God's Post-Eden Plan for Humanity

Our Heavenly Father and God Almighty provided humanity w/our sacred Holy Scriptures (*i.e. The Bible, passed down through the ages; remains among the most published & widely read works even today*), which was necessary in a post-Eden world so earth's inhabitants would know that **God Almighty** - is the very God of Abraham, Isaac and Jacob. Thus, the **Bible** opens in **Genesis** (*OT written in Hebrew*) with **Creation** and a **story of Forbidden Fruit** (*perhaps the most important lesson for earth's inhabitants today*), which leads to the **Fall of Man** (*i.e. Original Sin*) when **Adam & Eve** indulge in the **Tree of Knowledge** once blinded by trickery and deception (*the very tactics being used today by world leaders to deceive the masses as we near the end-time tribulation*). Nearly **4000 years** (*and several kingdoms*) later, the age-old system of social order and control - based largely upon **Roman Pantheism** (*worship of 'sun, moon, stars', planets, constellations*) and **Greeko-Roman** mythology - is shaken to its foundation w/the birth and sacrifice of **God Almighty's** precious and only begotten Son, **Jesus Christ of Nazareth**, which not only splits the calendar in two as **Christianity** begins to take hold, but also leaves Rome's grip on society in tatters as they scramble to shore up losses (*effectively adding insult to injury after crucifying our Messiah*) by switching Sunday from the 1st day of the week to the last day (*7th day, previously Saturday*) in honor of their sun god, **Helios**. In fact, this is the very reason '**Sunday**' is referred to as the lord's day even today, which is followed by **Moonday** (*Monday*).

Today, some 2000 years after **Jesus'** death, the **Bible** closes in the **Book of Revelation** w/humanity on the brink, and - not surprisingly - another story of forbidden fruit as we approach the '**Global Mandate**' (*i.e. forced idol worship*) and '**Universal Deity**' of the end-time tribulation. All those on this path who reject the forbidden fruit of this '**NEW**' social order and accept **Jesus Christ of Nazareth** as their personal **Lord & Savior** will receive **salvation** and **eternal life** as their reward.

Humanity's Global End-Time Agenda (*i.e. Globalism*)

On this path, **Super Powers** unite under the guise of security amid the distraction of terrorism and climate change to advance **Globalism's** '**New World Order**' (*NWO; birth of which occurred w/the fall of the Berlin Wall at the behest of Pope John Paul, 1989*), which is largely based upon what is now considered an international, Roman Latin motto, '**out of many, one**' (*E Pluribus Unum*); meaning: **One World, One Society** (*mono-culture*), **One Economy, One Religious Order** (*global decree; forced idol worship of Rome's pagan 'holy trinity' where their sun god, Helios, is called lord*) and **One System of World Governance**.

Here (*present-day*), **World Leaders** - both political (*European, Western, etc.*) and religious (*Church of Rome, Church of England, etc.*) - are converging on what will become the '**Universal Deity**' and '**Forbidden Mark**' (*i.e. Symbol of Rome's pagan 'holy trinity'; based upon their 'Greek' Monogram 'IHS' and its images, which are already in play to honor 'the gods', Iuppiter (Latin for Jupiter), Helios (Greeko-Roman; Apollo, if Greek), and the Greek moon goddess, Selene*) in Rome's final attempt to erase our **Lord & Savior** from the ethos of history and establish a '**NEW**' system of world gov't w/Rome's **Holy See** (☉, '*all seeing eye*') as the reigning seat of power, once again. Of course, this is largely the reason Europe was a complete mess throughout history, including the last century, which you will promptly be expected to forget in the not-so-distant future.

Thus, and not unlike the Biblical account of Eden, the use of trickery and deception to enforce **Social Order** (*Unity*) and **Control** (*Enslave*) will result in the greatest fraud and largest transfer of power in the history of mankind as the '**NWO**' is simply an elaborate scheme to revive the age-old **Roman system** of **pantheism**,

plutocracy, feudal aristocracy, and religious order (forced, not freedom) to ensure wealth, power, social order, knowledge and civil control remain at Rome's pinnacle.

