Bunker Hill Day Parade Committee Seeks Community Support

The Charlestown Veterans / Bunker Hill Day Commemorative Committee is seeking the support of the residents of Charlestown to once again make the 1986 Bunker Hill Day Celebration, which is dedicated this year in honor of our POW / MIAs, both a significant and meaningful tribute to our Patriot forefathers on this, the 211th anniversary of the Battle of Bunker Hill, as well as a means to bring about more public awareness on the plight of our missing and unaccounted for POW / MIAs.

The Bunker Hill Day Parade, the highlight of the celebration, scheduled for Sunday, June 15, 1986, commencing at 12:30 p.m. from the Hayes Square area of the town, should be one of the largest and most outstanding parades in the Greater Boston area.

Amongst some of the top musical units already committed to the parade are: The Polish American String Band Association of Philadelphia, winner of the First Prize in the 1986 New Year's Day Mummer's Parade in Philadelphia; Dot Slamin Hill's

Waltham Post 156, American Legion Band; Crossmen Drum & Bugle Corps of Westchester, Pennsylvania; Rhode Island Matadors Drum & Bugle Corps; Boston Crusaders Drum & Bugle Corps; 27th Lancers Drum & Bugle Corps; and 20th Maine Regiment Drum & Bugle Corps.

As you are most likely aware, due to the fiscal constraints imposed on the City of Boston, under Proposition 2½, the funds available from the city to underwrite parades are very limited. Thus financial assistance must once again be sought from the community — from you the residents, local businessmen and community organizations, in order to make this 211th Commemoration of the Battle of Bunker Hill, a success.

The fundraising, for the parade and the commemorative celebration, is being car-

Design Alternatives For Thompson And Hayes Squares To Be Presented

After 16 months of detailed work, the Charlestown Preservation Society (CPS) and the Bunker Hill Tenants Task Force (BHTTF) are rapidly approaching the completion of design work for their respective Thompson Square and Hayes Square proposals. Design alternatives for each square will be presented at a Public Meeting tonight, Thursday, April 17th, at 7:30 p.m. This meeting will take place at the Charlestown Branch Library, 179 Main Street (second floor), in Thompson Square. Interested Charlestown resi-

dents are encouraged to attend.

The presentations will largely be made by landscape architects Nicholas Reed and Rebecca Krinke, from the architectural firm of Childs Bertman Tseckares & Casendino Inc. (CBT). In August 1985, CBT was selected as the architectural firm for these squares by CPS and BHTTF. Since then, the architects have

worked closely with both groups, inclusive of a public presentation regarding the current conditions and design opportunities for each square.

Tonight's meeting will also mark the public introduction of the artists who will be working closely with the architects in the development of sculpture for each square. The CPS has selected artist

Bunker Hill Day Parade Committee Seeks Community Support

(continued from page one)

ried out by a small, but dedicated, group of residents. These people are giving many hours of their time to make this a truly memorable celebration for the community and they need the support of EVERY resident, whether he or she be a lifelong "Townie" or a newer resident of the town.

Monies must be raised in order to pay the fee of each band, drum corps, color guard, or other unit that participates in the parade. Units charge from \$500 to \$1,500

to participate in the parade if they are from Massachusetts and much more for those units that are being brought in from distant states — **none of them come for free.**

There are several ways you — the resident, local businessman, or community organization — can help:

1) Send in a donation to the Parade Committee, using the coupon on the bottom of this page. Once again this year, the Monument will be featured weekly in the **Patriot** so the community can see the results of the fun-

draising efforts. Contributions of \$25 or more will be acknowledged under the Monument.

2) Drop your change (or more if possible) in the canisters that will be located in the neighborhood stores.

3) Buy a chance for \$1.00 on a Video Cassette Recorder (VCR). The drawing for the VCR will be held on June 14th at the Legion's "Night Before" — Chief Marshal's Banquet.

4) You can buy a 1986 Bunker Hill Day Parade Booster for a minimum donation of \$1.00.

