## Will There Be A Parade? It's Up To You!!

The Bunker Hill Day Parade 1982, slated for Sunday, June 13th will be the "people's parade," for it will only be as good as you, the residents of Charlestown, make it.

Don't take it for granted that there will be funds forthcoming for this event. There is NO money coming from the City of Boston and all fundraising is being done by a small, but dedicated, group of residents. Individuals, organizations, and businesses are needed to lend their financial support.

Each band, drum corp and color guard that marches in the parade must be paid and their fees range from \$200 upward to \$500, \$700 or \$800. They DO NOT march for free.

There are several ways that residents can help:

1.) Send in a donation to the Parade Committee, us-

ing the coupon on page 16 of this week's Patriot. You can see that there is much money to be raised by the scale on the Monument, showing progress in the fund-raising effort.

2.) Buy a chance for \$1.00 on a "wheelbarrow full of booze" which will be raffled on June 12th at the Legion's "Nite Before" Banquet. This project is under the direction of Barbara Gillette.

3.) Drop your change in the canisters located in most of the neighborhood stores.

4.) Buy a "Parade Booster" sticker for a minimum donation of \$1.00. The Booster Committee will be going door to door and will be at Johnnie's Foodmaster this weekend. Those on the committee include: Charlie Johnson, Monica Auch, Mary MacInnes,

Margie Kent, Kay Johnson McDonough, Joe Kent, Florence Johnson, and Arthur Hurley. If anyone would like boosters or can help, call 241-8887.

Organizations or businesses that are interested in sponsoring a unit for the

parade should contact the Parade Chairman, James W. Conway at 241-9511.

The committee is working tirelessly to put the parade on the streets - the success or failure of this venture rests on you, the residents.

## Charlestown Interagencies On Aging Open House

Commissioner Rachel Lieberman, Boston Commission on the Affairs of the Elderly, will help commemorate Older Americans Month at the Charlestown Interagencies on Aging (CIA) Open House on Tuesday, May 4, 1982, at the Charlestown Branch Library. It is scheduled for 10:00 a.m.

The CIA is an organization which has been in existence for over three years in Charlestown and meets bi-monthly to dis-

cuss issues of importance to Charlestown elders. Included in the membership of the CIA are local health, social, and community agencies and churches. Emphasis is on program planning, information sharing on resources for older people, and community education.

The public will be welcomed at 10:00 a.m. There will be a brief presentation by Commissioner Lieberman and her staff at 10:30 a.m. to be followed by the film "Violin" which depicts the developing relationship between an older man and his younger friend. Elders will also have the opportunity to meet those who have been regularly providing services to older people in the community. Refreshments will be served.

## People's Fire House Plans Reunion

by Sal Giarratani

On April 8, 1981, in a desperate move, otherwise law-abiding citizens of Charlestown seized the Winthrop Street Fire House, home of Engine 50. They occupied the fire house for thirty "long" days. A series of "actions", ranging from traffic blocking to picketing the "Mayor's Parking Lot" at the corner of New Congress and Hanover Streets were taken. Ultimately, the City of Boston was forced to reactivate Engine 50. It was a long and hard battle for those involved.

The People's Fire House No. 2 Committee has planned a small reception for alumni of the occupation and their friends on Friday, May 14 at 7:30 p.m. at the Cobblestone Restaurant to remember the struggle.

The Committee had originally planned a gala anniversary celebration to commemorate the first anniversary but according to Judy Hickey of the committee, "We decided against a big celebration. If all was going well, we could celebrate, but layoffs are still possible and the questions surrounding the public safety issue are still to be settled."

The Charlestown Fire House Committee will be presenting a plaque to Adam Venesky of Brooklyn's People's Fire House No. 1 Committee at this reception. Venesky will be honored for all the work he did helping the Charlestown committee get organized during the first days of the occupation. In 1975, Venesky had organized a similar committee to reopen a Fire House in Brooklyn's Northside community and came to Boston on the evening of April 10, 1981 to officially proclaim the Winthrop Street Fire House, People's Fire House No. 2.

Charlestown's People's Fire House No. 2 Committee is looking forward to seeing all those who helped in the month-long struggle last year and sharing memories of all that happened.

The Reunion Get Together has become one of Charlestown's newest traditions and according to a spokesperson for the committee when and if the problems surrounding public safety are finally settled, maybe the idea of an annual dinner/dance celebration would be in order.

## Horizon And Cavallier Drum And Bugle Corps Merge

The Horizon Drum and Bugle Corps of Charlestown and the Cavalliers of Somerville have recently joined together for the purpose of enlarging and rebuilding a unit to be ready for the 1983 competing season. The unit will now be known as Cavalliers Drum & Bugle of Charlestown - Somerville.

