### Police Commissioner Announces Charlestown Drug Tip Hot-Line

Police Commissioner Francis M. Roache announces the establishment of a police phone line specifically to receive information and tips from the Charlestown community on drug trafficking in the area. This phone line, 247-4697, will be staffed by members of the Boston Police Department Drug Control Unit seven days a week from 8:00 a.m. to Midnight.

Any citizen with information concerning the use or sale of drugs is encouraged to use this line. The callers can remain anonymous, and are encouraged to provide the date, time, location and description of any illegal drug activity they have observed. All information will be investigated by the Drug Control Unit of the Boston Police Department.

Commissioner Roache states: "We need the continued support of all citizens as we aggressively pursue those persons who engage in drug trafficking and poison our neighborhoods. We are committed to keeping the pressure on and winning the war on drugs. Information from the community is the key to our success."

This Drug Control Unit Telephone Hot-Line is 247-4697.

### City And Residents Debate Solution For Parking Problems

by Marianne Martin

Mention there is a parking problem in Charlestown, chances are there will be few arguments. However, discussion of possible solutions generates a debate, as Pat Jones from the City of Boston Traffic and Parking Department discovered at a community meeting held on Wednesday, October 9th at the Knights of Columbus Hall.

In the Little Neck section of Charlestown, residents, sick of fighting out of town commuters for the right to park on their streets, petitioned the Traffic and Parking Department for a resident permit parking program. After receiving com-

plaints from the City Square area on the same problem with commuters, Jones investigated the situation and drafted a proposed resident permit parking program for the area, but due to the rippling effect which would result, Jones has included streets extending down Main Street as far as School Street, up to High Street and north to Trenton Street. However, while residents agree that non-residents are adding to the present parking conditions, not all residents are convinced a resident permit parking program is the answer.

Resident Don Jackson acted as moderator at the meeting, fielding pros and cons on the proposal. Among the opposition is the street by street approach to the permit parking.

Jones told residents that those living in the City Square area have requested the Traffic and Parking Department to investigate their current situation. Jones stated that the streets included in her proposal would absorb the influx of commuters. Robert Wallace of Mount Vernon Street disagreed.

"If the program is enforced on Austin Street and not on Green Street, then they (non-residents) will park on Green," stated Wallace.

Another resident added, "I live on Main Street and since the program was put in at Sullivan Square, they park on Main Street instead."

Jones stated the entire town does not need a resident parking program to which one woman rebuked, "It will." However, Jones went on to say, "When it's

### Father Thomas D. Conway Honored At Testimonial Luncheon

by Marianne Martin

For the past four years, Reverend Thomas D. Conway has served as Pastor of Saint Catherine of Siena Parish in Charlestown. During this time, Father Conway was a neighbor, a friend, and a confidant to many residents of Charlestown. Last month, however, Bernard Cardinal Law issued an order to Father Conway that he was to be transferred to Saint Margaret's Church in Dorchester effective October 1st, a move Father Conway says he accepts as "part of the job," but finds it hard to believe, none-the-less.

To thank Father Conway for being more than just a local priest, for getting involved with the entire community of Charlestown, friends, colleagues, and public officials gathered to honor the man at a surprise luncheon held on Friday, October 4, 1985 at the Mount Vernon Restaurant.

Boston Team Police Officer, Stephen DaCorta, who served as Master of Ceremonies, introduced Father Conway's parents, John and Helen Conway, as the spe-

cial honored guests at the luncheon.

After the Invocation, offered by Reverent Isaiah Sears, Pastor of the First Baptist Church in Charlestown, Mayor Raymond Flynn was introduced and was the first speaker to give

FATHER THOMAS D. CONWAY recalls a few of the memories from his four years as Pastor of Saint Catherine of Siena Church at a luncheon given recently in his honor.

THE PARENTS of Father Conway, John and Helen, were special guests at the luncheon.

MAYOR Raymond L. Flynn presented "'The Boston Bowl', the highest award given on behalf of the citizens of Boston", to Father Conway.

### North Area Community Meeting

The next North Area Central Artery Community Meeting will be held on Tuesday, October 29, 1985 at 7:00 p.m. at the K. of C. Lower Hall, 75 West School Street.

Every play needs a set and props. Every play needs lighting. Every actor needs a costume. Every play needs to be publicized. Each night tickets and refreshments must be sold, programs distributed, and people seated. Volunteers are responsible for making all this happen.

Volunteers are also needed to maintain and improve the building, an 1882 Victorian firehouse. C.W.T. is

## Doris And Voke Announce Bids For Main Street Upgrading

Senator Francis D. Doris and Representative Richard A. Voke announce that the Massachusetts Department of Public Works has requested bids for the upgrading of Main and Warren Streets.

The estimated cost of the repairs is approximately \$3.5 million. The request for the much needed and long delayed project has been a priority of both Senator Doris and Representative Voke for some time. Both Doris and Voke are very pleased that the funding has been made available and expressed optimism that the bid process will be completed in the near future.

The work to be done under this contract consists of the reconstruction of roadways

and sidewalks, installation of utilities including lighting, water and drainage systems, and landscaping, including portions of intersecting side streets on Main Street between Sullivan Square and City Square and on Warren Street between Thompson Square and City Square.

Monument Square property owners are cordially invited by the Boston Landmarks Commission and the Charlestown Historical Society to attend a presentation and discussion on the proposed Monument Square National Register District on Thursday, October 24, 1985 at 7:30 p.m. at the home of Leslie Dangel, 4 Monument Square.