Organizations or businesses that are interested in sponsoring a unit for the parade, should contact the Parade General Chairman, James W. Conway, at 241-9511 or evenings at 242-6187.

Chief Marshal of the June 15, 1986 Bunker Hill Day Parade is Florence Johnson, who is the first woman so honored. She is a World War II U.S. Navy veteran; Past Commander of Bunker Hill Post 26, The American Legion; a Gold Star Mother, who lost a son who was serving with the U.S.M.C. in Vietnam; Vice President of the Charlestown Historical Society; and a dedicated worker for Saint John's Episcopal Church in Charlestown, as well as having been active for several years in other civic organizations.

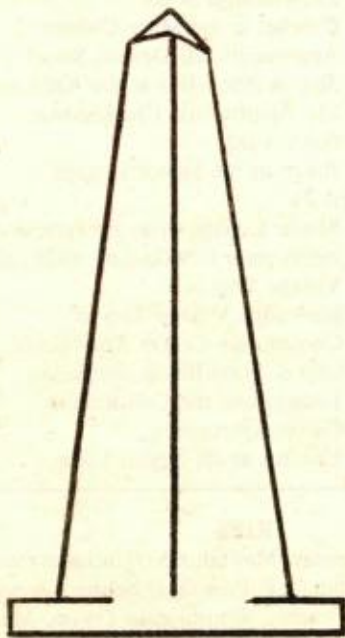

Both Chief Marshal Florence Johnson and the Parade Committee, welcome the assistance of anyone interested in helping to make this community celebration a success, whether it be on the various fundraising commit-

tees or in the organization of the parade or commemorative exercises.

The next Parade Committee meeting will be held on Monday evening, April 28, 1986 at 6:30 p.m. at the Hull

Room on the second floor of the former U.S. Navy Officer's Club in the Charlestown Navy Yard, adjacent to the USS Constitution. All interested persons are welcome to attend.

LAST MINUTE REPAIRS

It's settlement day, and the people buying your house are a little cranky. At the walk-through, your dependable old dishwasher stopped midway through its cycle, and the powder room toilet flunked its flush. These situations may cause some anxiety for buyers and sellers, but such problems are quite common and quite easy to resolve.

Most purchase agreements require the major mechanical systems and any appliances that convey to be in working order at the time of settlement. Often defects are discovered during the structural inspection, if there is one, and the sellers have plenty of time to have repairs made. Even so, there may be last-minute breakdowns or other defects not picked up until the walk-through.

If this happens, the buyers and sellers can ask the settlement attorney to put funds aside in an escrow account, with the sellers making arrangements for repairs to or replacement of the items in question. Since the money is there, the buyers are assured the work will be done, and the settlement can be completed without delay.

For professional advice on buying or selling property, contact **Century 21, Silva Realty Associates**. Call us at 242-7470 or stop by our offices at 142 Main Street.

Mayor Flynn Launches "Health Line" Service For City Residents

Mayor Raymond L. Flynn announced the start of the Mayor's Health Line, a free-of-charge health information, referral and advocacy service that targets Boston's 100,000 uninsured residents.

Designed to ensure that all Boston residents have access to health care services, the Mayor's Health Line will operate weekdays from 9:00 a.m. to 5:00 p.m. and will be staffed by multi-lingual intake workers. The telephone number is 424-5050.

Mayor Flynn said, "In Boston, some 100,000 people are without health insurance year-round and thousands more are estimated to lose coverage for part of the year or have insufficient coverage. Because of this, many of our residents do not get necessary medical attention. The Health Line will help Boston residents get the quality health care that they need, whatever their financial situation."

The consequences of the inability to pay for health care include delays in seeking care, uncoordinated services, and the use of inappropriate services, particularly emergency rooms for non-acute conditions. The Health Line will secure care for callers at health centers and hospitals, Boston providers having reaffirmed their commitments to serve the uninsured. Health Line staff will also assist those in need in obtaining free care, reduced fees, Medicaid and other coverages. In particular, the Health Line will do intake to enroll Boston's uninsured pregnant women in the state's new Health Start project, which provides coverage for prenatal care and delivery.

