Dedication Service And Ceremony To Honor World War II Merchant Marine Veterans

The public is cordially invited to attend the dedication of a memorial to the Charlestown Merchant Marine Veterans of World War II and seven residents who made the supreme sacrifice: Frederick W. Cahill, Paul E. Carroll, Alan I. Doherty, Robert D. Eatherton, Jeremiah J. Harrington, Edward F. Kelly and Charles H. Stevens. It will be held on Sunday morning, Aug. 28.

Plans for the ceremony are being coordinated by the Charlestown Veterans

Committee and Massport, in conjunction with Bunker Hill Post 26, The American Legion, Boston National Historical Park and the SS John W. Brown/ Liberty Ship Project

The program will begin with a 10 a.m. Ecumenical Service aboard the SS John W. Brown, one of two remaining World War II Liberty Ships, now berthed at Pier One in the Boston National Historical Park section of the Charlestown Navy Yard.

At the conclusion of

the service, at approximately 10:45 a.m., the gathering will march approximately one-half mile to the martial music of the Colonial Band of Lawrence, to Massport's property on Medford Street, the site of the former Revere Sugar facility. The dedication ceremony will be held at the entrance where a granite memorial with a bronze plaque, completely subsidized by Massport, will be unveiled.

A collation will follow the dedicatory program.

Massport Completes Summer-Long Tobin Bridge Clean-Up Project

The Massachusetts Port Authority (Massport) has announced the completion of its summer-long Tobin Bridge clean-up project, which included the Lead Paint Pick-Up Program. A crew of Massport summer workers made a clean sweep in areas abutting Massport properties in Charlestown and Chelsea cleaning and beautifying the Freedom Trail, landscaping the Lowney Way lot and Decatur Street Beautification Project in Charlestown, and picking up debris and cutting grass underneath the Tobin Bridge in Chelsea.

Massport maintains one of the most comprehensive community outreach programs of any port authority in the country. Executive Director and CEO Stephen P. Tocco said, "The Lead

Paint Chip Pick-Up Program is just another way Massport is showing its concern for the neighbors abutting Massport's properties. And, not only did we provide a beneficial service to our community, we also placed five area students in summer jobs."

One of the major summer projects was the Lead Paint Chip Pick-Up Program, administered through Massport's Community Affairs Department.

Massport included all residents (property owners and tenants) living within 100 feet of the Tobin Bridge to participate in the yard clean-up through a door-to-door flyer drop (in both English and Spanish) outlining the process. The crew answered all requests and inspected the yard areas, then removed any

lead chips that may have fallen from the Tobin Bridge. The goal was to pick up all chips before they had a chance to crumble and mix in with the soil.

The Lead Paint Chip Pick-Up Program is a follow-up to a spring 1993 street vacuum cleaning service, part of Massport's Tobin Bridge Community Project, which removed lead chips from streets abutting the Tobin Bridge. This particular service will be performed again in the fall to help keep the neighborhoods clean.

Prior to the sweeper service, Massport completed a voluntary soil replacement program which either encapsulated or removed and replaced old soil and sod on residential, day care and educational properties within 100 feet of the bridge.

PRAYER TO THE BLESSED VIRGIN

(never known to fail)

O most beautiful flower of Mount Carmel, fruitful vine, splendor of Heaven, Blessed Mother of the Son of God, Immaculate Virgin, assist me in my necessity. O Star of the Sea, help me and show me here you are my mother. O Holy Mary, Mother of God, Queen of Heaven and Earth, I humbly beseech you from the bottom of my heart to secure me in my necessity (make request). There are none that can withstand your power. O Mary, conceived without sin, pray for us who have recourse to thee (3 times). Say this prayer for 3 consecutive days and then you must publish it and it will be granted to you.

A.D.

THANK YOU, GOD

Say nine Hail Marys for nine days and ask for three wishes. First business, second and third is for the impossible. Have this published on the ninth day and your wishes will come true even though you may not believe in it.

SELECTING A REALTOR

When you've decided that it's time to buy a new home, finding a Realtor to help with your search is an important first step. Many advice books say start with the car. The bigger the car, the better the agent! While you're going to be spending a considerable amount of time in the agent's car, it's important to be comfortable with the person as well as his or her automobile.

Look for an agent who is willing to listen when you explain what you're looking for, and who knows the market well enough to find it for you within a reasonable time frame. Knowledge, professionalism and experience are all important, but a smart aggressive rookie agent may be in a position to provide service quality that rivals that of an industry veteran. If you don't know of any Realtors, ask friends for referrals. Word of mouth advertising is the best kind for any real estate professional.

For solid advice on buying or selling real estate, consult the professionals at **Monument Properties**. Call us at 241-5900 or stop by our office at 85 Warren St., Charlestown.

In addition to Best Musical of the Year, "Fiddler on the Roof" won Tony Awards for Best Author (Joseph Stein), Best Composer and Lyricist (Jerry Bock and Sheldon Harnick) and Best Direction and Choreographer (Jerome Robbins).

