

SUMMARY: I wish to again let you know that the sources I depend on include gurus such as TNT Tony, Bruce, Jester, Phil Tilton, and several private individuals with high level contacts with the US Treasury, Wall Street and banking sources, as well as the Pentagon. I have some sources more directly to the Elders and Dragon family in Asia, and royals in Europe, but I usually do not include their information on these updates. They do, however, shape the information I choose to release to you.

Very often, I find that the information I get from one source is quite consistent with what I hear from another, separate source. Since my sources are generally not involved in the RV/dinar universe, I don't think that they are adopting the same info released by another guru. Rather, I think that their sources all seem to coalesce onto **an individual or small group of persons directly releasing the information in the UST and Pentagon**, as well as a few of their own personal developed US and Iraqi banking sources. Others, like Frank26, Tony and Bruce, have local sources in various cities and commercial or government agencies in Iraq. Could the individual source be giving disinformation to ALL of the sources for multiple gurus? Yes, that is possible. But it would be unlikely to affect sources in Iraq or China.

All the sources I have contacted this morning say that POTUS has decided that there is no way to get the RV done this month, so they are going to Plan B. That apparently includes an expected release of funds next week, Tuesday or Wednesday. This was because of the continued strong activity of the Cabal interfering with the security of the exchange, and mostly in the US, leading to the corruption of the top levels of the US Treasury. We will likely hear more about the people involved when the 50+ thousand sealed indictments are unsealed.

Sources agree that the political circus in Washington for the last few weeks has been more of a cover screen to keep people from seeing the actions of preparation for the RV and the changes related to the restoration of the original Republic, and they doubt that these shenanigans will ultimately affect the RV/GCR itself. On the other hand, politics in Washington can certainly affect the ability of POTUS to clear out the obstructing parties which seek to maintain Cabal control, particularly in the coming election.

Operation Disclosure: GCR/RV Intel Alert for September 29, 2018

RV/INTELLIGENCE ALERT - September 29, 2018

(Disclaimer: The following is an overview of the current situation based on intelligence leaks received from several sources which may or may not accurate. Other confirmed sources may also be included in this overview.)

The Kavanaugh confirmation hearings are essential in exposing the Deep State Cabal within the U.S. Government.

Relentless attacks against the Deep State Cabal will continue until all of their crimes have been exposed to the public.

CIPS has now been installed in all banks worldwide completely replacing the old SWIFT system.

CIPS is the gateway to the Quantum Financial System.

The Cabal's old fiat financial system is running on fumes.

The new Quantum Financial System is ready to take the reins.

According to sources, the RV must begin before severe repercussions occur.

SHOULD THERE BE AN FBI INVESTIGATION BECAUSE OF THE FORD ACCUSATIONS?

**DAMN RIGHT THERE SHOULD BE!!!
But not of Kavanaugh!**

HER phone records should be pulled. Her bank records should be pulled. In fact, ALL of her financial records should be pulled. Democrats who met with her, colluded with her, paid her, planned with her, coached her, or have associated with her AT ALL should all be called out. THEN all of THEIR records should be pulled and investigated. I smell MORE than a rat here.

For those of you who don't quite understand what happened in the Senate Judiciary Committee on the Kavanaugh vote.... let me explain.

Jeff Flake, a Republican, was the weakest link on the entire committee, and wanted to kind of "ride the middle ground". He needed a way to vote YES to advance Kavanaugh out of committee and to the floor of the full senate for his final confirmation vote. He needed to be able to vote yes, while being seen as "middle of the road" and making it something that it really "pained" him to do.

He basically just bamboozled the Senate Democrats. They were pushing him HARD to vote no, because if they flip just ONE Republican on the committee, Kavanaugh doesn't go on. He made a deal with them, saying, "I will vote yes, but it will be contingent on the FBI conducting an investigation, okay?"

Democrats were like "Woah, you're gonna require an FBI investigation for your yes vote? Okay, we'll get on board with that!" So Flake came in to that committee room and asked to make a statement. Grassley allowed him to make the statement that he thinks the FBI should take AT MOST a week to investigate. Democrats, thinking that the vote was now a CONTINGENT vote, where the full senate would be BOUND by the committee's decision to have an FBI investigation, were confused.

Insisting to have the FBI investigate Mr. Kavanaugh for the 7th time may have backfired.

Doesn't the Dems know that it will be FAIR GAME to investigate Ms. Blasey-Ford as well? If their focus is to investigate ALL the witnesses, she is the main one! She must be terrified and furious by the betrayal of her party for having done this to her now....betrayal does not feel good. It just may take more than a few beers to arrange to get her to meet with the FBI (without the comfort of her attorneys and political puppet masters).