All those who partake in this end-time agenda (even unknowingly, so beware of trickery & deception) and pledge an alliance to this 'NWO' by accepting (in the right hand, or forehead) its **Forbidden Fruit** (i.e. Rome's pagan 'holy trinity' Symbol, which is based upon what they have dubbed a '**Monogram for Christ**' to deceive the masses) will become enslaved to Rome's end-time agenda and receive eternal damnation as their final reward upon death (in the very last place you would ever want to find yourself).

Final Countdown

The 6000-year **Creation Story** drew to a close w/the fall of the Berlin Wall and the subsequent rise of Globalism, which places Germany's last kingdom (i.e. 'forth head', or Reich) in its 33rd year as of 2022. As such, we are well into what could be the Bible's last 40-year transition period in which the tribulation is set to commence perhaps sometime in the Leopard's (i.e. Germany's) **33rd year** of freedom once a peace agreement with Israel is in place.

Thus, and in addition to Revelation's end-time symbolism (*Lion = UK, Leopard = Germany, Bear = Russia, Horned Beast = EU Super State, Land Beast = 'Land-locked' Regional Power*), the Bible also uses recurring patterns to mark, or delineate, time. In fact, nearly every pivotal moment in the Bible is delineated by a space of time equal to 40 (e.g. 40 days & nights, years, etc.) to announce the end of something old and to trumpet the beginning of something new, which is the very reason we are told that our precious Lord & Savior was crucified at the seemingly young age of 33 as we may now simply subtract the tribulation period (i.e. 7 years) from this 40-year transition period to arrive at a timeline (after identifying the pivotal, 'fatal wound that was healed' milestone spoken of in Revelation for end-time inhabitants).

Too, and although many in this world have lost sight of the fact that we are still living in Biblical times (*albeit, near the end*), the pivotal moment for humanity in recent history was the **Leopard's 'Freedom from Captivity'** as **Israel's 'Freedom from Captivity'** was also marked by a 40-year period (*lost in the desert before they could embrace their homeland, if you recall*), which serves as a stark reminder, or sign-post, so that end-time inhabitants would recognize this pattern and understand its significance after Germany's brutal anti-Semitic campaign against the Jewish people not quite so long ago. This reversal of fortune for Israel's chief Holocaust aggressor and World War proponent is the 'fatal wound that was healed' for all the world to see and hear as that Wall came down on November 09, 1989, sounding the alarm bells on the world stage for what is perhaps the last and final 40-year transition period (i.e. ending in late 2029) before Israel will finally be able to embrace their *Messiah*.

True, and although we shall know neither the day, nor hour, of our *Messiah's* return, praise *God Almighty* for not leaving us completely in the dark on this issue as we may now say w/certainty that the tribulation itself will most likely commence in the Leopard's 33rd year of freedom, which is set to take place in 2022.

Finally, do not take communion, or attend any church, using Rome's 'Greek' monogram 'IHS', which the Romans claim stands for our *Lord & Savior*, but in reality, is the hallmark sign of their pagan gods, **Iuppiter** (*Jupiter; Zeus if Greek*), **Helios** (*Rome's 'helical' sun god borrowed from Greek*), and **Selene** (*Greek moon goddess now used by Rome, along w/their goddess, Luna, but still of Greek origin, nonetheless*). In fact, the very origin of monograms themselves may be traced back to ancient Greece, which was sacked by the Romans during their reign well before the calendar was cleaved in two. Thus, society remains steeped in Greeko-Roman mythology (e.g. astrology, zodiac signs, etc.) even today as the age-old adage, 'all roads lead to Rome', is still very much alive and well w/their beloved Pantheon (i.e. temple of 'the gods', which predates their crucifixion of our *Lord & Savior*) very much intact and well preserved for an end-time revival of their pagan gods in what will be a last-ditch effort to 'blot out the very name' of our *Messiah*.