Additionally, the Health Line staff will work with Boston's health care providers to coordinate the flow of patients as well as centralizing information on available services. An important component of the program will be follow-up, to ensure that callers get appropriate care. Information collected about the access problems of Health Line callers will be used for long-range planning.

Silver-haired legislators meet monthly to discuss the progress of various legislation, and hold an annual summer conference at the Massachusetts State House.

The City of Boston's Commission on Affairs of the Elderly is responsible for the election process in Boston; and the Board of Regents for the Commonwealth of Massachusetts works to sponsor the over-all program.

The election site in Charlestown is the Golden Age Center, 382 Main Street.

Design Alternatives For Thompson And Hayes Squares To Be Presented

(continued from page one)

Jeffrey Schiff for Thompson Square. The BHTTF has selected artist Lu Stubbs for Hayes Square.

These artists were selected via a joint process involving CPS, BHTTF, and CBT. After reviewing hundreds of slides of sculptors' work at the Artists Foundation in Boston, 38 sculptors were selected for further consideration. These artists were contacted in regard to their interest in these projects. Twenty-one artists responded, and their submissions

were further reviewed by CPS, BHTTF, and CBT. Seven candidates were selected for interviews in mid-March, before the final preferences were determined.

The selections were made in accordance with the quality of the artists' work, the potential of their work to conform to the design constraints of each square, and the artists' sensitivity to community involvement in the development of their work.

Both artists are highly regarded and have had their works shown at numerous solo and group exhibitions. Both artists are experienced in working with public spaces, and have displayed great sensitivity to having their works positively interact with the public, and the physical surroundings of each square. Lu Stubbs' work has included bronze sculpture at Brookline's Hearthstone Plaza and at Children's Hospital in Boston. Jeffrey Schiff's work presently includes the development of

sculpture for the main concourse of South Station and for a main downtown Baltimore intersection.

After months of planning, CPS and BHTTF members are excited that these plans are quickly becoming a physical reality that will bring beauty and pedestrian comfort to Thompson and Hayes Squares. At the same time, further community opinions are sought in regard to the design alternatives to be presented at tonight's meeting. The groups' March 3rd public meeting provided valuable guidance via resident opinions and suggestions made at that meeting. Such assistance is needed again tonight.

Upon completion of the design work, it will be presented to the Browne Fund by the CPS and BHTTF. Whereas the Browne Fund is

funding these projects, their final approval is required before construction can begin.

Any questions about the Thompson Square project, can be addressed to the Charlestown Preservation Society by writing P.O. Box

201, Charlestown, MA 02129 or calling 241-7806.

Any questions about the Hayes Square project, can be addressed to the Bunker Hill Tenants Task Force by writing 76 Monument Street, Charlestown, MA 02129 or calling 242-3200.

Bunker Hillbillies Planning Reunion

On Sunday, June 15, 1986, former members of the once very popular Bunker Hillbillies will jump on a float and ride through the streets of Charlestown in the Bunker Hill Parade. Former director of the group, Bob Munstedt and his wife, Helen, will join his "cowboy band" of hands, dating from the first group formed in

1940 to the last of the breed of talented youngsters to perform out of the Charlestown Clubhouse in 1978.

This band of youngsters, who ranged in ages from seven to thirteen, performed before audiences far and wide including numerous spots on local TV shows. During the Nixon Adminis-

tration, the Ranch House 7, the elite of the band, performed in the East Room of the White House.

All ex-Hillbillies who would be interested in riding along with Bob once more in this year's parade, may call Tim Walsh at 242-4197 or Bob Garvey at 242-4071 for further information.

Basilica Associates To Redevelop Building 106 In Navy Yard

Basilica Associates was granted a Tentative Designation as redeveloper of Building 106 in the Charlestown Navy Yard on April 4, 1985 by the Boston Redevelopment Authority (BRA). In recent action, the BRA Board awarded final designation to the developer.

