presence. The medicine dictatorship brings its infrastructure by means of deception step by step into position. It is not about health it is a national as well as global power grab by means of a large-scale constructed medical pretext. Theoretical computer models, manipulative testing (PCR testing), downgraded pandemic definition (WHO), artificial ICU bed shortages, financial incentives (IMF) for Covid diagnosis, and false reporting in the controlled media. It doesn't take a virus it just takes fear of a virus! The swine flu vaccine (2009) resulted in severe neurological damage and millions of dollars in lawsuits. Under no circumstances get vaccinated because of "Covid"! Especially please not children. That would be a grave mistake. The new mRNA vaccines cause autoimmune diseases and literally mutate people into GMO (Genetically Modified Organisms), which has far-reaching negative consequences. The media is purposefully using fear and scare tactics, there is no fact-based reason to be afraid. We are being lied to and manipulated into an artificial hysteria to accept laws that violate human rights. Do your own research. Discover truth. Overcome Stockholm syndrome. Put down muzzles. Ignore lockdowns. Open for business. Practice civil disobedience and collectively reject criminal government orders. Adapt and emerge stronger from crisis. Hold those responsible accountable. For a normality worth living for. NO to the pandemic hoax! NO to medical dictatorship! RESIST!

Covid And The 16-Step Plan To Create A Totalitarian New World Order (NWO)

If you know the agenda of the system, you understand what is happening in the world, because certain steps must take place in order for the goal of the agenda to be achieved. If these then happen exactly as needed for the agenda, one knows that they cannot be the result of random developments and that the official reasons must be contrived. There are always variations, but basically the agenda is planned as follows:

1. Create problem (problem-response solution): As a baseline, a seasonal flu (referred to as Covid-19) with very common symptoms that is easily treated and has a 99.7% cure rate. Like any flu, it can be critical for people with weak immune systems or serious health problems, or old age.

2. Artificially create cases: Use manipulative hypersensitive PCR testing method to massively exaggerate number of "positive cases" or "infections" in healthy people with no symptoms who cannot spread infection.

3. Fear terror: Caused by media. Daily reports of every death of someone "with" Covid (test result) as death "from" Covid. Manipulative presentation of regular annual death numbers as unprecedented catastrophe. Bribing scientists with grants and doctors with bonuses for supporting testing and vaccination.

4. Lockdowns: These will be extended again and again, it will never end. Lockdowns cause severe damage. Doctor visits plummet, people avoid needed medical care, therefore less cancer screening, skipped cancer treatments, less prevention against cardiovascular disease, drastic increase in suicide rates, substance abuse, relationship drama, and child abuse. Isolation, paternalism, threats, lead to severe emotional and psychological damage to the social being human. All of this is known and intended by the system to weaken resistance.

5. Mask enforcement: This creates permanent fear through an illusion of danger. In reality, fabric masks are completely ineffective against viruses. Masks cause oxygen deficiency, Co2 rebreathing, fungal infection, fatigue, panic, lack of concentration, heart palpitations, shortness of breath to respiratory failure. To weaken people.

6. Contact tracking (tracking): Normalize monitoring. To make people accept that all their personal movements and contacts with people are tracked, recorded and analyzed. 24/7. Companies will use smartphone apps to track whether people have Covid-19 vaccination or negative test results. If not, access to the building or event will not be granted.

7. Movement restriction: Travel between countries, states, cities is increasingly limited. Mandatory masks, immunization records, forced apps, federal checkpoints. Then leaving home will only be possible with permission.

8. Health passport ID: First cards then apps for smartphones as biometric identity cards to monitor and control freedom of movement and access to education, labor market and services. This will become a global digital identity system that can be used compulsorily everywhere.

9. 5G networks: These collect huge amounts of personal data from smartphones and all internet-connected devices to enable tracking. 5G (60 gigahertz) massively increases the amount of high-frequency microwave radiation, which can lower blood oxygen levels and trigger respiratory illnesses. 5G-60GHz symptoms are defined as Covid symptoms. Tactical 5G activation can trigger "Covid outbreaks" anywhere needed.

10. Medical Dictatorship: Vaccination centers are established nationwide, first voluntarily, then organized by military forces. Hygiene snitches simply claim it has been determined that one is part of an infection chain and must go into self-quarantine from now on (later one is interned in vaccination center and quarantine camp). Checkpoints are erected everywhere, which may be passed only with a valid vaccination certificate. Guarded by federal army. Quarantine camps for people who are forcibly taken out of their homes and centrally interned. Using PCR test lie and "infection chains" pretext, any opposition person can be arbitrarily arrested as "infected" and locked away. The medical scam version of concentration camps.

11. Mandatory vaccinations: Will happen with 100% certainty! This is a primary NWO goal. Initially mandatory when entering movie theaters, gyms, theaters, stadiums, restaurants. Then claim the "virus" has mutated and is now extremely dangerous. Vaccine damage and deaths will be completely censored and vaccine criticism will be severely punished. More spontaneously occurring (completely fictitious) epidemics are propagated, supposedly much worse than Covid. Mass deaths start, not because of new epidemics, but because of mRNA-"vaccination" weakened immune systems, which will react extremely to the regular flu viruses.