Not surprisingly, however, humanity's own account of history has left the world brimming w/the very relics mentioned throughout Scriptures. From the **sun*** and **fertility gods**** of Egypt to the golden statues of ancient days (e.g. read Babylon's OT account for a glimpse of Revelation's 'idol worship' prophecy woe), civilizations have

routinely used images of their pagan gods, along w/symbolism & rituals, to enforce **Social Order** (*Unity*) and **Control** (*Enslave*). Thus, Rome's 'Greek' **Monogram for Christ** will be in much of the same fashion complete w/images of their gods and goddesses using hand-gestures (i.e. right hand used to signal Zeus(6)/Iuppiter(9) w/thumb & index finger extended (I|...) for six (while using remaining fingers for nine whether closed, or clutching some type of symbolic object); left hand will be used to signal Selene using fingers: \||/ (overtly), or ^***^ (subtly, using fingertips as if over edge of book)), along w/crowning adornments about the head, or neckline for **Helios(7)**, as a symbolic manifestation (i.e. image) of their pagan trinity, which will culminate in a 'Universal Deity' of forced idol worship during the tribulation.

As such, this '**Monogram for Christ**', commonly referred to as '**I Z S**' (Greek alphabet; 'Universal Deity' will have this format, too, including large bronze objects in verdigris green the world over) by both intellects and those w/in the 'ivory towers', is perhaps its own proclamation of being a fraud as ancient Grecian monograms predate Christ's time on earth. More importantly, the monogram uses **Iuppiter**, which is distinctly Roman. However, the most profound and significant clincher to date is the fact that this monogram is a spot-on match to Revelation's numerical account for the end-time Mark using an ancient Greek [GK] method of counting, no less, which is likely the very reason NT Scriptures were penned in Greek as the Bible routinely uses pointers and also patterns to ensure end-time inhabitants would not be so easily deceived.

At last, and in an epic plot-twist befitting our **King of Kings & Lord of Lords, Jesus Christ of Nazareth**, it is the Greeks that will be victorious on this occasion as the ancient Greeks had an ancient method of counting that was well known when NT Scriptures were written (i.e. 'let those that understand count his name') and that **formula** exposes Rome, its end-time agenda, their pagan (monogram-based) Symbol of the '**holy trinity**', and their '**Universal Deity**' for what it is, which follows: **Twice** (Sum of Alphabet, A thru Z) **Minus** (Sum of IHS), which equals $2(351) - (9 + 8 + 19) = (702 - 36) = 666$ (watch those hexagons in triplicate!)

ROME'S PAGAN 'HOLY TRINITY'
& 'GREEK' Monogram for Christ

IHS

IS SIX HUNDRED & SIXTY-SIX

Note: The formula uses 'twice' the sum of the English alphabet (i.e. end-time Beast will have 'the mouth of a Lion'; meaning English-speaking) as the monogram is a hybrid, which requires a separate count for the Roman gods and then another count for the Greek portion of the monogram. Rome's 'Supreme Man-god' will most likely have a name that calculates to this number, or perhaps the sum of IHS, which is 36. And, just for kicks (as you will see for yourself) every effort has been made to hide their duplicity in plain sight right under your nose and this primer would certainly be remiss for failing to point out the very fact that 9, 8, 19 is, in fact, 1989 in reverse, which is not by mere coincidence and it would be a folly to believe otherwise as these things are often disguised in this way. In fact, plain sight examples of Rome's pagan trinity can be found in white statues of royalty and pivotal religious figures holding and ORB, or BOX, in their right hand, which is certainly a bellwether of what has really been going on, unnoticed, if you can believe that!

- * explains the 'red dot' phenomenon in both Indian culture & Western Society (i.e. business, industry)
- ** male genitalia implied here, as this is the basis of Rome's pagan trinity (e.g. 2 balls, 1 bat; 2 fist pumps and 1 reveal (as in rock, paper, scissors, etc.); often disguised as 21, Y, forked stick, serpent tongue, etc.))

Tribulation Bootcamp

Right Here, Right Now

Revelation's Forbidden Fruit ...

