BRIGHTEN UP YOUR HOME

If your house is on the market, it's a good idea to pay special attention to your windows and to maximize the amount of light they let into your home. Remember that dark homes are somewhat depressing to many people, and when your home is being shown, you want buyers and agents to feel terrific from the moment they step into your living room.

Start out by giving your windows and window treatments a thorough cleaning. During showings, you should open up your drapes and blinds to let the sun shine through. It also helps to turn lights on, even if it's a bright day. If you tend to pull down the shades to eliminate a less than perfect view, consider replacing heavy drapes or shades with translucent curtains in a light color. When prospective buyers give us feedback on the homes we show them, a light, airy feeling is often cited as a major attraction.

For solid advice on buying or selling real estate, consult the professionals at **Monument Properties**. Please call us at **241-5900** or stop by our office at **85 Warren St.** in **Charlestown**.

★ City Square Park Meeting . . . The

Department of Environmental Management (DEM) has undertaken a traffic study with The Halvorson Company and Fay, Spofford & Thorndike (FST) to address circulation issues in City Square as part of the design process for City Square Park.

In April, preliminary traffic analysis and issues relating to the feasibility of various circulation alternatives in City Square were presented to the Charlestown community for discussion. Since that meeting, FST has taken actual counts of both pedestrian and vehicular traffic in the City Square area and conducted an analysis of circulation patterns relating to the design of City Square Park.

A community meeting has been scheduled at 7 p.m. on Monday, June 14 at the Mary Colbert Apartments, 20 Devens St. to discuss the findings of the second and final phase of this circulation study.

Representatives from DEM, The Halvorson Company and FST, the project engineers, will be at the meeting to answer any questions from Charlestown residents.

Time permitting, primary park landscape features will also be discussed.

Requests for additional information and

questions should be directed to DEM's Project Manager, Sandi Wolchansky, at 727-3160, ext. 578.

★ Charlestown Democratic Caucus . . .

The 1993 Charlestown Caucus for registered Democrats will be held at 10 a.m. on Saturday, June 19 at Bunker Hill Community College. Six male and six female delegates will be elected at the caucus. Any registered Democrat may participate by both running for a delegate position and by voting. Four alternate delegates, two males and two females, will also be elected.

A meeting will be held at 3 p.m. on Sunday, June 6 at the Bunker Hill Museum, 43 Monument Square to review the rules of the caucus.

Participation by persons of all ages, backgrounds and experience is encouraged.

Any registered Democrat may contact any member of the Ward Committee or Cunha for more information.

★ Street Reconstruction Update . . . Susi

continues work on Prescott Street setting curb and should start pouring sidewalks by the end of the week. They have completed the installation of roof drains and the excavating of the street. The remaining drain lines should be installed at the intersection of Prescott and Devens next. Since the gas lights all ready exist on Prescott Street and once the drainage is complete, the intersection should be ready to pave, probably by next week, but certainly prior to the parade. His next endeavor will most likely be stripping Prospect Street for grading and gravel,

and coordinating the new gas light services with Boston Gas.

Schumacher, Susi's landscaper, has completed tree installations on Old Rutherford Avenue, Russell, Lawrence and Devens streets and should be working the rest of the week on portions of Washington and Essex streets. Once again, please be aware that certain tree species will lose their leaves because of the transplanting and should re-leaf, if not, they are warranteed and will be replaced. Susi is installing tree pits on Lexington and Mt. Vernon streets in advance of the plantings. When the spring planting is complete, the landscaper will go back and install the surface treatment of brick and mulch in the tree pit.

In anticipation of completing the major work of the reconstruction effort, punchlists are being formulated on each street by the Boston Redevelopment Authority and Bryant Associates. These punchlists will accommodate uncompleted contractual items like roof drain connections and list remedial work such as damaged sidewalks. Therefore, once the remaining streets such as Prescott, Prospect, Ludlow and Monument Square (lights only) are completed, Susi will be back to each street, accomplishing punchlist work.

On the Forty Flights, the Middlesex Corporation has been provided with its punchlist and is working toward completing the project within the month. Last week, upper Mead Street was paved and the contractor has been working on concrete wall finishes, railing paint and tree pits. Besides completing certain work items and repairs, only street signs and pavement markings remain to be installed.

Questions, concerns or complaints continue to be handled by Community Liaison Peter Looney at 722-4300, ext. 5674.

Charlestown Catholic School News

by Father Ron Coyne

Last Wednesday evening, all parents who have enrolled children at the Charlestown Catholic Elementary School were invited to St. Catherine's Parish Hall to listen to Sister Lois Lyons, school principal; Sister Barbara Hallissey, grade 5 teacher; and Father Ron Coyne, school pastor, speak about the programs, hopes and visions of the new school.

The focus of the new school will be many faceted. We will be teaching Christian values, offering the best education possible and building each individual's self-esteem. These goals will be achieved with the cooperation of faculty, parents and students.

As you know, we now have formed a school consultation board comprised of people from our community who will share their expertise in various fields with us. They will help us to set directions, develop the budget and make the community aware of the opportunities available at our school.

In addition to the school consultation board, we will be forming a parents' organization which will work with our principal on issues affecting the children enrolled in Charlestown Catholic.

