My source hasn't been able to get ansomone for the last few months. I emailed nancy but i didn't get a reply. I can get humatrope and genotropin, but both are really expensive. I can also get hygetropin and genx-tropin. I don't trust hygetropin as there are a private fakes about and the quality varies from batch to batch. I'm undecided about genx-tropin although have heard some positive reviews. any tried HGH ANSOMONE from nancy ? By swithuk in forum Research Chemicals Replies: 0 Last Post: 07-16-2012, 09:17 AM. dominant form in our reproductive age. It helps with the release of the egg from the ovaries and stimulating the growth of the uterine lining. When this is elevated in relation to progesterone one has heavy periods and PMS.

Re: Ansomone HGH I used to be one of AB's biggest fans, but my last two shipments were very disappointing. I'm an old fart and respond well to gh, so when I didn't get the effects I was seeking, I contacted Nancy. Our dominant products, Recombinant Human Growth Hormone (Ansomone®), Series of Recombinant Human Interferon alpha 2b (Anterferon®), MAR Kit for Anti-sperm Antibody and etc., are all developed independently.

Atrial fibrillation (AF) is the most common cardiac dysrhythmia associated with significant morbidity and mortality. Several small studies have reported that low serum total testosterone (TT) levels were associated with a higher incidence of AF. In contrast, it is also reported that anabolic steroid use is associated with an increase in the risk of AF. To date, no study has explored the effect of testosterone normalization on new incidence of AF after testosterone replacement therapy (TRT) in patients with low testosterone.
