

S5 E4: Crowning of the Trios *(7th July 2020)*

Matt and Shaul welcomes the viewers to the Temple and sells it as a major episode as we crown our new Trios champions in the LU special T3 match or the Triple Threat Trios.

Also, Shaul informs that Goliaths have informed that whether they win or not, dark days are here but if they become champions, at least the suffering of Mysterio will ease up a little.

Also, Matt then chimes in and hypes up the Aztec Warfare which will be up next month and where we will crown our new LU champion. So, the next few weeks will be very important for everyone.

It's Bandido again who is having a pretty animated conversation with his partner *(or is that his slave....)* Night Claw

Listen Claw. I have finally unveiled the secret to ruling this place. I heard everyone discussing about Aztec Warfare and how those jokers who keep screaming announced about LU Championship.

Ya, what of it??

(completely enraged) Listen and try to absorb through this thick skull of yours, you stupid fuck. LU Championship is the piece of ornament which grants you unlimited powers over this place. If you are a LU champion, you practically are the king and I plan on fully becoming the royalty.

Yes but there are too many people to go through. How do we overcome all?

Bandido always has a plan and it's not we, it's me. You better get that right

Suddenly dos Caras comes in and screams on top of this lungs

As long as we are alive, people like you will never be able to destroy this place

(evil laughter) All the more better because that just means that we need to get rid of you. Ha Ha

Bandido tells Night Claw that he has a plan to take the LU Championship

which dos Caras doesn't agree to

Rating: 33

Matt: *Bandido clearly stating that he is the boss and he is after the LU Championship*

Shaul: *Well if creeps like Bandido start winning championships, then what will be the future of the Temple??*

We segue into a vast open space amidst the tranquillity of nature which looks to be a meditation place of some kind. The sign reads Tiger Camp and as we proceed inside, indeed it is Dark Tiger who is meditating inside, probably trying to calm his mind

Out of nowhere , in comes Rave who clubs Tiger from behind and knocks him down with a half cut bark of a tree.

Tiger turns around and floors him with a roundhouse kick and then drags his body with authority towards the Temple

Matt: *Tiger is angry. Everyone is going after them. What is happening?*

Shaul: *I have a doubt that Bandido is behind everything. I hate that guy.*

Singles Match:

Dark Tiger

vs

Rave

Tiger was seething with anger and he let his opponent know the same as he was relentless in his attacks, beating him with some stiff kicks and almost taking his head off with a running calf kick. Rave still had the tree bark in his hand and he struck some meaty blows with it but Tiger was not to be denied.

After countering a 3rd blow with a takedown, Tiger hit some punches to his face before hitting the Fatality (rope hung rolling cutter) and then finished him off with Leap of the Tiger (corkscrew 450 splash)

Rating: 30
(Rave: 32, Tiger: 22)

Matt: *Tiger makes short work of the psychotic Rave and puts a notice to his enemies*

Shaul: *But this is just one Matt. This place is infested with psychos. God knows how many more we have to deal with.*

Singles Match:

Bestia 666

vs

Rosa

This match was organized at the behest of Sexy Star who wanted his teammates to subdue the Beast as she thinks that he can be an addition to their quest for finding different emotion for the resurrection for Ravana.

But this was a big mistake as Rosa was a sitting duck for the Beast from the Underworld as he no solded whatever miniscule offense Rosa threw and then body slammed her twice before finishing her with La Valagueza.

Rating: 35
(Bestia: 33, Rosa: 35)

Matt: *Big mistake from Rosa trying to even face the Beast. She must be hating Sexy Star so much.*

Rosa

Rating: 30

After the match, the sight of Rosa trying to get up made Bestia's blood curl and he proceeded to decapitate her with a lariat. Then he proceeded to destroy her with two La Valaguezas and then dragged her limp body to the ramp where he choke slammed her all the way down into the equipment area. Bestia goes back with a sinister grin on his face. Sexy and Jessie Havok storm towards the area, as do all the staff trying to revive her.....

Rosa is not moving....She hasn't moved an inch. She is gone.

Shaul: *Rosa is dead. Rosa is dead. She is not moving. No way . This is insane. Bestia has just killed a roster member*

Matt: *This is too shocking. Complete carnage out here. It's like a switch flipped inside him, forcing him to exhibit extreme tendencies*

TRIOS CHAMPIONSHIP

V/S

V/S

Matt: Up next, our first title match of the season. Who will become the new Trios Champions?

Shaul: The bigger question is can Goliaths be stopped?

VS

VS

Air Wolf, Pete and Romero start the match but both Pete and Wolf hesitate to attack the big man Romero. Instead they exchange a couple of punches before Romero decided enough is enough and fires devastating double clothesline to both of them. He then picked up Wolf and powerslammed him down. He went for Pete and threw him on the corner and went for a corner splash but Pete dodged it and then executed a bulldog off the ropes. He tagged in Alex who cleaned house with a flying thrust kick on Wolf and a double knee backbreaker on Romero. He tagged in Chris and they went to town hitting their tag team moves on both the opponents.

But after a while, Romero made a desperate double DDT and then made the tag to Fale.

Fale came in and started throwing running shoulder blocks like it's nobody's business and even fired in a couple of punches to Aeroboy and Pete on the outside. Aeroboy tried disrupting the proceedings but he was thrown on the ramp for his troubles. Same treatment was given to Wolf who was choke slammed on Aeroboy. With both his partners out of ring, it was time for Aerostar to make an entry.

But he employed a different strategy. He had a chair in his hand and he fired in chair aided dropkicks from the top rope to both Alex and Chris and then slammed the chairs on the legs of both Fale & Romero leaving him the lone man in the ring.

Matt: *The match is erupting into chaos now. So far, the Goliaths have had upper hand but this can change any moment.*

Shaul: *Aerostar cleans house. Great intent shown by him.*

VS

VS

Afa and Pete joined Aerostar in the ring and a momentary alliance formed between Aero and Pete as they worked in tandem to take out Afa but he was too strong and after absorbing the chair shots from both of them, he punched the chair right in the face of Aerostar before delivering a massive Samoan Drop to him on the chair. With Pete the only one there, Afa went after him and delivers a belly to belly.

He picked him up for the Samoan Storm (Fireman's carry spun into a wheelbarrow facebuster) but out of nowhere

Hijo del Rey Mysterio and Hijo de dos Caras comes in with clubs in hand and they go to town hitting every Goliaths in sight. Mysterio then delivers the Super Hurricanrana before dos Caras goes for an over the rope suicide dive taking out everybody outside.

With a massive opening in sight, Pete hits the Destroyer on Afa and pins him.