In 1982, the Corps will be a parade unit only. They will be planning to compete on the field in 1983 in the Eastern Mass. and CYO Music Circuits. They are planning to build a winter color guard unit.

The Corps is now actively seeking new members, male-female, age 12-20, for horn, drum and color guard. No experience necessary. Training, uniform and equipment are provided. The Corps will practice one day in Charlestown and one day in Somerville and transportation will be provided.

In 1980, the Cavalliers were the Eastern Mass and CYO Music Circuit champions in class B and won the 1980 World Open Championship. At the American-International Open Championship the Corps came in third and received a trophy for best color guard in class A.

In 1981, the Cavalliers competed in the Drum Corps International Championship in Montreal, Quebec and placed 13th out of 48 units in class A.

The Cavalliers have received many trophies and awards at parades throughout New England. The Cavalliers' plans for the future include circuit shows and tours to Butler, Pa. and Marion, Ohio.

The Charlestown Board of Trade will continue its sponsorship of the Corps and Joe Flaherty, President of the Board has offered his expertise in assisting the Corps.

If you are interested in joining and would like

further information, call 623-1485 or Jerry Nye at Jack Egan, Manager at 438-3404.

## Letters To The Editor

Letters to the Editor must be signed and include name, address and telephone number for verification. The name will be withheld if the writer so requests. Anonymous letters will NOT be published.

### Clarifies Position

Dear Editor,

I would like to clarify my position in regards to Frank Jones and The Boston Committee.

During a telephone conversation in the fall of 1980, Mr. Jones informed me that his obligation - as bestowed by Mayor White, Cardinal Medeiros, Davis Taylor and Richard Hill - was "to address the problems which contribute to racial tension and conflict in Boston." In the spirit of cooperation I suggested to Mr. Jones that he focus his efforts on four issues: Forced busing, racial quotas, minority preference in public housing and crime, where race is a factor.

Frank Jones has served as Executive Director of The Boston Committee since its inception two years ago. He has yet to criticize the negative results, socially and educationally, of forced busing. He has ignored the discriminatory effects of racial quotas in the job market and public housing. He refuses to deplore the numerous racial robberies, assaults and stoning incidents which are commonplace in our city.

Mr. Jones' reluctance to address these problems is reminiscent of the cosmetic solutions devised, in recent years, by Boston's political, religious, media and business leaders. Their "Marches for Harmony", "Committees Against Violence," as well as their signature drive and wearing of the "Covenant" buttons have proven to be ineffective.

There is no indication that Mr. Jones ever intends to confront the city's racial problems. Rather, I suspect, his mission in Boston is to make "acceptable" social programs which, in effect, deny all citizens freedom of choice and equal opportunity. For these reasons I refuse to cooperate with Frank Jones and The Boston Committee.

Sincerely,  
James M. Kelly, President  
South Boston Information Center

## An Open Letter To Jim Cushman

Mr. James Cushman  
President, Kennedy Center Board of Directors  
27 Winthrop Street  
Charlestown, Ma.

Dear Jim,

On Tuesday, May 4th, the Kennedy Center Board of Director's will make yet one more attempt to hold a meeting to conduct business. At issue is the very legitimate concern raised over the past several months concerning my use of credit cards during the past two years in my capacity as Executive Director.

The Board voted to employ an independent CPA to review my charges and I have turned over my records and my personal appointment calendar and have complied in every way with the Board's request. I am disturbed by the accusations against the board since I know that they have cooperated in every way possible. The Board is not trying to "sweep anything under the carpet," neither is it interested in destroying the reputation of the center.

I never met the CPA who conducted the review nor did I ever speak with him until after he had completed this review. I have also agreed to list the specific Master Charges in this report to the Board even though I know some will use this information to try to further embarrass me and the Center. I have decided to voluntarily cease the use of this charge until the Board gives me specific direction in this matter.

I must say that I am greatly disturbed by the stories, rumors and innuendo that I have read and heard about my "alleged" abuse of funds. Why after 10 years as Executive Director am I being questioned?"

Did anyone complain about my expenses when I increased the Annual Budgets of the Kennedy Center from \$400,000 to \$1,400,000?

Why am I being criticized in my expenses which include the Economic Development Corporation?

Does anyone wonder how the Mary Colbert Apartment and One Thompson Square got built? (These represent an investment of one and one-half million dollars).

I can only hope that this issue can be resolved, once and for all.

Let me assure you that the staff at the Kennedy Center would like nothing better because a much more urgent issue is facing me and the Board and that is the drastic reduction in federal funds to the Center.