There will be many programs focusing on the life of the individual student including exercises and thought development which leads to a healthy view of yourself as a person. We will be involved in a program called "Rainbows," which enables children who have experienced a loss in their lives due to death, divorce or separation to receive support. We are doing renovation which will allow us to have a brand new facility for our library and computer room to enhance a child's knowledge.

For children who have difficulty in learning, there will be a brand new program through the public school system entitled "Computer Assist." We are also working with the School of Education at Boston College to have student teachers from B.C. working with learning-disabled children.

We have been fortunate to be installing a satellite dish that will allow us to increase and develop our service programs for our children, taking advantage of the latest technology.

We are aware that some students need assistance in their homework and there-

fore we will have available an after school "study hall." It will be an opportunity to study in a quiet environment with supervision. The children will learn study skills and be able to receive tutoring. We believe that this will encourage each child who chooses to participate, the ability to reach his/her potential.

In addition to these programs, we believe that each of our teachers is professional and well prepared to challenge each child to develop their academic skills. Charlestown Catholic will encourage responsibility, commitment and self-discipline within our student body.

Every month, from October to May, we will offer scholarships to four families enrolled in our school. The scholarships will be for \$500 and will be based on various criteria, including academic excellence, financial need and the student's involvement in school programs.

At the present time, we are approaching an enrollment of 300 and are grateful to everyone who has chosen to assure Catholic education in Charlestown for future generations.

The Mayor's Race

Salerno Kicks Off Campaign For Mayor Of Boston

Surrounded by children, seniors and neighborhood activists from across the city, City Councilor Rosaria Salerno pledged to put people before politics as she announced her candidacy for Mayor of Boston.

ROSARIA SALERNO

"People ask me if it's going to help to run this race as a woman. Whether it helps or not, I have no choice. But I don't want you to vote for me just because I'm a woman. I want you to vote for me because I represent a break from the politics as usual, a break from the politics of the past. I want you to vote for me because I'm not one of the boys."

More than 900 people turned out to cheer Salerno as she outlined her vision for a world-class Boston by building a community based on respect and individual responsibility. "We must teach basic values in our classrooms." Along with innovative curriculum, Salerno is also proposing ongoing professional development for teachers and school-based management.

In a setting reminiscent of a convention floor, supporters from every neighborhood made nominating speeches. Kathy Callahan from Charlestown said, "Rosaria has shown her commitment to each and every one of us. I am here

today with my friends and neighbors from Charlestown and we have seen her tireless efforts to improve neighborhood safety, support community health centers and other local projects. We enthusiastically endorse Rosaria Salerno for Mayor."

Promising that she will be releasing 10 proposals over the next 10 weeks addressing such issues as economic development and jobs, Salerno took this occasion to outline five ways in which the community can work together to support its families, beginning with education.

Salerno pledged to be tough on crime, "We must restructure our criminal

District One City Council Race

Piso Announces Candidacy For District One Boston City Council

Domenic Piso is running to become your next District One City Councilor representing Charlestown, East Boston, North End/Waterfront and the West End.

DOMENIC PISO

Piso's qualifications include being a specialist for the Federal Emergency Management Agency (FEMA) where he has supervised budgets in excess of \$350 million. As a former teacher, past chairman and current member of the Central Artery Committee, in addition to his ties to District One communities, Piso's candidacy stands out with such a diverse background of experience.

Piso has always led the fight for issues important to the everyday working person and neighborhood resident. Recently, Piso spoke out vehemently against unfair proposed higher water and sewer rates for local residents. "There is no way we should have to pay higher water and sewer rates until the Massachusetts Water Resources Authority (MWRA) cleans up its own act, including cutting waste and exploring other options, ra-

ther than passing on the cost to us," said Piso. "It is also time that federal and state government step in and offer some financial relief. Asking the homeowner to pay more isn't just unfair, it isn't right and we shouldn't have to put up with it."

As a fellow founder and past chairman of the Central Artery Committee, Piso's knowledge allows him to argue relentlessly to protect District One neighborhoods from a lower quality

CNC Approves Benefit Grants — Hears Plans For Building 104

There proved to be a full agenda for the members of the Charlestown Neighborhood Council (CNC) to consider at its monthly meeting on June 1. Vice Chairman Tom Cunha was in charge of the gavel in the absence of Chairman Peter Looney for part of the meeting.

Those present included Second Vice Chairman Mel Stillman, Secretary Jim Mansfield, Treasurer Nancy Keyes and members Jeanne Davis, Bob Scalli, John Dillon, Tom Pitts, Jim Conway, Bill Galvin, Dennis Collins, Ken Stone, Judy Brennan, Bill McCabe, Edna Kelly and Moe Gillen.

