

Sharp Multifunction Printer (MFP) Features

- The Sharp multifunctional printer (MFP) user interface lets you edit your business documents, drag and rearrange files all with the slide of a finger. The color LCD touch control panel is customized to meet your printing, copying, faxing and scanning needs.
- Sharp OSA® Technology enables Integration, Customizing, and Personalization with Enhanced Security. Sharp OSA technology is a software development platform for Sharp MFPs. It delivers integrated and customized interfaces which help streamline your business processes. Sharp OSA technology can transform your MFP into a powerful information portal, providing fast and extended access to mission critical business information while your IT network and security policies are maintained.
- Sharp remains the highest rated company in validated MFP products and is regarded as one of the industry's greatest security innovators. Businesses and government agencies worldwide have come to depend on this level of assurance, which Sharp pioneered and for which it continues to set the benchmark.
- Sharp Scan2™ technology allows two-sided documents to be scanned in a single pass—maximizing productivity and reliability, minimizing the chance of document misfeed.
- When your users have questions or need training, the My Sharp™ website is available 24/7 to provide them with the answers they need to be more productive. The My Sharp website features helpful demonstrations about using the scan, copy, print and fax capabilities found on your specific Sharp products, as well as using related software solutions and ordering replacement supplies. And as your business needs evolve, the My Sharp website provides the flexibility to grow with you into the future.
- Retractable Keyboard, High-Resolution Display, Direct USB Printing, Remote Front Panel