The CPA (who worked as fast as he could, given tax season) has his report and for better or worse—I sincerely hope the Board will feel that it has discharged its duty satisfactorily; establish rules for future use for future executive staff persons; and get on with the very important matters before it.

Peoples jobs are threatened and services to clients are endangered and while I have done everything in my power to reduce costs by cutting back in the administrative staff (including not requesting any increase in my own salary for nearly 3 years), I can not in honesty predict a very happy future for the Center without strong support from all of the members of the Board and the community. The situation is dire, but not hopeless.

The Kennedy Center has been providing services to the people of Charlestown since 1965. My record of accomplishment as it's Executive Director since 1972 is one of which I am proud and I hope that the Board can resolve these differences, once again become productive and get on with the business of securing services for those in the community who are in need. The people of Charlestown deserve nothing less.

John T. Gardiner  
Executive Director

## Thanks For Your Help

The Charlestown Board of Trade wishes to thank the many people who made our Street Fair last weekend a successful one for the benefit of The Bunker Hill Day Parade. We thank Carey Tarpinian from The Bunker Hill Mall and State Properties of New England - who worked so hard all weekend and made everything so easy for us. He is an asset to The Charlestown Board of Trade and to the community as well.

We also wish to thank Johnnie's Foodmaster and The Front Page Restaurant for the use of their parking lot during the weekend and for their endless cooperation in planning the Fair with The Board of Trade.

Billy Howard and Phil Coleman from Boston City Hall and Housing Improvement not only assisted us in the application for permits to have the Fair and in the orchestration but also worked with us throughout the weekend selling tickets

and managing the Fair. They worked extremely hard to help us to make this Fair a good one.

The people who worked in the booths and ticket boxes were wonderful and we could not have operated the Fair without them: Mary MacInnes, Rene Murphy, Monica Auch, Bob Wallace, C.J. Murphy, Laurel Connelly, David Shea and Chrissy Power. These people all worked so hard for us and were wonderful. We especially want to extend our thanks to Mrs. Helen Lawler and her friends who baked for the Bake Sale table and the people who donated items for the Raffle Table: Helen Myers, Kay Gould, Dickie Grant and Bob Wallace.

Last and most important, The Charlestown Board of Trade would like to thank everyone who came to the Fair and helped us to make our contribution to The Bunker Hill Day Parade.

The Charlestown Board of Trade

## Our Thanks

The Committee of the Annual Penny Sale at St. Catherine's would like to express their thanks to everyone who contributed

in any way to the terrific success of this event.

The lucky winner of the Color TV was Jeffrey Masse of Charlestown.

## Withdraws Video Application

An application by Star Family Enterprises of Everett for 40 video games to be located at 5 Austin Street, Charlestown was withdrawn under the face of overwhelming pressure from area residents opposing these games at a Boston Licensing Board Hearing held on Wednesday, April 28, 1982 at 11:00 a.m.

Rob Ferris, an organizer of the petition drive, which accumulated in excess of 200 signatures, wishes to thank all who participated in the effort to stop the placement of these games in Charlestown.

Only a few of the over 30 people in attendance got an

opportunity to speak before the Board made their decision.

Included among the speakers in opposition were City Councillors Ray Flynn, Michael McCormack, and Albert "Dapper" O'Neil; Chief of Security for Johnnie's Foodmaster; and Rob Ferris, a Charlestown resident.

Mr. Ferris wished to especially thank the senior citizens, homeowners, neighbors, "Townies" and "Tunies", Charlestown Preservation Society, Rep. Voke's Office, and Johnnie's Foodmaster for attending the hearing.

**Invited To Participate In Job Fair**

Charlestown businesses are invited to participate in a Job Fair for Boston high school seniors to be held on Friday, May 7, 1982, from 9:00 a.m. to 12:00 noon at the Boston Teacher's Union Hall in Dorchester.

The Job Fair will be the culmination of a week-long Graduating Senior's Job Project being sponsored by the City of Boston's Neighborhood Development and Employment Agency (NDEA), the Tri-Lateral Council for Quality Education, the Boston Private Industry Council, the Boston Public Schools, and the Boston Committee. The Senior Jobs Project, which will offer the student participants a week of instruction on career-related information, is aimed at preparing 400 Boston high school seniors to obtain unsubsidized private sector jobs upon graduation.

The goal of the Job Fair is two fold: to help local employers meet their entry-level personnel needs; and to directly expose the students to Boston businesses and the job opportunities which they offer.

