

Feel Good Knees Program - Is It True? Let's Find Out In This Review

As a previous knee pain sufferer, I know how desperate you are to get rid of the pain permanently. We all have spent hundreds of dollars on treatment with little to no avail. Before you spend one more cent, you need to find if Feel Good Knees for Fast Pain Relief is really that helpful that it is claiming to be.

Knee pain is awful to live with. The constant pain in your knees limits your moments and stops you from enjoying with your grandchildren. Sometimes the pain is so severe that you end up lying in bed for several weeks.

Knee Pain If you or your loved one suffering from knee pain then you need to find a good solution for this problem. I know you tried many methods with no success however, you need to try something different to make a change in your life.

Todd's Feel Good Knee is the program that is claiming to be an effective and natural solution to end knee pain.

BUT...

I hate the idea of making a profit from other people's problem. For this reason, I decided to step forward and review it to find what Feel Good Knee program is all about. If you or your loved one is suffering from chronic knee pain, then you should read what we discovered in this program.

What Will You Get In Feel Good Knees System?

Feel Good Knees Companion Guide – This is the main guide that contains visual aids to help you learn about the methods and techniques mentioned in this program. These visual aids contain detail information about exercises and how to perform them. These exercises categorized according to the fitness level. You will start with the easiest exercise then you will process your way up when your level improves.

Pain Reduction Tracker – This pain reduction tracker is a unique tool that helps users to track the severity of pain they are getting over time. By monitoring their pain users will able to see what they did wrong and which exercise they need to do to lower their pain.

Video Library – This video library is very handy for understanding the right way to perform exercises. Everything laid in a correct step-by-step format that will improve knee health. This video library removes all the guesswork about how to perform the exercise for maximum benefits.

[BONUS] Posture Alignment Guide – You may or may not know, but posture is very important for knee health. This bonus guide contains a list of postures that are contributing to knee pain and how little changes in your sitting and walking posture can make a lot of differences. This guide contains video tutorials on how to improve your posture.

[BONUS] 1-Minute Rejuvenation Finishers – These are small finishers that you can combine with the five regular exercises to restore and improve knee health quickly. These finishers are completely optional and busy individuals can skip them.

What is Feel Good Knees Method All About?

Feel Good Knees companion guide This program is created by Todd Kuslikis, an injury prevention expert with years of experience in holistic practices. The Todd Kuslikis' Feel Good Knees is the comprehensive and step-by-step program that offers a 5-minute ritual to ease your knee pain, improve energy and lower your inflammation.

Todd designed this program for the men and women over 45 who are suffering from knee pain due to the accident, extra weight, anxiety or any knee injury.

Todd claims his clients were spending thousands of dollars on mainstream treatments to ease knee pain, but they didn't find any relief from them. Todd discovered this 5-minute ritual after he saved his sick cat by understanding how the body can heal itself.

After 15 years of research on western and eastern medicine science, Todd discovered 5-minute ritual consists of simple exercises to relieve inflammation in his clients that also ease their knee pain.

Most of us get knee pain because of our sedentary lifestyle this is why we usually have same weak spot and body imbalance. Todd's Feel Good Knees guide tackle this issue and provide treatment to end knee pain permanently.

Meet Todd Kuslikis:

Todd Kuslikis MPA is an injury prevention expert. He specializes in using Eastern & Western holistic practices to speed-up the bodies' natural healing processes. Over the past 10 years he has impacted the health of over 100,000 people through his online health publications. His clients include every-day people, professional athletes, US military and even nursing home residents.

Todd Kuslikis Photo Todd has the passion for learning about self-healing ability since his childhood. At the age of 5, his experience with the cat put him on the mission of discovering and understanding about how the human body can be activated to heal itself. During his journey, he studied two types of medical science that are Western and Eastern that include Ancient techniques of healing.

He studied Nursing from The University of Western Michigan and later completed his Master degree in human health. During his studies, he continues studying popular Ancient healing techniques like Yoga, Acupuncture, Traditional Chinese Medicine, and herbal medicine.

His study of these Ancient techniques makes him realize the wonderful and miraculous benefits of Ancient techniques. His study on Western and Eastern medicine helped him in understanding how these ancient technique works.