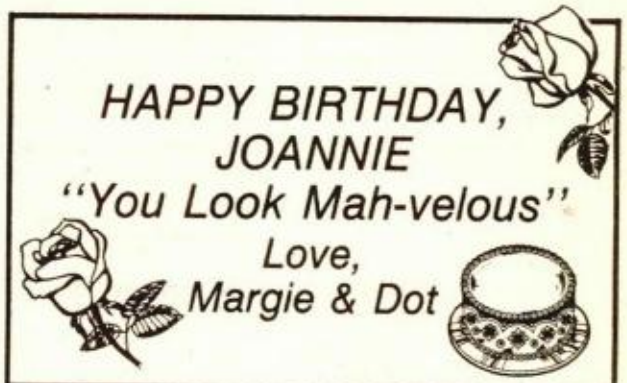

Staff from the Boston

Landmarks Commission will be making a short slide presentation on the National Register nomination process and will answer questions. This public information meeting for owners is being held prior to the consideration of the nomination by the Massachusetts Historical Commission at its November meeting. MHC staff will also be present.

The National Register is the nation's official register

of historic properties and districts worthy of preservation. Listing in the National Register provides recognition of historic significance and provides certain Federal tax benefits for the renovation of historic properties that qualify as depreciable by the IRS. Listing has no effect or constraints on private homeowners within a district.

Interested Charlestown residents are welcome.

## Water And Sewer Commission To Test Pipes

The Boston Water and Sewer Commission will perform flow tests on its water pipes in the neighboring area for the next two to three weeks. Ron Catena, spokesperson for the Boston Water and Sewer Commission, reports that the tests are necessary to determine the capacity and integrity of the water pipe system to serve this neighborhood. The Commission is evaluating and improving its water pipes to assure that there is an adequate supply for all users and for fire protection.

The Commission advises residents of the area that during the tests there may be some slight discoloration of the water in certain areas. However, any effect will be minor and of short duration. The tests are part of the BWSC's ongoing program for providing water service that is of high reliability and quality for all of Boston.

## Unions Endorse School President Nucci

Boston School Committee President John Nucci (East Boston/North End/Charlestown) has once again received major labor endorsements for his re-election bid in the November 5th general election. Several weeks ago, President Nucci got the nod from the City's largest union, the Boston Teachers Union, for the second consecutive time. Most recently, Nucci was the recipient of another major labor endorsement, when the Greater Boston Labor Council, AFL-CIO, voted to endorse his candidacy at their September meeting. Lawrence C. Sullivan, Executive Secretary-Treasurer of the union, wrote President Nucci to "wish every success" in his re-election bid.

The Greater Boston Labor Council, AFL-CIO represents 22 cities and towns in the metropolitan Boston area and plans to "notify all affiliated unions of the endorsement," according to Sullivan. Nucci commented that he is "as always, most pleased to receive the en-

dorsement of unions which represent the hard-working men and women of Boston and the entire Commonwealth."

Nucci, who received both endorsements in 1983 when he went on to be the top district vote-getter in the City, noted that he feels that "the endorsements are indeed helpful in my re-election bid, but more importantly to me, they indicate that my performance is appreciated by those who work so hard to serve our children and all the taxpayers in the City."

Nucci, who was elected President of the School Committee in his first term, will be on the November 5th ballot.

## Kennedy Board To Meet

The Kennedy Center Board will hold its monthly meeting on Monday, October 28, 1985 at 7:00 p.m. at the Mary Colbert Apartments, 20 Devens Street.

The public is welcome.

The USS Bunker Hill (CG-52), an Aegis Class guided missile cruiser, will be commissioned in Boston Harbor on September 20, 1986.

The 567-foot guided missile cruiser is the fifth vessel of its class. The ship's name commemorates the Revolutionary War battle fought in Charlestown on June 17,

## U.S. Navy Cruiser To Be Commissioned In Boston

1775 when Massachusetts, New Hampshire and Connecticut troops stubbornly repelled two British frontal assaults.

One former U.S. Navy ship, the Essex Class aircraft carrier USS Bunker Hill (CV-17), has also carried the name. The first Bunker Hill, which served in World War II and received many battle

decorations, was deactivated in 1946.

Aegis Class guided missile cruisers are designed to operate with aircraft battle groups, providing anti-aircraft and missile protection well into the 21st century. The ship carries a variety of weapons, including torpedoes, anti-submarine rockets, deck guns, surface-to-surface and surface-to-air

missiles, rapid-firing close-in guns and electronic jamming devices.

The Bunker Hill, which will have a crew of 22 officers and 388 enlisted personnel, is presently at Ingalls Shipbuilding in Pascagoula, Mississippi. The ship's prospective commanding officer is U.S. Navy Captain Philip M. Quast of Sheboygan, Wisconsin.

## Horse Show To Benefit Boston Park Ranger Program

Dear Editor:

The Boston Park Ranger Program has been operating in our city parks during the past three summer seasons. The rangers, working closely with the Boston Police Department, have proven to be a major deterrent to crime and have contributed to an increased feeling of pride and security throughout our park system.

Inadequate funding has plagued this program and our entire park system for many years. In an effort to address this situation, I am organizing, in conjunction with the Boston Parks Department and Ranger Program, a series of fundraising events.

The First Annual Urban Park Ranger Horse Show will take place on Saturday, October 19th, at Franklin Park. All proceeds will be donated to the Urban Park Ranger Program. Horse lovers of all ages will be provided an opportunity to personally view the skill, talent and beauty of horses and their owners from around New England.

