there is no food, drink, pill, magic potion, etc etc that will "boost" my metabolism, ie, make my body use energy (food) more efficiently. The only things these products do is:

□And thankful for the gym and living this fitness life. This fitness life isn't for everybody but those of us who love this wouldn't trade it for anything in the world.

**THINGS
THAT**

**LOWER
TESTOSTERONE**

Today I felt like not getting out of bed. The world sometimes feels unbearable these days. I've struggled with unbearable days before, but the world kept moving, and so did I. I remember some days my goal was to get my feet on floor. If I could at least get my feet to the floor, that's one thing I've already accomplished for the day. Getting to move one foot in front of the other made me feel proud and I needed that.
