

Testoviron Depot Bayer Precio | 100% Real

[SHOP OUR ONLINE STORE](#)

The usual dosage of testosterone enanthate is 250 mg to 750 mg per week. This amount will provide you with a very rapid gain of both strength and body weight. Your muscles will become very pronounced but again, those side effects can hinder the effects. You may decide a better option is to add an oral drug such as Anadrol or Dianabol. Entrega en Bogotá, Medellín y toda Colombia. Consulta el precio aquí.
