Your Worldwide ICT Support Network

NCP system in Latvia

Dina Bērziņa,
ICT, FET, Energy, ECSEL NCP in Latvia,
H2020 NCP National coordinator

This project has received funding from
the European Union's Horizon 2020
research and innovation programme
under grant agreement No 645216

NCP in Latvia has had different roof organisations:

- in 1999 founded within The International chapter of SPIE - SPIE Baltics = currently *Starptautiskā Lietišķās optikas biedrība* (SLOB);
- several times was under Latvian Council of Science and Administration of Study and Science;
- currently in State Education Development Agency, VIAA (in Lv) or SEDA (in En)
- who knows where we will be in next years....
- ... therefore CP projects are kept with SLOB (organisation has “long-lasting and better CV”)

<p>National NCP Coordinator Food security, sustainable agriculture, marine and maritime research and the bio-economy; Biotech Climate action, resource efficiency and raw materials</p>	<p>Linda Klūga</p>
<p>National NCP Coordinator Information and Communication Technologies (ICT) & ECSEL Future and Emerging Technologies Secure, clean and efficient energy</p>	<p>Dina BĒRZIŅA</p>