Keyes, chairman of the Benefits Committee, read the report of the allocation of \$50,000 in community benefits money as part of the mitigation agreement with the Massachusetts Water Resources Authority (MWRA) and the community. She told the CNC that \$5,200 was designated for the Charlestown Emergency Fund under a prior council vote. The remaining \$44,800 was divided among the 24 organizations that submitted applications as follows:

- Andy Puopolo/Charlestown Pride — \$300
- Bunker Hill Museum — \$3,555
- Teen Council — \$1,500
- CHAD Junior Bowling League — \$2,650
- Charlestown Boys & Girls Club — \$3,521
- Christmas Walk — \$50
- Charlestown District Court — \$1,850
- Charlestown Interagency/Elderly — \$800
- Charlestown Little League — \$3,142
- Charlestown Pop Warner — \$2,421
- Charlestown Working Theater — \$4,350
- Charlestown Athletic Association — \$850
- Charlestown Youth Hockey Association — \$1,442
- CYO Gym Hockey — \$900

- CYO Tee-Ball — \$950
- McLaughlin House — \$2,500
- Drummer Museum Paintings Restoration — \$2,550
- Harbor School — \$100
- Kennedy Center — \$971
- Life Focus Center — \$3,850
- O'Neil Hockey Scholarship — \$550
- Mishawum Park Tenants Committee — \$1,000
- Charlestown Exceptional Children — \$1,250
- St. Catherine's After School Program — \$721
- St. Catherine's Food Pantry — \$3,021

Prior to the vote, a question was asked as to what was the Harbor School, and Keyes replied that a group was seeking seed money to begin an alternative elementary school in the Navy Yard.

The CNC voted to accept the recommendations of the committee.

Tom McIntyre of the Bricklayers and Carpenters Non-Profit Housing was introduced by Cunha to inform the CNC on plans for Building 104 in the Charlestown Navy Yard. McIntyre brought along a model of the building, which is on First Avenue adjacent to the Shipways condominiums.

McIntyre, whose organization constructed the affordable housing on 13th Street, stated that this \$5 million renovation project would create 46 units of low income elderly housing with 28 parking spaces inside the three-story structure. Persons eligible for this housing would be 62 years of age or older.

He said they would all be one-bedroom apartments with a separate bedroom, living room, kitchen and bath and they would all be in ADA compliance. The units would be between 650 and 750 square feet, depending on the design, and they would be heated by gas and have central air conditioning. The rent would include all utilities except a tele-

phone.

Since there is no land surrounding the building, plans include a solarium, an outdoor patio within the frame of the building, and a roof-top and outdoor decks. The facility would house a building manager, and would have two elevators and a recreation room.

McIntyre stated that the organization has been working with the city, state and federal governments to fund the project primarily with tax credits purchased by several companies who, in turn, become limited partners. He said that tax credits have been purchased by Houghton Mifflin, NYNEX and the Boston Company. The remaining money necessary for construction, about \$2 million which he called an "end mortgage," has been committed by the AFL-CIO for \$1½ million and \$500,000 in linkage money from the city. He said that the zoning permits and Boston Redevelopment Authority designation are in place and they are "getting close to making a welcome addition to the Charlestown Navy Yard," adding that if the finances fell into place, construction could begin as early as July 1.

McIntyre was asked about the rent and it was stated that it would be \$500 per month. However, it was noted that 23 of the units will be under a project-based Section 8 certificate with 30 percent of the eligible person's income allocated for rent.

Since the law on designating a specific number of units for the community has changed since the lottery for the affordable units on 13th Street, members asked that local residents be allowed to fill out applications prior to a citywide advertisement. They also asked that the housing office be located in Charlestown. McIntyre agreed to both of these requests.

Cunha also asked McIntyre to meet with abutters at a Development Committee meeting if there are still concerns with the development.

A delegation from Charlestown Little League brought complaints to the CNC on the deplorable conditions of the field at Ryan Park that pose a safety hazard for the players. They stated that the major-league field had been done over, but the minor-league field needs a new surface as it is covered with holes and there is a trench in the back of first and second base. One of the coaches stated the minor-league field was "not fit to play on."

It was suggested that a Basic Services Committee meeting be called to address these problems with representatives of the Boston Parks Department, and a recommendation was made that the meeting be held at the field.

On Wednesday, Judy Evers, community liaison from the Mayor's Office of Neighborhood Services, contacted Boston Parks Regional Administrator James "Stretch" Walsh. She said that he promised that the work on the field would be done Thursday morning (today) in preparation for weekend play. He added that the field house is slated for renovation in 1994.

Cunha read a copy of a hearing notice from the Boston Licensing Board on a hearing scheduled for Wednesday, June 9 at 10 a.m. in Room 809A at Boston City Hall. The board will hear testimony on an application from CSTA Productions Inc., Anthony J. Costa, manager, for a CV

7-day All Alcoholic Beverage License with a closing hour of 2 a.m. for 258-260 Main St., the site of the former J.J. McCarthy's.

CNC members were concerned as to why the applicant did not make a presentation before the council. It was also noted that a recognized organization, the Mishawum Park Tenants Association (MPTA), represents the residents in the housing surrounding the site and they had not been notified of the hearing except through Evers and Looney.

It was voted that the CNC write a letter to the Licensing Board informing them

that the applicant did not come before the council to outline his plans. It would also be noted in the letter that the abutters in the MPTA were not notified and they came to the CNC with their concerns.

Evers and members of the tenants association will be present at Wednesday's hearing.

Gillen reported on a Mitigation Committee meeting at which Massport outlined preliminary plans for the beautification of the Revere Sugar site. The plan, at the present, calls for an 800' x 12' retaining wall at the rear of the buffer area which

Charlestown Recyclers Take It To The Streets

On Saturday morning, June 5 dozens of Charlestown residents who care about recycling will canvas the neighborhood.

