BIOGRAPHY

This is Retaliation!

With passion and ambition as main ingredients, this Dutch Hardstyle duo is a true force to be reckoned with. Sander Schneider and Robin Fischer combined their strengths 6 years ago and worked excessively to get that quality bar as high as possible. Their releases contain powerful atmospheric masterpieces that lift your spirits up as well as providing you with ultimate bass faces!

With already a nice amount of major bookings during their professional career at events like Loudness, Fatality, Megabase Outdoor, Ground Zero Festival, True Survivorz and Raw Definition they are now a force to be reckoned with.

In February 2018 Retaliation released their highly anticipated EP called 'The Awakening'. It consists of four tracks that mark their new standard in high - end production qualities. 2018 will definitely be the year of Retaliation.

The new Awakening is here!