'Let no man be deceived such were Adam & Eve as there will be a Global Decree causing all to receive a Symbol conceived marking all as a Deed in an elaborate scheme designed to pay tribute to Rome's pagan trinity'; aka 'Tri-Star' (e.g. a trio of stars )

Present-day (Autumn 2022) – tri-star often disguised as a 'greater-than' sign (e.g. > (2 stems, 1 point))
The end-time tribulation will signal the final few years (i.e. 84 months) of man's reign on earth, which will most likely commence in the Leopard's (i.e. Germany's) 33rd year of 'Freedom from Captivity' (i.e. 2022; perhaps) after a Peace Agreement w/Israel is in place. The *Great Tribulation* will occur 42 months thereafter once Rome's Supreme Man-god (i.e. Anti-Christ) is revealed proclaiming to be Israel's Messiah. This period will also last 42 months and be punctuated by Germany's trademark, draconian style: trick-by-fire (mainstream media will sell it as a 'miracle from Heaven') and purge-by-blood, which will be like the Holocaust, but on steroids for those 'separatists' rejecting Rome's pagan trinity and blasphemous symbols.

Thus, the end-time Mark is simply a sign, or symbol, used to establish identity & designate as belonging to a group (i.e. social order, sect), which in this case, will be used to **segregate** (e.g. starting w/economic sanctions, then by 'elimination' once the Great Tribulation gets underway) all those unwilling to receive The Mark and accept the end-time mandate by Rome's Supreme Man-god of forced idol worship of their pagan 'holy trinity' & 'Universal Deity'. All those who accept this end-time social order and receive The Mark (i.e. Symbol of Rome's 'pagan trinity'; google 'trinity church', or 'Church of the Holy Trinity' for a visual of their flag and triquetrae symbol) will become enslaved to the end-time Beast (i.e. Lion, Leopard, etc.), and their Supreme Man-god, before receiving death as their final reward at tribulation's end w/complete and total separation from our precious Lord & Savior, *Jesus Christ of Nazareth*, which will be for all of eternity in the very last place you would ever want to find yourself (w/out even a remote chance of quenching your tongue). And, this is perhaps the reason we experience physical pain here on Earth as it may very well be meant to serve as a 'deterrent', or reminder, if you will.

Here is what you will want to avoid:

The Mark

The Mark is an official Symbol by the Church of Rome used as a symbolic representation of their pagan 'holy trinity', which will have a trio of almond-like shapes in a pinwheel fashion (e.g. Celtic knot, triquetrae symbol), or some variation thereof to honor 'the gods' (e.g. some churches use a cross and a double flame superimposed over a lunar-like disk).

The Name

The end-time Mark is based upon the individual names of their pagan 'holy trinity', including **Iuppiter**, **Helios**, and **Selene** (pronounced Si-lean-y) using Rome's 'Greek' monogram 'ihs' (usually displayed in lower case), which is blasphemous to our Lord & Savior because it has been dubbed a 'Monogram for Christ' by The Church of Rome to deceive the masses in their last-ditch effort to remove our precious Lord & Savior from the pages of history (yes, you are expected to ignore the real 'inconvenient truth', which is the very fact that the Bible cites all the names of our Lord & Savior, but no monogram!)

The Number

The numerical account given to us in Revelation is for the express purpose of calculating a match (i.e. 'let those that understand count his name') using an ancient Greek method of counting that was well known when NT Scriptures were penned (in Greek, no less), which is still very much in use today by intellectuals and those w/in the ivory corridors of power. Thus, and for this monogram, which is a hybrid, the formula is: **Twice** (Sum of A thru Z) **Minus** (Sum of I, H, S) = $2(351) - 36 = 666$. As you can see, Rome's 'Monogram for Christ' is a spot-on match to Revelation's numerical account for the end-time Beast, which also provides us w/a significant, symbolic figure (i.e. number) that lies at the heart of this 'Cult of Zeus' phenomenon encircling the globe and that number is 36 (i.e. the sum of IHS). In fact, every attempt has been made to mask the use of Rome's pagan 'Greek' monogram using the subtle interplay between both the English & Greek alphabets, which they delight in placing as 'acronyms' right under your nose, including:

HIS, HIM, MIX, XVZ, SIX, GFC, R XR, HAM, MAD, **RIB**, CHI*

obvious ex: Rail Road crossing <-|

|-> biblical ex: Bear w/RIB

*blasphemous '384' 'chill' (CHI w/double LL) hand-signal: ||xl (common w/monastery images using first two fingers extended for three, thumb & ring finger touching to form eight w/pinky up for four; you may also want to avoid those who praise 'HIS' name, or praise 'HIM', if these statements are never qualified w/the name Jesus Christ)

The Anti-Christ

As cited w/in Revelation, the Anti-Christ (i.e. Rome's Supreme Man-god) will also have a name totaling the same number mentioned in the Bible, or to the SUM of Rome's pagan 'Monogram for Christ' (just in case you miss their brazen, trick-by-fire 'miracle event' while the man is professing to be Israel's Messiah). Thus, you may want to avoid using that name, as well, including anything he represents when the time comes.

The Takeaway

The sad reality of it all is that these things will not magically appear once the tribulation commences as they are already in place (and have been for quite some time). In fact, it makes no difference if you are Atheist, Christian, Jewish, Muslim, or just a staunch patriot, Rome's agenda has been in play since the sacrifice of our Lord & Savior and you may be assured that they have defiled something for everyone w/their 'Cult of Zeus' symbolism. From the symbols of 'the gods' on your favorite protein bar to the blasphemous, Gluten-Free, label (i.e. lunar-like, circular disk) on your favorite cereal box, these acronyms & images are so pervasive in today's world there is very little you can buy, consume, enjoy, take part in, or watch that is devoid of this type of symbolism as Rome's end-time agenda now permeates all walks of life the world over (e.g. business, entertainment, gov't, commerce, even Christendom). And, to make matters worse (as if to thumb their nose at humanity like a joke), these acronyms & images are right under your nose (if you care to open your eyes and take notice) as the world converges on Rome's 'holy trinity' & 'Universal Deity'.

Each component of Rome's 'Greek' monogram also uses symbols, numbers, colors, astronomical signs & visual cues to disguise their trio (using format below: Santa's 'hat of colors' often reversed for the Pope, who wears white):

WHITE

(star, disk, stripe, cross)

RED

(STAR, DISK, STRIPE, CROSS, etc.)

WHITE

(star, disk, stripe, cross)

○ Iuppiter **I 9**: 6(Zeus; 33, CC) Z, F, 6-pt '*', **hexagon**: 4(Jupiter) D, ♦, † (elongated diamond)

X HELIOS H 8: ⊙, + (red target, cross), ⊗ (helical twist: propeller, X (crossed swords, etc.)), 'G' 7, J 10

○ Selene **S 19**: < (Sigma, all variations: crescent swoosh, 8/18 ['8-pointed' star, cross, asterisk-like image, octagon]), 11(Luna)

^ -> OX-O (pronounced just like the popular kitchen gadgets) is referred to as a 'double-O' (e.g. 007, double mint gum, etc.) where the Roman Numeral (RN) 'X', or 10 may be replaced w/ any letter [or corresponding number, favorites include 7, 24], pertaining to their sun gods' names, which may be used in any order, or combination of letters listed in the Summary below, including: A[1], B[2], C, 'G'[7], H[8], J[10], P[16], Eng X[24]. Popular 'X-MEN' acronyms include: OGO, BOO, 6CC, COD, EGG, GOO, OO7, GOD, SOL, OMG, DXP, HOH, ROC, IXI
 |-> ex: coloring eggs for spring goddess, Easter (BUNNY=76)