12. Military deployment: Because of completely invented extremely high "infection numbers", "dangerous mutations" and/or by the state staged fire or explosive attacks on vaccination centers, the illegal deployment of the armed forces on the domestic front will be justified. Supermarkets under military control. Food will be rationed and distributed only to vaccination pass owners.

13. Digital payments: Cash ban, because it allows people to buy privately and the state does not know what, where or when you buy something. Cashless economy leads to loss of financial privacy as all purchases are constantly monitored. Access to digital finance can be withdrawn by the system at any time from anyone who does not comply. The same goes for unconditional basic income, which will also only be given out without restriction for those who are loyal to the system.

14. Blackout: Massive power grid damage due to staged cyber-attack. Electricity only for system-relevant infrastructure. Russia/Iran/China are held responsible. In truth, the globally operating NWO is responsible.

15. Microchip implants: Switching health passport applications to more "efficient" RFID (Radio Frequency Identity) microchip implants that allow 24-7 constant monitoring of health, movement, contacts, and digital payments. RFID chips will completely eliminate people's privacy. Initially, these chips will be voluntary. However, once normalized, they will become mandatory. Covid = Certificate of vaccination ID.

16. New World Order: Assimilation by A.I. (Artificial Intelligence) completed. A radically depopulated, totalitarian high-tech world with genetically reduced humans, permanently connected to the Internet, monitored and controlled by microchip 24/7. Biological machines living in a totalitarian prison. The true goal of the "Great Reset" is a high-tech dictatorship. Covid-19 is merely pretext and method. This development is not inevitable. Ignorance and denial endangers, knowledge and awareness protects! The future is not set in stone, it depends on each individual.

„Psychological Warfare (Manipulation Through Lies And Deception)

"It is easier to deceive people than to convince them that they have been deceived." - Mark Twain

In this agenda, the perfected culmination of the psychology of mass manipulation is used with inhuman, serious criminal energy. Power-hungry and conscienceless psychopaths are often found in politics and among the "elite" and one must understand their nature and methods in order to protect oneself and others from them.

-Psychopaths: They are without conscience and compassion and see human emotion as weakness and duty to exploit it for their own benefit. They act with feigned overconfidence.

-Pathological Lying: They lie not merely for strategic calculation alone, not merely as a means to an end, but because they enjoy lying. Referred to as pseudology, the addiction to lying. For them, lying is a lifestyle, a kind of religion. They hate the truth. It is a spiritual rejection of truth and all those who speak the truth. They lie on a large scale which is beyond the imagination of many. Make the lie big, repeat it, and ultimately it will be believed.

-Projection: They always accuse others of being and doing what they themselves are and do. By doing so, they transfer their own guilt onto others and thus dispose of it in their mind.

-Victimization: This is how they manipulate the conscience of others by creating apparent moral superiority.

-Inferiority complex and savior complex: Because of their perceived inferiority they obsessively play the Accuser. The Devil, the Accuser. To gain approval from individuals seen as superior to them, they stage crises in which they can act as saviors in distress. "Please save us from the pandemic! We'll do anything!"

-Gaslighting: A form of psychological violence with which victims are deliberately disoriented, manipulated and deeply unsettled, and their sense of reality and self-awareness is gradually destroyed. In the process, perpetrators deny even obvious facts and that so doggedly until the counterpart doubts himself and ultimately gives up and accepts the perpetrator's version as the truth.

-Inversion: They twist the facts. "War is peace; lies are truth; freedom is slavery; ignorance is strength."

Methods	Effects (goals)	Methods of power and control
1. Isolation	Deprives the victim of any social support and ability to resist. Makes the victim dependent on the perpetrator. Complete isolation. Semi-isolation. Group isolation.	Denies participation in recreational activities. Restricts contact with family and friends. Reduction of social interaction. Damage to victim's reputation among friends and family. Controls or restricts use of transportation, internet, and finances.
2. Control of perception	Elimination of sources of information that compete with information controlled by the perpetrator. Strict censorship in media and online. Restricted freedom of movement. Frustrates all actions inconsistent with following the rules.	Blames the victim for the abuse, reinforced by media, social, and family reactions. Victims focus on how they "caused" the abuse and on their own weaknesses. Continuous bombardment with propaganda.
3. Induced weakness and exhaustion	Weakens mental and physical ability to resist. Causing and exploiting emotional and psychological wounds. Being at the mercy of frustration, stress, and overwhelm.	Attacks on self-image (disease carriers). Restricts finances for food and other necessities (Caused bankruptcy). Restricts access to supplies of food and medicine (access first only with mask, then vaccination card, then microchip).
4. Threats	Cultivates anxiety and despair. Threats against the family. Vague threats. Peculiar changes in treatment.	Threats of fines, penalties and quarantine. Threats to take the children away (exposure to "corona denial," "critical of vaccination").
5. Occasional indulgence	Provides positive motivation. Small favors.	Promises that everything will return to normal if only one obediently complies with all demands.
6. Demonstration of "omnipotence"	Illustrates futility of resistance and complete control over victim's fate.	Physical assaults (police brutality). Manipulation of the legal system. Abuse of state privileges.
7. Humiliation	Makes the consequences of resistance seem more damaging to self-esteem than surrender. Reduces people to the "animal level." Unjust punishments. Insults and taunts. Denial of privacy.	Paternalism and public humiliation. Forcing participation in degrading or humiliating acts. Verbal abuse, belittling or calling names. Frequently telling the victim that he or she is "stupid," "ignorant," "contagious," and unlovable.
8. Forcing petty demands	Encourages habit of compliance. Enforcement of protocol rules.	Punished for not following "the rules," which are rigid and unrealistic. These rules often govern the victim's appearance, household, education, punctuality, etc. Frequently changes "the rules." Plays mind games.

