Poster Demographics

At its peak **AutoAdmit** had thousands of regular posters, but after the the LOLsuit many posters resorted to [lurking](#), much like the vocal Muslim community after 9/11. Most of the current posters are [current or future law students](#), [lawyers](#), unrepentant racists, vicious

misogynists, OCD Asians, 2 gays, and a busted black chick with fat tits.

Because AutoAdmit is **totally anonymous**, there are two competing theories about the demographics of the **AutoAdmit** regular poster population:

Megaposter Theory

Variations of the Megaposter Theory postulate that between 2-4 **basement-dwelling OCD virgins** have created 90% of the monikers and that the "discussions" posted on AutoAdmit are waged mostly by sockpuppets, 2 people fighting over their flawed understandings of complex issues backed by their respective legions of fake supporters, etc.

Software Spam Theory

Since most of the threads on **AutoAdmit** are mindless, incoherent banality, **some argue** instead that the board's content is randomly generated by a computer stringing together the terms "GF, objectively hot, 6'2", nigger, ITT, Why are blacks, match.com, anal, 5'4", killself, Summon," and other screed spidered verbatim from stormfront.org.

AutoAdmit's poster demographic includes many **cool guys with cool haircuts** at Harvard Law School.

Brief History

Original PR Board

AutoAdmit started as dating site exclusively for Asian guys seeking white girls. The original URL and current mirror, xoxohth.com, stands for "hugs and kisses, hope this helps;" **some argue** that the "xoxo hth" phrase attests to the truly earnest and benevolent essence of the AutoAdmit community. This argument overlooks the fact that, like most ultimately life-ruining internet phenomena, "xoxohth" began among azn teenagers **as a meme**.

A TTT in decline

Since the board's inception, posters have whined about **AutoAdmit's** hastening decline. It's sort of like when a band is cool for a split second, but then lots of fanny-pack fats start liking it, and so the original fanbase—which already consisted of mediocre poseur suburban fucktards—compete to see who can disavow the band most emphatically.

BIG CHANGES

After **Rach** got sick of the **mutant bastard** he spawned, he implemented some **BIG CHANGES** which included **purging the archives**, **disabling** search, creating the **garbage board**, and **giving Rowan Mod-powers**. **Historians** will likely look back on this event as the final straw in XOXO's downfall.

Notable Board Personalities

10 menstrually synchronized megaposters

AutoAdmit's erstwhile community account for female poasters.

The Box

AutoAdmit's most notable **CAWG** and attention whore. Began posting as an 18-year-old Ivy freshman (and a virgin [SRSly]). Has now been **chokefucked & bukkaked**, and **creampied**.

:D

Also known as "colon dee," :D is AutoAdmit's beloved **MFE** (and was a LULZy defendant in the **LOLSuit**).

Estrada

Dropped out of Harvard Law to pursue calling as a **sunglasses salesman** and physician to rich and famous dinosaurs.

Gay Posse

Gay Posse is known IRL as Gay Posse and will use his dad's FBI algorithms to hack your IP. Experts believe that most of the starvation in the third world is because of Gay Posse.

Hazelrah

All-around **good dood**. Managed a blogspot, The XO Reader until 2010 (now, alas, **defunct**).

J-J-J-JULIA!

AutoAdmit's favorite **wannabe Playboy model** and attention whore. Posts **bellydance videos** for XO virgins **to spank to**. Inspired Poetic Dreamer to free verse, "*I want to fuck you in the ass so hard. / So hard. / So hard. / So hard. / So hard. / So hard. / So hard. / So hard. Cream my cock with your nice, warm faeces. / Please./ Please. / Please. / Please. / Please. / Please. / Please.*"

MadCat

XO's own [Truly Outrageous](#)  [crazy cat lady](#) .

NYUUG

NYUUG is an IRL characture of a self defeating Asian virgin. 75% of his posts are about getting laid, yet when a fat chick got ass naked in his bed and begged for his cock all he did was [eskimo kiss](#) her while talking on the phone to his mom.

Pensive

Pensive is an OCD virgin who invented the card game Ambition and spends endless hours trolling for HEROIC women. Because of his wealth of monikers, Pensive's posts often receive the response "Hi Pensive".

Pensive is a megaposter responsible for 25% of the edits made to this hypertext-based distributed version control system.

Puppy (*is a puppy*)

Autoadmit's first virtual pet. Starred in such valiant threads as [*guards your belongings*](#)  and [*shivvers*](#) .