The Horse Show provides a wonderful opportunity for the entire family to enjoy one of Boston's most beautiful parks at the same time witness the horse show which I hope will become a tradition in Boston for years to come. The Park Rangers and Boston Police will be on hand, not only to guide and inform visitors of the various events, but also will be performing in the show.

This event is a perfect example of how public-private partnerships can work. Many businesses have contributed their products or given financial support to the show with Christies' markets being the show's major sponsor.

If you would like to help support the Park Rangers, please join us on October 19th. I'm sure it will be a day to remember. Admission is free, but donations will be greatly appreciated. If you cannot attend or would like to support the Park Ranger Program, checks may be made payable to the Urban Park Ranger Program, sent care of my office at Boston City Hall, City Hall Square, Boston, MA. 02201.

Sincerely,

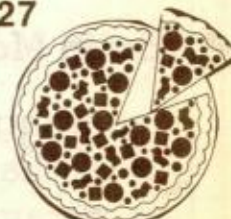

Maura A. Hennigan  
Boston City Councillor

**RE-ELECT ALBERT L. O'NEIL, COUNCILLOR AT LARGE, TO THE BOSTON CITY COUNCIL**  
★ **ATTENTION VOTERS OF BOSTON. PLEASE READ THIS AD CAREFULLY** ★  
**THE ONLY WAY I CAN GET MY MESSAGE TO THE VOTERS OF BOSTON**  
**IS TO PAY FOR IT. THE PRESS IN THIS CITY WILL NEVER GIVE ME A BREAK.**

First of all, Mr. Robert Turner — reporter for the **Boston Globe**, states that I "do nothing in the City Council." For the information of the readers of this ad, Mr. Robert Turner is a State House reporter and has **never** covered the City Council hearings or meetings. So, in my opinion, he does not know what he is talking about. The **Globe** will say anything to try and discredit me and my reputation. Good luck, Mr. Turner.

1. I am a full time City Councillor and have **never** had another income.

2. I missed **one** meeting in close to fourteen years on this Council, and I am proud of that record.

3. I never had a fund raiser in close to fourteen years as a Councillor, and had my first one this year. I thank the people that voted for me in the Primary and also thank those who contributed to my campaign.

4. I am the only Councillor At Large who **is not** a Lawyer and I am not in Court practicing law when I should be here getting paid for doing my job as a **full time** Councillor.

5. I was the only Councillor who voted against the Human Rights Ordinance because it included \$146,000 of the tax payers money to form what is called a Gay and Lesbian Commission with subpoena powers. The vote was 12-1 against me.

6. I voted against the Fair Housing Commission because if I owned and two or three family home, nobody, or any Commission, is going to tell me who I will rent to.

7. I voted against a Federal Grant in the amount of \$17,000,000 to train REFUGEES for employment. The vote was 12-1 against me. My reason for voting against it was because I felt that we should take care of our own as far as employment is concerned.

8. I was one of three votes that voted against the creation of the Water and Sewer Commission. Look at the water and sewer rates you are paying — it is disgusting. I did not sell my vote for patronage.

9. I am the only Councillor here that has constantly said that AFFIRMATIVE ACTION is a first class case of discrimination against qualified candidates for jobs. Case in point — Civil Service exams for Police and Fire and other jobs. Young men and women who got marks of 100% and marks of 99% cannot get hired because of minority preference. If a minority should get a better mark than I do, than I say they should get the job, but when I get a higher mark than a minority, that

job belongs to me.

10. Also, in the Human Rights Ordinance, there was a section in it that the Gay and Lesbian groups were seeking to have **full use** of public accommodations (ladies' rooms), and I did not buy it. 12-1 vote against me.

11. My advisors tell me **NO**, but I say **YES** to the following: One of my opponents, Mr. Michael Kane (a radical activist in the City of Boston), is endorsed by SOCIALISTS, THE GAY AND LESBIAN ALLIANCE, THE RAINBOW COALITION, and other radical activist groups in this City. I am not, and would not, accept any endorsements from those people. (I wonder if he will tell the voters that.) My advisors don't want me to bring out his name, but the voters are entitled to know just who is backing him (a carpet-bagger from Texas).

12. I came in Number 1 in the Primary Election, and it frosted a lot of my fellow City Councillors, but the people spoke for me and that is all I cared about. I thank them for that and I will always speak out for them, as I always have. The problem around here is that I am always here being paid to do my job and am not out practicing Law when I should be here.

13. I also know the people in this Administration that are out trying to make sure I will not be re-elected, but let me tell them something, "The people are with me and they spoke in the Primary Election." God Bless them and my heartfelt thanks to all of them.

14. I want to call to the attention of all my fellow VETERANS here and throughout the State that I am the **ONLY present City Councillor At Large** who is a Veteran. I ask all my fellow Veterans, members of the Ladies Auxiliary, Gold Star Mothers, and Marine Corps League, to get out and vote with your family and friends to allow me to continue my work on behalf of all Veterans in this City and State. To my Vietnam Veterans (for whom I have always been there when needed), I humbly ask for your support on November 5, 1985 (Election Day).