Inspired by the stories of Shalom Aleichem, "Fiddler on the Roof" is set in the small Russian village of Anatevka in 1905 and tells the tale of Tevye, the village milkman, his wife and five daughters. This extraordinary family musical focuses on love and laughter, devotion and defiance

Brown at Pier One in the Charlestown Navy Yard at 10 a.m. on Sunday, Aug. 28 and continue to the Massport site at the former Revere Sugar facility on Medford Street. Please join family members, veterans and guests in pausing to remember.

• The Story Behind The Story . . .

The "Inside Track" column in last Sunday's **Boston Herald** contained a feature entitled "They'd Kill For It" which related the story of a new film treatment about "twisted attorneys who kill" by Sheila Sweeney, director of development for the Mass. Academy of Trial Attorneys. What was not said is that Sheila is a Charlestown gal, born and brought up in this community. Sheila explains to us non-Hollywood types that a film treatment is a synopsis of an entire movie, including characters and locations, details and descriptions. An agent has the treatment and studio interest is there.

Sheila, along with family friend, singer Wayne Newton and his sister-in-law Tricia McCrone, a researcher for the Jenny Jones Show out of Chicago, began their writing last summer in N.H. and finished it in Las Vegas over the New Year's holiday. According to Sheila, her writing background, Tricia's education in film and Wayne's vivid imagination appears to have formed a winning combo. The trio is hoping to be named creative consultants when the film is bought and produced.

The three are now at work on research for what Sheila calls a "love story," based on men and women who served in Vietnam. But as to their first collaboration, Sheila will only say "it's a thriller" and she won't even share the plot with her nearest and dearest. However, we will be looking forward to an invite to the premiere!

★ **Final Free Family Fun Friday** ... Almost 200 residents took part in last week's "Free Family Fun Fridays" at the Charlestown Community Center at 255 Medford St. This summer series will conclude this Friday, Aug. 26.

Some special surprises are planned for this final evening. There will be games from 6 to 10 p.m., and a family swim from 6:30 to 8 p.m. The evening will be topped off with a movie at 8:15 p.m. Refreshments will be available, and hopes are this week's cooks are of the gourmet variety as was the duo of John and Danny who manned the grills last week!

Well, the movie prognosticator this week is Anthony and he says it's a go for "Mrs. Doubtfire" ... but Jean and Louie are strangely silent for a change ... and Peter assures all that there will be a movie but he "doubts" it will be Dick

Tracey! Better luck next time, Pete.

★ **Magazine Buyers Beware!** ... It's August - have you been interrupted during dinner or stopped on the street with the request to buy a magazine subscription, yet? If not, chances are you probably will be by Labor Day. This is the season when magazine sales crews hit the Northeast.

During this high season of magazine sales, the Better Business Bureau (BBB) wants consumers to know some of their rights and responsibilities when it comes to considering such a purchase.

"I've personally been pressured by a door-to-door magazine sale," said Robert H. Williams, president and CEO of the BBB. "It was quite unnerving, to say the least, to hear the young salesperson proudly state that his company was registered with the BBB."

"Registration sounds official, as if the company has the BBB's blessing, which is what the salesperson wants you to think. The fact of the matter is that companies do not 'register' with the BBB. We do not endorse, recommend or disapprove of any product, service or company. We can't, if we expect to remain an impartial, third party."

The BBB advises consumers to keep this checklist on their refrigerator until Labor Day to remind them of the critical factors involved when dealing with magazine sales crews.

- ✓ Consider whether the cost is really a deal. In some cases, the subscription price is inflated to cover commissions or to pay for contest prizes. For example, if the salesperson says that you will pay only \$12 quarterly for a monthly magazine, you are paying \$48 annually, or \$4 per issue, which may be purchased on the newsstand for \$2.50.

- ✓ Understand that if the cost of the subscription(s) is more than \$25, the Federal Trade Commission's "Three-Day Cooling Off Rule" applies and the customer automatically has three business days to cancel.

- ✓ All salespersons should promptly and truthfully identify themselves, their company and their product to a prospective customer.

- ✓ A salesperson should explain the terms and conditions for returning a product or cancelling an order.

- ✓ Receipts and contracts should show the name of the sales representative and the company name, address and telephone number.

- ✓ Many cities and towns require door-to-door salespeople to inform the local police department when they are in town.

- ✓ Salespeople should not contact you after dark.

- ✓ Check out a company before doing business. A BBB Reliability Report can tell you, among other things, how long a business has been in operation, how many complaints they've had, if any, and how they addressed the complaints.

To obtain the BBB's "Selling Magazines and Books" or "Traveling Sales Crews," contact the BBB at 426-9000.

★ **Street Reconstruction Update** ... The Boston Redevelopment Authority (BRA) Three Streets reconstruction project is continuing ac-

ording to schedule. Currently, various construction activities are taking place on several different streets.

All of the finish course of pavement has been placed on Winthrop, Tremont and Union streets. Final cleanup and completion of these streets will now take place. Also included in the upcoming work will be the installation of new street signs and traffic control signs. Work on the crosswalks will begin shortly as will the repair of the back of the sidewalks on Tremont, Winthrop and Union streets.

Patching and paving rehabilitation work has begun on Soley and Cordis streets and is proceeding according to schedule. Middlesex will also be capping the wall at the Harvard-Kent School on Tremont Street starting next week.