Rasquatch

Notoriously stupid poster. Ex: In a pinch, cats have the instinct to [knead water from the ground](#) .

Renada Dashada

Classic XO poster, author of the epic rant, ["On choosing Chicago over Harvard"](#) .

Rowan

Rowan is an IRL busty redhead attention whore who threatens to retire on a bimonthly basis and gives uninformed relationship advice. Her hobbies include having impossibly high standards and leaving her cats at home for weeks on end.

Sonic Youth

A violent, self hating Asian megaposter who composed a lengthy and detailed screed about torturing a little white girl. Lulz were had by all when he was outed by Rach and subsequently [googlebombed](#).

whokebe

Whokebe was a fairly intelligent Korean poster from the old PR board. He was not particularly funny or special, yet he is inexplicably revered as a [God](#) on **AutoAdmit** despite not posting or lurking there for over 2 years.

Notable Lulz

The T14 "Talent" Contest

Raiding hawt law students' social networking pages for spicy pics had long been an AutoAdmit tradition ([example](#) ). But in 2007, board pariah PaulieWalnuts took that shit to the next level.

The genesis of what became AutoAdmit's most epic clusterfuck seemed innocuous enough: a thread calling for nominations for ["Hottest T14 Law Girl 2007"](#) . Then pauliewalnuts had a brain fart:

[Top](#) [Previous](#) [Next](#)

Date: February 20th, 2007 2:06 PM

Author: pauliewalnuts

i could set up a site.

i would administer it also. very even-handedly as i am not necessarily interested in the results (being a non t14 grad) and i believe in the integrity of rating women.

(http://www.autoadmit.com/thread.php?thread_id=583249&forum_id=2#7636050)

The result was [T14talent at googlepages](#) . At first, the exercise seemed harmless enough. Some of the women were flattered to be nominated, and even contributed [better pics](#)  to the effort.

Then came the bitching. Feminazis like [Jill Filipovic](#)  called out the contest as "objectifying" women (or whatever), thus prompting a LULZy takedown by [Lathorpe](#) . And one student from Yale Law School was deeply unhappy about her nomination: [Heide Iravani](#) . When the buzz about her breasts failed to die down, Iravani was approached by [two tools from Kentucky](#)  named [Michael Fertik](#)  and [Ross Chanin](#) : they promised that, with the help of their new scam company ([Reputation Defender](#)), all the big bad AutoAdmit posts would go bye-bye.

Unfortunately, [Reputation Defender's](#) ill-conceived ["Campaign to Clean Up Autoadmit"](#)  only boomeranged: a la the [Streisand Effect](#) , [Reputation Defender's](#) attempts to twist AutoAdmit's arm through media interviews (including the [Washington Post](#) )

Guys at Rowan's High School ejaculated straight blood onto a clown's face all the time in this economy because of Gay Posse Radek.

only spawned MOAR (and moar DAMAGING) threads about Iravani (and [Reputation Defender's](#) other pro bono client, Brittan Heller). [Details here.](#)

[Reputation Defender's](#) utter fail to meet [XO's challenge](#) threatened to expose the company as impotent, and expose CEO [Michael Fertik](#) as a [delusional douchebag](#). So [Reputation Defender](#) co-founder [Ross Chanin](#) begged his daddy, a partner at the lawfirm of Kecker Van Nest (Jeffrey R. Chanin), to help. Thus began the next-level LULZ now known as **The LOLsuit**.

The LOLSuit

In 2007, [Reputation Defender](#) egged on two [Yale women](#) to sue AutoAdmit and several of its posters, claiming to have suffered [extreme emotional distress](#) as a result of [cyberbullying](#). ([Srsly](#)). In an effort to shield their identities, the Yale girls' lawyers dubbed them [Doe I](#) and [Doe II](#). (The girls' names (Brittan Heller and Heide Iravani) are now in the public domain--see Epilogue, below.)

Probably the only negative consequence of the LOLsuit was the chilling effect it had on the board: many [established posters](#), now twenty-something [attorneys](#), were afraid to be discovered frequenting a forum characterized by the media as racist, misogynist, etc. While the exodus of this particular group of people would have improved the overall atmosphere and lowered the virgin quotient of almost any other online community, AutoAdmit proved the exception. Remaining posters black person, [confuse its and it's](#), and spend time editing grammar on ED.