Biderman's Chart of Coercion is a tool for illustrating stress manipulation and coercive methods used to subdue prisoners of war. It also demonstrates with obvious similarity the coercive techniques used by those responsible for the "pandemic" crisis.

They use a "strategy of tension", covert measures to destabilize social cohesion. People are put under maximum stress in order to be psychologically and emotionally traumatized and thus broken and made docile. The "pandemic" illusion is only the constructed pretext used so that the methods can be applied to achieve the goal of installing the NWO. This seizure of power is a psychological shock&fear blitzkrieg executed with scientific methodology, so sudden and fast that the population cannot act rationally (frontal cortex) but reacts instinctively and collectively (reptilian brain/R-complex).

Psychological Insights And Methods Of The Perpetrators:

- 1. Overton window:** Describes the slow gradual change of the present state. What was once unthinkable becomes the new accepted state through slow change. A gradual transformation of society.
- 2. Artificial hysteria:** Most people do not know e.g. the regular annual death figures. Suddenly the media reports about it as if it were an unprecedented catastrophe, although nothing extraordinary happens.
- 3. Operant conditioning:** Experiment of B.F. Skinner, where rats learned to repeat behavior with positive consequences (getting food), and to avoid negative consequences (electrocution). Called 'learning from success':
- 4. Milgram Experiment:** Many people are willing, against their conscience, to commit crimes against other people when ordered to do so by authority figures.
- 5. Ash Conformity Principle:** Peer pressure can influence someone to evaluate a clearly false statement as correct.
- 6. The Third Wave:** A social experiment which showed that fascism can be established anywhere and at any time.
- 7. Information overload:** People are deliberately overwhelmed with a lot of irrelevant information.
- 8. Agenda camouflage:** A tank is camouflaged by green paint and scrub. A political agenda camouflages itself with claimed incomprehensible complexity, intellectual labyrinths full of dead ends, huge webs of lies full of jumbled numbers.
- 9. Divide and rule:** A strategy of the "elite" to set people against each other, so that they do not unite and act in unity. Old against young, men against women, rich against poor.
- 10. Order out of chaos:** A new order can be enforced most easily when confusion, rather than stability, prevails. Those who want to bring about change must wait for a chaotic state, or cause it themselves.
- 11. Predictive programming:** A subtle form of psychological conditioning by the media to familiarize the public with planned societal changes envisioned by those in power.
- 12. Emotional blackmail:** Causing and exploiting feelings of guilt. "The mask protects life!", "Who does not wear a mask in protest, is a spree killer who wants to harm his fellow men", "Who does not put on a mask, is a murderer!", "Who does not get vaccinated, kills the grandmother", "Who does not submit to any paternalism and measure, is non-solidary".
- 13. Fictional predictions of the future:** "If we had not done this, many would have died", "Only because of the measures the virus was defeated". Assertions are presented as facts, inevitable development as personal success.
- 14. Prolongation:** Measures are artificially protracted in repeated small steps. First voluntary, then mandatory initially for 7 days, initially for 4 weeks, until the end of the year, probably until next year. When people have become accustomed, it is said: The measure will be maintained indefinitely. Then it will be the new normal. Critics are called "easing pushers, reckless exit strategists, threats to public welfare."
- 15. Deny and advertise:** This involves denying and advertising something at the same time. It is claimed that it is not happening, not real, then it is admitted but said to be great. "Nobody wants mandatory vaccination!" - "Mandatory vaccination would be good and very necessary". Denial keeps people safe, while what supposedly doesn't exist or is intended is portrayed as great (i.e., aspired to after all).
- 16. Majority statistics:** They falsify statistics in order to persuade people, for example, that most people want vaccination, although this is a lie. People let themselves be influenced by the (apparent) opinion of others and orient themselves to what the (apparent) majority wants and does. They use the Ash conformity principle to manipulate people.
- 17. Scarcity:** A lack of "vaccine" is feigned in order to appeal to the instinct to want something at all costs.
- 18. Corona traffic light:** After 9/11, they introduced a "terrorism traffic light" where, based on dubious intelligence sources, it was constantly changed from yellow to red because of an alleged permanent danger from invisible terrorists. It is the same instrument of population control as today where dubious "experts" claim that an invisible virus is a permanent danger. Control through fear without any real basis.
- 19. Ruling class:** "Rules for you, not for us" - politicians repeatedly wear no masks, fireworks only for them, so they gradually train people to accept that different rules apply to them than to the people. A "Hunger Games" society.
- 20. 2+2=5 concept of George Orwell:** "2+2 is not 4, it is not 5 either. True is whatever the government says is true and whoever questions that is insane". Yesterday masks did not help, today they are mandatory because they have always helped. This is not changing scientific knowledge, this is psychological conditioning under pretext so that people submit to new orders without question at any time and without further explanation.
- 21. Rule breaking:** The assertion the measures must be continued/reinforced, because allegedly not all kept to the rules. Thus the tyrants, transfer the responsibility for their restrictions to anonymous fellow human beings.