Patching in preparation for grading and overlay will also be starting on Monument Square next week. Basically, only one leg of the square will be tied up at any one time. Residents are reminded not to park in the posted areas because work is expected to move quickly and in many different areas at any one given time.

All residents are reminded that weekday parking restrictions remain in effect as posted, on those streets where construction work is still taking place. Your continued cooperation in complying with these restrictions is appreciated.

For questions, concerns or complaints, residents are requested to call 241-9509 or the Middlesex Corporation at 1-508-256-6534.

Rogers In Summer Program In Preparation For Independent Life

Boarding a bus to the mall, depositing money at the bank, buying stamps, doing laundry at the laundromat, visiting the New England Sports Museum. These "errands" - the kind

most teenagers run without hesitation on their summer vacation, were actually lesson plans in this year's Summer Adaptive Living Skills Experience (SALSE) Program at Cotting School.

Cotting School is a private day school in Lexington for girls and boys, ages 3 to 22, with complex physical, learning and communication disabilities.

SALSE is a five-week program designed to provide Cotting's older students, ages 17-21, with the opportunity to develop and expand career awareness and basic living skills in real life settings. Eight students, including Charlestown resident Shawn Rogers, participated in

classroom and community-based instruction.

Community trips allowed the students to explore opportunities in five themed areas: transportation, vocation, community services, community recreation and housing. Learning to use an Automated Teller Machine, wash clothes, interpret a map, and apply for a legal identification card at the Department of Motor Vehicles were just some of the first-time experiences that had an extraordinary impact on the teenagers, each on the verge of needing to manage themselves independently.

In addition, students participated in volunteer job training experiences at local businesses and com-

munity organizations. Rogers, 21, volunteered at the Danversport Yacht Club, ably helping with maintenance and grounds keeping.

He also took part in the program's Weekend Independent Living Experience at two furnished, handicapped-accessible apartments at Tewksbury's Residence Inn by Marriott.

There students, many of whom have never stayed overnight apart from family, learned about personal hygiene, meal planning, preparation and clean up, money management and how to structure their leisure time: each a considerable achievement for a student with complex disabilities.

New Ramps To Eliminate Notorious Intersection Over The Charles River — Due To Open Next Week

According to the Massachusetts Highway Department, driving into Boston from north of the city will soon be a little bit safer. The dangerous intersection of Routes 93 and 1 and Storrow Drive that has been responsible for accidents, frayed nerves and traffic jams that have backed up the entire region, will soon be history. Next week, new ramps that connect the upper and lower decks of Route 93 with the tunnels under Charlestown's City Square will open. This completes the last major portion of the Department of Transportation's Central Artery North Area (CANA) project.

"This ranks as one of the most significant milestones in recent transportation history,

because one of the most accident-prone stretches of highway in the Commonwealth has been eliminated," said Secretary of Transportation James J. Kerasiotes. "Not only have we unsnarled a major congestion point, but by moving the roads connection the Tobin Bridge and Route 93 under City Square, we have removed an eyesore from the community. Charlestown has regained acres of open space and its view of the harbor is back."

For drivers going north from Boston, the exit for Route 1 and the Tobin Bridge has been moved from the right side to the left side of Route 93. Vehicles entering Route 93 north from Storrow Drive will

no longer have to merge across three lanes of traffic within 600, because the new left-side exit is over 2,000 feet away, or three times as far as before.

Southbound drivers on Route 1 coming off the Tobin Bridge will no longer cross over City Square on the viaduct. Instead, they will enter a short tunnel under City Square, emerging onto the new ramp that will merge in the right side of the lower deck of Route 93. Since drivers will already be on the same side of Route 93 as the exit for Storrow Drive, another three-lane weave is eliminated from their commute.

Kerasiotes is making this announcement a week in advance to give the driving public every

opportunity to hear about this major improvement to the highway system. Also, by opening the ramps before Labor Day when many people are on vacation, Kerasiotes expects to ease the first few commutes as drivers get used to the new traffic patterns. Next week, flyers describing the new traffic pattern will be handed out at the Tobin Bridge toll booths, and the region's traffic reporters will be taken on a preview ride of the ramps.

Charlestown residents anxiously await the start of demolition of the monster overpass that is a blight to the City Square area. A date on the beginning of this project will be forthcoming from the Mass. Highway Department.

Girls Center Update

Unfortunately, the summer is over. Every girl who travelled with us this summer agrees that we had an excellent time. Everyday was something new and exciting whether it was the beach, rollerskating, bowling, Canobie Lake Park, Water Country or CASPAR (an intense five weeks of drug and alcohol training) with Rose Baker. Thanks, Rose!

The Girls Center staff is looking forward to our usual school year schedule. Our agenda includes homework hour, arts and crafts and now a reading hour.

Again we will be having our annual hockey league and 3-on-3 basketball tournament. Looking for something new? Check out our volleyball fun.

Don't forget: Smoking is not cool!

Words

Words are but expressions of the thoughts within our heads

And there are times when it is wiser to leave some of them unsaid.

Especially when in anger, we say things we do not mean

Saying words that are demeaning we lose our self esteem.