Benefits (and hearty LOLs) of the LOLsuit included:

- *The LonelyVirgin Letters*: The [first 'Lonelyvirgin Letter'](#) (March 2007), which was spammed to the entire fucking faculty of the Yale Law School, warned professors that Brittan Heller was a lying bitch and that Heide Iravani owned ponies bought with money pilfered from the World Bank. ([Srsly](#)). The [SECOND 'Lonelyvirgin Letter'](#) (June 2007), again spammed to the entire faculty of YLS, floated theories as to why "the epitome of kikes," David N. Rosen, would represent Heide and Brittan: *"My own pet theory is that Mr. Rosen has recently found two talented knob gobblers to take care of business for him, in exchange for "pro bono" work. I can't blame him for trying to exploit their predicament, but it seems like the risk of contracting herpes from Brittan Heller would convince any rational person to go to a prostitute first. As for Heide Iravani, who wants that litigious cunt holding a sexual harassment lawsuit over their head?"*
- A federal district court was forced to adjudicate claims against parties named :D, Dirty Nigger, and HitlerHiterHitler. ([SRSLY](#)). [It is widely speculated](#) that current poster 8==D~~ created his moniker solely for the purpose of posting tortious content and, thus, increasing the odds that "8==D~~" will one day be named in a lawsuit.
- *The AK-47 Letter*: On the brink of being outted in March 2008, defendant AK-47 sent a [friendly letter](#) to Iravani and Heller's attorneys, letting them know the subpoenas he planned to send if the litigation continued: *"1) A subpoena for information pertaining to the size of Heide Iravani's breasts and whether such breasts, as alleged by one Defendant, are "fake" 2) Information pertaining to whether Brittan Heller or Heide Iravani are indeed "universally hated" by their peers 3) Information pertaining to whether Brittan Heller or Heide Iravani have any sexually transmitted diseases, including Herpes 4) Information pertaining to the law firms that interviewed Brittan Heller or Heide Iravani, and why such firms decided not to hire Brittan Heller and Heide Iravani 5) Information pertaining to whether Brittan Heller did indeed achieve a score of 159 on the LSAT 6) Information pertaining to Heide Iravani's religion - i.e., Islam - and information from any Muslim peers that may be able to shed any light on this case (this information may be a bit difficult to get, but local mosques would be a good place to send information requests or, if necessary, subpoenas)." Legal gossip blogs [clucked their tongues at AK-47's legal strategy](#), but the Russian Gun's letter actually fucking **WORKED**: The plaintiffs' lawyers, realizing they were dealing with a batshit crazy opponent, immediately dropped their pursuit of AK-47, whose actual identity remains unknown to this day.*
- Brittan Heller is rumored to have learned NOT to blather in interviews about genocide, bloated bodies in open graves, feminazi shit, etc.
- Heide Iravani is rumored to have stopped dressing like such a slut. While this is a downside for those posters desperate enough to have fapped to her, it is probably a good thing for retailer Forever 21 and for the Beijing platinum powerseller "Totary Authentic Seven Jeans For Idiots": both merchants had begun to run low on inventory.
- Plaintiffs' attorneys actually tried to serve notice by poasting on Autoadmit. Seriously:

History is made!

Epilogue: The following year, AutoAdmit's Education Director spread lulz moar widely by COUNTERsuing Reputation Defender and the Yale bitches. (SRSLY.) [It's rumored](#) that this is why lying bitch Brittan Heller fled to Korea and then Afghanistan. Since Heller is sure to be [Ding!fagged](#) if she ever petitions the Character and Fitness boards for a law license, she's trying to begin a new career as a fuckup Foodie at thesuitcasechef.com with her faggoty husband, Nathaniel Gleicher.

Heide Iravani is [rumored to be](#) judgment-proofing the ponies procured by her father with stolen World Bank money (Srsly!) [when their work was cited in the Weddings section of the New York Times](#).

On August 9, 2009, [Autoadmit trolls cheered](#) when their work was cited in the Weddings section of the *New York Times*. Srsly:

Brittan Heller "who is keeping her name" and Nathaniel Gleicher give a shout-out to Autoadmit in their wedding announcement (Srsly--scroll to end)

Virginia Tech Sequel: XOXO Gets V&

Only two days after the recent [prank in Virginia](#), an [intelligent poster](#) on AutoAdmit posted the following message:

“ **Just decided not to do a murder-suicide copycat at Hastings Law**:
I went to bed all set for "Bloody Wednesday," but when I woke -- to sun, to flowers in bloom -- I just couldn't bring myself to suit up. Maybe tomorrow; I hear rain's in the forecast. ”

The thread can still be seen here [\[1\]](#), but the poster edited the post to say "WGWAG", which is AutoAdmit slang for "white girls with asian guys." A [valiant poster reported the post](#) to the Dean of Hastings Law and the FBI. The school promptly went on lockdown, and the original poster is now completely, completely fucked. Rachmiel, the [admin](#) of AutoAdmit posted an [announcement](#) condemning the post, and announced his [cooperation](#) with the FBI.

