TikTok users shall be banned from installing updates however could keep accessing the service via 12 November. Even before ads have been a thing on TikTok, the app was still earning money by way of TikTok Coins. These are an in-app forex that users can buy with real money (offered they're a minimum of 18 years old). They can then use Coins to buy digital presents for well-liked TikTok creators, and people creators can exchange the presents for actual money. Of course, TikTok takes a reduce of that money, making for one more means the app makes a profit.

She has been associated with a few of the recognized tech blogs like SmartTabloid, AdMarvels, The First Post, and more. Having labored with loads of newspapers, she lastly selected to commit her time to Bugle24.

You can also get pleasure from every thing the app has to offer without putting any of your personal real-life money into it. That's because TikTok's main worth is in its gargantuan user base. In April of 2020, TechCrunch reported that TikTok had been downloaded by more than 2 billion users. Needless to say, that's a lot of eyeballs — which might in turn mean some huge cash. Unless you've been residing beneath a rock, you've most likely heard a lot concerning the video-sharing app TikTok recently.