15. The only present Councillor At Large that is a Veteran: William Doyle Post #2831 V.F.W. - Amvets Post #1, Roslindale - Thomas J. Roberts Post #78, The American Legion - Silver Star Post #3, Disabled American Veterans. (Former Lieutenant, "A" Company, 101st Infantry. Seven battle stars, Bronze Arrowhead for assault landings (North Africa to Germany). Special Unit Citation

from the late President Harry S. Truman.) Emerald Society, Boston Police Department - Boston Lodge of Elks - National Association of Neighborhood Schools - National Rifle Association - Life Member, National Boxers Association - Ring #4 Boxers Association - Irish American Club, South Boston - Fraternal Order of Eagles, Hyde Park #4883 - Hall of Fame, National Police Foundation - Irish American Veterans Association Post #1 - National Conference of Shomrim Societies - Home Soon, accounting of our P.O.W./M.I.A.s - 101st Infantry Association - National Right to Life Committee - Gun Owners Action League.

16. Conclusion: I know that I might be controversial, but God knows, you have to have somebody here in the City Council who questions everything. The wise guys don't want me around, but the people do, so I ask the people in this great City, to go out and vote for me again on November 5, 1985. I am #7 on the ballot. Very soon you will be receiving a lot of literature in the mail from other candidates and, to me, it is a lot of cheap political garbage. The thing that really counts around here is the attendance and how they vote. Some of them will tell you that I did this and I did that, but remember, nothing could be done around here without the consent and vote of the other Councillors. I wonder if they will tell the voters how they vote around here (no way). Watch out for the last minute lies. Please show this ad to all your friends and relatives, put faith and trust in me, and bring out the family to **vote for Albert L. O'Neil for City Councillor At Large — #7 on the ballot**. God Bless you all, thank you for your vote in the Primary, and please repeat in on November 5, 1985.

In conclusion, I attend all of the regulatory board hearings in City Hall and represent people from all over the City at these hearings.

I know that all of the social planning liberal do-gooders, along with the radical activists in this City, are out to see me defeated, but my people came out in the Primary, and they will **come out on November 5, 1985 and vote for City Councillor At Large, Albert L. O'Neil — #7 on the ballot**. My people are the people that really care about this City, State, and Country, and we will drive the radical activists right out of this City. I also know that there are people in this Administration who don't want me around because I ask too many questions — and they don't like that.

Paid for by the Committee To Re-Elect  
Albert L. O'Neil, City Councillor At Large

## Susan Dole — Synonymous With Service At B.H.C.C.

At Bunker Hill, the name Susan Dole is synonymous with services to students. Since coming to work at the Bunker Hill Community College in 1979, Susan has worked in a number of different capacities, but always with the same purpose; student services. In her first years at the College she headed the Outreach program, recruiting students through agencies such as Headstart, ABCD and the Department of Public Welfare. Through this program, hundreds of students got an opportunity to pursue an education, and they had the help and support of one of

Bunker Hill's most caring and capable people. Susan also worked for many years with the Alternative Learning Accreditation Program (ALAP) and then worked with the General Office Training Program (GOT) as coordinator, counselor and teacher.

In the Charlestown community, the name Susan Dole is synonymous with service to community residents. She has been a member of the Board of Directors of the Kennedy Center, Charlestown's largest social service agency, and she was a founding trustee of the Economic Development Corporation of Charlestown. She also worked extensively with the Charlestown Community Schools and Project Scale in Somerville. The listing could go on, but the message could hardly be clearer: her hard work and dedication are part of her life in the community as well as at the College.

Hard work and dedication have also been demonstrated by Susan in her efforts to improve her own education. A graduate of Somerville High School in 1967, she returned to college, like so many of the students she has counseled, after several years and graduated from Bunker Hill in 1976. She then went on to Tufts and received a B.A. in Sociology in 1979. While continuing to work at Bunker Hill, she attended Tufts' graduate school and received a Master of Arts Degree in Counseling Psychology in 1984.

Since the beginning of 1984, Susan has been a counselor in the Counseling Center, working with a more diversified student population, doing as Susan says, "longer range problem solving". For the past four years, Susan has taken on the additional commitment of working for DCE, making her outstanding skills and experience available to evening students. "Sincere", "caring", "understanding", and "always willing to help" are words that students use to describe Susan. DCE could not agree more. Her skills, energy and ability to relate to students have become invaluable resources to the evening school.

Susan is a resident of Charlestown and a credit to her Community. (reprinted from "Night Times", a publication of Bunker Hill Community College)

## Mary MacInnes To Be Honored At ABCD Community Awards Dinner

Reverend Jesse Jackson will join all of Boston in honoring 17 neighborhood volunteers at the Eleventh Annual Community Awards Dinner of Action for Boston Community Development (ABCD) on Friday, October 25th.

Reverend Jackson will deliver the keynote address and assist ABCD in honoring these special individuals at ABCD's biggest event of the year. Jackson's 1983 campaign for the Democratic presidential nomination marked the first full-scale effort by a Black American to capture the nation's highest office. Jackson is currently involved with Operation PUSH (People United to Serve Humanity) which he founded in 1971. He is also a frequent lecturer for high schools, colleges and professional audiences as well as making thousands of guest appearances for various groups including the Democratic National Convention and the National Conference of Black Mayors.

Each year, ABCD recognizes outstanding men and women whose consistent and effective work in the neighborhoods of Boston has improved the quality of life for disadvantaged residents.

### Conference For Single Parents At BHCC

Bunker Hill Community College's Division of Continuing Education will sponsor a teleconference entitled "Life Management and the Single Parent" on Saturday, October 26th from 9:00 a.m. to 1:00 p.m.

The seminar, which employs video-taped dramatizations of real-life situations, is designed for single parents who are committed to striving for a rewarding personal, professional and family life.