**Openings In BPD Cadet Program**

The Boston Police Department has several positions open in its Cadet Program and is anticipating funding in the next fiscal year to fill these positions. With this in mind, the Department has begun recruitment efforts throughout the city in hopes of attracting young men and women between the ages of 18 and 22 who are interested in a career in law enforcement.

The Cadet Program will be visiting high schools, colleges and neighborhood organizations in each of the city's five police districts to promote the program and actively recruit qualified young people. Department recruiters may be contacted at 247-4444 to make arrangements for a presentation to interested groups or may be visited at the Cadet Program office at 154 Berkeley Street, Room 109.

Application forms are available at Police Headquarters and all police district stations. The entrance examination for this position will be conducted at the University of Massachusetts, Harbor Campus, Morrissey Boulevard, Dorchester, on Saturday, June 19, 1982 at 8:00 a.m.

## The Michael P. Quinn Scholarship Fund Tribute To James B. Kiely

Willing, concerned, loving, that was James B. Kiely. His spry walk, his gregarious nature, and his impish leprechaun smile will be sorely missed.

"Love never reasons, but profusely gives, gives like a thoughtless prodigal, its all and trembles, then lest it has done too little."

Yet Jim gave an abundance of happiness to his family and legion of friends. The "Mr. Fix It" ability that he demonstrated to us all will never be forgotten. Only two weeks ago, with Jim's knowledge and skill, he repaired a table for the Michael P. Quinn Scholarship Fund, for which he served as trustee, always available to assist, to give himself to his "Townie" friends.

Count where man's glory most begins and ends and say, our glory was we had such a friend.

His concern and love for his son, Jimmy, whom he affectionately named "2 By 4" was a pleasure to Jim.

His assets were countless, liabilities - yes just one - Jim. you have left us too soon.

His beloved mother and his late father, Bart - as we all knew him - were indeed proud of their eldest son. The direction and assistance his brother, Bernie demonstrated was deeply cherished by Jim, sisters, Jane and Katie, and his brothers-in-law, Bob and Dan were also blessed to have Jim as their loved one.

To all his family members and friends, "Tho lost to sight, to memory dear thou ever wilt remain. One only hopes our hearts can cheer, the hope to meet again".

For the Quinn family and the Scholarship Committee, "Tis pleasant to have found and proved a friend. For him who good for good returns, we hold a friend more precious than unnumbered gold".

Well, Jim, thanks for the memories, and remember us, for we will always perpetuate you.

May the road rise to meet you  
May the sunshine warm upon your face  
The rains fall soft upon your field.  
And until we meet again  
May God hold you in the palm of His hand."

# S.T.O.P.

by Charlie Ross  
**IT'S TIME FOR ANOTHER JEFFERSON IN WASHINGTON, D.C.**

She has been described as black, female and forthright, and she once used the word "unflappable" to describe herself. Certainly, she's all these, and more... much, much more! We're talking about Dr. Mildred Fay Jefferson, of course, an aspirant for the Republican Party's primary nomination for the United States Senate and, in her words, "I have always strived higher than I could reach. Right now I am concerned with being a clear, unmistakable alternative to Kennedy."

"Dr. J." announced her candidacy at Faneuil Hall on Lincoln's Birthday, choosing that date because she felt that "we have reached a time every bit as critical as the Civil War era," and asked her supporters to work together with her "to build for the kind of America President Reagan dreams of, that I dream of and that most of you dream of."

Among the achievements of this Pittsburgh, Texas, daughter of a Methodist minister, and a school teacher, is the fact that she is the first woman of her race to graduate from Harvard Medical School, and the first woman of any race to intern at the Boston City Hospital. She is a diplomate of the American Board of Surgery, and has engaged in the practice of surgery at the Boston University Medical Center, as well as being an assistant clinical professor on their staff. She helped found the National Right-to-Life Committee (serving 3 years as its President), is Founder and present President of the Right to Life Crusade, and an American Life Lobby (A.L.L.) Advisor. Too, she has been the recipient of 29 honorary degrees and numerous national awards, numbered among which are The Sword of Loyola; The Modern Samaritan Award; a Distinguished Alumni Citation from the National Association for Equal Opportunity in Education; the Father Flanagan Award from Boys Town, and is the only woman ever to receive the coveted Lantern Award for Patriotism from the Massachusetts State Council of the Knights of Columbus.

As the campaign progresses, Dr. Jefferson will be addressing inflation, recession, unemployment, crime, defense spending, and the relationship of the federal government to the state government in dealing most effectively with solutions to problems we face, and has already let it be known that she will not shy away from the social issues (e.g. abortion, busing, gun control and prayer in the schools) as most candidates are prone to do.

