TRUE PRICE DISCOVERY IS NEAR

Terry Sacka made a recent appearance on TRUNews to discuss if the elite are engineering a third World War to maintain their global order.

JUPITER, Fla. - Nov 3, 2016 [PRLog](#) -- **JUPITER, Fla. - Nov. 3, 2016** -- Host Rick Wiles interviewed Terry Sacka, Chief Strategist of Cornerstone Asset Metals, to discuss hotbed topics surrounding the [possibility of World War 3](#) by design of the elite in order to maintain their global control and to discuss the financial reckoning and military ruin facing America as Washington schemes to incite a nuclear confrontation with Russia.

Rick also detailed the ramifications of a major derivatives default and the continuing power shift from the West to Asia.

Rick opened the show explaining how Americans have been preoccupied by the 2016 Presidential Election while the Russian government has signaled to the U.S. they are in final stages of preparations for the possibility of nuclear war with the United States. He gave six events in detail that have occurred in the past two weeks to support this.

Mr. Sacka responded by saying, "How many people believe that we're actually going to go to war? Why do we go to war ... for distraction? This one seems like a distraction, but from what?"

His full comments can be seen in the video below:

Silver & Gold-Backed IRAs

Regarding this topic he stated, "Gold and silver is the best performing asset class in the last ten years. The nice part about a precious metals IRA, there actually is a physical metal purchased and stored on your behalf. Gold is capable of going back to its high, yielding a 60% return and silver a 200% return. Gold and silver are really the wealth transfer in the physical market."

Safe Christian Investments

On one of his websites specifically aimed toward Christians, Mr. Sacka offers five reasons why Christians should invest in gold and why [Christians should invest in silver](#) with detailed charts, figures and video content. He believes that the most valuable assets are gold, silver and survival food which they provide at Cam Ready Food (<http://camreadyfood.com>).

Terry Sacka, AAMS is a financial analyst and founder of **Cornerstone Asset Metals** in Jupiter, Florida. He assists and guides investors on how to use precious metals in the form of physical assets such as gold and silver to hedge against systematic and inflationary risk and preserve their hard-earned wealth.

Mr. Sacka pointed out how gold and silver historically have been protection and hedges against systematic risk associated with geopolitical jitters, events and inflationary factors which all have historically lead to financial crashes.

He emphasized this by stating, "I'm a strategist so I'm an analyst in natural resources. So my job mainly with Cornerstone is the role of natural resources, we're right from the earth, we deal with things right from the ground."

He went on to say, "We're custom minters and refiners but we supply this beautiful God product to people...I understand the systems of the world and I understand the biblical principles that God taught us."

Refining and custom minters, Cornerstone Asset Metals are the manufacturers of the only good delivery Judeo-Christian Hallmarked Silver in the country

Their silver coins are manufactured refined, hallmarked and minted by a COMEX Certified, LMBA Good Delivery Refiner. Same quality and purity as an American Silver Eagle and because it's good delivery it technically can be used in bank settlement transactions. There are scriptures on it, 12 stars on both sides, for the tribes and for the disciples and finally a lion and a crown for **The King**.

So religiously manufactured it gives first amendment protection against confiscation attempts. It is the only one of it's kind out there.

He advises people on how to protect their assets and hard earned wealth with precious metals in times of financial hardship which the coming of the Shemitah is said to historically align itself with. Mr. Sacka's teachings coincide with Jonathan Cahn's "The Mystery of the Shemitah" as the author's theory is that God has visited warnings and or judgment against the United States according to a seven-year cycle going back many decades.

Mr. Sacka has posted all eight videos of The Shemitah Series on his website in the [Wealth Transfer Archive](#).

On one of his websites specifically aimed toward Christians, Mr. Sacka offers five reasons why [Christians should invest in gold](#) and why [Christians should invest in silver](#) with detailed charts, figures and video content.