By viewing the videotapes and taking part in discussions, participants will learn how to handle pressure when problems seem to keep piling up, how to enlist children's help without putting too much burden on them, how to resolve conflicts between job and parenting demands, how to deal with the "holiday blues" and how to deal with child care.

Registration for this workshop is \$20. For more information, call the Division of Continuing Education at Bunker Hill Community College, 241-8600 extension 444.

Each is chosen through one of ABCD's neighborhood based agencies.

In addition, a limited number of Special Awards go to local businesses and individuals who have made significant contributions to the fight against poverty.

MARY MACINNES

Charlestown resident, Mary MacInnes, was selected as an ABCD Award recipient by the John F. Kennedy Family Service Center, where she serves on the Board of Directors. She has volunteered many hours working on neighborhood causes, including Townie Santa, relief for Charlestown

Fire Victims, the Bunker Hill Day Parade, and fund-raising events serving youth, seniors, and retarded citizens. MacInnes has served on the Board of Directors of the Life Focus Center and the Charitable Donations for Inhabitants of Boston. She has also served as a member of the Kent/Charlestown Community School Council, and the Board of Directors of Tenants United. She is currently serving as President of the Bunker Hill Tenants Task Force.

The Community Awards Dinner will take place at the Sheraton-Boston Hotel, on October 25th, beginning at 6:30 p.m. with a cocktail reception. The evening includes dancing, guest speakers, and other entertainment. Tickets are available at the Kennedy Center, 27 Winthrop Street, telephone 241-8866, or at ABCD, 178 Tremont Street, Boston, telephone 357-6000, extension 275. ## Friends And Family Bid "Farewell" To Father Tom Conway As He Leaves Saint Catherine's And Charlestown For New Parish

(continued from page 1)

testimony to the devotion of Father Conway to the neighborhood of Charlestown. "Father Conway and I share a common bond," began Flynn, "While neither of us come from Charlestown, there is a love we both have for the community. We both see the good, unique qualities of Charlestown."

Flynn presented Father Conway "The Boston Bowl," a porcelain China Wedgewood bowl, symbolizing "one of the highest awards this City can bestow."

On January 1st, both Father Conway and Flynn were recognized on the David Brudnoy Annual WRKO New Year's Day radio poll as the most admired individuals in New England, in which Bernard Cardinal Law received top honors. Flynn joked, "Father Conway came in second. I came in third, and Bernie something-or-other

was first."

Accounting for Father Conway's high recognition, is his 25 years to three other communities in addition to Charlestown, namely, Marlboro, Lawrence, and Haverhill. During his first assignment following his graduation from Saint John's Seminary, at the Immaculate Conception Church in Marlboro, Father Conway was told by his pastor, Reverend Henry Evers, to "get involved," a suggestion which led the young priest to the Marlboro Police Department. After which, with the purchase of a police radio and a flashing blue light for his car, Father Conway became the Police Chaplain.

The "cop" in Father Conway is still evidenced by his police radio, which sat on his desk at Saint Catherine's, ever scanning the local airways. To thank Father Conway for being "Michael the Archangel" of the police force, Boston Police Com-

missioner Francis "Mickey" Roache presented Father Conway a Citation from the Department. Roache said Father Conway is "a true friend to both the police and those he served," adding that working with Father Conway was "one of the nicest experiences of my life."

"Where should I send my kids to school?" And I was told, 'See Conway.' So, I went to Mass and I saw Conway. I went up to his office and I said to myself, 'There is a good man'."

Two organizations which also thanked Father Conway for his support and friendship were the Boston Hous-

BOSTON HOUSING AUTHORITY Director of Civil Rights, Gwen Cochran, presented a testimonial plaque of appreciation to Father Conway.

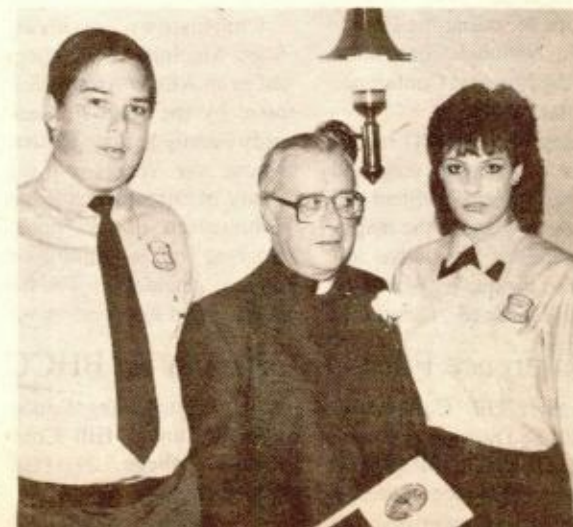

COMMANDER OF THE USS CONSTITUTION, Joseph Brown, presented a plaque containing a piece of the USS Constitution's oak frame to Father Conway.

Representing a portion of the history of Charlestown was USS Constitution Commander Joseph Z. Brown, USN, who presented Father Conway a piece of the wood from Old Ironsides. "I'm a new resident of Charlestown," began Brown, "but I represent one of her oldest residents." The Captain proceeded to tell the story of when he first arrived in Charlestown a few months ago. "I asked, 'Where do I go to church?' And I was told 'See Conway.' I asked,

ing Authority (BHA) and the Police Explorer's Post 1212-15.

Gwen Cochran, Director of Civil Rights for the BHA, presented Father Conway a testimonial plaque of appreciation. "We want to thank you. You've been a real good friend to the BHA," stated Cochran.