Basilica Associates, a Massachusetts Limited Partnership comprised of Paul May and NAGE Housing Inc., Joseph DeLorey, President, has proposed a \$9 million restoration of Building 106 into 92 condominium units of which 10% will be set aside for purchase by the

elderly. The units will be subsidized by the developer and made available to the elderly at 50% of the cost of the market units in the development. This project will produce the first housing units constructed to date in the Historic Monument Area of the Navy Yard.

The developer has assembled a highly qualified team for this project. Vitols Associates is the project architect and will supervise the improvements to the property by the Barkan Construction Company. Brian Pfeiffer of the Architectural Conservation Trust is the project's his-

toric preservation consultant and Walter Kelliher is counsel to the development team. The developer has secured a construction financing commitment from Union Warren Savings Bank.

The developer will make an annual base rent payment to the Authority in the amount of \$91,250 and an additional annual payment totaling \$0.10 per square foot for security services and maintenance of public open space. Basilica will also make a contribution of \$45,000 to the Authority to support worthwhile community activities in Charle-

stown. In addition, the developer will pay to the Authority 5% of the gross sales price of the condominiums and the Authority will receive an additional 2% of the future gross sales prices of any subsequent resales. These requirements will be incorporated in the lease for the property and in the master condominium deed to ensure future compliance with these terms.

The developer will also construct, at its own expense a landscaped pedestrian way adjacent to Building 106 as part of a later phase of development.

Michael P. Quinn Swan Boat Plaque To Be Dedicated April 21st

During the summers of his youth, Michael P. Quinn would work on the Swan Boats in the Public Garden which were established in 1877. Under the professional and prudent aegis of Paul Paget and his family, Mike enjoyed these halcyon days.

On an August day last year while walking through the Public Garden, Patrick J. Murphy, a former Marine Infantry Platoon Commander in Vietnam, who served with Mike, thought it would be fitting to have a memorial for Mike at the Swan Boat Landing. To that end, support was sought from the City fathers. On September 16, 1985 Councillor Albert L. O'Neil introduced the following resolution:

Ordered: Dedicate the current landing area on the Public Garden adjacent to the Swan Boat boarding area.

This marker would be in honor of the late Lieutenant Michael P. Quinn, USMC a former Marine Infantry Platoon Commander in Vietnam. This resolution was passed in City Council on September 18, 1985.

We are all pleased with this perpetual memorial to Mike. As a former Park Department Foreman, Mike's father, the late Leo F. Quinn, looks down with pride on this tribute.

The bronze plaque will forever bear the following inscription:

**Lt. Michael Patrick Quinn USMC
May 27, 1946 - August 29, 1969
KILLED IN ACTION
Republic of Viet Nam**

A Charlestown native and Boston Latin graduate, who spent the Summers of his youth working the Swan Boats. From Bunker Hill to Vietnam he now takes his place as a true patriot and son of Boston.

Please join us on Monday, Patriots Day, April 21, 1986 at 11:00 a.m. for this special event on the 110th anniversary of the swan boats.

Demonstration Of The "Battle of Bunker Hill"

The Charlestown Militia Company 1775 would like to announce that there will be an historical demonstration of the "Battle of Bunker Hill" on Saturday, June 14, 1986 at 2:00 p.m. on the Bunker Hill Monument grounds.

John Burchill, Superintendent of the Boston National Historical Park.

The Charlestown Militia Company 1775 would like to thank the Mayor of Boston, Raymond Flynn; the Charlestown Historical Society (President Kay Whelan);

and the Charlestown Patriot (Gloria Conway), for their assistance.

As Captain of the Charlestown Militia, I would like to thank Lieutenant Kevin Kelley and Ensign Basil Greenlaw for their extensive work to achieve a goal set forth by the citizens of Charlestown and the City of Boston. My thanks on behalf of the Militia to Kevin Burke and

Timothy Walsh for their assistance. And last, but not least, thanks to the people of Charlestown who have signed a letter of support for the Charlestown Militia Company 1775 to once again be allowed to perform the demonstration of the "Battle of Bunker Hill" on the Monument Grounds.