There are words like rays of sunshine that brighten up our day

And others that can chase the gloom of night away.

There are certain words when spoken can make us feel real low

So low at times it seems life overflows with woe.

Then for some little deed we do, we receive a word of praise

Giving us that needed lift, new hope for better days.

There are nasty words many use so offensive to the ear Words that we could do without and wish we didn't hear.

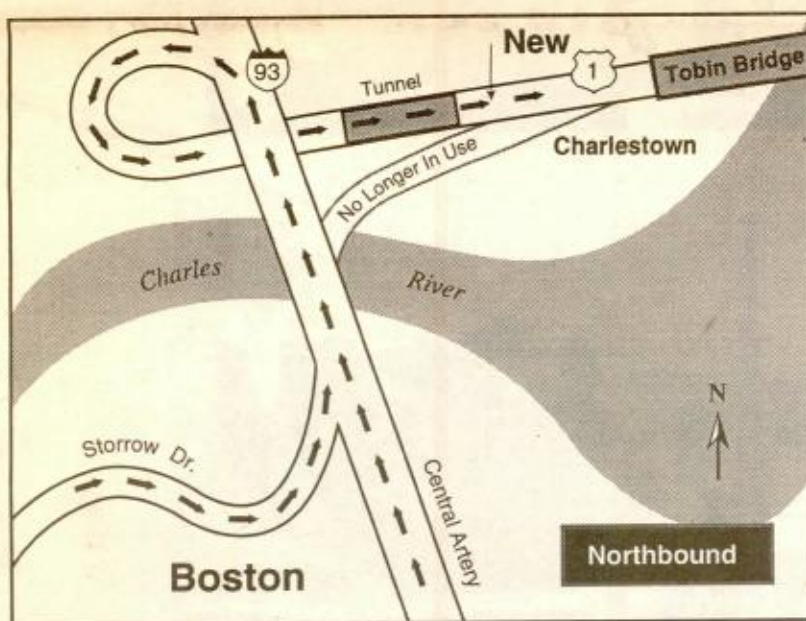

Our choice of words can tell if ladies and gentlemen we be

It's been said to be born either is lucky

And to die one is an accomplishment.

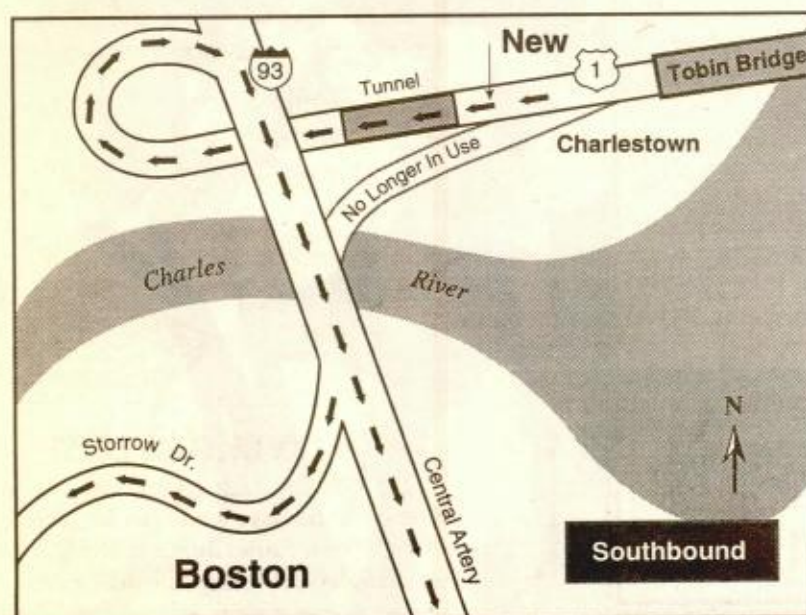

- Marion Burr

IT'S IMPORTANT TO KEEP DETAILED HOME OWNERSHIP RECORDS

Although most people know that it is important to keep records in connection with owning a home, it is not always clear which documents, invoices, receipts, cancelled checks and other items need to be kept and which can be discarded. The key to retaining the right documents is understanding why it's so important to hold on to certain records.

The primary purpose of acquiring the record-keeping habit is to keep track of your home's tax "basis." If you bought your home or hired a contractor to build it for you, your beginning basis is generally its cost or purchase price. Any increase or decrease in your home's basis during the course of your ownership will affect your federal income tax liability when you sell.

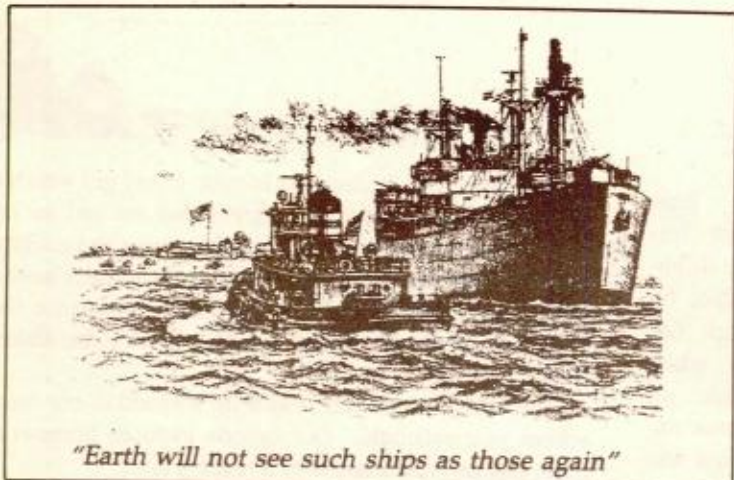

It is usually best to separate your property records into two files - one to contain your home's basic acquisition costs and the other for alterations or improvements. The file on basic acquisition costs should be kept in a safe deposit box, away from possible destruction or loss. In that file should go the deed, title insurance policy, mortgage papers, surveys, maps and the "closing statement."