Captain Rita Feeley and member Tom Jackson of the Explorer's Post, presented Father Conway with a quartz clock plaque "in appreciation of the dedication to our

post." Officer DaCorta concluded the testimonial with a gift

of a Wedgewood plate depicting the Bunker Hill Monument as a memento of Charlestown from the entire gathering.

Father Conway told the gathering that he was truly surprised and honored by the event. "I really didn't expect this and as I sat here with my mother and father, I said to them, 'You know, I can probably go from table to table and tell a story about each person here.' I just can't tell you all how much I feel about these four years in Charlestown. I just can't believe I've been moved." Father Conway added, "I'm not going out of Boston — only to Dorchester," and "I still listen on the scanner to see what's going on."

(continued on page 9)

FRANCIS M. ROACHE, Commissioner of the Boston Police Department, presented Father Conway with a Commissioner's Special Citation.

## Father Thomas D. Conway Honored At Testimonial Luncheon

(continued from page 8)

"I am really just totally moved," concluded Father Conway, "Thank you for all you've done for me and if I have helped you, you're welcome."

Also present at the luncheon was Honorable Mary M. Brennan, Presiding Justice of the Charlestown District Court; Representative Richard A. Voke; Deputy Superintendent of Area A of the Boston Police Department, Ronald X. Conway; Bill Knox, Manager of the Bunker Hill Housing

Development; Mary MacInnes, President of the Bunker Hill Tenants Task Force; Michael Griffin, Director of the Charlestown Community Schools; Reverend Daniel Mahoney, Pastor of Saint Francis de Sales Church; James W. Conway, Chief Probation Officer, Charlestown District Court; Robert Murphy, Principal of Charlestown High School; Tom King, Director of the Charlestown Boys and Girls Clubs; and numerous clergy, businessmen, agency, and friends of Father Conway.

OFFICER Stephen A. DaCorta of the Team Police Unit, presented a Wedgewood plate of the Bunker Hill Monument to Father Conway.

REPRESENTATIVE Richard A. Voke congratulates Father Conway for his contributions to the Charlestown community and wishes him well in his new assignment.

CONWAYS in the audience were gathered together by Father Tom Conway. Shown (l. to r.) James W. Conway, Chief Probation Officer at the Charlestown District Court; Gloria Jean Conway, Publisher of the "Charlestown Patriot"; John Conway, father of Father Conway; Helen Conway, mother of Father Conway; Father Thomas Conway; and Ronald X. Conway, Deputy Superintendent of Area A of the Boston Police Department.

The Bunker Hill Tenants Task Force will be holding its annual election for its Board of Directors on November 4 and 5, 1985. Nomination petitions are currently available at the Task Force Office at 76 Monument Street or the BHA Management Office at 55 Bunker Hill Street.

Nine Board seats, for two year terms, will be open this election. The remaining nine Board seats are held by Mary MacInnes, Ed Sweeney, Fran Campbell, Monica Auch, Edna Boyle, George Reeder, Nellie Gilgunn, Maureen Gould, and Peggy Stack. Their terms will expire in the fall of 1986.

## The Bunker Hill Task Force To Hold Annual Election

Interested candidates must file nomination petitions with the Task Force, containing at least 25 signatures of legal residents of the Project, who are at least 18 years old.

Completed nomination petitions must be returned to Task Force by Wednesday, October 30th at 5:00 p.m. A sample ballot and other voting information will be distributed shortly thereafter.

The 1984 Task Force election saw a fourfold increase in voter turnout over the 1983 election. All Board seats were filled. The continuation and successful expansion of Task Force activities greatly depends on

increased resident participation.

## Lukas To Speak At Library

On Saturday, October 19, 1985 at 2:00 p.m. at the Charlestown Branch Library, 179 Main Street, J. Anthony Lukas will speak on his recently published book, "Common Ground", an incisive portrayal of three Boston families and how they coped during the court-ordered school desegregation crisis. The South End and Charlestown neighborhoods are the setting for tense confrontations between residents and local politicians. "This is a bittersweet book on the end of the American dream," comments David Halberstam, journalist.

Lukas is a former correspondent with the *New York Times* and a Pulitzer Prize recipient. He has been a Nieman, Kennedy and Guggenheim Fellow and has taught at Harvard, Yale, and Boston University. Lukas is also the author of "Nightmare: The Underside Of The Nixon Years".

The public is cordially invited to attend.

## City And Residents Debate Solution For Parking Problems

(continued from page one)  
a resident against resident problem, then a resident permit program doesn't work. When we came to Charlestown, we looked at the entire town. We tried to make it so residents would avoid a ripple effect." Jones added that the Traffic and Parking Department did not come to Charlestown on their own, "we came out here because people complained about the situation."

Resident Norbert Lynch asked, "How many?"  
"It could be one or 200," answered Jones. "It doesn't matter."

While a resident permit parking program would not eliminate the parking problem, Jones stated it will discourage those non-residents from using Charlestown as a private parking lot. According to Jones, approximately 65% of cars parked in Charlestown during the day are not Charlestown residents.

The resident permit draft presented by Jones allows for resident permit only parking, two hour only resident permit exempt parking for retail and commercial areas, and visitor parking.

Jones emphasized that this is only a suggested means to combat the parking problem for the City Square area and can only be implemented by a petitioning process whereby more than 50% of residents residing on the effected

streets sign in favor of the program. Using the 1984 registered voter list, Jones stated that more than 1139 signatures would be necessary for the program. In the Little Neck section, there are 409 residents according to the 1984 registered voter list, out of which over 50% signed in favor of the program.