They'll be delivering schedules letting their neighbors know which week is newspaper recycling week and how to participate in the monthly drop-off. The goal is to make sure that every household knows how and when to recycle their newspaper at the curb, and glass, mixed metals, and numbers 1

and 2 plastic bottles at the drop-off site.

Volunteers will meet at 47 Harvard St. at 11 a.m. on June 5. The canvas will take place from 11 a.m. to 1 p.m. Refreshments will be served after the canvas. Volunteers are still needed; please contact Edith Jones at 241-5452.

This effort is sponsored by the Charlestown Recycling Volunteers and the Boston Department of Public Works.

These events are as much fun for the adults to watch as they are for the children participants.

The Polish American String Band from Philadelphia will present a concert on Saturday, June 12 at 5 p.m. at the Bunker Hill Monument. This is always a toe-tapping fun event for all ages. Residents are asked to remove their cars from Monument Square between Monument Avenue

and Pleasant Street by 4 p.m.

The gala Bunker Hill Day Parade, led by Chief Marshal Col. James P. O'Donnell, USMC, will get underway from Hayes Square at 12:30 p.m. on Sunday, June 13. Over 25 musical groups have committed to march in the parade and various organizations are planning floats. Donations are needed to ensure the success of the parade and celebration, and booster stickers and chance books are presently being sold by members of the Parade Committee. Residents are asked to remove their vehi-

cles from the parade route by 9 a.m. on June 13. (The map of the parade route will appear in next week's Patriot.)

The commemoration of the 218th anniversary of the Battle of Bunker Hill will be held on Thursday, June 17. An Ecumenical Service at St. Francis de Sales Church, atop Bunker Hill, will begin at 9 a.m. A procession will then form on Bunker Hill Street and march to the Monument Grounds for the patriotic exercises. The Monument Orator will be the Honorable William M. Bulger,

president of the Massachusetts Senate.

The day's activities will continue with the 171st annual meeting of the Bunker Hill Monument Association at noon at Bunker Hill Post 26, The American Legion Hall at 23 Adams St.

Please refer to the schedule of events elsewhere on this page, and be sure to pick up next week's Patriot for the parade roster and an update on activities for the celebration.

(NOTE: The re-enactment of the Battle of Bunker Hill is not scheduled to be held this year.)

\$25,000 is needed to put the Bunker Hill Day Parade on the streets on Sunday, June 13. With the fiscal constraints on the city of Boston, only a limited amount of money is being allocated to the celebration by the city and each unit is asking for an increase in its fee. Thus the success of the celebration depends on you — the residents, merchants and organizations. Donations of \$25 and over will be publicly acknowledged.

BOB D'S BEAT

by

Bob DeCristoforo

■ **Three Years Plus . . .** On May 29, 1990 I signed my first contract with the BHA to become the youth worker at the Bunker Hill Housing Development in Charlestown. I remember the date well because it was the birthday of President John F. Kennedy, the first President I really ever followed.

Just as hard as it is to realize that JFK would have been 76 years old on Saturday, it is hard for me to realize that I have already been here three-plus years. In both instances, the time has really flown by.

The past three years for me has been a time of much growth. There have been more good times than bad times, and my extended family has really grown. Together we have done things that many thought we couldn't do. Summer Wheels continue to roll, the Bunker Hill Teen Center has become a reality and Charlestown Pride is more than just a phrase throughout the city. We even got an unexpected weekly newspaper column, just to name a few.

More importantly, as you read this week's 'Bob D's Beat,'

you will see names of many young people who not only are involved with the various programs, but who are now helping to make them work for others.

I am indebted to so many for the cooperation and help they give me each and every day, and to have all the fine Charlestown organizations and people with me. Working together will always be the reason why Charlestown works so well, and this cooperative effort is the cornerstone of what has happened here at Bunker Hill. To the Task Force and the management, a special "Thank You."

To the young people I work with, beside and for, thank you for the past three years. You are what it is really all about.

■ **Summer Spruce Up . . .** The Bunker Hill Teen Center took on a new brightness during the week, thanks to a great

bunch of guys, who gave up most of a beautiful spring day to paint the center. The work of crew chief Sean Newhall, Stephen Mahan, Mike Bassett, Jimmy Yandle, Joe Boyden, Dom Tamburello, Jason Duncan and Andrew Ray was much appreciated and meant a great deal to me. The funding received from the MGH BioResearch grant enabled us to get the needed materials.

■ **520 Baseball . . .** Charlestown enters the week with a 2-1 record in the Tom Yawkey Baseball Riviera Division. The Baseball Townies won their first two games of the season before losing to undefeated Savin Hill in an inter-divisional battle. Townies to watch include Jimmy Burke, Dan Desmarais, Marc Dallosa, Bob Durette, Ed Dyer, Mark Chardavoyne, Dave Jackson, Carl Jaena, Neal Keane, David LaPointe, Kevin McGrath, Rob McIntosh, Pat Sullivan, Ed Tucker, Joe Upton, Mike Woodrow and Paul Wrenn.

■ **PAL Basketball League . . .** The action really heated up this week as teams are now battling for playoff spots, and it was a great week for several outstanding individual performances.