The second file, on capital improvements, should be kept at home so it's readily accessible. Capital improvements can be counted toward the cost basis. A capital improvement is something that adds value to your home, prolongs its useful life or adapts it to new uses. Putting a recreation room in your unfinished basement, adding another bathroom or bedroom, putting up a fence or paving your driveway are examples of improvements that add to your home's basis.

When compiling these files, keep all records of each transaction, not just a single receipt. Among the records might be the contract from the builder, receipts from a supplier such as a lumber yard, and all cancelled checks to show that you actually paid for the work.

THE SS JOHN W. BROWN, one of only two remaining World War II Liberty Ships, docked at Pier One in the Boston National Park section of the Charlestown Navy Yard on Aug. 23. Michael Patrick Quinn

May 27, 1946 - August 29, 1969

by Ronan J. FitzPatrick

The town he loved so well has not forgotten Michael Patrick Quinn, the gregarious redhead who grew up in the Bunker Hill Housing Development. His caring parents, Leo and Mary Quinn, provided for the family with all the hard work and love they could generate... not an easy task during a radical, changing society.

Michael, the guardian for his sister Ginger and brother Bobby, his pal, would have been so proud to have shared in their many and memorable accomplishments. Ginger, the erstwhile insurance executrix, is now the loving wife of Walter "Fuddy" Doherty and the mother of Michael Quinn Doherty and Aislinn Doherty. Bobby, a Boston firefighter, is a master of orienting the vast outdoors (wilderness). There have been so many and varied superlative events without him - it is hard to believe he is gone nearly 25 years.

From St. Francis de Sales at the top of the hill, Mike would attend Boston Latin School. By the way, I am still on the waiting list at Matignon. While at Boston Latin, Mike distinguished himself in the classroom and the varsity sports programs. Culminating his career at Boston Latin, Mike was awarded the Patrick Thomas Camp-

bell Award for excellence in scholarship, and from the Gridiron Club, the Dr. J.H. Brunett Award for excellence in scholarship, leadership and football prowess in 1963.

The College of the Holy Cross was the next stop in Michael's brief life of 23 years. He enjoyed this renowned Jesuit institution, the dorm life and new friends. Mike's luggage was modest by most standards, but his roommate Billy Sullivan enjoyed the item so well, he made a swap, and Michael became the temporary owner of a new set of American Tourister Luggage while Billy became the beneficiary of a vintage World War II piece. Both parties were immensely pleased with the transaction.

Football and hockey consumed Mike's time out of the classroom where he pursued an economics degree. Classmate and teammate, All American and a member of the Holy Cross Hall of Fame Glenn Grieco held Mike so highly for his character and genuineness that on Sept. 10, 1974 one of his twin boys was named Quinn Robert, on this the fifth anniversary of Mike's burial. Truer love would be hard to find than that demonstrated by Mike's friend, Glenn.

Enlisting in the Platoon Leader Class was consid-

ered an altruistic gesture by many who knew Mike, during these protest periods, but Mike didn't view it that way. To him, duty, honor and country were his paragon. His leadership abilities were truly spectacular. Let us not forget his disarming wit, comic presence and deliverance - all components that gave us a special man.

I had the opportunity to visit Mike at Quantico, Virginia before his graduation from combat class in 1968. When the DIs saw me appearing with my girth in excess of 280 pounds, they thought I was there to be their new poster boy. No P.T. for me that weekend, I was the meals on wheels driver with the 1967 white Rambler. Ed Doherty was this the best instantaneous warmth from any vehicle heater you experienced? Needless to say, it was christened the white bomber and served the gang well. To have witnessed Mike go through the obstacle course in rapid time while in civilian clothing was a unique experience.

Mike's correspondence from Vietnam was always about the great grunts whom he served with and his longing for the gang at Kelly's. A liberal deliverer of sobriquets, Mike's for me was F.F., Fast FitzPatrick. I think not. "Quahog" had a reciprocal

trade agreement with his friends.

My maternal grandmother Elizabeth Teaffe, who lived at 72 Winthrop St., was enthralled with Michael and was so pleased to share his knowledge of the classics. They would discuss Shakespeare and Milton while the remaining group would, one floor above, watch or discuss sports. His depth in subjects and the ease at which he could bridge age and cultural differences was remarkable. Grandma dubbed Mike the "Earl of Dunraven." They corresponded monthly from Vietnam, he the 23-year-old legend, she, the former librarian in Charlestown at 98.