Psychological Reactions Of The People:

- 1. Denial:** Not wanting to accept realities that expose one's own worldview as false.
 - 2. Learned helplessness:** When people believe they have no control over what happens to them, they begin to think, feel, and act as if they are helpless, even when there is a way to change their situation.
 - 3. Stockholm Syndrome:** This describes hostage or abuse victims who ally themselves with their captors or abusers, protect them, even help them. It is a survival mechanism in a predicament. Statistically much more common in women than in men, as they are able to survive in predicaments mainly by adapting.
 - 4. Cognitive dissonance:** This describes a state in which desire and knowledge are in contradiction and knowledge is blocked out in order to satisfy desire. For example, if someone follows nonsensical rules out of blind obedience to government, even though they know they are nonsensical, they are in a state of cognitive dissonance.
- Conclusion:** The "Covid pandemic" is a psychological hostage-taking under a constructed medical pretext to manipulate people into behaviors in order to achieve desired social changes (NWO).

NWO Agenda In Detail

A. New Normality: The system has no intention to abolish the "Corona Measures" again. They want to keep them forever, establish them as the "New Normal" and steadily expand them until they achieve their goals, mass vaccination and the Great Reset (NWO). In between they will briefly loosen and give false hope to release pent up anger from the social steam boiler, only to immediately tighten again. Lockdown, hardcore lockdown, permanent lockdown, mega-lockdown, etc. This is a gradual wrestling down into oppression until ultimately the will to resist is broken. Curfews are increasingly prolonged. Movement radii become more and more restricted. First 15miles, then 5miles, then 1mile. In the final stage, people are not allowed to leave their homes at all without special permission. Complete curfews, with supermarkets closed. Ban on speaking on public transport. Complete shutdown of public transport. Closure of all public bars. It will take increasingly extreme forms. They interrupt our communication.

Online through censorship, in real life through movement radius and lockdowns. They want to imprison us in their perception bubble.

B. Pandemic: A new order is most easily established out of chaos. People have matured politically, they can no longer be maneuvered into wars by ideologies and politics. That was tried with Syria/Ukraine/North Korea/Iran through targeted destabilization and failed. That is why a medical/scientific theme is now being attempted. The "Covid pandemic" is a globally coordinated con job. A pandemic never took place at any time. It is a purely theoretical fabrication, an illusion created by means of the manipulative application of the PCR procedure (Covid test), media reports with staged scenes or scenes taken out of context, purely fictitious computer models, manipulative graphics, falsified statistics, statements by corrupt or incompetent medical professionals and permanent psychological warfare by politicians, institutions and the media. In real life it is non-existent. Turn off TV/radio, put away the newspaper, ignore the politicians, and the pandemic is over.

C. Hospital Collapse: Around the world, in the U.S., England, China, Brazil, France, Italy, and Germany, investigators have visited hospitals, which according to the media are overrun with Corona cases, and found them with empty rooms and nervous, camera-shy hospital staff refusing to give any information. People were paid by the media to stand in line outside hospitals. Hospitals are empty, not overcrowded! Intensive care bed utilization in percent is increasing because capacity is being artificially reduced to generate higher numbers. Numerous hospitals, pharmacies, and funeral homes filed for bankruptcy in 2020.

D. Virus: Death numbers in 2020 are in the normal range compared to previous years. There is no excess mortality because there is no new virus with higher death rate. The alleged novel SARS-CoV-2 virus cannot be isolated and does not meet Koch's postulates. "Covid-19" exists only in specious medical theory and the positive PCR test, but it does not detect viral infection. Some have the regular flu at the time of the positive test and therefore experience flu symptoms. Regular flu has been renamed Covid-19, while the PCR test generates high numbers. In the media, the number of people testing positive for PCR is referred to as "new Corona/Covid cases" or "new infections."

