

Better Than An Old-school Lava Lamp

Add a little bling to your Minecraft game with this Minecraft Creeper Glitter Light. Better than an old-school lava lamp, this lamp uses a motor with magnets to make the glitter sparkle and spin when it's on, creating a mesmerizing, scintillating whirlpool effect.

- 12" tall glitter-filled lamp puts a fun spin on the iconic Creeper
- 15-minute auto-shutoff feature makes it a great nightlight
- Powered by 3 AA batteries (not included) or USB cable (included)