BYOB remains the only undefeated team scoring impressive victories over the Blue Demons, Kacvinsky Crew II and the Brickmasters. Mark Collins, Dennis Doris and Nick Smith put up some fine numbers for BYOB.

The highly spirited Brickmasters kept pace and kept a strong lock on second place defeating the Blue Demons 80-74, the Express 85-38 and the Kacvinsky Crew II twice, 88-84 and 97-90. Mike Chase, Jim Tallent, Shane Fisher and Jimmy Yandle had a great week for the Brickmasters.

Kacvinsky Crew II could muster up only one win, holding off a hungry Pearl Street team 104-101, and the Express edged Pearl Street 38-34.

Andrew Ray, Greg Staples, Steve Livingston (Blue Demons), Mike Christopher, Dom Tamburello, Francis MacDougall, Mike Fidler (Express) and Ian Urquhart, Rob Brady, Tim O'Shea and Joe Lawler (Pearl Street) had some real good games.

The standings as of June 3 are: BYOB 14-0, Brickmasters 13-2, Kacvinsky Crew II 8-5, Blue Demons 5-8, Express 5-6, Pearl Street 2-12 and Catnip College 2-16.

■ **Keating League . . .** Charlestown will play Gate of Heaven in the Keating League basketball opener on Saturday at 2:15 p.m. at the Condon Community School outside court. Players should be ready to go by 1 p.m.

■ **Junior League Openers . . .** The Charlestown Pride Junior League got off to a fast start and the Redmen seem to have already set the pace in both basketball and hockey.

In basketball action, Francis MacDougall led the Redmen past the Orangemen 34-17 and the Black Bears. The Blue Hornets defeated the Green Wave 58-46 behind the sharp shooting of Jim Greatorex. Mike O'Brien had 22 points for the Green Wave.

Todd "Speedy" Tu and Mike O'Brien combined for 21 points as the Green Wave got their first win of the season handing the Orangemen their second defeat. Despite their losses, young Mike Crowley has done a fine job with the Orangemen, exhibiting much needed leadership.

In hockey action, the Green Wave scored seven goals in the final period to break up a 1-1 tie, toppling the Orangemen 8-1. Pat Doe and Mike O'Brien led the offensive attack for the victors. Francis MacDougall and Phil Jones had all the goals as the Redmen defeated the Orangemen.

Special thanks to Shane Fisher, Dom Tamburello, Andrew Ray, Joe Boyden, Mike Chase, Jimmy Yandle and Pat Collins for their assistance with the Junior League program.

Basketball standings as of June 3 are: Redmen 2-0, Blue Hornets 1-0, Green Wave 1-1, Black Bears 0-1 and Orangemen 0-2.

Hockey standings as of June 3 are: Redmen 1-0, Green Wave 1-0, Blue Hornets 0-0, Black Bears 0-0 and Orangemen 0-2.

■ **CHAD Meeting . . .** The bi-monthly meeting of Charlestown Against Drugs (CHAD), takes place on Friday, June 4 at the Kennedy Center at noon. All are welcome to attend.

■ **Tidbits . . .**

C.Y.O. & St. Catherine NEWS

by Father Ron Coyne

• **Congratulations To Our Graduates** — On Friday, June 11 at 7 p.m. at St. Catherine's Church, St. Catherine's School will graduate its last class after serving our community for 82 years. This event will sadden many people. However, beginning in September, the former St. Catherine's and St. Francis de Sales schools will become Charlestown Catholic Elementary School and a new era will begin.

We thank the class of 1993 for their faith and spirit as they continue to pursue their education in nine different high schools and we thank their families for choosing Catholic education. Congratulations to Tammy Biggins, Joe Brennan, Joe Burns, Rosetta Cannizzaro, Tim Dineen, Jillian Doherty, Dave Evers, Mike Fidler, Shane Fisher, Leslie Gould, Kelli-Ann Griffiths, Brian Houlihan, Angelique Kane, Paul Keane, Stephanie McCabe, Michael Melaugh, Kerry Ortiz and Linda Rizzo.

• **Parish Appreciation Cookout** — On Wednesday, June 16, St. Catherine's Parish is inviting all of those involved in coordinating parish activities or serving in various aspects of ministry to join us for a cookout in the convent yard. This meal is a gift for your wonderful, selfless service over the past year.

We do not send out invitations because we are afraid we will leave someone out, so our invitation is sent through our parish bulletin, the **Patriot** and word of mouth. The Pastoral Council invites all those involved in any of the following to join us on June 16, beginning at 6 p.m. until . . . : adult choir, lectors, eucharistic ministers, ushers, CCD teachers, St. Catherine's School teachers and staff, coaches in all CYO sports, Bingo workers, lunch mothers, music ministry, rectory workers and staff, 9 a.m. daily Mass people, color guard management and instructors, school board members and all parish volunteers.

Mary Featherston leaves the next day, June 17, to spend the summer with her parents in Calif. She will return to us in late August. This is a nice opportunity to wish her a "bon voyage."

• **Singing Priests Concert Rescheduled** — We are pleased to announce that the Singing Priests of the Archdiocese of Boston, recently featured on "People Are Talking," have rescheduled their Charlestown concert for Sunday, Sept. 12 at 3 p.m. at Charlestown High School, 240 Medford St.

