Toca reto nuevo!! Cuarto día del reto, hoy se va complicando, vamos a hacer 20 flexiones pausadas, apoyando pecho en el suelo y subiendo brazos con las rodillas apoyadas en menos de 1'30", lo conseguirás? Espero que si!!!!

2 #strict #overheadpress at 70kg which im assuming is about 80% of my #bodyweight judging by the #size of my tits #raw not a #personalbest but my last personal best I was on #roids #testosterone and #trenbolone so #techincally a #pb cos #whylic this was achieved by #excessive #calories #creatine and #mindset once I grewup and realised theres alot more to #life than the #gym and #selfies 3 months of being a care worker will open your fukin eyes and see how lucky some have it and some that dont just fall through the cracks #strongman #powerlifting #personaltrainer #kettlebells #calisthenics if doing this exercise heavy where a #belt guys they just annoy me ☐ ☹ ☐ ♂ #leaveyoureogatthedoor
