Re: Technical Support and Advisory Services for MCE

During the month of September 2015, Pacific Energy Advisors, Inc. ("Pacific") provided the following professional services to MCE. All reported professional services were completed consistent with Exhibit A (Scope of Services) of the December 6, 2013 agreement between Pacific and the Marin Energy Authority (now "MCE"). Key services performed by Pacific during the invoice period included, but were not limited to, the following items:

- 1) Participated in various meetings and teleconferences with MCE: Technical Committee, Annual Board Retreat, SENA (carbon neutral energy), credit/finance, weekly procurement team calls, and bi-weekly all-MCE calls.
- 2) 2014 Power Content Label development - compiled requisite data for purposes of preparing MCE's CY 2014 PCL; coordinated with staff regarding same; prepared related staff report.
- 3) Reviewed/validated supplier invoices.
- 4) Managed WREGIS account/subaccounts and completed internal certificate tracking.
- 5) Managed resource adequacy compliance program and RA portfolio balancing activities: prepared monthly compliance filings; completed monthly check out with SENA.
- 6) Procurement administration: 1) administered 2016 Resource Adequacy solicitation: supplier identification, selection and contract development; and 2) administered block energy solicitation to address MCE's future net short positions.
- 7) Participated in various discussions and email exchanges related to Bucket 2 e-tagging issues; prepared response to public inquiry/critique; communicated with CPUC and CEC regarding potential issue resolution.
- 8) 2015 Integrated Resource Plan update: prepared figures, statistics and narrative updates; participated in internal discussions/communications focused on IRP prep; completed general editorial review of draft IRP and provided related comments prior to finalization.
- 9) Pro Forma update: as part of MCE's annual IRP development, updated MCE's pro forma model to address future operating projections.
- 10) Other procurement activities: discussed various procurement statistics/metrics with staff, discussed upcoming planning processes, resource balances, Deep Green supply composition, reviewed Calpine force majeure letter, etc.
