AMC Services
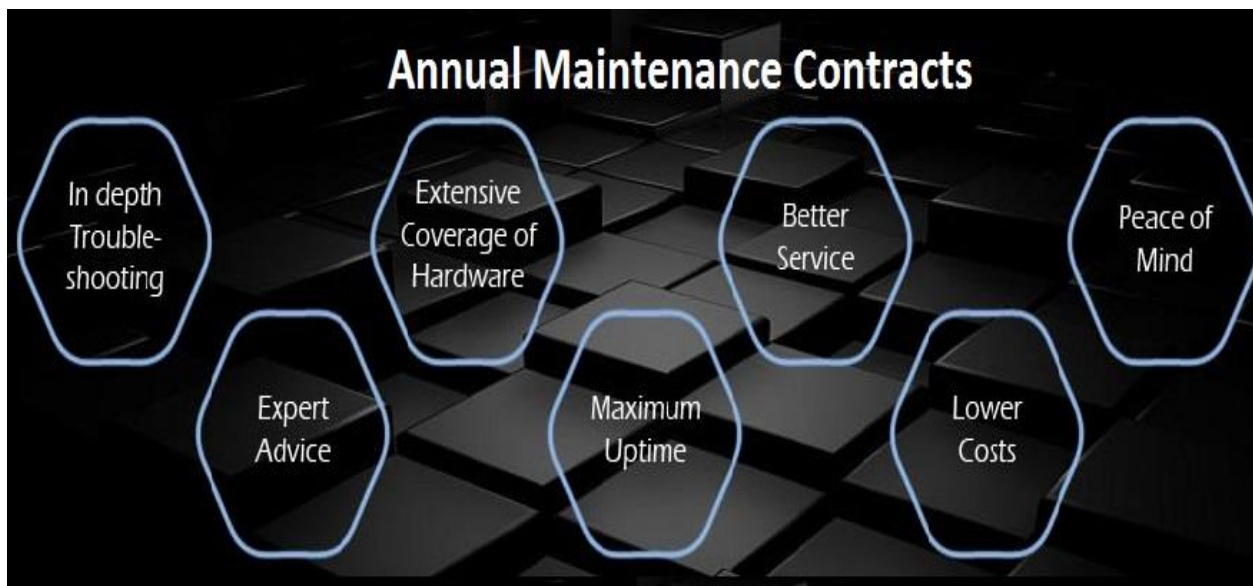

Why you need **Annual Maintenance Contracts** in Dubai? Can you envision your life without medical insurance or life insurance? Certainly not! These are must haves for your life's security; and similarly your business must inevitably have IT insurance.

Prevention is definitely better than cure. Our maintenance services can keep your system healthy and protect from IT calamities and malfunctioning. Moreover, our services if availed will cover major of your IT problems for which you shed off money now and then along with the stress to resolve the problems aptly and timely. Our experts perform system checks at regular intervals to rule out any approaching problem. Alongside, the package also covers repair of server and workstations. We cater to all small to big business sectors as well as personal solutions.

We at VRS technologies provide you with a 360 degree package of end to end solutions through our **AMC Services** in Dubai, UAE. We take the pride to offer you the best of services available in the industry.

You can cash off our annual maintenance services through numerous tangible and intangible benefits.

- Fixing of defective parts
- Solution to all virus and spyware problems
- Installation of workstation and software
- Data recovery and regular back up
- Defragmentation of drives
- Optimization of OS
- Guidelines for preventive measures

- 24X7 Customer service support
- Yearly plan of anti-virus software

Apart from above services through our annual contract, you can be stress free with the daily popping IT problems by offloading them to our experienced team. For us, your satisfaction matters the most and that is why we integrated the latest technology and tools to craft quick solution for you. Our vision is to share your IT load so that you can concentrate better on your business and essentials. Let's work together.
