Announcements

Maintenance tip of the month: Garbage Disposal: While your disposal is operating, always keep the cold water running. Sharpening of the blades can be achieved by periodically inserting ice cubes. To deodorize the disposal, insert orange or lemon peels. Do not use drain cleaning chemicals in your disposal. Never put bones, celery, onion peels, cornhusks, artichoke leaves, metal or glass down your disposal. In addition, never insert paper.

Important Community Information

Help to keep your apartment cooler this summer by stopping at the office to pick up your FREE A/C filter! Changing your filter monthly helps keep your A/C running cooler and uses less energy! If you are having any issues with your A/C we asked that you call ASAP so that we can get it taken care of as fast as possible!

Thank You to all our residents who renewed their lease! We're excited that you continue to make Townhomes at Stonecrest your home. And a BIG Welcome to ALL our new residents! We are happy that you chose Townhomes at Stonecrest to be your home!