Ernie Menard

Ernest C. Menard is essentially one cold son of a bitch. Unfortunately, the typical law school sluts didn't realize that Ernest C. Menard viewed most of them as likely being STD laden ex-street walkers. [The e-drama started](#) when an AutoAdmit poster found one of Ernie's blogs, entitled Judicial Malfeasance. (Dutiful comrades later reproduced the contents of the blog [here](#)). There were too many lulzy highlights to recount, but basically Judicial Malfeasance chronicled "sexually malevolent," harassing behavior by Ernie's female classmates and professors at LSU Law. For example, on [July 31](#), legal writing professor [Marlene](#)

Allgood  flashed her tampon at Ernie, whispered "sex sex sex" and then "made a whoosh sound." You couldn't really blame her, though, because Ernie [was asking for a good pile-driving](#) .

Naturally, AutoAdmit trolls could not restrain their glee at discovering someone who maybe had a lower LSAT score and higher virginity score than they did -- Ernie attended LSU, what a TTT! -- and flooded his blog with lulzy comments. Because most of them were posting from work, Ernie discovered a flood of traffic from IPs associated with courts and large law firms, substantiating his paranoia that the entire judicial establishment was out to get him. Ernie freaked the fuck out (YEP, that's accurate) and baled Judicial Malfeasance [and, no, he baled it for other reasons], though he is still intent on getting his story out ("NOT EVEN A CORK WILL HELP"), and has created new blogs [here](#)  and [here](#) . In addition, Ernie sued the Board of Trustees of Loyola University New Orleans and the megalulzy court opinion can be found [here](#) . Thx Google!

If you should encounter Ernie IRL, approach with caution since he has been arrested for assault at least once and claims to carry around a "gerbil and insertion device" , proving that he is probably some kind of [furfag](#). As far as this editor knows, Lawrence Moore, Associate Dean of Loyola Law School New Orleans, may have been walking around with the gerbil in his rectum for the past several years.

Belle Knox = Miriam Weeks (The Duke University Pornstar)

“ Thanks to a series of soul-wilting anonymous postings on forums like...AutoAdmit...you can find out a whole lot more than that (about Duke Porn Star Belle Knox) without a whole lot of effort. You can see Lauren's porn name, photos from her films, and her casting page on the Web site of the model agency she works for. You can find the name of her hometown and high school; her father's profession and e-mail address; and a list of her hobbies and extracurriculars.

”

----The Washington FUCKING Post!! 27 February 2014

The quote says it all: for the 2nd time in history, XO made the **WASHINGTON POST!** (For the first time, see The LOLSuit, above.) For celebration and joy, see [this thread](#) .

XO's feat was pretty simple: helping to out the Duke University Pornstar, [Belle Knox](#), as Duke Freshman [Miriam Weeks](#).

How to Troll AutoAdmit

- Claim prestige.
- Claim to be an attractive female. To garner maximum internets, while claiming to be an attractive female you should also remark upon one or more of the following:
 - You are impervious to the Mystery Method
 - You would never marry a lawyer, an azn, an azn lawyer, or anyone who sported hideous acne in high school.
 - You attend HYS and/or work at a v10
 - Your fiance is Old Money and works in Private Equity. You seduced him via your keen wit, sophisticated fashion sense and prestigious t14 resume
 - Poast about [casual sex](#). Pensive will descend upon you with his multiple monikers.
- Initiate threads arguing for/against "community accounts"
- Post as a Biglaw partner. Your posts can be otherwise nondescript; the mere brazen assertion that are you have reached level 80 IRL will suffice to generate large amounts of e-drama. To garner maximum internets, while posting as a biglaw partner you should also remark upon one or more of the following:
 - Brooks Brothers makes for stellar interview attire
 - Skadden has already conducted mass stealth layoffs
 - LSAT scores are inconsequential
 - ITE, Summer Associate lunches will be at Applebees
- Claim that American Psycho and Kitchen Confidential are pieces of shit that only striver n00bs would read.
- Support the Alternative Minimum Tax