Tickets for the original concert, cancelled due to the March 14th snowstorm, will be honored on Sept. 12. If anyone would like to purchase tickets, they will be available all summer at the rectory, 49 Vine St. The cost is \$10 per person, and all proceeds will benefit St. Catherine's Church.

• **Trip To Washington, D.C.** — We are sponsoring a five day, four night trip to Washington, D.C. from Sunday, June 27 through Thursday, July 1 for any children or teen-agers who would like to join us. We have openings for 14 people. The trip was organized for the altar boys, and some of their families and friends are going as well. We are more than willing to watch your child if he/she would like to go with us.

The trip includes tours of all the monuments as well as the FBI building, the White House, the Capitol, Arlington National Cemetery, the National Air & Space Museum, the Kennedy Center and the Immaculate Conception Shrine. We will spend a day at Kings Dominion Amusement Park in Va., attend the Orioles-Blue Jays game and spend time at the National Zoo. Three breakfasts and two dinners are also included. The five days will be a wonderful experience for anyone who chooses to go with us. The cost is only \$269 per person. If interested, call Father Coyne at 242-1750.

Raymond Group Sponsors The 25th Annual Battle Of Bunker Hill 8K Road Race

The annual Battle Of Bunker Hill Road Race will be held this year on Sunday, June 13, Bunker Hill Day, at 9:30 a.m. The event has, once again, been sanctioned by The Athletic Congress. This prestigious road race, now in its 25th year, boasts not only a challenging course, but an historic one as well. Among the more notable landmarks runners will encounter along the route are the Bunker Hill Monument and the **USS Constitution**.

As has been the case in the past, hundreds of runners from the six-state New England area are expected to participate.

As an added incentive to the entrants in this year's edition of the Raymond Group Battle Of Bunker Hill 8K Road Race, a free raffle ticket will be included in each runner's pre-race package.

As part of the day's festivities, a drawing will be held. Persons holding raffle tickets will be eligible to win one of the several valuable prizes being offered in conjunction with the race. With the expected large field of runners, it is not inconceivable that raffle winners will come from the long list of entrants.

The challenging course will wind through the streets of the Charlestown community and traverse historic Bunker Hill. It is a course which is considered one of the most demanding, yet popular in the New England area.

A separate two-mile road race will be held beginning at 8:30 p.m. This race has been designated a novice event and has become extremely popular with many younger runners and newcomers to the sport.

All proceeds realized from the road race will directly benefit the Charlestown Boys & Girls Club. The event was created in the late 1960's by the group's predecessor, the Charlestown Boys Club to help commemorate Bunker Hill Day.

The event's chief sponsor, the Raymond Group, has long been a strong supporter of the Boys & Girls Club movement in the Charlestown community. They recognize that the Boys & Girls Club is an

organization which plays a vitally important role within the neighborhood, and are willing to assist the organization. Through its sponsorship of the annual 8K road race, the Raymond Group, in a spirit of community cooperation, is anxious to do its part to help support the programs offered to the youngsters of the Charlestown community.

"The road race is tremendously important for us, not only as a fund-raiser, but also as an awareness booster," says Pat Sweeney, a member of the Executive Board of the Charlestown Boys & Girls Club and Road Race Committee Chairman.

"Thanks to the Raymond Group sponsorship, and the support of The Athletic Congress, we are certain to have our best year in 1993," says Sweeney.

Proceeds from the race will be used to maintain the club's youth and social services through recreational and educational activities, according to Sweeney.

Participants in the first few Bunker Hill Road Races came primarily from the ranks of the Charlestown Boys Club. As the event began to gain awareness in the running community of Greater Boston, however, it began to attract high calibre athletes, and its popularity grew with each passing year. Finishing

times are now on a par with most other TAC-sanctioned and certified races in the area.

In the past, the event has drawn many full marathoners to its field, most notably John Treacy who competed in 1989. Treacy placed third in the Boston Marathon in both 1988 and 1989.

Organizers of the Battle of Bunker Hill 1993 Road

Race anticipate the largest field in the event's history, and as a result, will need more volunteers than ever before. Prospective volunteers are asked to contact Charlestown Boys & Girls Club Director Jerry Steimel at 242-1775.

Steimel may also be contacted for race applications and further information.

CNC Approves Benefit Grants — Hears Plans For Building 104

(continued from page 9)