None can dispute her deserved national stature as a leading champion of the rights of the unborn, and no words of ours could adequately describe her personal efforts which have included her traveling thousands of miles in the last 12 years, speaking to hundreds of thousands of people in person, reaching several million more through radio and television... and she continues to be in great demand as a speaker because "She is in touch." As for being a so-called progressive woman, she considers that tact as anti-woman. She supports equal pay for equal work, but opposes the

equal rights amendment (ERA) as unnecessary. In her words, "The feminist movement needs the ERA to accomplish what it calls a gender-free society. I don't want a neutered society because it destroys the role of responsibility."

The Statistical Information Center of the National Association for Neighborhood Schools at Louisville, Kentucky, recently included an interview of Doctor Mildred Jefferson by James J. Drummey (from the March 17, 1982 issue of The Review of the News) in its national mailing. One of the major questions posed pointed out to her that there was legislation pending that would put an end to court-ordered busing to achieve racial balance in the public schools, asking "Would you support or oppose that?" Her answer was as follows: "Court-ordered busing is racist nonsense, patronizing, and contrary to good sense. Consider the terrible cost - money wasted which could have been used to build better schools, to provide better curricula, to assure better practical training. And the whole thrust is completely contrary to the spirit of the 1954 school desegregation decisions. That decision was handed down to prevent Southern children from being bused for miles because they were denied admission to the school nearest them. Now the concept of the neighborhood schools where good teachers are determined to produce well-educated capable children who can make reasonable lives for themselves."

Those wishing to involve themselves in this campaign of "The Right Person" for "The Right Time" should contact Friends of Dr. Jefferson, Box 935, Back Bay Annex, Boston Mass. 02117. Number us as being on her team, and extremely proud and privileged to be so!

**MOTHER'S DAY SPECIAL.....**

We have on hand several card-copies of Joseph Cardinal Mindszenty's famous "The Most Important Person ...." and will gladly send along a FREE copy to all those furnishing a small, self-addressed envelope to S.T.O.P., P.O. ## E & L Offers Alternative For "Fresh" Produce

by Maria Girvin

Fresh fruits and vegetables, daily, is what E & L Produce hopes to bring Charlestown, said Tim Gould, part owner of E & L, and father of Eric and Lesley Gould, whose initials create the store's name.

Located at 182 Bunker Hill Street, Gould and Ed Sweeney (Bunker Hill Project Task Force Chairman) have chosen this type of retail outlet for their first business venture because they feel Charlestown residents lacked a source of fresh produce at reasonable prices.

Gould said his prices could "beat anything Johnnie's Foodmaster has to offer," and saw as proof, the residents who come back to the store since he opened three weeks ago.

Every morning at 4 a.m., Gould joins the other buyers at the Chelsea Produce Center, choosing vegetables for his store. He said he was surprised to see how wildly the produce market fluctuates in prices on a daily basis. "When we first opened, lettuce was selling for \$21 a case. In two weeks it dropped to \$10 a case." The business partners learned another important lesson in the produce market when they advertised asparagus for 99 cents a bunch, only to find out the day of their sale that asparagus prices had jumped to \$1.09 wholesale.

But both men are undaunted by their marketing mistakes and are making plans to open a produce stand at City Square, similar to the one that stands at Sullivan Square, which is not related to E & L.

Presently E & L offers consumers a fresh selection of squash, lettuce, cucumbers, grapes and other fruits and vegetables plentiful during this season. Gould expects to expand his merchandise once the summer fruits, such as peaches, plums etc., become plentiful and affordable.

Store hours are Monday, 11 a.m. to 6 p.m. and Tuesday through Saturday 8 a.m. to 6 p.m.

## Kiwanis Donates Van To Boys And Girls Club

At its regular weekly meeting, the Charlestown Kiwanis Club presented a check to the Colonial Car Leasing Company. A van is being purchased by Kiwanis and is being donated to the Charlestown Boys and Girls Club.

Members of the local Kiwanis chose the van as its major project this year in order to help meet the transportation needs of the boys and girls who participate in daily activities at the local clubhouse. It was felt that this donation would benefit hundreds of children over the next three years who are involved in basketball, swim teams, and other activities that take place outside the clubhouse.

Money for the van will be coming from proceeds of a raffle now under way. The Kiwanis Club members are selling chances on a \$2,000 first prize, which at the option of the winner may be used to buy a greyhound racing dog. If the winner of the raffle should choose to purchase the greyhound, he or she could race the dog at Wonderland. Full details of the prize will be given to the eventual winner.

The raffle is set for May 21 at 7:00 p.m. at the Front Page Restaurant. Kiwanis Club members hope to generate considerable sales of additional raffle tickets, particularly since all the raffle contributions will be used to purchase the new van.