Having shared several employment situations with Mike, his humor was never better. At the Public Gardens, Mike had the sun and sights as he paddled the Swan Boats, while I had the benefit of the shade and soil toiling with an idiot stick. Another joint collaboration was the Charlestown playgrounds. He was assigned to the Oilies (Barry) waterfront, and I to the Kent School hugging the views of the Mystic River Bridge.

As Mike's dear friend Steve Driscoll stated many times about him, "perfection was his goal, but humility his standard."

With the seed money provided by Steve Driscoll

and Ed Johnson, to date \$35,375 has been awarded to 15 young men and 10 young women who have attended and/or are attending some of the finest colleges and universities in this country. Without Steve, Ed, William Koelsch, Edward Doherty, Thomas Morrissey, Michael Powers, Robert Quinn, John Tibbetts, Thomas White and the late James Kiely and Francis McCluskey, who have given altruistically, the scholarship's positive goals would

not have been obtainable. Presently, the combined scholarship awarded annually is \$3,000.

Michael, we had dreams and songs to sing, but that's for another place now. We will never forget your noble courage. You will always be a memorial of virtue to us all.

William Butler Yeats said it best of you Michael, "Count where man's glory most begins and ends and say, my glory was I had such a friend."

ST. CATHERINE'S NEWS

BY FATHER RON COYNE

▲ **Adult Confirmation** - Each year we sponsor adult confirmation classes for any man or woman, 18 years of age or older who has never received the sacrament of confirmation as teenagers. There may also be some who have not received their First Communion or who wish to be baptized or become Catholic as well. Each year, we sponsor four classes for adults and invite them to receive their confirmation at the annual celebration of the sacrament in Charlestown. This year, the Confirmation ceremony will be held at St. Mary's Church on Wednesday, Oct. 12.

All adults interested in being able to participate are reminded that the four classes will be held at St. Catherine's Church on Wednesday evenings, Sept. 7, 14, 21 and 28 at 7 p.m. Classes will be for 1 1/2 hours. The sessions will be conducted by Fathers Coyne, Mottau and Casey.

Each person taking classes will need a copy of his/her baptism record. If someone is going to be baptized or receive his/her First Communion, it will be celebrated prior to Confirmation.

For more information, call Father Coyne at 242-1750. These classes are open to all Charlestown residents and their friends.

▲ **Fourth Annual Parish Show** - Our annual parish show, which will celebrate 100 years of Broadway, will be held on the holiday weekend of Oct. 8 and 9.

We ask all teenagers 13 and older and all adults of all ages to come to our first practice on Thursday, Sept. 8 at 7 p.m. in St. Catherine's Parish hall. Our second practice will be on Sunday, Sept. 11. All Charlestown residents and their friends are welcome to join the cast.

▲ **Boys Ball Hockey League** - Every fall we sponsor a boys ball hockey league for boys 10-14 years of age. The games are played weekday afternoons at 3:30 p.m. in the old and new cages. We usually have between four and six teams. The league runs from mid-September to mid-November. Each team plays two games a week.

The 14-year-olds are team captains and will choose their teams on Thursday, Sept. 15 at 4 p.m. in the lower rectory at St. Catherine's. All boys who wish to play in this league should be at the sign-ups on Thursday, Sept. 15 in order to be selected for a team. The cost is \$5 per person. Older teenagers who would like to volunteer as referees should contact Father Coyne at 242-1750.

BOB D'S BEAT BY BOB DeCRISTOFORO

◆ **Garvey Park Tournament** . . . If the scoreboard is your criteria, Jimmy Hingston's team had a good weekend in the Garvey Park Street Hockey Tournament. Jimmy's team advanced to the second round, but JAFT was K.O. in the first round in a 7-6 contest.

Participants in the tournaments from Charlestown included Jim Gillen, Anthony Matson, Tom McGrath, Todd Fisher, Mike Walsh, Ron Poole, Chuck Kozlowski, Billy Kempton, Jim Hingston, Mark Mansfield, Mike Gouthro, Mark Gorman, Matt Mahoney, J.P. Gillen, Danny Campbell, Eddie Considine, Jimbo Sullivan, Ed McCaulaney, Peter Looney and Bill McKillop.

It was also good to see so many Townies there to support these players on Saturday and Sunday in Dorchester.

◆ **Charlestown Pride Hoopsters** . . . The summer leagues are winding down and the Charlestown Pride basketball team will have its final regular season game at Old Colony in South Boston on Sunday, Aug. 28 at 6 p.m. Playoffs begin the week after Labor Day. Over in Dorchester, Charlestown Pride is still alive in playoff action this week, and the boys will also play another round in the Reebok Tournament.

This has been a good year for Charlestown Pride hoopsters. The young men who participate on the team have not only exhibited their basketball talents around the city, but more important, their fine reputations. Everywhere I go, I hear, "They're not only good players, but also good people" - I agree! Each and every one of them understand what Charlestown Pride is all about.

◆ **Charlestown Cardinals** . . . RBI Baseball resumes this week and the Charlestown Cardinals still have playoff possibilities. This would be quite an accomplishment in

the first year of play. Coach Rob McIntosh and assistant coach Mike Walsh, have done a great job in keeping the squad alive in what we might term an interesting rookie season.

