

The first Launchpad
on [Crypto.org](https://crypto.org) Chain

Limitless, Borderless, All-in-One [Launch Zone](#) of the Metaverse

What is Cronos Launcher?

Cronos Launcher is the #1 Launch Zone on the first EVM compatible and IBC interoperable blockchain: Cronos.

What does it mean a Launch Zone?
A **limitless, borderless, All-in-One** platform to launch ALL kinds of projects:

- DAOs
- GameFi
- DeFi
- NFTs

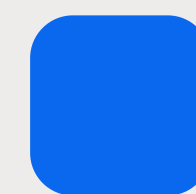

GameFi

Thanks to the [Play-to-Earn](#) growth and the rebranding of Facebook in *Meta*, the decentralized gaming sector is going viral in Q4 2021.

The Initial Game Offerings (IGO) are the last trend and Cronos Launcher aims to be one of the main actors in building the [Cronos Metaverse](#) supporting promising projects and giving players the chance to purchase and farm tokens before anyone else.

Launchpool

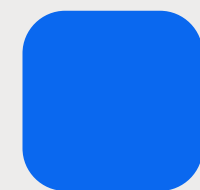

IGO (Initial Game Offering)

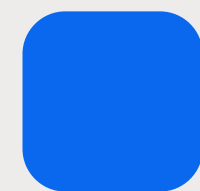

DeFi

Cronos is a brand new ecosystem ready to be built, [DEXes & Lending](#) platforms are ready to develop, [Indexes & Insurance](#) protocols are ready to move from IBC-compatible and EVM blockchains and some [Yield Optimizers & Aggregators](#) have already done it.

Cronos Launcher is the first incubator and accelerator on Cronos, active since day one and ready to launch the future leading protocols of this blockchain.

Launchpad

IDO (Initial Dex Offering)

DAO

Natively born in the DeFi, **DAOs** are quickly taking control of the crypto world holding billions in assets and controlling the majority of the biggest DeFi protocols.

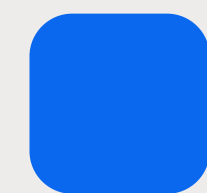

In a future dominated by DAOs, **Governance tokens** are the new standard in truly-decentralized projects giving to the holders voting power, revenue shares and further benefits giving the investors a key position in their development.

-  DAICO (Decentralized Autonomous ICO)
-  Airdrop

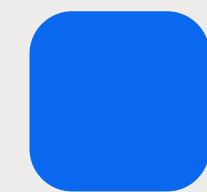

NFT

[NFT collections](#) are sharply rising, becoming mainstream and gaining the interest of mass media and famous personalities from all over the world, from NBA players to Hollywood stars.

Given its technical features, Cronos has the potential to attract a high number creators to become a hub for [Wrapped NFTs](#) and [Fractionalized NFTs](#) thanks to its interoperability and its cheaper fees.