Several thousand additional tickets must be sold in order for the Kiwanis Club to reach its goal of the van. It is hoped

that residents in Charlestown will help by taking part in the raffle. Tickets may be purchased at many locations in Charlestown where a raffle poster is seen. Tickets are also available at the Boys and Girls Club and by mail; Charlestown Kiwanis, P.O. Box 24, Charlestown, MA 02129.

Since it was founded thirty years ago, Kiwanis has contributed \$350,000 to various projects in

Charlestown. Hundreds of children have been sent to overnight camp and Day Camp. Kiwanis has provided scholarship assistance regularly to high school seniors, and sponsored youth hockey and a Little League team. It has hosted the annual awards night banquet at the Boys and Girls Club. Another major gift, the Kiwanis bought an EKG machine for the Bunker Hill Health Center.

## Magoo's Loses Video Games

by Sal Giarratani

The Licensing Board for the City of Boston has revoked Magoo's license to

operate automatic amusement devices at an April 6 public hearing at City Hall. Magoo's located

at 229 Bunker Hill Street was the holder of a license to operate three video game machines.

In making its decision to revoke the license, the Licensing Board found that the licensee failed to operate the video machines "in a manner to protect the good, order and general welfare of the community."

Reasons for denying the license included an incident on March 8 when according to the board "a large group of teenagers emerged from the licensed premise and created a dis-

turbance...including an incident where one of the teenagers broke a window with a hockey stick."

The premise had become a "hangout" for area teens according to the eight Charlestown residents who attended the hearing. Evidence was presented which showed that as many as thirty teenagers hung out in or around the premises on a daily basis.

The licensee, John Welch did not attend the hearing and all eight area residents appearing favored revocation of the license.

## Uninvited Guests

by Charlie McGonagle

I met my Unwelcomed Visitor quite unexpectedly. It was very late on a Saturday night when first he began the initial steps of a slow dance upon the inside walls of my throat. I had no way of knowing that this mid-night waltz would soon build itself into an army of marching soldiers intent on visiting each square inch of my inner physical being.

On Sunday morning his presence was a bit more noticeable, but still innocent enough to cause little or no concern. It was my opinion that a nice leisurely jog around the banks of the Charles River, recently re-born in the warmth of spring, would be just the proper ammunition I needed to chase him from my doorstep. Only a couple of miles into my journey, I became convinced of a mis-

diagnosis. A steady stream of some unidentifiable substance began a relentless sojourn down my nostrils, and my legs suddenly added the weight of a thousand planets. The burning sensation in my lungs magnified itself with each laborious inhalation. At this point, the Bunker Hill Monument could be seen in the distance. On other days, from this point, it was no more than two miles away. Today it stretched skyward off in the distance, somewhere in the vicinity of Carson City, Nevada.

Finally, upon reaching home, I fell heavily into my easy chair, my body wracked with pain, certain I would never move again.

By Monday morning the invaders had set a fire within me. And each passing hour, shoveled more fuel to the flame. Beads of perspiration formed upon my brow and beneath my clothing, leaving a saturated mass where once a human being rested.

But then I heard them laugh as they quickly doused the burning embers with huge vats of ice water, sending shivering chills through my veins. It was a game they surely enjoyed. For they were to play at it continually throughout the next four or five days.

By Tuesday morning they had formed a marching band, the likes of which I had not before seen nor experienced. Each member of the band was given a pair of spiked golf shoes to wear and a set of instructions to follow.

"You will line up on his lungs," the printed message read, "and each time he inhales you will run up, each time he exhales, you will run down. Every three or four minutes you will run helter-skelter in all directions across his lungs until he begins to cough. Just when it seems the cough has become terminal, you will stop and resume your up-down march. Repeat this process throughout the day and night for the next week, or until further instructions are forwarded."

By Wednesday morning, the spike soled marching band had added trumpets to its arsenal, sounds surely fashioned after the painful bellowing of an Indian elephant in the midst of labor pains, accompanied my cough. I could not, for the life of me, understand where the gallons and gallons of liquid running in torrents through my nasal passages, were being manufactured.

By Thursday morning, each member of the band had been armed with a poker-hot sword and instructed to pierce the lungs with each cough. Obedience was certainly a virtue of these ruthless warriors. The pain was excruciating, the thought of coughing, uninviting at best.

By Friday, a faint hint of retreat was apparent. I was up to five steps without falling, and my stomach had not rejected the half piece of toast I had managed to swallow with a cup of tea.

By Saturday, I had lost several pounds, a luxury I can ill afford, but I knew I had turned the corner. I knew that relentless band of spike-soled warriors had begun to beat a hasty retreat.