◆ **Bunker Hill Girls Ball Hockey** . . . Mike Erardi reports that the Bunker Hill Girls Ball Hockey League is going strong. The Lancers remain the only undefeated team. The Lancers are led by league-leading goal scorer, Nicole Matson.

◆ **Bunker Hill Boys Ball Hockey** . . . Congratulations to the 520 Club who defeated Bunker Hill in the two-out-of-three championship series to take home the summer crown. Members of the championship team are Mark Russell, Mike Sweeney, Paul Hennessey, Jamie Hutchins, Pat Walsh, Brian Dole, Joe Tallent and Joe Brennan. Special thanks to all the teams who took part - Eden Street, Lawrence Club, 520 Club, Bunker Hill, The Cage, Doe Boys and Nacka Tries Again. An award night is being planned for early September.

◆ **Ball Hockey Tournament Champs** . . . Congratulations to Jimmy Yandle, Jim Tallent, Mark Saitta, Greg Staples, Tommy Griffin, Brian Dole, Shane Fisher, George Connolly and Greg McNeil on taking the 1994 Summer Ball Hockey Boys Tournament Championship held at the Eden Street Park. The event was organized by Danny Ryan and Kenny Giordano.

◆ **Red Sox Rookie Ball** . . . As the 1994 Red Sox Rookie Ball season draws to a close, I would like to thank the Charlestown Community Center, who hosted the program, and the Boston Red Sox, who sponsored the program. Each year, through their combined efforts, many youngsters are introduced to the fundamentals of baseball

as well as being part of a team.

Over the past few years, the Red Sox have really become a part of this community through programs such as Rookie Ball and RBI Baseball and their efforts are very much appreciated. We hope their work continues to grow in Charlestown. In particular, I would like to take this opportunity to thank Ron Burton of the Red Sox for his special help to Charlestown.

◆ **Discovery Trip** . . . Our Bunker Hill Youth on the Rise Rainbow Program had such a great day in the North End, that we spent the last day of the summer program back in my neighborhood after taking a tour of the Boston Garden. Everyone enjoyed a lunch of famed Italian delights - pizza, slush (Italian Ice) and cannoli. We also took a dip in the North End pool. North End Day II is part of our discovery trips at Bunker Hill.

◆ **Bunker Hill Family Day** . . . Congratulations to Mary MacInnes and the Bunker Hill Tenants Task Force for the outstanding Family Day held recently at the Bunker Hill Housing Development. Mary and her crew put a lot of work and time into making this annual event a success and the results are always the happy smiles of the good people of the development, each of whom enjoy the special day by sharing time with their family and friends.

◆ **Tidbits** . . .

- Jimmy Yandle is not enjoying the drought season.
- Dom Tamburello has a new hairstyle - the curly look.
- Congratulations to Francis MacDougall.
- Hello to Tommy Whelan.
- Is Dave Evers moving to Disney World??

Smile!

Jones Named Best Athlete In Charlestown At Youth Olympics

Jon Jones of Charlestown was the gold medal winner in the softball throw at the Mayor's Youth Olympics held recently at White Stadium.

Deemed the best athlete in Charlestown, Jones first had to endure regional competitions to unfurl this winning hurl. His throw of 156.4 feet landed him in first place in the 8-

10-year-old division.

According to Mayor Thomas M. Menino, "The Mayor's Youth Olympics, which is organized by the Parks and Recreation Department, offers Boston youth the opportunity to compete in a supervised, highly structured arena that fosters good sportsmanship and goal-oriented challenges."

A Big Thank You, One And All

Dear Neighbors, Friends and Supporters:

We would like to take this opportunity to thank each and every person who helped in any way to support the Bunker Hill Tenants Task Force on their 13th annual Cookout and Carnival. It was through your support that a wonderful day was had by all.

We would also like to thank the following for their support and generosity: Mayor Tom Menino's office, Community Liaison from the Mayor's Office of Neighborhood Services Judy Evers, Rep. A special thanks to the following people who donated their time and effort to help make the day a success: Father Ron Coyne for all the support and use of the space; Margie O'Halloran and Kay Rose for selling chances; David Evers for cooking the hamburgers and Patricia Urquhart for helping out. Also Tim Koch and Elizabeth Davis after a long week of working, a special thanks for a job well done; Janice Casey, Lorreen Jones, Melinda Morrissey and Angelique Kane for their help in distributing flyers; and Joseph Mento for all the great help.

Thank you Nancy King for all your great support on the day of the cookout, but more important for putting up with me all day; for loading and transporting all the

To you and all the volunteers who spent the long, hot day, I send my appreciation for all of your help. To anyone whom I have overlooked, I send my regrets and my apology, for it was a long, busy day and if I did not see or talk to you, I apologize.

And last, but not least, thanks to the Boston Housing Authority and Bill McGonigle for his support and especially our manager, Joan Cass and Theresa McDougall for their help, and support and to Johnnie's Foodmaster for allowing us to sell raffle tickets.

Special Thanks

Dear Gloria,

We attended The Association of Catholic Student Councils Conference at Villanova University in Penn. for a week in July. We learned many new leadership skills and made many new friends from all over the country. We plan to use our leadership skills to be better leaders at Charlestown Catholic.

