**5PM RALLY – TRAFALGAR SQ**

Donald Trump is coming to Britain. While he's here, we need the biggest demonstration against his politics of racism, war and hate.

Please join us if you're opposed to Trump's reactionary agenda of racism, Islamophobia, anti-Semitism, xenophobia, escalating war and confrontation in the Middle East, Asia and Latin America, reneging on climate change commitments, misogyny, sexism and homophobia.

The Together Against Trump march and rallies are supported by a wide range of grassroots organisations, unions, campaigns against war, racism and austerity, and for women's rights, as well as politicians and public figures.
