Terry Sacka appeared on a recent edition of TRUNews to discuss why the U.S. oligarchs are stealthily and dictatorially transitioning investors accounts from money market to insolvent Government Cash Reserves.

May 24th, 2016- WAKE FOREST, N.C. -- Host Rick Wiles interviewed **Terry Sacka, Chief Strategist of Cornerstone Asset Metals**, to discuss the issue of investor funds being transferred from money market to insolvent Government Cash Reserves.

Rick opened the show just minutes after having read billionaire Jim Rogers' prediction of a trillion dollar market crash using specific biblical references that are indicative of a financial tsunami that will wipe out millions of Americans.

Rick's response to this was, "There is something coming that can only be described in biblical terms."

Global Reset Issue

The prediction also mentions that Great Britain will collapse and Italy will face bankruptcy. Terry Sacka, after having read the same article made the statement, "The part that got me was the quote of Joshua. We talked about many times how Lucifer has deceived us with a veil over our eyes and ears."

He went on to say, "Those that are speaking out the truth are breaking down the barrier of deceit, allowing the filters to be adjusted and the truth to be shown. I really take what he (Jim Rogers) says very seriously, he's been pretty accurate."

Silver & Gold-Backed IRAs

Regarding this topic he stated, "Gold and silver is the best performing asset class in the last ten years. The nice part about a precious metals IRA, there actually is a physical metal purchased and stored on your behalf. Gold is capable of going back to its high, yielding a 60% return and silver a 200% return. Gold and silver are really the wealth transfer in the physical market."

Safe Christian Investments

On one of his websites specifically aimed toward Christians, Mr. Sacka offers five reasons why Christians should invest in gold and why [Christians should invest in silver](#) with detailed charts, figures and video content. He believes that the most valuable assets are gold, silver and survival food which they provide at Cam Ready Food (<http://camreadyfood.com>).

Terry Sacka, AAMS is a financial analyst and founder of **Cornerstone Asset Metals** in Jupiter, Florida. He assists and guides investors on how to use precious metals in the form of physical assets such as gold and silver to hedge against systematic and inflationary risk and preserve their hard-earned wealth.

Mr. Sacka pointed out how gold and silver historically have been protection and hedges against systematic risk associated with geopolitical jitters, events and

inflationary factors which all have historically lead to financial crashes.

He emphasized this by stating, "I'm a strategist so I'm an analyst in natural resources. So my job mainly with Cornerstone is the role of natural resources, we're right from the earth, we deal with things right from the ground."

He went on to say, "We're custom minters and refiners but we supply this beautiful God product to people...I understand the systems of the world and I understand the biblical principles that God taught us."

Refining and custom minters, Cornerstone Asset Metals are the manufacturers of the only good delivery Judeo-Christian Hallmarked Silver in the country

Their silver coins are manufactured refined, hallmarked and minted by a COMEX Certified, LMBA Good Delivery Refiner. Same quality and purity as an American Silver Eagle and because it's good delivery it technically can be used in bank settlement transactions. There are scriptures on it, 12 stars on both sides, for the tribes and for the disciples and finally a lion and a crown for **The King**.

So religiously manufactured it gives first amendment protection against confiscation attempts. It is the only one of it's kind out there.

He advises people on how to protect their assets and hard earned wealth with precious metals in times of financial hardship which the coming of the Shemitah is said to historically align itself with. Mr. Sacka's teachings coincide with Jonathan Cahn's "The Mystery of the Shemitah" as the author's theory is that God has visited warnings and or judgment against the United States according to a seven-year cycle going back many decades.