The last historical demonstration was in June of 1975. In the last eleven years, the

Charlestown community has changed quite drastically. As part of our heritage, we, as citizens of Charlestown, would like to show tourists and new residents of this community that the significance of this battle, fought by our Patriot forefathers to achieve freedom and liberty, is one that will be remembered by us forever.

In order to achieve a successful program for June 14,

1986 we will need assistance. There will be a meeting for those interested on Thursday, April 17, 1986 at the American Legion Hall (Downstairs), 27 Chestnut Street at 7:00 p.m..

Again, we thank one and all for their support and their enthusiasm to relive history again.

Frank Maggelet, Captain
Charlestown Militia
Company 1775

Boys And Girls Club Celebrates 93rd Anniversary

The Boys' Club of Boston was established in 1893 in response to a social need for a place and way for boys to engage in wholesome, developmental activities during their leisure time. In 1986, the need still exists in these more sophisticated, somewhat more prosperous, but essentially the same environments of Boston.

From its original modest setting on the second floor of a small wooden frame building in Charlestown the organization has grown to include three large clubhouses and memberships in Charlestown, Roxbury, and South Boston. The program was expanded in 1979 to include girls and was subsequently renamed the Boys and Girls Clubs of Boston.

In its 93rd year of service, the Boys and Girls Club is today a big and busy clubhouse - a place and a way for fun and learning. Its activities are recreational and educational, its new and expanded programs keeping with current demands upon the future of the boys and girls. Stimulating the interests, energies, and intellects of the over 5,000 members, its general program incorporates numerous sports and games, vocational and cultural classes, training in civic, government, and citizen responsibilities. In an unregimented, non-sectarian milieu, this training is characterized as informal while it is directed toward the individual - his/her particular talents and problems.

The Boys and Girls Clubs of Boston offers youth a well rounded year-round set of choices regarding their use of their free time. It also provides some new ways and some new places for every youth, including that youth who feels he/she does not fit into his prescribed world.

The Boys and Girls Clubs of Boston is ninety-three years old and wiser than ever in the ways and play of boys and girls.

Congratulations to this outstanding Charlestown/Boston institution which is providing the boys and girls of Charlestown - a place to go and a way to grow!

The following firms and friends salute the members, staff, and board on the celebration of Boys and Girls Club Week.

Last Chance For 76 Years Four Public Sessions For Viewing Halley's Comet

The Harvard-Smithsonian Center for Astrophysics will sponsor four public sessions for viewing Halley's Comet as the 1985-86 apparition draws to a close. Telescopic observing will be held from 9:00 p.m. to 11:00 p.m. on Monday and Tuesday, April 28 and 29; and, again, on Thursday and Friday, May 1 and 2.

Admission is free and no

tickets or advance registration is required. Individual observing sessions will be cancelled in the event of rain or cloudy weather.

Those who attend the sessions will have a last chance to view the comet through telescopes as the celestial visitor travels away from the Sun and Earth and back into the depths of space. In late April and early May, the comet will be visible from the Northern Hemisphere from the end of twilight late into the night, but will be rapidly growing dim. Current projections suggest that Comet Halley may shine at about fourth magnitude and retain a hint of a tail during the center's viewing week; however, comets are unpredictable and can change in brightness unexpectedly.

The Center for Astrophysics is located at 60 Garden Street in Cambridge, about one mile west of Harvard Square. It may be easily reached by public transportation. Parking is available.

MacInnes Named To BHA Monitoring Committee

Bunker Hill Tenants Task Force President Mary E. MacInnes was one of nine individuals sworn into the newly created Boston Housing Authority Monitoring Committee by Mayor Raymond Flynn on Friday, April 11, 1986. The committee, which is comprised of tenant, labor, housing development and administration representatives, will serve to oversee to Boston Housing Authority (BHA) performance.

