If you have any questions or would like to exercise any of your rights, please contact our Privacy Officer. After reviewing the material, please sign in the space provided below.

PATIENT RIGHTS YOUR RIGHTS REGARDING HEALTH INFORMATION ABOUT YOU

You have the following rights regarding your PHI. You may:

1. Inspect and copy health data by submitting a written request to our Privacy Officer
2. Amend protected health information, if you believe it is incorrect, by submitting a written request to our Privacy Officer
3. Receive a list of disclosures made of your protected health data. To obtain this list of disclosures, you must submit your request in writing to our Privacy Officer. We may charge you for the costs of providing this list. We will notify you of the cost involved and you may choose to withdraw or modify your request at any time before any costs are incurred
4. Request restrictions on certain uses and disclosures of facts about you. You also have the right to request a limit on the health information we disclose about you to someone who is involved in your care or the payment for it, such as a family member or friend. For example, you could ask that we not use or disclose information about a surgery you may have had. However, we are not required to agree to the requested restrictions. To request restrictions, you must submit a written request to our Privacy Officer

Financial Policy

Welcome to Associates in Gastroenterology, a division of Advanced Digestive Care, LLC. This official financial policy advises you of your financial responsibility with respect to services received.

Patient Responsibility

1. It is your responsibility to present your current insurance card at every visit. If the information you provide is incorrect (either intentionally or unintentionally), you will be responsible for all charges.
2. According to the specifics of your insurance plan, you are responsible for payments due to your deductible, copayment, coinsurance, and payment for non-covered services. These amounts are due at the time of service.
3. It is your responsibility to provide a referral (either written or electronic) for all dates of service if a referral is required by your insurance.
4. Because our physicians function as specialists or consultants (and not primary care physicians), we do not provide written or electronic referrals to other physicians that may be required by your insurance. For example, if our physicians refer you to see a surgeon, you may need to get a referral from your primary care provider if required by your insurance plan.

Types of Payment

1. Copayments: Insurance plans require that we collect your co-payment at the time of your visit.
2. Deductibles: Many insurance plans require you to pay a predetermined amount (the deductible) before insurance will cover any charges. If you have a plan with a deductible, we may collect a deposit to cover some or all of your deductible responsibility at the time of your visit.
3. Coinsurance: Many plans require you to pay a percentage (coinsurance) of allowable charges. If you have a plan requiring you to pay coinsurance, we may collect a deposit to cover some or all of your coinsurance responsibility at the time of your visit.

Fees

1. We accept cash, checks, Visa, Master Card, and Discover. There is a \$50 charge for checks returned as non-payable.
2. If you are unable to keep your appointment, we require cancellation notice of one full business day for scheduled office visits and 7 full business days for scheduled procedures. Late cancellations, rescheduling, or missed visits will be charged \$50 for office visits and \$200 for procedure visits.
3. Any account turned over to the collection agency will be charged an extra 30% fee of the total due to cover our cost.

I have read and understand this financial policy and agree to accept the responsibility for any balance that becomes due for services.
