ABOUT LINDACOIN

Lindacoin is a proof of stake digital currency. It creates utility products that allow Linda to be used in everyday scenarios. It also offers partnership opportunities to other cryptocurrencies to use the Lindacoin platform. As the Linda wallet technology evolves, we strive to simplify the processes of staking or masternode ownership as well as improve your overall wallet experience.

BRAND NEW PARTNERSHIP

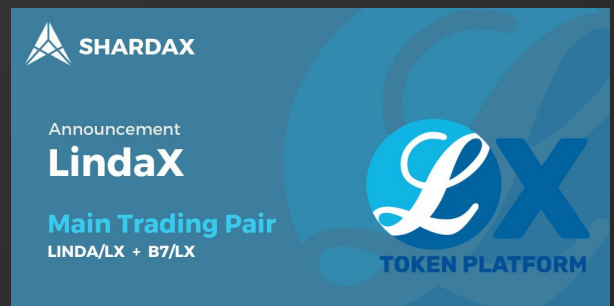

SEATTLE GUMMY COMPANY

The Linda team is excited to announce its newest partnership with Seattle Gummy Company! Soon you will be able to use Lindacoin on their website to purchase their incredible performance gummies. Seattle Gummy Company (SGC) started from a desire for something better; they wanted to get create a way to get active ingredients in the body fast in 3-5 minutes. Life demands your attention RIGHT NOW so your nutrition and energy products should be the same. Their nutraceuticals and soon their pharmaceuticals were founded on hard-science rather than voodoo and wizardry. What does that mean? Try a Mocca Shot and find out for yourself! Click on the partnership picture to right to learn more about SGC.
