Broken Lens is the most popular server you can try out for Minecraft Bedrock Edition. You will come across hundreds of players whenever you join the server. You can play out some of the best game modes here. The second one CosmicPE is for Pocket Edition of Minecraft. <https://minecraft-servers.site/> Similar to the above one you can also have access to various games here. It is also one of the most populated game servers available for Minecraft Bedrock. The best thing you can enjoy here is the PvP Warzone, which lets you try out the battle-royale mode in Minecraft. Best Minecraft server if you are looking for lots of mini-games. Want something more reliable then go with ECPE. One of the oldest servers that bring in Faction Mode for a very long time. It also has a shop and a highly competitive base of players. Euphoria adds the survival mode in Minecraft. FallenTech is similar to Cubecraft that features a lot of mini-games and various game modes. A nice alternative for players who are looking for some best quality Minecraft Minigames.

Galaxite focuses on some serious modes like Core Wars, Fill the Gaps, Prop Hunt, and Chronos: Battle Royale. It has a lot of exploring and one of the best servers you can scan through. You will enjoy hours of amazing content, some cool in-game activities on this server. Looking for something familiar then hit GrandTheftMCPE. A GTA inspired server that features PvP mode where players can choose to be a good or a bad guy. The player with max kill wins can earn tons of rewards.

If you are confused to choose which is the best Minecraft Bedrock Edition server then pick HyperLands. This is where you can find tons of mini-games and amazing new game modes. Like SkyWars, Bedwars, etc. It is one of the most popular Minecraft servers still active. LegendsMC is for those who love simulation type gameplay. The server allows you to create your own island. You can upgrade and customize it adding traps and enchants. We have some amazing guides that will let you deeply explore Minecraft. Like Best Minecraft Seeds, get an advantage for best spawn speeds here. With this, you can also explore Best Minecraft servers to know more about some of the top servers of the game.
