One of the scientifically proved benefits of taking a vitamin C supplement

Stress: A recent meta-analysis found that vitamin C was beneficial to individuals whose immune system was weakened due to stress -- a condition which is common in our society, because stress is one of the nutrients sensitive to stress and is the first nutrient to be depleted in alcoholics, smokers, and obese individuals. It makes it an ideal marker for health.

Nebido® is the first long-acting testosterone injection for the treatment of male hypogonadism. Long term treatment therapy with Nebido® increases the improvement of erectile dysfunction and sexual mood, metabolic syndrome, muscle mass and strength. At I'M Translation, we work with various high profile #clients in the #medical, #biomedical and #pharmaceuticals industries. As we have our expert #translators and #linguists, we provide accurate #medical #translations. We #translate #datasheets #research & #clinical papers, #marketing materials, #case reports, #contracts, and #protocols., etc. Testosterone undecanoate, also known as Nebido is used mainly in the treatment of low testosterone levels in men. Bodybuilders use it for performance-enhancing purposes but due to its very slow acting nature, it is not very popular like Testosterone Enanthate or Cypionate. Mostly it is being used at the cycle that is minimum 16 weeks and more.

(zoom in) out of all the people my creepy stans could've worshipped, they really chose the anti hierarchy anarchist. I can't get that through my head. ~mela (post tone is a copypasta although informative)