"I am very happy," commented MacInnes. "This committee has been a long time coming." According to MacInnes, when Judge Paul Garrity relinquished the BHA from receivership, he added, as part of the Court Order, that such a body be formed to monitor the Authority's activities. "I am pleased to have been nominated," continued MacInnes. "This means I can see

a lot of what the BHA is doing and bring this information back to this and other developments in the City."

Mayor Flynn commented, "The creation of the Monitoring Committee re-affirms this Administration's commitment to the residents of public housing in Boston. Drawing majority membership from the public housing community ensures an active role for tenants in improving public housing."

Four other public housing community residents were chosen in addition to MacInnes. They are Helene Fisher of Roslindale, Marcia McLaughlin of Jamaica Plain, Barbara Mellan of South Boston, and John Almeida of Dorchester. Thomas Evers, President of the Massachusetts Building Trades, and John Bok will represent organized labor and real property management respectively.

tively. Representing Mayor Flynn's administration are Kristen McCormack, Director of the Mayor's Office of Jobs and Community Development, and Rosemarie Sansone, Director of the Mayor's Office of Business and Cultural Development. Doris Bunte and senior

staff members of the Boston Housing Authority, along with representatives of the Tenants United for Public Housing Progress and the Committee for Public Housing, were active in coordinating the establishment of this committee with the Mayor's Office.

A Commitment To Excellence?

To The Editor:

Boston Latin Academy, one of the three public exam schools remaining in Boston, needs our help. If your son or daughter, nephew or niece attends Latin Academy, or if someone in your family might want a chance to attend an exam school someday, call or write your state representative (for Charlestown it is Representative Richard Voke - Chairman of the House Ways and Means Committee).

Latin Academy has a chance to move into surplus property controlled by the state legislature. The old Boston State College campus on Huntington Avenue could be a great alternative to the converted garage that houses the school today.

Let's see public property used for something besides condo development or dormitories for our big private institutions. This particular property was once owned by the Boston Public Schools. Let's give the system a chance to do something good for Boston Public Schools.

Paul Morceau

To The Citizens And World War II Vets Of Charlestown

To The Editor:

Recently there appeared in the **Patriot** an article concerning the temporary move of the World War II Monument. This monument has been hidden in the weeds at the circle in City Square for the past forty years. I'm sure a lot of people in the town do not even know it exists, as City Square has always been hazardous for motorists or an unwary slow moving pedestrian.

The article proposed moving this monument temporarily to either Park Street or the Harvard Mall. Either location will again successfully hide the monument. It is to be replaced in City Square when it is revamped, or reramped, which, judging by past performances, should be around the year 2000. There won't be too many World War II Vets left then either.

As many of you are undoubtedly aware, the revitalization and beautification of the Thompson Square area is scheduled to commence in the near future. Thompson Square is now the business center and the focal point of the town. It is the area where the "old townies" remeet, and the "new townies" meet.

I propose that the monument be relocated permanently to the triangle on Austin Street at Thompson Square. Placing this tribute to the Veterans of World War II in the center of town, the town for which they served, is only right and just.

I have not made a second career of being what I call "A Professional Veteran", but I do feel strongly on this matter. I do not speak for any group or organization. I speak for myself, a World War II US Navy Veteran and a longtime Charlestown resident.

To any other veterans and citizens of Charlestown who share my sentiments about this monument, I urge that you let your feelings be made known to the proper authorities and agencies concerned.

There is a meeting scheduled at the Charlestown Branch Library on Thursday, April 17 at 7:30 p.m. pertaining to design alternatives for Thompson and Hayes Squares. If you too would like to see the World War II Monument find a permanent home at Thompson Square, I encourage you to attend this meeting and let your opinion be heard.

Sincerely,
George G. Peters

City Issues Revaluation Assessment Notices

City of Boston Assessing Commissioner William B. Coughlin announced that the City, as required by State Law, has issued Revaluation Assessment Notices. Upon preliminary certification by the Massachusetts Department of Revenue, the notices, which are the result of the recently completed door to door revaluation of property, have been mailed to each homeowner.