Lynch asked Jones if the Traffic and Parking Department reduced the population grid in order to obtain the 50% resident approval. Jones answered that this was not true, however, she later contradicted herself when it became apparent that Mount Vernon Street residents may not wish to be included in the plan, since the problem is not with commuters, but between residents.

"If there are not signatures from a street like Mount Vernon, where 176 people live, according to the registered voter list, then we can take half the number and reduce that from the grid," stated Jones.

"Wait a second. Four minutes ago, you said it would take 1,139 signatures to get the program. Now, you say you can reduce the number, which means we have no choice," pointed out Lynch. "It's like Lawrence dumping sewerage into the river at the end of the river so everytime Lawrence flushes, Lowell gets it. Your department seems to be talking out of both sides of its

PROPOSED Resident Parking Program for Charlestown includes Chestnut Street (above) and City Square (below).

mouth."

Another complaint voiced by some of the residents is the no parking areas outlined on the draft. According to Jones, these areas are not new restrictions, but restrictions which exist "on the books".

"Harvard Street, for example, is on this map as one side parking only," stated Russell Street resident, Annette Tecce, "but traditional

parking by residents is on both sides. People park there out of necessity and you're taking that away." Wallace added, "When you eliminate available space, the program seems counter productive."

Jones stressed that such "traditional parking" is "not necessarily legal parking."

Others asked Jones why her department has not examined the possibility of providing alternative parking areas. One suggestion was the creation of a resident only parking lot with assigned spaces.

"Traffic and Parking is just that - traffic and parking," began Jones. "We are not in the parking lot business, and by that I mean, opening, paving, making the stripes, and cleaning them."

Russell Street resident Dan Kovacevic argued that "the

city has not exhausted all the options." Kovacevic suggested that the Traffic and Parking Department should have met with other city agencies prior to coming to the community with the resident permit parking proposal. "You may not be one department, but you're all in the same building. You should come to us with all the possible, viable solutions."

Jones answered that while such a meeting is possible, the reality of it occurring is slim. "It doesn't work that way," stated Jones. "When I sat on the other side of this desk, I thought it did, but it doesn't." However, Jones told the residents that as citizens, they could discuss the possibility of a resident parking area with the City of Boston Real Properties Department.

As far as the resident permit parking plan, Jones told the audience that essentially residents of the entire community may obtain a permit, allowing them to park on those streets designated as resident only. However, only those residing on these streets may sign the petitions requesting the program.

In order to obtain a sticker, residents must prove they do in fact live in Charlestown by producing a Massachusetts Registration in their name and address, and one of the following: a utility bill such as electric, gas, or telephone; a cable TV bill; a credit card billing; a monthly bank statement; or a Massachusetts medicaid eligibility card. All bills and statements must be current, that is within the last 30 days, and bear both the name and the address of the resident. Also, all outstanding traffic and parking violations must be paid in full.

Tecce argued that requiring residents to pay their fines was the same as "holding the residents for ransom."

Kovacevic added, the resident permit program "is a classic bureaucratic example of self-perpetuation," since the focus is on revenue generated and not on solving the parking problem. His reason was that "a lot of people in Boston register their cars elsewhere because of the high insurance rates." Kovacevic added that the proposal was "going around the perimeter" of Charlestown and it was just a matter of time before the entire town became resident parking only. "You're just getting people to participate in the insurance program. It's a game, not a solution," continued Kovacevic.

continued Kovacevic.

Lynch agreed with Kovacevic, adding only two of his cars are registered in Charlestown.

Another resident, however, disagreed. "If you were to go around this town and check the unregistered cars and those registered outside the state and eliminate them, there'd be plenty of space."

One resident, who is employed as a "meter maid," suggested an alternative parking plan should satisfy both those residents who want to eliminate the commuters as well as those who either do not register their cars in Boston, or have visitors. Her suggestion calls for a two hour parking limit for all non-resident cars. Basically, the plan, which operates in East Boston, allows residents with the proper permit to park all day, while allowing those without a permit to park for two hour intervals between the hours of 8 a.m. and 6 p.m.

"I, myself, prefer the two hour non-resident plan over the 24 hour resident only plan, because the 24 hour plan has only two or three visitor spaces available," commented the resident. With the two hour limit, general contractors or service vehicles could park close to the home they are working on. Those who do not register their cars in the city would be allowed the same privileges as a visitor during the day, and as the resident noted, could park until 10 a.m. and return at 4 p.m. without receiving a parking violation.

This proposal heard no voiced opposition. However, Jones reminded the audience that all discussions of parking plans would only be implemented after a petitioning process. "If you don't want it, don't sign the petition. It's as simple as that. No signatures, no program, but I still have to circulate the petitions because of the ones who requested it."

Jackson backed Jones. "There is support for this program and it's her (Jones') job to do this. Let's not ignore that one person. We may be that one person someday."

When asked why the petitioning process could not be limited to car owners, Jones answered, "This is a resident permit parking program, not a car parking program. There are residents who want the program, others who don't, and others who don't give a .... nickel."

## Voke Announces Low Interest Mortgages

Representative Richard A. Voke has recently announced that \$86 million in low-interest home mortgage loans are now available to first time Massachusetts homebuyers. This latest round of mortgages will again be administered by the Massachusetts Housing Finance Agency and the Executive Office of Communities and Development. The program is expected to assist 1,600 homebuyers purchase their first homes.

The \$86 million in mortgage funds are available at a fixed interest rate of 9.90%, for a term of 30 years, with a minimum five percent downpayment. To qualify for a loan, borrowers must be first time homebuyers

who meet income guidelines and other program requirements.

