Hello! to all ReMembers of WeRe Bank!

First of all, thank you all for JOINING or Re-REGISTERING with WeRe Bank.

This letter is being sent to you as your email *was* listed on the database of www.werebank.com. This means that sometime between March 2015 and the end of January 2016, you registered to JOIN WeRe Bank and ReMovement on that website.

As you may know, WeRe Bank now has changed its domain name to www.werebank.co.uk and so we are now inviting ALL PREVIOUS REGISTRANTS/MEMBERS to please now ReRegister so that we can confirm that you still wish to be a part of the most ReVolutionary financial and freedom inspiring movement perhaps ever.

For the sake of clarity and to confirm on-going interest in WeRe Bank would you please visit the link <https://www.werebank.co.uk/join/> and **ReRegister**.

We will slowly be bringing your back-office accounts on line over the next few weeks so please be patient, as you all have been.

The Good News

It is also brought to your attention that additional benefits will soon be made available via WeRe Bank. These include:

1. Access to **The Bridge Zone**© - Cross over to a Freer Fairer Fiat Free Financial Future [FSIX]. The Bridge Zone is the Central Bankers' and Moneyed Interests worst nightmare imaginable – for it is none other than a **People Initiated Global Currency Collapse**. The people ReTake the energy supply. (See Point 7 below)

2. The **PlanetRePayment© Card** - Available Summer/Autumn 2016 - Pay for goods and services with Re. This card will be issued to ALL MEMBERS and will be loaded with options – Re +

3. **Private Account Protection** - Protect your existing fiat currency High Street bank account in Re. Simply register it with us – provide proof of BALANCE when requested. It is done!

4. **Employment Services - Get Paid in Re!** - We create meaningful reward for employment activity at Re12 per hour.

5. **Business & Services Platform** - Accept payment in Re and have funds cleared within 24 hours and have your business account protected from any globalist inspired currency or financial market collapse. Guaranteed! Trade with a collective with the same aspirations as you!

6. **Humanitarian Solutionaries** – Become part of the solution NOT part of the problem. Liberate yourself from the Street. Any socially deprived human being may register and receive **Re250 per month** loaded onto his/her **PlanetRePayment© Card**. The **Re** can then be spent at all participating outlets or HELD OVER as an investment income until such times as the Re is accepted in your locale.

7. **WeRe Bank Notes** in various denominations with “full security features” are now on the drawing board. These notes will be available to everyone BUT ONLY ReMovement members will receive them at DISCOUNT. The notes will be a fully valid scrip issue by WeRe Bank and will be analogous to taking possession of “Super Super Swiss Francs” in exchangeability, (as an example). This is the precursory action for the “**Peoples Initiated Global Fiat Currency Collapse**” planned for 2017. Please join with us and ensure its success.

Thank you all for staying committed to this most exceptional initiative and please ReMember – we cannot do this without YOU!