In the confusion, Grassley asked the clerk to "call the roll" (a fancy term for taking a vote)... and while the Democrats were FRANTICALLY trying to figure out what the hell was going on, trying to interrupt, trying to ask questions, the clerk quickly called out each Senator's name to record their votes. 11 GOP voted yes... and while still confused by what's happened, the Democrats all voted no on the candidate.

Feinstein commented that she thought that the vote was basically "We are recommending this man to the full senate, but only if the FBI does a 1 week investigation"... she basically said as much...

But here's the dealio... the Senate Judiciary Committee does not have any authority to recommend an appointment with conditions. The vote was ONLY to pass the candidate to the full senate UNCONDITIONALLY...

Now, will Flake vote yes on the full senate vote? Not without that 1 week FBI investigation, I would presume... but here's the catch, and how Flake is operating to cover his ass.

The FBI gets a referral for these investigations. WITHIN THE HOUR, the FBI could come back and respond just like this:

"The FBI has no jurisdiction on these claims, and even if we did, there is not enough information or evidence to give us the probable cause to seek any warrants. We deem this request to be improper and invalid, and we hereby return the matter to the US Senate having concluded our 'investigation'."

Boom, the FBI requirement is fulfilled... Flake has his "cover" he needs to vote yes... and we can vote on Kavanaugh TOMORROW!

TO ALL & SUNDRY, MIGRANT REFUGEE PROGRAMME

EVERYONE SHOULD READ THIS

NURSE IN GERMANY SENDS A MESSAGE TO THE WORLD

Just in case you don't think President Trump is doing the right thing! Read this!

Pass this on to everyone you know!

"Yesterday, at the hospital, we had a meeting about how the situation here and at the other Munich hospitals are unsustainable. Clinics cannot handle the number of migrant medical emergencies, so they are starting to send everything to the main hospitals.

Many Muslims are refusing treatment by female staff, and we women are now refusing to go among those migrants!

Relations between the staff and migrants are going from bad to worse. Since last weekend, migrants going to the hospitals must be accompanied by police with K-9 units.

Many migrants have AIDS, syphilis, open TB and many exotic diseases that we in Europe do not know how to treat.

If they receive a prescription to the pharmacy, they suddenly learn they have to pay cash. This leads to unbelievable outbursts, especially when it is about drugs for the children. They abandon the children with pharmacy staff with the words: So, cure them here yourselves!

So the police are not just guarding the clinics and hospitals, but also the large pharmacies.

We ask openly where are all those who welcomed the migrants in front of TV cameras with signs at train stations? Yes, for now, the border has been closed, but a million of them are already here and we will definitely not be able to get rid of them.

Until now, the number of unemployed in Germany was 2.2 million. Now it will be at least 3.5 million. Most of these people are completely unemployable.

Only a small minimum of them have any education. What is more, their women usually do not work at all. I estimate that one in ten is

pregnant. Hundreds of thousands of them have brought along infants and little kids under six, many emaciated and very needy. If this continues and Germany re-opens its borders, I am going home to the Czech Republic. Nobody can keep me here in this situation, not even for double the salary back home. I came to Germany to work, not to Africa or the Middle East!

Even the professor who heads our department told us how sad it makes him to see the cleaning woman, who has cleaned every day for years for 800 euros and then meets crowds of young men in the hallways who just wait with their hands outstretched, wanting everything for free, and when they don't get it they throw a fit.

I really don't need this! But I am afraid that if I return home, at some point it will be the same in the Czech Republic. If the Germans, with their systems, cannot handle this, then, guaranteed, back home will be total chaos.....

You - who have not come in contact with these people have absolutely no idea what kind of badly behaved desperados these people are, and how Muslims act superior to our staff, regarding their religious accommodation.

For now, the local hospital staff have not come down with the diseases these people brought here, but with so many hundreds of patients every day of this is just a question of time.

In a hospital near the Rhine, migrants attacked the staff with knives after they had handed over an 8-month-old on the brink of death, who they'd dragged across half of Europe for three months. The child died two days later, despite having received top care at one of the best pediatric clinics in Germany. The pediatric physician had to undergo surgery and the two nurses are recovering in the ICU. Nobody has been punished.

The local press is forbidden to write about it, so we can only inform you through email. What would have happened to a German if he had stabbed the doctor and nurses with a knife? Or if he had flung his own syphilis-infected urine into a nurses face and so threatened her with infection? At a minimum he would have gone straight to jail and later to court. With these people so far, nothing has happened.

And so I ask: Where are all those greeters and receivers from the train stations? Sitting pretty at home, enjoying their uncomplicated, safe lives. If it were up to me, I would round up all those greeters and bring them here first to our hospitals emergency ward as attendants! Then in to one of the buildings housing the migrants, so they can really look after them there themselves, without armed police and police dogs, who, sadly today, are in every hospital here in Bavaria."

Is this "situation" coming to our country?