According to Representative Voke, there are exceptions to the first time homebuyers requirement for Boston residents, so that people who presently own their own homes could qualify for this program. "If borrowers in this category sell the interest they hold in their principal residence prior to receiving a MHFA mortgage, and if a portion of the proceeds from that sale is used as a downpayment on the new residence, then the person is eligible for the low interest loan," noted Voke.

The program calls for \$49.3 million to be available to borrowers who meet gen-

eral eligibility requirements. Applications for these funds are available on a first come, first served basis through participating Massachusetts mortgage lenders. These general eligibility loans will be held for 60 days for "high priority groups", namely Vietnam Era Veterans, low-income, minority, and physically handicapped borrowers. After the 60 day period, other qualified borrowers will be able to apply for leftover funds through a lottery system. In general, applicants must have accepted an Offer to Purchase Agreement or executed a Purchase and Sale Agreement at the time they apply for the loans.

Another \$17.7 million in mortgages has been reserved for the purchase and rehabilitation of homes in specially designated neighborhoods in a number of communities, including Boston. In Boston, assistance for this particular program is available through the Neighborhood Development and Employment Agency.

Finally, \$19 million is reserved for new single-family home construction. For this portion of the program, specific builders and developers have received a reservation of funds for mortgages on homes they will build and sell to eligible borrowers. Developed in cooperation with the Homebuilders Association of Massachusetts, this program will be administered in Boston area banks such as the Bank of New England.

Voke also stated that the MHFA is planning to offer similar types of homeownership programs every Spring and Fall for the next few years, so those who do not take advantage of this round of mortgages can plan for opportunities to do so in the future.

For a brochure fully explaining all of the programs available through the MHFA, write to: Representative Richard Voke, State House, Boston, MA 02133.

## Attention — Charlestown Bowling League

We are attempting to try again to organize the Charlestown Bowling League for youngsters eight to fourteen years of age.

The League plays on Saturdays from 1:00 to 3:30 p.m. at the Malden Bowling Lanes. The fee is \$3.50 per week and includes shoes, bowling, and a party.

Transportation to the lanes and pick up at 3:30 is needed - persons do not have to stay at the lanes. If three or four cars are needed per week and if there are enough volunteers for transportation, drivers could take turns so they wouldn't have to drive every week.

Parents are also needed to assist with the children at the bowling alley.

Volunteers must come forth if we are to form the Bowling League this year. Without your help, we will not be able to provide this program for the youngsters.

Please offer your support to help our Charlestown youngsters. If you can help, please call Maureen Wedge after 5:00 p.m. at 242-0889.

Thank you,

## A Victorious Home-Coming For Savio

by Dave Morency and Craig Dustin

Playing their first home game in three seasons, Dom Savio came out strong by defeating St. Mary's of Lynn by the score of 14-0.

Savio, winning the toss, elected to receive. The kick-off was returned by Scott Littlefield to the 34 yardline. Littlefield, on the third down, rushed for four yards. Alan Amoroso of East Boston was sacked on an attempted quarterback reverse. As a result, Savio was forced to punt.

Joe Tognarelli of Charlestown and Bill Costigan of East Boston, helped prevent any sort of drive by St. Mary's, with big defensive plays. On second down, Bill Costigan came up with a block that stopped the offense. Tognarelli, on third down, sacked the St. Mary's quarterback for a six yard loss. This play led to the first punt for St. Mary's.

The rest of the half was dominated by Savio defense, who stopped St. Mary's on several scoring drives. At the end of the half, there was no score.

The second half was opened up by St. Mary's, but once again the Spartan defense brought St. Mary's to a halt.

Savio scored the first touchdown of the game with Scott Littlefield on an over-the-top leap. Alan Amoroso dove into the endzone for the two point conversion.

In the fourth quarter, Joe Tognarelli, on first down, sacked the quarterback for a three yard loss. On the next play, St. Mary's completed a nice pass, good for 14 yards. Bob McGunigle of East Boston recovered his third fumble of the game on the next play. Although Savio had good field position, they could not capitalize, due to a sack and an incomplete pass.

Dave Langone of Revere, punted into St. Mary's endzone; therefore they took it out to the twenty. St. Mary's fumbled on second down, which was recovered by Dan Lowney, his second of the game.

Littlefield rushed three yards to bring Savio to St. Mary's 12 yardline. On the next play, Amoroso rushed for the touchdown. The pass to Littlefield for the two-point conversion failed.

The final score of the game was Savio 14, St. Mary's 0.

The football team would like to thank all the fans that made this home-coming victory possible. Savio's next game is on Saturday, October 19, at Matignon. The Spartans would like to invite all the fans who were at this past game to return and give their support against Matignon.

Musmeci won the year-long use of the fitness center in conjunction with Patriot's one-year anniversary celebration of it's Natick branch.

The celebration, held on three different nights, included music and a giant cake.

## WHICH IS THE DACROWN (day-crown)? A cast ceramic covering

You cannot tell because the new crown is Dacrown, short for Dental Associates Crown. The difference is that the ceramic material is cast and there is no metal under the restoration.

### ADVANTAGES:

- Coloring and form closest to natural teeth.
- Fits better.
- No metal at edges.
- Less sensitivity to hot and cold.

### DISADVANTAGES: NONE

- The crown is made in our own laboratory.
- Prosthodontists (specialists in restorative dentistry) prepare, fit and color these crowns at Dental Associates.