Yes, on Saturday I knew the crisis was over when I found my way to the kitchen, balanced myself against the wall with my right hand, opened the refrigerator door with my left, and removed a beer.

**Issues On Aging**

**Question:** How does one "grow old gracefully"?  
**Answer:** To some this process comes easily; for others, it means work to achieve this goal; and then, there are some individuals who may never reach it. Growing old gracefully means adapting to the idea of one's own aging, of accepting the physical, emotional, social, and mental changes which come with the years. It means accepting, but not resigning. It does not require a person to succumb to a rocking chair or to a life of isolation. It may require having to replace former activities with those less physically strenuous. It may require one to find new friends to make up for ones lost. Accepting the past for what it has been with all of its conflicts and unresolved issues along with its joys and successes is a necessity to growing old gracefully. Coming to grips with one's eventual death and developing a life-long philosophy are tasks of this time of being.

The following are suggestions by individuals who have aged successfully.

- Keep up friendships even though it may seem difficult to do so.
  - Share feelings with peers about life and how it is treating you.
  - Maintain your health - keep as physically active as long as possible.
  - Stay in touch with family members; resolve old conflicts that stand in your way.
  - Leave a legacy - a tape recording, photographs, a poem-something for others to remember you by, and a means by which they can experience your life.
  - Maintain your creativity - continue your hobbies or start a new one.
  - Have a plan for your belongings - write a will so that you can be at ease that details will be taken care of the way you would like.
  - Ask for help when you need it.
  - Most important - look to the future, for as long as we are alive there is a future.
- In spite of the difficulties encountered while growing older this can be a triumphant stage of life - of final understanding of what has been and anticipation of what has yet to be.

**Views On Dental Health**

by Jeffrey D. Cohen, D.M.D.

**FETUS FACTS**

If you are a typical mother, don't ask where you went wrong if your infant is a thumbsucker. You are completely innocent. Thumbsuckers are born, not made. Medical pictures of the fetus show that many babies are already well into the habit of thumbsucking by the seventh month in the uterus. In fact, all kinds of preparations are going on before birth to get baby's mouth ready for its complex tasks.

Did you know that teeth are already beginning to form in the growing fetus just three months after conception? Indeed, some parts of the 20 primary teeth, (also called baby teeth) can be recognized at this early stage. Even tiny pieces of the first permanent molars are growing. The rest of the permanent teeth wait until right after birth to start forming inside the gums.

Sometimes, shortly after birth, parents or physicians may notice little white spots on the upper palate (roof of the mouth). These are little keratinized structures (keratine is a tough, fibrous protein found in nails, hair and teeth). They are not significant and normally will disappear in 10 to 14 days.

A public service to promote better dental health. From the office of Jeffrey D. Cohen, D.M.D., 338 Main Street, 242-3550.

## Columbus Baseball Friars Visit Hall Of Fame

This spring vacation was a special one for members of the Christopher Columbus High School Baseball Team.

Twenty-three members of the varsity and junior varsity team, under the capable direction of Coach Alessandro Campea and Coach Dave McKay, travelled to Cooperstown, New York for a visit to the Baseball Hall of Fame.

For the baseball enthusiast, as the Columbus team found out, this is the place as the Hall is filled with baseball memorabilia from the beginnings to the present. In addition to the baseball hall the team visited

Doubleday Field where the game was invented and first played, and a sidetrip was taken to the Basketball Hall of Fame in Springfield.

Trips like this, according to Co-Athletic Directors Brother Joseph LaGressa O.F.M. and Bob DeCristoforo, "add to the entire program, but also bring the kids closer together."

Team members ran a raffle drive to raise their money for the trip.

"Townies" on the trip included Bobby Delaney, Gerard McLaughlin, Jimmy Vesey, Ralph Rizzo, Scott Brooks, and Matthew O'Neil.

# Saint Catherine's Gym Hockey Program

St. Catherine's Parish gym hockey program closed the season with a party on Monday evening, April 12th. Each child participating in the program received a trophy, as did the coaches. The referees received certificates of appreciation.

We would like to thank the members of the committee who actively participated in this year's events and especially the parents and friends who supported the cake sale and raffle. (The kids who

sold the raffle tickets earlier this year received a jacket.)

The "Townies" won the playoffs and were awarded the championship cup which is on display in the rectory. We would like to thank the following merchants whose cooperation made the season a success: John Russo, Awards Unlimited, Somerville; Carl Casseta, Coo-Coo-T's, Everett; and John McNulty, North Station Burger King.