Here, you can see just how they have defiled something for everyone, including GOD, the Almighty title (and number) of our precious Heavenly Father & Creator. Too, and not unlike ancient days where civilizations were built around a walled fortress, today's modern society has discretely been built around this pagan 'Greek' monogram of Rome's pagan 'holy trinity' where 'X' replaces Christ in XMAS and Santa (anagram of Satan) replaces our Savior. In fact, many of the blasphemous, monogram-like acronyms used to mask Rome's pagan trinity have their own images and symbols commonly used in both fabric prints and decor patterns, which is a clear indication that your modern-day lifestyle is rife with these images and patterns, including both the abode and wardrobe (e.g. the French fleur-de-lis is simply a stylized I & H that has been superimposed w/the stem of I (i.e. ⚡, elongated diamond) between **℥** to create their coveted Sigma sign (top of image, once formed) for Selene, thus completing the trio of Rome's 'Greek' monogram in image form.) Therefore, you may want to avoid symbols for **I, H, & S** (note: Rome's pagan monogram is often replaced w/a trio of crosses, or stripes in the above format, which is a sure sign that the Romans attempted to sacrifice our precious Lord & Savior to the goddess of Spring considering the corresponding holiday bears her name on our calendar, even today), as well as acronyms & images based upon this pagan monogram (e.g. athletic wear, or anything in media, is usually paying tribute to Rome's pagan trinity whether using a trio of the same image in their logo, or marketing campaign, or just a single component of the monogram (e.g. i-DU, 4U, DUmoore, and k-songs).

Bootcamp Summary

- learn to view letters as numbers & vice versa (e.g. IV, 2022)

Almost all of the Greeko-Roman gods and goddesses have been cast in bronze & pewter, carved in stone, etched in relief, sketched on paper and painted on canvas in some form, or fashion, throughout the ages, which fill the world's museums and cathedrals even today. Thus, the 'Universal Deity' of the end-time tribulation will also be in the same manner whereby a god, or goddess is employed in a larger-than-life figure (e.g. statues, monuments, etc.) to pay tribute to Rome's pagan 'holy trinity' using a combination of hand-signals (usually quite subtle), along w/coronation-like adornments about the head, or neckline, as a symbolic gesture of their pagan trinity. In fact, these [Greeko-Roman] mythological signs, numbers, letters and images permeate nearly everything in today's global era (even modern-day logos & images - many of which are a spot-on variant of Rome's pagan 'holy trinity' - especially when displayed in the form of a monogram, or acronym). Therefore, and when it comes to end-time symbolism, you will need to be able to recognize Greeko-Roman imagery and identify exactly what the imagery symbolizes, which may be achieved by learning how to count in mythological terms: count leaves on a wreath used as hair ornamentation, kernels and petals on a stalk of grain or flower piece (used in logos and official symbols), gemstones and trinkets about the neckline, or garment, anything w/points representing a coronation-like adornment in both sculpture and art (e.g. points on a cross, head dressing, star, asterisk-like symbol, even points of light on a stage for a visual performance as many 'Christian' events are now hosted by bait-n-switch Zeusangelists) as well as stars & stripes used in official pieces of symbolism and imagery.

Then, you may simply tally the sum and identify a number to determine whether it is (1) Apollo [A, hand signal using index finger up], (2) Baal [B, Phoenician sun and fertility god used in Biblical times], (4) Jupiter [D, pinky finger up (just like the Brits like)], (5) Venus [E, thumb; RN V], (6) Zeus [F, GK 'Z'; thumb & index finger extended (or touching, as if to signal 'OK')], (7) Helios ['G' (used in place of GK 'ETA', which uses a silent H, as in hour) 'G' is also a popular sports drink)]; thumb & middle fingertip touching], (8, 18) Selene [both numbers are Greek, Sigma 'S' (may substitute English H, R & S for Greek letter Tau 'T' (not explained here); most common way to signal Selene: \||/ (may also signal w/thumb, index & middle finger extended (|||..) for Selene & Helios together as digits not extended = 7)], (9) Iuppiter [I, signaling Zeus works for both as fingers not extended total 9], (11) Luna (GK 'L' w/thumb, index, middle & ring fingers extended; K English).

Number 36

- often disguised as 'CF', 66, G6, 88, 10 4, A4, 47, HALO

This '**Cult of Zeus**' number is almost always displayed, with the first digit represented as a series of stripes (similar to an E, but w/out the stem, or often the English letter 'C' will be substituted), which is their very subtle way of referencing the third Greek letter 'Gamma', or '**G**' more specifically, for the corresponding (7th) letter of the English alphabet. This is then converted back to the Greek tongue using the seventh letter 'eta', or '**H**' (as in Helios), which is almost always done in this way to mask their deception. Thus, the '**Cult of Zeus**' summation of 'IHS' in this fashion always translates to '**GF**', meaning Helios(7, red)/Zeus(6, white) (often disguised as Two-Star (e.g. //, DC, or sometimes just 76; obvious ex: Union 76, Home of 76ers; 14 (N, 1st & 4th finger extended)).