E. Covid PCR test: The PCR test is a scam that is beyond the understanding of the general population due to its complexity. Measures are justified by "case numbers." PCR tests that produce case numbers do not distinguish between disease-causing virus and inactive fragments that have been in the body for weeks. The PCR test identifies a side mirror (RNA) and then deduces the presence of a car (virus) in a purely theoretical process. According to Kary Mullis, Nobel Prize winner in chemistry and inventor of the PCR method. A positive test does not mean that an intact virus was found. It does not tell whether someone was, is or will be sick. By increasing the number of cycles or magnifications, 35+ instead of recommended 25, the test is hypersensitive and gives over 97% false positives. Tests can be considered positive even if the specific target sequence of the Covid 19 virus test is negative and only the more general target sequence is positive. This results in simple cold viruses, also triggering a false positive Covid test result. The test also gives "positive results" when used with papayas, goats, or cola. That's why case numbers are increasing while illness and death rates remain the same. "Covid" will never go away if this test continues to be used. That is exactly the plan. A perpetual pandemic for the purpose of population control. If the (PCR test) numbers go down, that leads to prolonging the measures because they supposedly work! If the numbers rise, this leads to the intensification of the measures, because they are supposedly necessary! This allows a perpetual state of emergency and ever stronger restrictions. Once many people have been vaccinated, 25 cycles are done again instead of 35+, causing the "virus" (positive tests) to disappear and claiming it is because of vaccination. When the test swab is performed, the blood-brain barrier is irritated in the nasopharynx to violate and weaken this barrier against viruses and bacteria. In addition, the test is a DNA swab without informed consent to secretly increase government genome databases.

F. Mutations: To massively escalate the scam, new "Covid waves" and "purely random and dangerous Covid mutations" are propagated. These will be the result of manipulative theoretical definition with no real or relevant basis.

G. Vaccination: the Covid "vaccine" induces allergy to widespread regular influenza viruses, thereby enhancing their aggressiveness and lethality. Vaccines are time-delayed bioweapons that destroy natural immunity. Therefore explosive increase of cancer, leukemia, autoimmune diseases, especially in children. Sterility, diseases and deaths caused by vaccines have been systematically covered up for decades by pharmaceutical lobby and politics through lies, deception, bribery and statistical fraud. New DNA and mRNA vaccines lead to genetically modified humans (GMO) through biotechnological manipulation. Lower IQ, psychopathy, strong obedience to authority, massively reduced life expectancy due to higher susceptibility to disease, very high sterility rates especially among women. If people immediately became ill or died when vaccinated, others would refuse vaccination. Some people are hypersensitive, they react sensitively and collapse/die immediately instead of developing autoimmune diseases and cancer years later. It is not the problem they propagate that brings about population reduction, it is the solution they propagate!

H. Vaccination centers: A parallel, NWO-controlled, medical infrastructure to exclude family doctors from the diagnostic process and thus to deliberately increase the rate of vaccine damage due to missing individual diagnoses.

I. Mouth-nose protection (muzzle): Mask fabric is viral permeable. They are used by doctors in the operating room only, to prevent bacteria in saliva from entering open wounds. The mask is their primary tool for psychological conditioning. They train us like Pavlovian dogs, train us like lab rats in a maze.

Gradual trivialization and normalization. First called a virus mask, then a protective mask, then a face mask, then an everyday mask. In other words, it is to become a self-evident piece of everyday clothing, like a hat or gloves.

The true purpose of the mask is:

1. Initiation ritual. By conforming, one gives up the old identity and adopts a new one. According to studies, when people go through an unpleasant initiation to become a member of a group, their sympathy for the group increases. This is found in gangs, the military, and more recently in civil society.
2. People are portrayed as dangerous virus carriers, information exchange is inhibited and greatly reduced.
3. Subjugation. People are psychologically broken by following obviously nonsensical rules.
4. Body, immune system and psyche are weakened by reduction of oxygen, CO2 rebreathing and permanent stress.
5. Blackmail. Either accept tracking, forced vaccination, vaccination certificate, travel restriction or the mask stays on!
6. Avoidance. People who realize the nonsense of the mask cannot bear to put it on and therefore avoid purchases, which in turn has a negative impact on the local economy.

With the mask obligation stands and falls their house of lies. They will voluntarily never abolish it and will defend it with all means against questioning and abolition. They will try to expand it so that the mask must be worn everywhere outside at all times and even in private homes. Without mask, no illusion of danger from a virus, consequently no dictatorship. Therefore, the mask requirement must be attacked to the maximum with all available legal and social-psychological tactics to achieve its final abolition. Sue dictatorship middlemen! Inform fellow men! Refuse the mask! Absolute resistance against this psychological hostage-taking based on lies!

J. 1.5m distance (Social Distancing): The medical explanation models are excuses. The point is to condition the population to keep their distance to enable satellite/5G network assisted tracking with GPS of individuals once they have the microchip implanted. Close spacing creates jamming effects/interference. With 1.5m distance lines in the supermarket, they train us like lab rats in a cage, then implant us like animals with tracking chips and monitor us permanently. The "elite" see humans as farm animals and strive for absolute control over them.

K. Lockdowns: According to the UN, 1.6 billion people are at risk of acute loss of livelihood due to lockdowns, and 150 million children are at risk of acute poverty. Highs in unemployment, bankruptcies and psychological problems.

