## WHAT IS ANTI-FASCISM?

Anti-fascism is opposition to fascist ideologies, groups and individuals. The anti-fascist movement began in a few European countries in the 1920s, and eventually spread to other countries around the world. It was as its most significant shortly before and during World War II, where the fascist Axis powers were opposed by many countries forming the Allies of World War II and dozens of resistance movements worldwide. Anti-fascism has been an element of movements holding many different political positions, including social democratic, nationalist, liberal, conservative, communist, Marxist, capitalist, anarchist, socialist, and centrist viewpoints.

## FASCISM TODAY

The election of Donald J. Trump empowered the neo-conservative movement into what is now known as the “Alternative Right”(or “Alt-Right” for short). This movement seeks to capitalize off Trump’s political incorrectness as a means to recruit conservatives into White Nationalism though stealth activism, street fights and college campus events. In addition to state actions that suppress left-wing Anti-Fascists and Anti-Racist movements as violent “terrorists” while dismissing the actions, violence and murders of the “Alt Right”.

## WHO WE ARE

We are an autonomous collective of individuals in Nashville Tennessee who function, organize, and operate on a state-wide level. Our mission is to expose, confront, and disrupt Fascism in all its forms primarily within extremist groups (i.e. The Ku Klux Klan, Patriot Front, League Of The South etc) and the now coined “Alt-Right”. By doing this, we defend our communities from hateful ideas being sowed that have the potential to manifest into hate-crimes, right-wing extremism, or attacks on the public based off gender, race, religion, or legal status.

## GET INVOLVED

There are multiple ways to plug-in to local actions as well as the collective’s organizing tiers. We suggest “Following” on Twitter and Facebook for updates about public actions, or email us for more core related organizing activity.(Twitter is preferred as it limits the amount of information presented about individuals within the collective.) Also Anti-Fascists flyer campaigns can be done autonomously under the collective’s banner. Actions are publically announced with autonomous & side-projects being organized by individuals.