Double Trouble Four-Star *** * (quatrefoil, xoxo, /// /), Five-Star **** * (*, ☼, 32, W, / /// /)

Oddly enough, and when it comes to imagery and symbolism, it will serve you well if you can wrap your head around the fact that these items, whether official (or taken from a Biblical story for secular use), usually have a **double**, or **hidden meaning**, if you care to look beyond what you have been led to believe your entire life. A simple example (albeit not a sculpture or work of art) is when you read the phrase, '**in the year of our Lord**', which is almost always used to reference their pagan sun gods (even when used in Christendom, these days). And, for those of us that don't live at the North Pole, you may refer to santa's color chart previously cited the next time you are waving a flag, enjoying a candy cane, or walking past a twisting Barber Pole as you are now privy to not only where those stripes originate, but just how they permeate all aspects of our modern-day culture (and calendar, which explains why you may now have your honey baked HAM spiral sliced for easter).

The following are examples of blasphemous images & acronyms:

Selene Pak 8 (see how pack has been shortened to 3 letters?)

æ ħ λ Ð § ð ŷ er

AXE I1H I1L 154 SOS F1O HXO ITE (volute '~' scroll on top of 'T' = 6, 9; often used in prints & patterns)

|> avoid mass on Ash Wednesday to avoid Roman + on forehead

Luna Pak 11 (Note: Helios often disguised as +, &, or 'helical' twist; 4-star as lightning bolt; 5-star as W [23])

42X Zodiac¹ 84H DXP IX² I7s O08 900 OXO R36 (sigma tips)

^ -> Rome's MARK uses a similar trio-like pattern of intersecting almond-shaped ellipses

¹ <:> touch points not a sign of the cross, but a pagan gesture mimicking the zodiac's solar events (equinox, solstice), which predates the crucifixion of our precious Savior and this is where Rome's pagan cross (+, red cross) originates

² Zeus' asterisk: I+X=33 (Eng tongue; claim it stands for Jesus Christ, but Alpha + Omega = 25, not the age they crucified our Messiah; may also want to pitch the 'fish' w/all 'the gods' in Greek)

Speaking of **double trouble**, there is a final twist designed to further complicate the '**Double-O**' format described earlier using a variety of methods to hide Rome's pagan trinity, or '**Tri-Star**' in plain sight (e.g. U^D, K^D, which is usually printed on the packaging of most food items, including boxed staple goods). In fact, the most common include monograms & their images, geometric patterns (e.g. hexagon, especially if nested), tri-color flags (Germany, Russia), fleur-de-lis images, as well as any combination of stars, stripes, bars (III), semi-circles, dots, disks (domes) and asterisk when displayed as a trio, which is why food and décor items are usually presented this way (e.g. three squares a day, three candles, triple aces, 888, xXx, oOo, FFF, etc.) Ah, but the real catch in this triple threat tryst is that Tri-Star is often disguised as '**Four-Star**' to mask Rome's duplicity all while paying tribute to their favorite '**Morning-Star**' goddess, **Venus** (aka Lucifer, which explains the world's love affair w/Aphrodite, secular sexism, reptiles, snake, etc.) and then again w/ '**Five-Star**' as a double mask (i.e. the five 'golden', or Olympian rings)

when both Venus and her '**Evening-Star**', *Vesper*, are added to Rome's pagan love triangle. And, with that, as Paul Harvey liked to say, now you know the rest of the story.

QUESTIONS ANSWERED

So, what's at stake for me?

Your soul, quite literally, which has been bought and paid for w/the sacrifice of our precious *Lord & Savior*. You, however, must now choose between God's precious and only begotten Son, or a life living for '*self*'; the latter of which will require accepting the end-time Mark once the tribulation begins in just a few short years (*exactly what Rome is counting on in what will be their final attempt 'to put the genie back in the bottle' and close the chapter on our precious Messiah, Jesus Christ*).