Economic Warfare: The "Great Reset" is being initiated to transfer wealth and power to global corporations and the financial elite. Destruction of the middle class, small businesses and the self-employed. Massive increase in national debt.

Basic income from the state. Dependence in return for absolute obedience and submission to state propaganda.

L. Abolition of cash: Digitization of money. Scientifically false claim that viruses are transmitted by bills. Emotional manipulation: "Please support our cashiers". Gradual abolition,

Cash->credit card->smartphone->smartwatch->electronic tattoo->implanted RFID chip in hand->neurolink.

M. Food control: Shutting down/ruining food companies under Covid pretext. Sabotage of supply chains. Placing supplies under federal control. Handing out only to vaccinated (later only to chipped).

N. System Relevance: A technocratic-eugenic concept that divides people into classes of different value and prepares them in the final stage for targeted euthanasia similar to Aktion T4 (Nazi program), the extermination of the life-unworthy. It is a scientification of evil to gain wide acceptance for population reduction measures.

O. Microchip: An implanted microchip for permanent monitoring and total bio-chemical manipulation (including triggering disease and death) by means of frequencies. Thousands of Swedes have already been implanted with microchips. Sparda Bank Berlin advertises chip implant. First voluntarily, then coercion. Step by step, by means of lies, deception and slow change of law.

P. Censorship: "Only lies need the support of state power; truth is always serene" - Thomas Jefferson. If propaganda based on lies were sufficient, there would be no censorship in dictatorships. The Internet is massively censored, thousands(!) of profiles, channels and accounts of scientists, doctors, journalists, activists are deleted or shadow-banned. Channels that uncritically propagate the system's opinion reach very high audience numbers. This anti-democratic system invented the war-psychological term of "fake news" to install itself as the authority of truth and to slander its critics. Youtube, Twitter, Facebook, and Google systematically censor information about Covid. Amazon censors hundreds of books (digital book burning). The state approvingly accepts these processes, even covertly promotes them. It is a global opinion cartel which prevents any questioning of the Corona pandemic hoax. In Europe, people have fought for centuries to defend free speech. The system must therefore proceed by means of fraudulent deception in order to abolish it. Terms like "optimizing the search algorithm" and "fact checking", are euphemisms for radical censorship. They want absolute interpretive sovereignty. They cannot survive in the competition of arguments, because their propaganda is based on lies. They are not concerned with scientific truth, but with a seizure of power by means of a pretext that only appears scientific. The building of lies may not be technically competently questioned, however, because otherwise it collapses. That is why critics of the system are now called a case for the psychologist. Psychiatry is instrumentalized in order to ultimately forcibly incarcerate the opposition of the system. Lawyers and doctors have already been arrested and committed to psychiatric wards in the course of the Covid hoax. This is how the system tests how the population reacts.

Q. Media: Behind the private media works the transatlantic network (Council on Foreign Relations, National Security Council, NATO). Big-Tech are monopolies created by black funding and coordinated censorship of information. Wikipedia is systematically manipulated by anonymous administrators and network-like groupings with very few highly active users. Allegedly, every second celebrity is "infected" with Covid. A frequency that is statistically impossible. These individuals are lying. The same ones will also claim to be vaccinated, although they will not do it, or only with trick needles or saline in front of the cameras. A principle of war propaganda is: "Respected cultural figures and scientists support our cause".

R. "Experts": The reason there is so much disagreement among reputable experts is not because issues like climate/asylum/pandemic are so endlessly complex, but because some are sincerely seeking the truth and best solution and others are pursuing the NWO agenda and deliberately lying and deceiving to push it through. The latter are the "experts" which you see on TV, while the others are ignored and/or their reputation is damaged. They are not scientists, they are collaborators who are paid, blackmailed, or threatened.

S. Courts: The courts judge that an abstract (theoretical) danger is sufficient to suspend the basic laws. Thus, an illusion of danger from an alleged pandemic, based purely on theoretical models and testing procedures, is sufficient to suspend human rights. Thus, the deception is legally legitimized.

T. State organs: It would be their task to recognize a fraud and to stop it. The majority of the state helps to carry out the fraud, increasingly with violence. They coerce citizens with the useless muzzling, drag refuseniks out of trains, buses and markets, beat up demonstrators, put lawyers in psychiatric hospitals, ban demonstrations, tighten laws and will also intern quarantine refuseniks in quarantine camps. New police laws are becoming increasingly totalitarian, allowing police preventive detention, online searches and use of hand grenades! These are dictatorial powers. The excuses are the same in every dictatorship. Admitting to being duped and used as an accessory to a serious crime by con artists at the highest levels of government would require backbone and character. Which, so far, is openly demonstrated by only a shockingly small minority. Career, pension entitlement, social prestige, the reasons for immoral obedience are well known but unacceptable. There are also soft forms of resistance. Service by the book, looking the other way, and anonymous publication of internal information. That would be the least to be expected from a moral person.

