Experience:

Poland 2019/2020:

---My first official job in Poland was at PPH Legs Sp. z o.o. at Dział farbiarnia in Zgierz city for three months as a packaging assisitant along withy other issues that accompanied one ended on court <https://ausestimes.blogspot.com/2020/04/skarga-do-sadu-w-jezyku-polskim.html> Compelled to lift between 15 to 20 tones of sawing material per day for duration of three month contract for daring to apply for political asylum in Poland in 2018. Employment supported with prior starvation and total destruction of private property in Grotnikih ended with my completion of contract and harniated spine injury for which Polish state refused to accept any responsibilities. Employment was unavoidable step toward my obtaining physical proofs about ongoing MKultra torture which took place against me in Poland when brought here from US for the first time in 1995 (MK Ultra lasted for no less than 21 years).

---Fujitsu Global Delivery Center Poland, Wólczńska 180, 93-005 Łódź where employed as IT konsultant for H&M brand. Another stepping stone toward obtaining more proofs related to my Mkultra case as Fujitsu company itsef arrived to Poland via my highest ever Mk Ultra profile case. Upon obtaining indirect proofs about MK Ultra claim by identifying some 30+ employees including head for Fujitsu operations in Lodz, I was adviced from Polish employer that one would not proceed with extension of employment contract due to past relation to my case. While mentioned employer greatly helped me with identifying past involvement in MK Ultra case, few employees didn't share those same views with employer alone per their political agendas.

I have ocaasionally also tutored (taached) children and adults English language skills while in Poland.

PRIOR TO POLAND:

- Auser Times, 01/06 - 01/17 (present)

- Book titled as "Between Life and Truth".
 Wrote first book in 2008/2009 based on my life events (Between Life and Truth). 450 pages book in English language was written in less than 8 months at age 36 while actively searching for work and studying (survived on my own savings - book marked my begining of rebellion against government torture despite impossible circumstances I was in - I eventually won as above mentioned MNKultra case was proven beyond any doubt).
- Commercial Audio Video, Miami Downtown, Florida 01/96 - 01/05 Electronic store co-owner (retail/wholesale).
- Park West Galleries, Miami, Florida 02/05 - 02/06 Driver/Coordinator. Delivered (semi tractor/trailer) painted art throughout entire continental USA, set art for auctions on desplay, and have assisted auctioneers during auctions.