Bear in mind, however, that the overarching objective of Rome's end-time agenda is to erase our *Lord & Savior* from the very pages of history using trickery and deception to revive their age-old, **Roman system of paganism** in what will be the ***final attempt to harvest your soul*** (*and the souls of the masses*) while we are still living (*via their 'global mandate'*). This is nothing short of a **preemptive strike to deplete the future kingdom** of our *Lord & Savior* as the Anti-Christ's '*Global Mandate*' will attempt to force everyone into receiving The Mark at the very moment the world's population is set to explode in exponential growth. In fact, this elaborate scheme is specifically designed to permanently block your name from ever being written in the '**Lambs Book of Life**' before you even have a clue that *Salvation* is yours for the asking w/our precious *Lord & Savior, Jesus Christ of Nazareth*.

So, what's required of me to avoid making the same mistake Adam & Eve made?

Several steps, actually, which include: (*Greek alphabet used here; 1-11*):

- alpha*) Accepting *Jesus Christ of Nazareth* as your personal *Lord & Savior* (*and meaning it*).
- beta*) Reading and sharing NT Gospels to become more acquainted w/our *Lord & Savior* and also our Creator & Heavenly Father (*Jesus's father*).
- gamma*) Connecting w/a small Christian church for growth (*may want to avoid cathedral-like settings w/all their pagan imagery & repeated calls to 'come home'*).
- delta*) Sharing your salvation story w/others so they may also accept *Jesus Christ of Nazareth* as their personal *Lord & Savior*.
- epsilon*) Refusing The Mark and all that it stands for in all of its various forms (*mega-churches and most of Christian TV/Radio are already plugged into the bait-n-switch agenda of the end-time*).
- zeta*) Learning to 'de-code' what you are seeing to avoid being duped before the tribulation begins.
- eta*) Rejecting Rome's pagan trinity and removing its images & acronyms from your home, & life.
- theta*) Learning to recognize letters as numbers, dates, and vice versa; phrases also used in a trio format as a tribute to their pagan trinity (**HSH: Home Sweet Home, OCT: Oh Christmas Tree, RIP: Rest in Peace, TOT: Trick or Treat, TOE: Torch of Enlightenment, FFF: Fabulous Foodie Favorites**).
- iota*) Beginning an earnest, heart-felt quest to communicate w/our *Heavenly Father* & our *Lord & Savior* starting right now so that your faith will grow stronger w/each day.
- kappa*) Boycotting businesses that insist upon placing these images & acronyms on their packaging and products while preparing, now, for economic sanction after refusing the end-time Mark (*e.g. get out of debt, sell the toys, build a rainy-day fund, prepare for a life w/out an income, heat, electric, and the ability to buy & sell, begin the process of stock-piling as we approach the tribulation*).
- lambda*) Finally, and unlike Adam & Eve who were specifically told what was forbidden, no one will be tapping you on the shoulder prior to making the greatest mistake of your life (*while standing in line for your new 'mandate ID', whether ink (invisible QR-like tattoo), or chip*). Thus, you will need to become adept in Greeko-Roman mythology along w/their method of hand-signaling 'the gods' to recognize end-time imagery and cues, which may be accomplished by studying mid-century art and historical portraits.

Note: Germany's unification didn't occur until Oct. 1990 and may push back tribulation commencement to Fall of 2023 (as EU wasn't ratified until 2009). Tri-star often disguised as festoon, U [21] w/color scheme often used as podium décor; 76 is often represented as yellow dot w/white crescent swoosh, ^ (with dot in center), red and white stripes, or checkered pattern: 'double-O', which is often disguised as 'double-D' (e.g. DD, 44, twin peaks, SS, TT, etc.), also the basis of most official seals and commercial logos. 4-star is often depicted in song as Tripoli, Tripoli, Triiiipoli ... Triiiipoli, or in life as: booster, vaccine, booster ... booster.