U. Army: Gradual first object protection, administrative assistance at checkpoints/immigration centers, patrols, then total mobilization, deportation of the opposition, suppression of uprisings. Each stage under pretext ("Just to help.") until ultimately neighbors are taken out of homes and taken to vaccination centers or "quarantine camps" for forced vaccination.

V. Metaphysical Laws: If they are cold-blooded psychopaths, why only the illusion of a virus and not a real one (bioweapon)? The "elites" are occultists (Satanists) whose actions are constrained by metaphysical laws. They avoid violating free will directly. Third Newton's law (action-reaction), in the East it is called karma, the popular wisdom is: What goes around, comes around. An exception to this law allows for people to be deceived / tested, on the condition that the deception remains recognizable. That is why they build into their deceptions, tricks, logical errors and ironic elements. Politicians get vaccinated with trick needles, vaccination is only simulated, vaccinators answer evasively when asked if they get vaccinated. First lockdown Germany on 23.3.2020. On 23.3.1933 the enabling laws of the Nazis were passed. Veterinarian(!) Prof. Lothar Wieler of the RKI (German version of the CDC) is appointed as expert for the human pandemic. Prof. Christian Drosten. The 'Christian' (religious orientation) Dr. Oster (Dr. "East" in German language) is the test developer for the virus from atheistic (communist) China in the East. The address of "COVID vaccine manufacturer BioNTech SE is 'An der Goldgrube 12' (At the Goldmine 12). There are dozens of such hints. They are like the warning colors of poisonous plants or animals. With each additional hint, they give the chance to recognize the trickster, thus asking for permission to continue. If you let them, they will be even more brazen the next time. Jean-Claude Juncker (Chief of the European Union: "We decide something, then put it in the room and wait some time to see if something happens. If there is then no big complaining and no uprisings, because most do not understand at all what was decided there, then we continue." The NWO goal is openly admitted by the "elite" in their publications. Criminals are often arrogant narcissists out of touch with reality who brag about their crimes and mock investigators. In addition, there are the metaphysical laws according to which the "elite" are obliged to make their plans public in order to avoid the karmic consequences of their crimes. One of these titles is: "COVID-19: Der Grosse Umbruch" (The Great Reset) by Klaus Schwab, founder of the World Economic Forum and model for every megalomaniac James Bond super villain. Fiction imitates life. There are dozens of such titles in which the "elite" openly announce a NWO. These people are not theorizing amateurs, not harmless daydreamers, they are organized, financially strong, powerful, serious criminal psychopaths. Those who do not take their proclamations of intent seriously do so at their own peril.

W. Deceptions: COVID-19 was not the first and not the last deception. If you understand how this one works in principle, you understand all the others. The "elite" acts in a very formulaic way and usually changes its proven procedure only slightly. The NWO globally carries out a high number (hundreds) and great variety of deceptions on the smallest and largest scale. From staged school shootings, traffic accidents ("car crashes into crowd"), plane crashes, terrorist attacks, the concept of "man-made" climate change, to a staged global pandemic. It's elusive and seems like pure fiction, but it's fact. It is just a matter of getting used to thinking in larger scales and global contexts. This is done to transform civilization into the NWO by means of the "problem-reaction-solution" method. Event by event, the fallacy based on deception is becoming the new reality. As in the USA, they will try to use the pandemic illusion in Germany to switch to absentee voting, and then carry out massive election fraud to keep the NWO collaborators in power in the government. They will continue to cause crises, or create the illusion of crises. Another wave of asylum seeker, major blackout (EMP), cyber-attack (scapegoat Russia/Iran), weather chaos (alleged climate change), new "even more deadly pandemics" and so on.

X. Population reduction: The "elite" wants to reduce humanity as it becomes expendable in the wake of the 4th industrial revolution. In the words of "Prince" Phillip, "If I am reborn, I want to return as a deadly virus to contribute something to the solution of overpopulation." They are psychopaths with absolute contempt for humanity who block scientific innovation while spreading lying propaganda about climate, population, and carrying capacity of the planet.

Conclusion: Due to the scope and complexity of this agenda, the details still need clarification, but in the grand scheme of things, the "COVID pandemic" is without a doubt a scam executed with deliberate malicious intent as a means to seize global power and weaken and decimate humanity using, among other things, "vaccine" bioweapons. Ultimately, everyone must listen to their heart and walk the path to truth themselves.

Who Is Behind All This And Why?