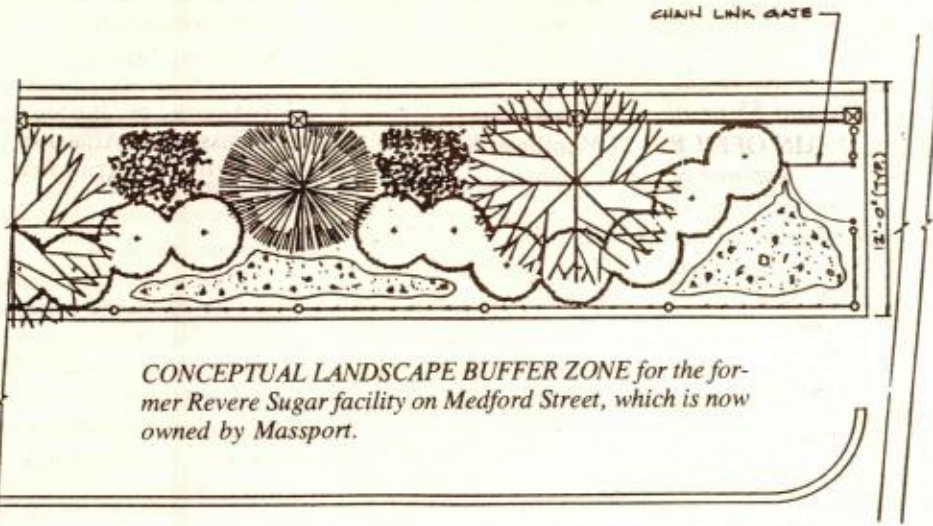

will contain trees and shrubs, with a cost estimated at \$250,000.

The committee had asked, and Massport agreed, that a community meeting would be held to solicit input into types of plantings. Gillen said that they hoped that persons interested in gardening would get involved.

Cunha stated that the information obtained on the five City Square parcels at the Planning and Zoning Committee meetings have been turned over to CBT/Childs Bertman Tseckares & Casendino Inc. to develop drawings on the parcels and it is expected they will complete the task by approximately the second week in July.

He went on to say that there will be two proposals for each of the five parcels and then the committee will reduce them to one proposal for each parcel. The committee will then come to the CNC for approval, with the next step being the submission of the proposal to the BRA.

Cunha added that when the City Square parcels have been completed, the committee will meet with the rest of the community on a precinct-by-precinct basis to discuss zoning of

CONCEPTUAL LANDSCAPE BUFFER ZONE for the former Revere Sugar facility on Medford Street, which is now owned by Massport.

that particular area.

Brennan, chairman of the Environmental Committee, handed out the Massport plan for the maintenance dredging of the Mystic River at the Moran Terminal as prepared for the interim report to MEPA.

Brennan, who has attended several hearings on the project, said the dredging would reopen the depth at the Moran Terminal to its original depth of 40 feet in order to accommodate a shipping firm that requires the additional footage. She reported that by all accounts there should be minimal noise from the dredging, no odor, limited impact on marine life and, although lead, arsenic and PCB's will be dredged, they are not at a

level that would be considered hazardous.

The Army Corps of Engineers is the contractor and will be on site. Following a de-watering process, the dredged material will be

removed by truck, probably to a site in Peabody. It will be carried in lined, covered dump trucks with a maximum of 30 loads, or 60 trips per day, for approximately 20 days. Massport

will let the CNC know when trucking will begin, but the actual date depends on the dewatering process which will take place at the Mystic Pier.

Dorothy Steele, community liaison for Massport, asked the CNC for a letter

to be sent to MEPA that Massport had met with the community on the dredging procedure.

The CNC voted to dispense with the monthly meeting in August. The next CNC meeting will be on Tuesday, July 6.

Voke Praises Local Aid Increase

State Rep. Richard Voke hailed the initial success the House of Representatives has enjoyed by increasing local aid for the 351 communities of the commonwealth. Included in the House's budget recommendation is a \$46 million increase in lottery funds distributed to municipalities.

"Knowing only too well the many valuable municipal services provided to our citizenry, I am proud to add my voice in support of the added revenue for municipalities. Based on the lottery distribution formula, I am confident Boston will realize a fair share of these new monies," said Voke.

Voke pointed to other areas of the budget that call for returning more state funds to cities and towns. He stressed his strong advocacy for a \$5 million community policing grant program designed to empower neighborhood groups to fight criminal activities

around their homes. Voke said the program would be particularly helpful in keeping kids away from drugs.

Charlestown's Representative also indicated additional funds would be channeled to local housing authorities earmarked for their fight against drugs and the violence that surrounds their trafficking. Along with the anticipated adoption of school aid and the recently affirmed plan to allow many school health clinics to access federal reimbursements, Voke said the Beacon Hill action was "the best news municipal budget writers have had in a long time."

"The people of Charlestown have sent me to the State House to look out for their best interests. Happy to receive such a charge, I am pleased to be able to deliver on these areas of local importance," concluded Voke.

Reaching Out To Children Through Read Aloud Program

WARREN-PRESCOTT SCHOOL students listen intently to the story read by Faye Concannon, manager of the Government Center branch of The Boston Five Cents Saving Bank FSB in Boston. Concannon, a volunteer reader through the Boston Partners in Education reading aloud program, recently visited the Charlestown elementary school to read to Mrs. Rollins' first-grade class. The Boston Five has been involved in the program since the start of the school year and sends local bank representatives each week to read to students.

The Hall of Fame Committee will be accepting nominations for induction until June 30.

lege or on the professional level will have no bearing on the selection committee's deliberations. To be eligible for nomination the athlete must have participated in at least one varsity sport and must have graduated 10 years prior to nomination.

Selection of the recipients will be announced by Sept. 1, and the Hall of Fame Banquet is scheduled for Saturday, Nov. 6.