He spends 15 years to develop Feel Good Knees guide that is based on a 5-minute ritual that he discovered while as a student in Blue Heron Academy of Healing Arts and Science.

Advantages:

Created By Professional:

Todd is the fitness professional who has invested more than 15 years of his life in studying about holistic medicines. During his studies, he completed an in-depth comparison between western medicines and natural holistic medicines.

After completing his 15 years of studies, he discovers Natural Holistic Medicines have more benefits and very few side effects as compare to

Western Medicines. Most of the time, you will find Todd recommending holistic treatment over western medicines.

Based On Clinical Studies:

Exercises that Todd recommended in this program are a type of strength exercises called "Isometric Exercise." You may be thinking, "If this type of exercise treats my knee pain?" Yes! This exercises strengthen your knee and prevent knee pain.

A study published in the Journal of the Physical Therapy Science mentioned a group of people performed these isometric exercises for five days in a week for one month. The outcome suggested that these exercises helped patients with osteoarthritis (a chronic joint condition).

Isometric exercises strengthen your quadriceps (a muscle group around the back and side of your thighs) and prevent knee pain. These isometric exercises are relatively safe for joints because you don't have to change your positions while performing these exercises.

Exercises Are Simple and Don't Take Much Time:

Isometric Exercise Thankfully, this is not another strenuous programs that usually recommend strict dieting or hour-long exercises. Feel Good Knees program recommends the 5-minute exercise that you can perform anywhere and at any time.

You can perform these exercises in your home, office or at your bathroom because these exercises need little to no equipment. According to Dr. Axe, these isometric exercises are simple and safe for people with joint issues.

Most people can perform these exercises with no issues, and Todd has provided a visual guide and Youtube videos that you can use to perform these exercises without any professional help.

[Click Here To Know The Latest Updated Season Sale Discount Price Of Feel Good Knees!](#)

Track Your Healing Process:

This program provides all information and tools that help you to monitor your healing process. When you study a chapter 'Disappearance of systems' you will get tools to track your pain that help you in analysing how you are doing with these isometric exercises.

This is one of the biggest advantages of this programs as this tracker will show you everything that you need to know to end your knee pain permanently.

100% Money Back Guarantee:

Todd recommends this is the only program you need to end your knee pain permanently. If you don't find any improvement with this program, then Todd promises to refund every single penny you invested in this program. All you have to do is to send just a single email within 60 days from your purchase date, and you get a full refund.

This money back guarantee proves Todd has full confidence on his program and if you perform these exercises you will get a full money back.

Disadvantage:

Not An Alternative To Professional Advice:

Although, many people saw great results with this program, but still I don't recommend you to stop taking your medicines at once because you may get some serious rebound effects.

Additionally, if you are currently suffering from a knee injury or using any knee recovery treatment, then you should ask your doctor before starting this program.

Results Could Vary:

Everyone is different, and the main cause of knee pain can be different from person to person. If you follow this program, you may obtain some great benefits, but no one can tell how long you take to see these benefits.

Some people got results within three weeks, but some took longer than that. If you want to get results, you should stick with this program for at least 4-5 weeks.

Final Verdict – Does Feel Good Knees Program Worth A Try?

To be honest, It is really difficult to answer this question on someone behave. I don't know your health history that is the reason I can't answer this question for you. However, if you are fed up with using all the medicines or if you are looking for a safe alternative for your medicines then I feel Todd's Feel Good Knees eBook is a good option.

Get Rid Of Knee Pain Although this program has its downside and it doesn't guarantee 100% results, but still many people are getting great benefits from it. Todd's program is very flexible because anyone can implement it in his schedule.

Feel Good Knees system offers a great treatment plan to relieve knee pain with the natural power of the body. It doesn't recommend medicines or painkillers instead it treat knee pain with exercising and eating habits that reduce inflammation.

Not to forget Todd has provided 60 days money back guarantee to help you in testing out this program without any risk of losing your money. Within 60 days if you don't see any relieve then you can claim a refund, and you will get your full money back.

That's it for this Feel Good Knees review. I feel you have enough information regarding this program to decide if it is for you or not. Best of luck for your healthy life!!