The new assessed value for each property on the Assessment Notices represents 100% of the fair market value of the property as of January 1, 1985 (FY 1986 tax year). The purpose of the state mandated revaluation is to determine accurate assessments city-wide to insure that every property owner pays his or her fair share. The new assessed value and tax rate are subject to review and final certification by the Department of Revenue, prior to the issuance of the FY 1986 tax bills in the late spring.

Commissioner Coughlin states, "Your new assessed value may be more than your previous assessment, but this does not mean your taxes will go up proportionately. As a result of this revaluation, consistent with the requirements of Proposition 2½, the tax rate has decreased substantially. This means that in some cases, property taxes have gone down. If your taxes have gone up, this is due to the simple fact that your home is now worth more money."

Taxpayers are advised to remember two important points about the Assessment Notices:

First, the payment made toward the estimated tax bill issued last November, 1985, will be deducted from the actual Fiscal 1986 tax bill when it is issued in the late spring.

Second, the Assessment Notice does not reflect Clause Exemptions. Clause Exemptions will be included in the actual tax bill. Taxpayers with questions about clause exemption eligibility or applications should call

the Assessing Department's Social Services Unit at 725-4288. Property owners who are elderly (over age 70), blind, disabled veterans, widows or widowers, who have not applied for clause exemptions in the past, should contact the Social Services Unit.

Property owners who have questions pertaining to their new assessment, should call the Department's Taxpayer's Assistance Unit at 725-4866. For those taxpayers who might require further assistance, staff of the T.P.A. Unit will schedule the property owner for an appointment with an assessor at one of the informal hearings to

A Child's Wish Come True

"A Child's Wish Come True, Inc." is a non profit charitable organization working to grant wishes to children who are afflicted with a life-threatening illness.

I have just received a copy of the "wishes" that our organization is presently trying to fulfill. One is for a little girl named Jennifer, who is two years old and wishes to go to Disney World, and another is for Jonathan, who is three years old. Jonathan is in the hospital now and his only wish is that he have his own bed and bureau when he comes home from the hospital, because he has outgrown his crib. We have at least ten more wishes pending at this time, which we would like to fulfill as soon as possible.

I'd like to know if the people of Charlestown would like to personally "adopt" one of these wishes and make A Child's Wish Come True. I realize the financial stress most families are experiencing at this time, particularly tuition for their children's education, but please stop a minute and think — these children will never reach that age when their parents will have to be concerned with tuition. You can make them happy now and your answer and acceptance can be in the form of a donation to "A Child's Wish Come True, Inc." An account has been opened at the Charlestown Cooperative Bank at 250 Main Street. You can either mail or bring your donation in. All monies donated will be directly applied to the child's last wish and no administrative costs will be taken from this fund.

I'd like to be able to say Charlestown has fulfilled at least one child's wish. Thank you for caring.

AN INVITATION FROM A "SISTER CHURCH"

In March 1966, Pope Paul VI and Archbishop Michael Ramsey, during their meeting in Rome, pointed to our historical differences, yet outlined a program for "growing together." It proclaimed penitence for the past, thankfulness for the graces of the present, an urgency for resolve in the future in which our common aim would be that of full organic unity. Their wisdom recommended that this unity would come primarily from authentic Christian fellowship (Koinonia). Hebert J. Ryan, SJ, has called us "sister churches" and this seems to be a great and telling image for this work of Christ.

Not wanting this vision to slip from our daily lives in Charlestown, Saint John's Episcopal Church (an Anglican Church here) extends this simple invitation to one and all. On **Wednesday, April 23, 1986 at 7:00 p.m.**, our new Diocesan Bishop David E. Johnson, will be at **Saint John's, 27 Devens Street**, for **Confirmation** and for **First Holy Communion**. If you have been wanting to visit your sister church to see how we do things liturgically, this would be a grand opportunity. A party celebration follows, so wear your dancing shoes, as we mark the grace of our Lord Jesus Christ in our life together.