BHCC Makes 10 Million Impressions

BUNKER HILL COMMUNITY COLLEGE (BHCC) has made over 10,000,000 impressions with its 1900/S20 copy machine under the supervision of Kevin Hanley, reproduction services supervisor. The machine, purchased from Oce-Business Systems Inc. (O-BS), has reproduced more copies than any machine in the New England area, and only one other machine in the country has ever made it over the 10,000,000 mark. Representatives from O-BS in Waltham presented

BHCC with a special award and congratulated the Central Services staff for setting this impressive record. Shown (l. to r.) Jack O'Connor, area sales manager, Oce-Office Systems (O-OS); William Craft, vice president, Planning and Economic Development, BHCC; Mary Williams of Charlestown, Central Services, BHCC; Chris Quasarano, field service manager, O-OS; and Kenneth Dagesse, major account sales executive, O-OS.

Voke Supports Renters

State Rep. Richard Voke recently said his vote to restore the tax deduction for renters was one of the most important in all of the bud-

get debate. Voke, along with his colleagues in the Massachusetts House of Representatives, rejected a proposal that called for the

elimination of the rental deduction.

"I realize many renters in Charlestown depend on this deduction. Whether its the couple trying to save enough money for a down payment on a house or an

elderly couple living on a fixed income, a great number of renters would have had their finances significantly altered. It would be unfair to balance the state budget on the backs of renters," declared Voke.

Our Thanks

Dear Mrs. Conway,

The Charlestown Association of Parents (CAPS) would like to express its thanks to you for publicizing its recent infant and child CPR class. We would also like to thank St. John's Church for hosting the class. About a dozen students successfully completed training in handling emergencies with children, including learning CPR. Charlestown is now even a safer place for our kids. Congratulations to the successful graduates.

Sincerely yours,
Jocelyn Bessette-Gorlin on behalf of CAPS

Salerno Kicks Off Campaign For Mayor Of Boston

justice system to ensure that justice is served. Our police officers must be trained to be problem solvers. They must work with neighborhood residents to identify the biggest problems as well as design innovative ways to prevent crimes from happening. I'll work for stronger sentencing. However, I will never forget that most of all we need to prevent our youth from embarking on a life of crime in the first place. We need to give them good education and good jobs.

Salerno addressed the concerns of small businesses in Boston. "I will be proposing a \$10 million Small Business Equity fund which will enable small businesses to create over

700 jobs and help up to 200 businesses."

She continued, "I will work to encourage manufacturing firms such as paper mills, plastic processors and de-tinning plants to locate in Boston after we have built our citywide recycling facility next summer. The companies that use recycled materials from this facility could create up to \$750 million annually and 2,000 jobs."

Salerno also promised to make city government more efficient by rewarding those city employees and agency heads who cut costs and improve services. She added, "I will also work tirelessly to increase state and federal support for Boston. Boston does not get a fair shake from the State House and cities across the country have not gotten a fair shake from Congress. I'll fight like a tiger for Boston at the State House and the White House, but I'll also say thank you."

She also outlined her vision for a clean, liveable Boston. Calling for a clean Boston Harbor, free from

raw sewage and industrial waste, she pointed out that ratepayers must not bear the whole burden of cleaning up the harbor. "I will join forces with the Boston business community and fight at both the state and federal levels for real rate relief. I have already introduced into the city council several proposals that would cut rates by up to 20 percent. The cleanup of Boston Harbor must proceed but not on the backs of Boston ratepayers."

Salerno, in closing, emphasized her belief that integrity in government is essential in order to bring about real change. "I will promote respect. I will promote individual responsibility. And I will bring a new style of leadership to City Hall, where everyone gets a seat at the table but where everyone plays by a tough set of rules: cronyism, patronage, privilege, perks and payoffs are officially OUT. Justice and fairness, integrity and honesty in government are officially IN," she said.

Piso Announces Candidacy For District One Boston City Council

(continued from page 7)

of life from construction for the Central Artery/Third Harbor Tunnel.

Another cornerstone of Piso's platform is jobs and economic development. As the co-owner of a company, Piso knows what it is like for businesses, particularly local businesses, to survive in today's tumultuous economy. Piso wants a level playing-field providing all businesses the opportunity for success and, in turn, provide our local residents with additional quality jobs.

Piso's understanding and commitment to education is based on his own years invested as a teacher and guidance counselor. He knows from first-hand experience that children deserve a safer school environment and additional afterschool recreational facilities.

Piso, whose elderly mother lives in the North End's Ausonia Housing, also knows that the elderly de-

serve a better quality of living with affordable housing, increased services and a lot more dignity for their lifetime contributions to our neighborhoods.

Piso plans on spending the next several months calling for a better neighborhood/police relationship where additional police officers walk a beat and become a known member of the community, rather than just an authority figure.

Born in the North End, Piso served in the U.S. Air Force for five years during the peak of the Vietnam War. Following his tour of duty, Piso attained his bachelor of education degree and a double master's degree in guidance/counseling and school administration and supervision from Inter-American University in Puerto Rico.

Piso's candidacy, based on integrity, experience and compassion, coupled with his sense of pride for the neighborhoods he grew up in, promises to be a fresh and attractive alternative choice for District One voters in the Sept. 21 primary.

Piso, 47, will announce his candidacy this Saturday during a campaign kick-off party from 11 a.m. to 2 p.m. at his North End headquarters located at 53-57 North Margin St., across from Pizzeria Regina. Everyone is welcome to attend.
