Street Struck

Double G is a Skopje based DJ, collector & promoter, bought his first pair of turnables and a mixer in late 2016, starting to spin hip hop at private parties which later served as one of the inspirations to form the cultural collective Skopski Groove, alongside other creative individuals. He is one of the founders of the only record store in the city with a main focus on dance music - Wax Revival Store, and a part of the crew behind the now globally known Amok Radio.