## Town Meeting To Follow Mini-Parade

by Sal Giarratani

The next Town Meeting sponsored by the Charlestown Town Council Steering Committee will be held Monday, May 10 at the American Legion Hall, 27 Chestnut Street at 7:30 p.m. The topic for the evening will be the 1982 Bunker Hill Day Parade and to emphasize this topic a mini-parade to the American Legion Hall will

form at 7:15 outside the Bunker Hill Museum at the corner of High Street and Monument Avenue. The parade will march around both the Monument and the Training Field to Chestnut Street.

The Town Meeting will be chaired by Robert Wallace who, along with Billy McClellan, proposed this single agenda May meeting. Speaking at the meeting will be the various

sub-committee chairs of the 1982 Bunker Hill Day Committee, along with Deputy Superintendent Joseph Saia who has been invited to speak on parade policing policy.

The Town Council Steering Committee is expecting a big turnout in comparison to recent meetings because it will deal exclusively with the parade. "This parade is the people's parade," Wallace said, "and we want

everyone to know how the parade committee is progressing."

The idea of a mini-parade marching to the Town Meeting was Billy McClellan's who believes, "What better way to get the people thinking about the Parade than by marching to hear about it!"

Booster stickers and parade raffle tickets will be available following the Town Meeting.

## Cablevision To Discuss Boston Plans

Boston. Speakers from Cablevision will include Director of Engineering William Quinn, Boston Project Director Donna Garofano, Construction Engineer Dean Lanese, and Patte Falese. Cablevision will provide refreshments prior to the meeting, which is open to the public and free.

EASTER ARRIVAL: Charlestown residents Paula and Richard Prince received a very special Easter present in the person of baby Richard, shown with his mother at St. Elizabeth's Hospital of Boston. St. Elizabeth's traditionally provides the bunny buntings to celebrate the festive holiday.

## Irish Update

by Marty O'Brien

members Annie (Junta) and Bernie Kelly, Jr., who were married last Friday at St. Mary's Church in Charlestown. Best wishes from the BHIHS to the new Mr. and Mrs. Kelly.

The Athletic Committee of the BHIHS is quite pleased in the development of the Gaelic Football Program. Initially hoping to field one or two teams, it seems there were enough kids interested to submit four teams into the GAA league. There's still time to get involved. If you're interested, get in touch with Coaches Bob Lee, Pat Locke, or Danny Ring, or committee members Paul Morceau, Arthur Hurley, Peter Looney, or Marty O'Brien. (The committee is especially interested in recruiting more 17 or 18 year olds who will not turn 19 before January 1, 1983, to help fill out its "18 and under" category team.)

Don't Forget election of Officers of the Bunker Hill Irish Heritage Society!

Time - Wednesday, May 5th - 12 noon till 8 p.m.

Place - American Legion Hall, Chestnut Street

Who - All "FULL" members of the Bunker Hill Irish Heritage Society

All full members are urged to show an interest in the future of the BHIHS and make an extra effort to get out and cast your ballot on Wednesday.

The BHIHS Parade Committee, chaired by John McLaughlin, is working on some exciting plans for our contribution to the Bunker Hill Day Parade. The official announcement will be made when plans have been finalized.

Congratulations to

## TIPS FOR TEETH

Steven A. Arena,  
D.M.D., M.S.D.

## ORTHODONTICS

For the treatment of crooked or overcrowded teeth, for spaces that can be closed, for bites (occlusion) that do not properly mesh, for health reasons to preserve the dentition, and for esthetics to make the teeth conform to the facial structure.

There are about 4,000,000 dental patients being treated with orthodontics in the United States at this time. One fifth (20%) of these patients are adults, twenty years of age or older. The increase in adult patients is primarily due to the technical developments in orthodontics making braces less noticeable and more acceptable to many adults. Patients have become more educated in what orthodontics can do. We realize that serious dental disease, like gum disease or tooth loss, may be prevented by orthodontic treatment. Also many adults are just dissatisfied with the appearance of their teeth and wish to do something about it. Perhaps it is status to be under treatment; perhaps it is desire from childhood; or perhaps it is an opportunity to be the center of attention. Whatever the reason, adults are being treated.

One other reason could be that financially orthodontics is not a terribly expensive procedure and a very good value because of the benefits that may be derived. Furthermore, dental insurances may help to reduce the cost and newer methods do not show the stainless steel bands that used to be so unsightly. And if there are many people having orthodontics done, it is a comfort for the new patient to go along with the treatment. What a subject to talk about!

Dr. Steven Arena, orthodontist, may be contacted at Dental Associates, 89 Cambridge Street, Charlestown (at Sullivan Square.)