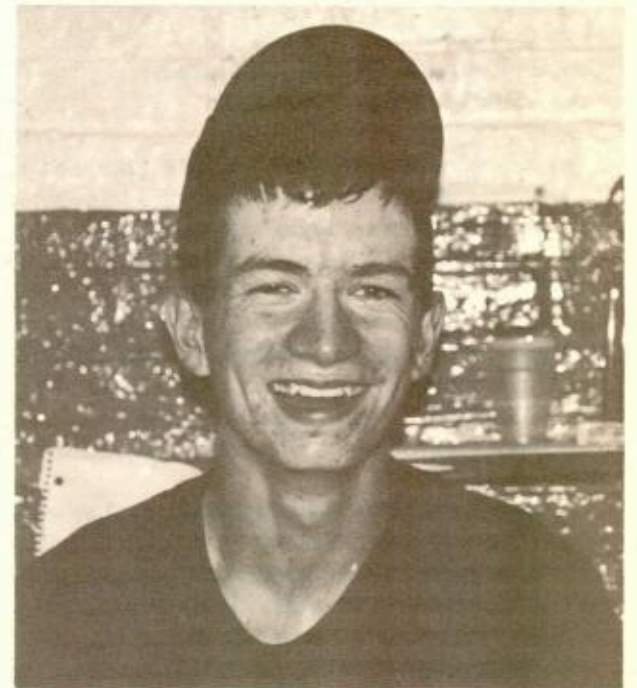

We would like to thank Father Coyne, St. Catherine's, the many people who took advantage of our car wash and the workers for sponsoring us.

Also, a very special thanks to Mary Featherston, Lynn Peters and Jack Schievink for driving us to Penn. and back. We had a great experience and would just like to say "thanks."

Sincerely,

Aileen Gorman and Lauren O'Hearn

Tugboat Muster And Parade At The Navy Yard

The 10th Tugboat Muster and Parade will take place at the New England Historic Seaport Dock on Pier 3, Drydock 2 in the Charlestown Navy Yard on Saturday, Aug. 27. The festivities begin at 10 a.m. and continue throughout the day. Admission is free.

The public and tug aficionados will have an opportunity to see these colorful workhorses up close, talk with crews and view the series of events. Following the Blessing of the Fleet, the tugs will parade from the Navy Yard to Castle Island, South Boston and return to the Navy Yard. While the tugs are on parade, there will be an opportunity to visit the Lightship Nantucket and the Historic Seaport Boat Shop.

The fun and excitement continue with pushing contests between tugs, the winners having bragging rights for the year, a line toss contest and other shenanigans. There will be displays of photos and paintings of harbor interest, and a pond where kids (and adults) can operate scale models of tugs and ships.

The schedule of events is:

- 10 a.m. - Tugs muster at Pier 3
 - 10:30 a.m. - Blessing of the Fleet
 - 11 a.m. - Tugboat Parade begins
 - 11:30 a.m. - Tugboat Parade passes in review with a speaker describing the history of the vessels and their workday tasks. The Nantucket Lightship will be open to the public
 - 12:30 p.m. - Boats will return to Pier 3 and a Pushing Contest will begin. Bragging rights for the year are on the line here. Cheer for your favorite tugs
 - 2 p.m. - There will be a Line-Heaving Contest, a test of skill and strength
 - 3 p.m. - Closing ceremonies will include awards for the best tugs and outstanding line handlers.
- This is a day of fun and games for all the family and a special treat for those who love tugs. Of additional interest for vessel lovers in general is the Lightship Nantucket, the USS Constitution at the next pier, and the World War II Liberty Ship S.S. John W. Brown will be docked two piers away.
- For further information, call 391-0772.

PROFESSIONAL DISPOSAL

BARRY DISPOSAL uses trucks for disposal services that cost less than companies using rented container disposal outfits.

John Barry, owner of Barry Disposal, does the jobs most people can't or won't do themselves, as well as anybody you can find and for lower prices.

"We do residential and commercial clean-outs of condos, offices, factories — you name it," he says. "We pick up the load, whether it's one piece of furniture, 100 items or the whole house." He strives to get tough work done right as quickly as possible.

In an age when illegal dumping is rampant, John is licensed by the Department of Public Utilities to dump at legal landfills and refuse areas, and is insured while many others aren't. He pays the DPU for proper removal and disposal of tanks and boilers, considered hazardous waste.

Barry Disposal will dispose of a mass of debris for home owners and businesses. "I take things people usually find hard to

remove by themselves, like metal or furniture," says John. He will also do commercial and residential construction.

John and his crews use trucks, saving customers money. Since he uses trucks for hauling, customers only pay for the weight on the trucks and not for a container rental. He performs same-day service.

"I can get there quickly," he says, "and I call people back to set up and confirm appointments. I don't care if it's raining or dark, I'm trying to run a business the way it ought to be run."

John — who has a phone in his truck — is on call 24-hours a day, seven days a week for customer convenience. "We'll load any time of day, especially if there's an emergency," he says. You may call Barry Disposal, the residential and commercial specialist, at 246-7762.
