6) CavePvP. IP address: cavepvp.org

Cave PvP is a Minecraft server perfect for fans of PvP and is one of the most popular dedicated PvP servers to exist. It offers two types: practice duels (hardcore factions), and HCF ("hardcore").

Cave PvP is a great choice for everyone, as it features a variety of streamers and YouTubers who frequent the server.

Server address: cavepvp.org

5) 2b2t. IP address: www.2b2t.org

2b2t, which is the oldest anarchy servers in Minecraft, has been active with the same map for over ten-years. It has no rules and cheats are allowed. Griefing is encouraged.

The server is not for everyone. Gamers must be ready to deal with hackers, trolls and griefers. However, those looking for a unique Minecraft experience might just find it on 2b2t.

Server address: 2b2t.org

4) Wynnecraft - IP address: play.wynnecraft.com

Wynnecraft is a Minecraft server unlike any other, with a huge player base, custom weapons,

and quests. Users can explore the globe and create their own adventures.

Wynnecraft is not just about exploring and adventuring; it also has trading and roleplay. It also has custom weapons unique to this server, and players can level up their skills by training them in-game.

Server address: play.wynnecraft.com

3) Mineplex. Blastermusic IP address: mineplex.com

Although not as popular as it once was, Mineplex remains a great server to play. There are many minigames it offers, each unique in its own way.

Block Hunt is one example of a game where players must find blocks using hide-and-seek tactics. Skywars or Cake Wars are other games that focus more on combat. Players must fight against each others until someone dies.

Server address: mineplex.com

2) The Hive IP address: play.hivemc.com

Although The Hive recently closed down its Java Edition operations, it is still one of the best Bedrock Edition servers out there.

The Hive Minecraft server provides players with an opportunity to enjoy the game in their own way. It has classic minigames like deathrun and skywars, but also murder mystery for those who prefer a more creative experience.

Server address is: <http://hivemc.com>

1) Hypixel - IP Address: hypixel.net

To no one's surprise, coming in as the top Minecraft server to check out in 2022 is Hypixel. This mega-network logs in hundreds and thousands of unique logins every day, making it the most prominent Minecraft server.

Hypixel's popularity can largely be attributed to their great setup of minigames that keep players coming back. The most popular gamemodes on the network currently are Bedwars and Hypixel Skyblock.
