European Rally Championship: Cyprus

Part of WRC (formally), ERC and MERC (Middle East Rally Championship), Cyprus Rally isn't the most easy rally of the calendar, very sandy and broken road, this rally could be interesting.

ERC

hubertos quickly show he is faster than everyone else, in SS2 **mimowrc** followed by **Bartas** were the first to get surprise. In SS4 **G.Ros** in a train of Andorran lost his 3rd place in the profit of **Hug**.

hubertos under the pressure of **Juhopack** during all the rally managed to resist until the SS11 where **Juhopack** take the lead but the Polish fight back and won the Cyprus Rally by 2 seconds.

RallyeSim needs Marshal !

I didn't mention it but it's very important too, RallyeSim also needs Marshal !

You won't waving a flag unfortunately but you will have to take the role of several real marshal.

- Check the Setups, if they are legal.
- Check the times, is they are correct and possible.
- View the replay, reported and sanctioned the cuts and also the dangerous driving.

Contact **Maverik** on the forum to become a RallyeSim Marshal.

Remember, like IRL, if we don't have Marshal, we don't have races.
