

## EZVIZ C3WN outdoor security Electronic camera evaluation: Solid protection and a deal cost

CAMERAHAINAM - Regardless of the particulars of the most up to date EZVIZ protection cam, background has proven I'm going to get 3 things: rock-solid surveillance attributes, a smooth setup, and also numerous storage choices to secure any video clip proof it may catch. The EZVIZ Outdoor Wi-Fi Video camera (model C3WN) hits that trifecta directly. That it can be had for just \$50, is crowning achievement. Camera Hải Nam

### Layout

The tennis-ball sized C3WN has twin Wi-Fi antennas and also is attached to its mount with a sphere joint for very easy angling. A tail sprouting from the back of the mount splits into a power jack and also an ethernet connector (providing you the alternative of either wireless or hardwired connectivity <https://camerawifihd.info>

to your network). The whole system-- minus the tail, which will certainly be threaded through an external wall surface or overhang-- is ranked IP66, showing it's shielded from overall dust ingress and from high-pressure water jets from any type of direction, and also operates [camera ezviz chính hãng](#) in temperatures from -22 levels to 140 levels F.

HAINAMCCTV - The cam has a 110-degree viewing angle and also records 1080p video. It has an integrated noise-cancelling microphone to supply clear sound at as much as 16 feet in cacophonous outdoor settings, as well as two infrared LEDs supply up to 100 feet of automatically activated night vision.