"Truth is like a lion, you only have to let it loose and it will defend itself." - St. Augustine

"Conspiracy theory", with this psychologically powerful word, conspiratorial systems of injustice defend themselves against their questioning and exposure, manipulating for their own benefit the ignorant and the simple-minded gullible. Fact is, small and large conspiracies are constant sociological and political reality: Reichstag fire, assault on the Gleiwitz radio station (Since 5:45 a.m. they are now firing back – Begin of World War 2), GDR wall construction (Nobody intends to build a wall – Begin of the Berlin Wall), Watergate affair, Gulf of Tonkin incident (Begin of Vietnam War), Tian'anmen massacre, NATO army Gladio, alleged weapons of mass destruction in Iraq (which were never found) whereupon hundreds of thousands of Iraqi civilians died as a result of the invasion. Corrupt "elites" within governments deliberately lie, deceive, and conspire. Some such conspiracies create wars with countless deaths. According to U.S. researchers, governments are directly responsible for at least 260 million deaths in the 20th century. Democide, murder by government, happened, is happening, and will happen again. It is also possible again in Germany. World War III has already begun. It is a silent, frontless information war with silent weapons between the global population and a technocratic eugenics "elite" consisting of a multi-ethnic, international grouping of politicians (Democrats, UN, EU, CCP), scientists (WHO), computer scientists (big-tech Silicon Valley), industrialists (Bilderberger), high finance (World Bank, IMF, WWF) and thousands of collaborators at decision-making levels in the media, politics (federal to local), judiciary, military/police, pharmaceutical industry and business. In scope and organization, it is comparable to the Manhattan Project in which 150,000 people were involved and whose existence was completely unknown to the public. This is possible because of hierarchical departmentalization, division formation, nondisclosure agreements, surveillance, bribery, threats, extortion, and liquidation. It is a transnational company with offshoots in all geopolitically relevant countries (franchise). It is also called the Deep State or NWO (New World Order). The stated goal is total surveillance, control and ultimately massive population reduction, according to Georgia Guidestones to 500 million, according to internal documents to small elite circles of a few thousand. This war is being waged via institutional infiltration, control of digital infrastructure, psychological warfare through the media, use of debilitating bio/chemical weapons (fluoride, GMO, glyphosate, sugar, plasticizers, chemtrails) in the food cycle, and EMF frequency weapon systems (5G, SMART products, I-Phones). This is not a subjective pattern in chaos, not conspiracy paranoia, not negligence, not coincidence, not accident, not incompetence, not lack of intelligence, not blind political actionism, it is a deliberate agenda with the goal of establishing the New World Order (NWO). There are no tanks rolling, no soldiers shooting (yet), it is a gradual political, economic and media assimilation process using scientific methodology. Many believe that a small "elite" could not manipulate billions. Since billions walk around largely uncritical with masks the opposite is obviously proven for everyone. Worldwide conspiracy sounds impossible, but in fact it is not difficult, because civilization is structured hierarchically (pyramidal). Every organization is a pyramid in which one or a few, dictate to many people. A small "elite" can manipulate therefore billions by means of on the decision levels simultaneously implemented defaults in thinking and thus acting. "We can forgive children for being afraid of the dark. It becomes a real tragedy when they are afraid of daylight as adults." - Plato. Time to face the facts. There is no pandemic taking place, at no point was it about health. This is not an act of forced assistance it is a hostage taking by means of psychological terror. The people who are participating in this are suffering from Stockholm syndrome. Biden, Harris, Fauci, Cuomo, etc. are not benefactors who only want the best for the people, they are pathologically lying psychopaths who are part of a global network in governments and institutions (NWO). By themselves these criminals will never return to normality, we have to end it ourselves. They are establishing a DICTATORSHIP by means of FRAUD. Time to say NO! IT'S ENOUGH! STOP THE MADNESS! While it is still possible to end it. Time is running out.

RESISTANCE

The system seems overpowering; in truth, this sudden rabid mania for control and censorship is the last rebellion of an ending system whose power is based solely on lies. When the lies are understood, its power ends. Knowledge is the key because it helps us see through the deception and expand our understanding. Through knowledge, the agenda of the "elite" is exposed and we develop new insights and skills that enable us to effectively counter this hostile agenda. We cannot force the system to tell the truth. But we can make it lie more and more brazenly. Knowledge is power. The more accurately the population is informed about the agenda, the more difficult it will be for the system to navigate until their house of lies ultimately collapses under the weight of all its ever more obviously constructed excuses. The darker the night, the further a light shines. Small actions can have big effects. The "elite" know that the individual has power. That's why they try so hard to constantly convince us otherwise. The truth is that synchronicity, butterfly effect, small world phenomenon, hundredth monkey principle, tipping point, noosphere and other sociological and higher physical phenomena bring people together, despite distance, class, age and other divisive conditions and so the course of the world is changed. According to a Harvard University study, an active resistance of 3.5% of the population is enough to bring about a change in the political system. Historically, major changes have always been brought about by a small minority. Any further small crack in the dam of tyrants will eventually cause it to break. It is important to inform others. In private conversations, on Internet platforms, in forums, or anonymously via flyers. Put dictatorship under stress to destabilize it and demotivate accomplices. Sue governments, corporations, and block watchers (for discrimination, coercion, defamation, violation of basic law, violation of human rights). If the NWO power grab succeeds, people's freedom will be blown out like a candle forever. There will not be another attempt. This time it is global, there are no more free countries to relocate to. The bridges behind us have been burned and there is no turning back for the "elite" either, they have crossed the Rubicon. Conflict is inevitable. Failure is not an option. Be brave and good luck!
